

Leadership Indicators

1. **Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):**

Not Applicable

2. **Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:**

S. No.	State	Aspirational District	Amount spent (In ₹)
1.	Andhra Pradesh	YSR Cuddapah	4,29,000
2.	Rajasthan	Jaisalmer	5,32,117
3.	Bihar	Gaya	27,87,324
4.	Odisha	Kalahandi	20,00,000

3. (a) **Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups?**

Yes

- (b) **What percentage of total procurement (by value) does it constitute?**

Tata Power has policies and guidelines in place for vendor enlistment and ordering to encourage and provide growth opportunities to entrepreneurs among the marginalized /vulnerable groups or communities.

Tata Power Affirmative Action's Policy (Affirmative Action.pdf) emphasis on empowering and encouraging socio-economically derived communities for entrepreneurship and quality-based inclusion in supply chain.

Tata Power is committed to help people from SC/ST background either by promoting them to become entrepreneurs or by engaging workforce from SC/ST community under contracts. Tata Power on merit basis considers incentives in payment for contractors engaging more than 30% of total deployment from the SC/ST community. In order to motivate entrepreneurs from this community, Tata Power considers preferential treatment in commercial parameters if the company is owned by a person from SC/ST community having minimum 50% holding in the company. This motivates the community to be a part of business ecosystem.

In FY22, business (only direct orders) worth ₹ 12.18 crore were given to SC/ST Business Associates against more than 300 orders which is 0.4% of the Company's total annual non-fuel procurement value.

4. **Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:** Not applicable

5. **Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.** Not applicable

6. **Details of beneficiaries of CSR Projects:**

S. No.	CSR Project	No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized groups
1.	Education	19,01,476	19.00
2.	Employability and Employment	3,77,677	11.64
3.	Entrepreneurship	2,182	44.00
4.	Others - Stakeholder Engagement Sports, Volunteering & social inclusion	55,92,486	2.25

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner:

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Mumbai Distribution - "Keeping the Customer at the Centre of All We Do", Tata Power's mission is embedded in every customer team member and is the foundation for excelling in customer service. The Company has following touch points to engage with its customers to build trust and strengthen transparency, while addressing their queries and concerns.

- | | |
|---------------------------------------|-----------------------|
| i. 10 Customer Relationship Centres | vii. SMS |
| ii. Call Centre offering 24/7 support | viii. WhatsApp |
| iii. E-Care (email response) | ix. Twitter |
| iv. Customer Web portal | x. Facebook |
| v. Customer Chat bot - TINA | xi. Microsoft Kaizala |
| vi. Mobile App | xii. Facebook |

'We listen', - Customer feedback across touch points is received through 'Post Transactional Feedback' system. Post transaction closure, customers have the option to rate the services offered by the Company and give their feedback through a system generated link. This feedback system gives the opportunity to the team to do an in-depth analysis and adopt corrective actions and measures to restore consumer confidence and delight. The Customer Satisfaction Survey conducted every year is another mechanism which captures customer confidence and feedback on the service parameters adopted by Tata Power in its customer service journey.

TPDDL

TPDDL always strives to provide the customers seamless connectivity to resolve their concerns at various platforms with quick response time. Tata Power-DDL's customer interactions are primarily ensured through 24x7 Call Centre. The Call Centre handles approx. 50 lakh interactions per annum for Commercial and Operational services comprising of Queries, requests, complaint notifications and Follow Ups through IVRS and the executives deployed based on manpower contract.

2. Turnover of products and / services as a percentage of turnover from all products/service that carry information about:

99.3% of the turnover corresponds to electricity generated, transmitted and distributed. The Company educates its customers on environmental parameters and for safe and responsible usage of power.

3. Number of consumer complaints in respect of the Data privacy, Advertising, Cyber-security, Delivery of essential services, Restrictive Trade Practices, Unfair Trade Practices, other:

In FY22, total 13 complaints were received and all of them were resolved within the expected timelines. No complaints are pending.

4. Details of instances of product recalls on account of safety issues:

Not applicable

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

<https://www.tatapower.com/pdf/aboutus/information-security-policy.pdf>

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

TPDDL is certified for ISO 27001:2018 (Information Security Management System) and Risk Management Guidelines (31000). Accordingly, the organization also has rolled out corporate policies to ensure necessary compliance at all stakeholder's end.

Leadership Indicators

1. **Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).**
 - i. Customer Care Email ID
 - ii. CCAG Email ID
 - iii. 24X7 Sampark kendra
 - iv. Websites
 - v. TPDDL connect Mobile application
 - vi. Customer care centres
 - vii. Letters
 - viii. Social Media
2. **Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.**

Awareness on safety through:

 - i. Social Media (LinkedIn, Facebook, Instagram)
 - ii. Safety SMS
 - iii. Outreaches
 - iv. News letters
3. **Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.**
 - i. 24X7 Sampark kendra
 - ii. Website
 - iii. Social Media
 - iv. TPDDL connect Mobile application
 - v. SMS/Emailer
 - vi. Customer care centres
4. **Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No) Not applicable**
5. **Provide the following information relating to data breaches:**
 - a. **Number of instances of data breaches along-with impact:** Not applicable as no data breaches occurred
 - b. **Percentage of data breaches involving personally identifiable information of customers** Not applicable

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of The Tata Power Company Limited ("the Company"), which comprise the Balance sheet as at March 31, 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's

Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Management's assessment of appropriateness of Going Concern assumption (as described in Note 43.4.3 of the standalone Ind AS financial statements)	
The Company has current liabilities of ₹ 14,472.74 crores and current assets of ₹ 7,095.60 crores as at March 31, 2022.	Our procedures included the following:
Current liabilities exceed current assets as at the year end. Given the nature of its business i.e. contracted long term power supply agreements and a significant composition of cost plus contracts leading to significant stability of cashflows and profitability, management is confident of refinancing and consider the liquidity risk as low and accordingly, the Company uses significant short term borrowings to reduce its borrowing costs.	• Obtaining an understanding of the process which includes approval of annual business plan, raising short term borrowings and review of MIS; and testing the internal controls associated with the management's assessment of Going Concern assumption.
Management has made an assessment of the Company's ability to continue as a Going Concern as required by Ind AS 1 Presentation of Financial Statements considering all the available information and has concluded that the going concern basis of accounting is appropriate.	• Discussing with management and assessing the assumptions, judgements and estimates used in developing business plan and cash flow projections having regards to past performance and current emerging business trends affecting the business and industry.
Going Concern assessment has been identified as a key audit matter considering the significant judgements and estimates involved in the assessment and its dependence upon management's ability to complete the planned divestments, raising long term capital and / or successful refinancing of certain current financial obligations.	• Assessing the Company's ability to refinance its short term obligation based on the past trends, credit ratings, analysis of solvency and liquidity ratios and ability to generate cash flows and access to capital. • Assessing the adequacy of the disclosures in the standalone Ind AS financial statements.

Revenue recognition and accrual of regulatory deferrals (as described in Note 19 and Note 31 of the standalone Ind AS financial statements)

In the regulated generation, transmission and distribution business of the Company, tariff is determined by the regulator on cost plus return on equity basis wherein the cost is subject to prudential norms. The Company invoices its customers on the basis of pre-approved tariff which is based on budget and is subject to true up.

The Company recognizes revenue as the amount invoiced to customers based on pre-approved tariff rates agreed with regulator. As the Company is entitled to a fixed return on equity, the difference between the revenue recognized and entitlement as per the regulation is recognized as regulatory assets / liabilities. The Company has recognized ₹ 1,368.05 crores for generation and transmission business and ₹ 725.92 crores for distribution business as accruals as at March 31, 2022.

Accruals are determined based on tariff regulations and past tariff orders and are subject to verification and approval by the regulators. Further the costs incurred are subject to prudential checks and prescribed norms. Significant judgements are made in determining the accruals including interpretation of tariff regulations. Further certain disallowances of claims have been litigated by the Company which are in various stages of dispute.

Mundra power plant:

The Company sells power to customers in accordance with the long-term Power Purchase Agreement (PPA) entered into with them.

As per the PPA, the Company's entitlement to capacity revenue is dependent on availability declared. Accordingly, the Company accrues capacity revenue based on the actual declared capacity. As per PPA, Company is required to pay compensation to customers in case the declared capacity is lower than the minimum capacity to be declared as per PPA. Based on the actual capacity declared, management has recognized an amount of ₹ 509.55 crores as a reduction in revenue which includes ₹ 123.27 crores relating to earlier years and compensation towards lower annual availability.

Also, Company is in discussion to amend certain terms of PPA with one of the customers. The discussions are at very advanced stage and agreement is reached except few items for which discussions are ongoing and accordingly the SPPA is yet to be signed and approved. To ensure continuous supply of power, customer has requested the Company to continue supplying power based on the proposed amendments which will be effective January 1, 2022. Accordingly, based on the legal opinion obtained, the differential revenue of ₹ 324.00 crores has been recognized on the basis of the current agreed draft of SPPA.

Revenue recognition and accrual of regulatory deferrals is a key audit matter considering the significance of the amount, interpretation of clauses in PPA and tariff regulations and significant judgements involved in the determination of revenue and regulatory accruals.

Our procedures included the following:

- Read the Company's accounting policies with respect to revenue recognition and accrual of regulatory deferrals and assessing its compliance with Ind AS 114 "Regulatory Deferral Accounts" and Ind AS 115 "Revenue from Contract with Customers".
- Performing test of controls over revenue recognition and accrual of regulatory deferrals through inspection of evidence of performance of these controls.
- Performing substantive audit procedures including:
 - o Read the executed PPAs with the customer, tariff regulations and tariff orders and evaluating relevant clauses to understand management's assessment of the Company's right vis-a-vis the customers.
 - o Evaluating the key assumptions used by the Company by comparing it with prior years, past precedents and the legal opinion obtained by the management.
 - o Considering the independence, objectivity and competence of management's expert.
 - o Assessing management's evaluation of the likely outcome of the key disputes based on past precedents and / or advice of management's expert.
 - o Assessing the impact recognized by the Company in respect of tariff orders received, revenue adjustment on account of actual declared capacity and revenue recognized based on ongoing discussion in relation to proposed amendments in PPA.
 - o Reading the legal opinion obtained by the management for assessing the Company's right with respect to power supply to customer for the period wherein terms of PPA are under discussion.
 - o Assessing the disclosures in accordance with the requirements of Ind AS 114 "Regulatory Deferral Accounts" and Ind AS 115 "Revenue from Contract with Customers".

Key audit matters	How our audit addressed the key audit matter
Recognition and Measurement of Deferred Tax <i>(as described in Note 36 of the standalone Ind AS financial statements)</i>	
The Company has recognized deferred tax assets of ₹ 100 crores on unabsorbed depreciation. During the year, National Company Law Tribunal ('NCLT') has approved the composite scheme of arrangement between the Company and Coastal Gujarat Power Limited ('CGPL') with the Appointed date as April 1, 2020. Accordingly, the Company has reassessed tax provisions recognized by the Company since the effective date of merger and recoverability of unabsorbed depreciation and brought forward business losses of CGPL available for utilization against Company's future profit. Basis the assessment, Company has reversed the tax provision amounting to ₹ 105.11 crores and has recognized the deferred tax assets on unabsorbed depreciation amounting to ₹ 968.56 crores in the statement of profit and loss. The recognition and measurement of deferred tax balances; is a key audit matter considering the significance of the amount, judgement involved in assessing the recoverability of such tax credits, estimation of the financial projections for utilization of unabsorbed depreciation and judgements involved in the interpretation of tax regulations and tax positions adopted by the Company.	Our procedures included the following: - Read Company's accounting policies with respect to recognition and measurement of tax balances in accordance with Ind AS 12 "Income Taxes" - Performing test of controls over recognition and measurement of tax balances through inspection of evidence of performance of these controls. - Performing substantive audit procedures including: - Involving tax specialists who evaluates the Company's tax positions basis the tax law and also by comparing it with prior years and past precedents - Discussing the future business plans and financial projections with the management - Assessing the management's long-term financial projections and the key assumptions used in the projections by comparing it to the approved business plan and projections used for impairment assessment where applicable. - Assessing the disclosures in accordance with the requirements of Ind AS 12 "Income Taxes".
Impairment of assets <i>(as described in Note 5a, 5b and 5c of the standalone Ind AS financial statements)</i>	
At the end of every reporting period, the Company assesses whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or CGU. The determination of recoverable amount, being the higher of fair value less costs to sell and value-in-use involves significant estimates, assumptions and judgements of the long-term financial projections. The Company is carrying impairment provision amounting to ₹ 310.94 crores with respect to Mundra CGU (comprising of Mundra power plant, investment in companies owning coal mines and related infrastructure), ₹ 552.91 crores for investment in Company owning hydro power plant in Georgia and ₹ 100 crores with respect to a generating unit in Trombay. During the year, as the indication exists, the Company has reassessed its impairment assessment with respect to the specified CGUs and has recognized additional impairment provision of ₹ 106.82 crores towards investment in Company owning hydro power plant in Georgia. Impairment of assets is a key audit matter considering the significance of the carrying value, estimations and the significant judgements involved in the impairment assessment including projected generation, coal prices, exchange rate, energy prices post power purchase agreement period and weighted average cost of capital.	Our procedures included the following: - Read the Company's accounting policies with respect to impairment in accordance with Ind AS 36 "Impairment of assets" - Performing test of controls over key financial controls related to accounting, valuation and recoverability of assets through inspection of evidence. - Performing substantive audit procedures including: - Obtaining the management's impairment assessment - Evaluating the key assumptions including projected generation, coal prices, exchange rate, energy prices post power purchase agreement period and weighted average cost of capital by comparing them with prior years and external data, where available. - Obtaining and evaluating the sensitivity analysis - Assessing the disclosures in accordance with the requirements of Ind AS 36 "Impairment of assets".

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with

Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to these standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2022 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 39 to the standalone Ind AS financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 11 and Note 25 to the standalone Ind AS financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 9 to the standalone Ind AS financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 21 to the standalone Ind AS financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Re: The Tata Power Company Limited ("the Company")

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i) (a) (B) The Company has maintained proper records showing full particulars of intangibles assets.
- (i) (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (i) (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 5a and note 18a to the standalone Ind AS financial statements are held in the name of the Company except 2 number of immovable properties as indicated in the below mentioned cases as at March 31, 2022 for which title deeds are not in name of the Company.

Description of Property	Gross carrying value (₹ in crores)	Held in name of	Whether promoter, director or their relative or employee	Period held – indicate range, where appropriate	Reason for not being held in the name of Company
Land at Dehrand*	225.65	Maharashtra Industrial Development Corporation	No	Since 2015 till date	The land was acquired from MIDC; which the Company is now in process of selling it back to MIDC. Hence, not transferred in the name of the Company.
Land at Mundra – 0.51 hectares	0.09	Sushilaba Fatehsinh Zala	No	Since 2009 till date	It is an agricultural land which is not converted to non - agricultural land and hence title deed is not registered in name of the Company

* Asset classified as held for sale

Certain title deeds of the immovable Properties, in the nature of freehold land & buildings, as indicated in the below mentioned cases which were acquired pursuant to a Composite Scheme of Arrangement of merger between Coastal Gujarat Power Limited and The Tata Power Company Limited approved by National Company Law Tribunal's (NCLT) Order dated March 31, 2022, and Scheme of Amalgamation of Chemical Terminal Trombay Limited and The Tata Power Company Limited approved by NCLT order dated July 27, 2017, are not individually held in the name of the Company as on March 31, 2022.

Description of Property	Gross carrying value (₹ in crores)	Held in name of	Whether promoter, director or their relative or employee	Period held – indicate range, where appropriate	Reason for not being held in the name of Company
Land of erstwhile Chemical Terminal Trombay Ltd.	0.88	Chemical Terminal Trombay Ltd.(CTTL)	No	2014 to till date	Land is in name of erstwhile company.
Land and Building of Mundra power plant	872.70	Coastal Gujarat Power Limited (a wholly owned subsidiary)	No	Since April 1, 2020 till date	Land and Building are in name of erstwhile company

- (i) (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2022.
- (i) (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. No discrepancies of 10% or more in aggregate for each class of inventory were noticed on such physical verification.
- (ii) (b) As disclosed in Note 29 to the standalone Ind AS financial statements, the Company has been sanctioned working capital limits in excess of ₹ five crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks and financial institutions are generally in agreement with the books of accounts of the Company except as follows:

Quarter ended	Value per books of account	Value per quarterly return / statement	Discrepancy (give details)
June 30, 2021	Nil	₹ 625 crores	Unapproved regulatory asset disclosed as Approved*
September 30, 2021	Nil	₹ 709 crores	Unapproved regulatory asset disclosed as Approved*
December 31, 2021	Nil	₹ 677 crores	Unapproved regulatory asset disclosed as Approved*
March 31, 2022	Nil	₹ 867 crores	Unapproved regulatory asset disclosed as Approved*
December 31, 2021	₹ 1,920 crores	₹ 1,964 crores	Excess debtors reported by ₹ 44 crores#

*While submitting the quarterly statements for all four quarters during the year, the Company inadvertently included and disclosed unapproved regulatory balances as approved. However, subsequent to year end, the Company has communicated to Bank about the said discrepancy. Further, Bank has confirmed that the intention was not to exclude unapproved balances from the receivable and has initiated the process to change the sanction letter wherein total regulatory asset balance should be considered as receivables for the purpose of sanction limit.

#Subsequent to year end, Company has submitted the revised statement for quarter ended December 2021 and receivable balances as per revised statement are in agreement with the books of accounts.

- (iii) (a) During the year the Company has provided loans and stood guarantee to the companies as follows:

	(₹ in crores)			
	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted / provided during the year				
- Wholly owned Subsidiaries	655.57	Nil	5,038.07	Nil
Balance outstanding as at balance sheet date in respect of above cases				
- Wholly owned Subsidiaries	6,337.57	Nil	1,778.48	Nil

- (iii) (b) During the year the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees to companies are not prejudicial to the Company's interest.
- (iii) (c) The Company has granted loans during the year to companies where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular.
- (iii) (d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- (iii) (e) The Company had granted loans to companies which had fallen due during the year and Company had extended / granted fresh loans during the year to the respective parties to settle the dues of the existing loans.

The aggregate amount of such dues extended / settled by fresh loans and the percentage of the aggregate to the total loans granted during the year are as follows:

(₹ in crores)

Name of Parties (Wholly Owned Subsidiaries)	Aggregate amount of overdues of existing loans renewed or extended or settled by fresh loans
TP Renewable Microgrid Limited	39.11
TP Ajmer Distribution Limited	95.00
Tata Power Green Energy Limited	29.55
Tata Power Solar Systems Limited	300.00
Tata Power Renewable Energy Limited	625.00
TP Kirnali Solar Limited	24.70
TP Saurya Limited	4.70
TP Solapur Limited	33.00
Chirasthayee Saurya Limited	255.00
TP Kirnali Limited	4.00
Tata Power Trading Company Ltd	10.00
Percentage of the aggregate to the total loans or advances in the nature of loans granted during the year	28.19%

- (iii) (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the generation of Electricity, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is generally been regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (vii) (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (₹ in crores)	Period to which the amount relates	Forum where the dispute is pending
The Customs Act, 1962	Customs Duty	34.43	2011-12 and 2012-13	The Customs Excise and Service Tax Appellate Tribunal (CESTAT)
		0.31	2004-05 and 2005-06	CESTAT
		23.87*	2011-12 and 2012-13	Supreme Court

Name of the statute	Nature of the dues	Amount (₹ in crores)	Period to which the amount relates	Forum where the dispute is pending
The Water (Prevention & Control of Pollution) Cess Act 1977	Cess	1.13	2009-10	Chairman, Maharashtra Pollution Control Board (MPCB)
Income Tax Act, 1961	Income Tax	0.20	2009-10	Commissioner of Income Tax (Appeals)
		65.08	2010-11	Supreme Court
		0.09	2014-15	Income Tax Appellate Tribunal
		105.77	2018-19	Commissioner of Income Tax (Appeals)
	Tax deducted at source ("TDS")	40.15#	2016-17	Commissioner of Income Tax (Appeals)

		5.86	2011-12 to 2014-15	CESTAT
		0.25	2007-08	Joint Commissioner (appeal)
Green Cess Act, 2011	Green Cess	464.89	2011-12 to 2021-22	Supreme Court
Mumbai Municipal Corporation Act, 1888	Property Tax	0.89	2015-16	Supreme Court

* net of amount paid under protest of ₹ 52.45 crores for Custom Duty

net of amount paid under protest of ₹ 10.04 crores for TDS liability

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (ix) (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (ix) (c) Term loans were applied for the purpose for which the loans were obtained.
- (ix) (d) On an overall examination of the standalone Ind AS financial statements of the Company, the Company has used funds raised on short-term basis in the form of short-term loans, cash credits from Banks, commercial papers, Inter Corporate Deposits and other financial liabilities aggregating to ₹ 4,066.03 crore for long-term purposes.
- (ix) (e) On an overall examination of the standalone Ind AS financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (ix) (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (x) (b) The Company has not made any preferential allotment or private placement of shares / fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (xi) (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor / secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

- (xi) (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.
- (xii) (a) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order are not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone Ind AS financial statements, as required by the applicable accounting standards.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (xiv) (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (xvi) (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (xvi) (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (xvi) (d) The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.
- (xvii) The Company has not incurred cash losses in the current year and in the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in note 44 to the standalone Ind AS financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone Ind AS financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 35 to the financial statements
- (xx) (b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 35 to the financial statements.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone Ind AS financial statements of The Tata Power Company Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements included obtaining an understanding of internal financial controls with reference to these standalone Ind AS financial statements,

assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Ind AS Financial Statements

A company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Ind AS financial

statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and such internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the

essential components of internal control stated in the Guidance Note issued by the ICAI.

1. Corporate Information

The Tata Power Company Limited (the 'Company') is a public limited company domiciled and incorporated in India under the Indian Companies Act, 1913. The registered office of the Company is located at Bombay House, 24, Homi Mody Street, Mumbai 400001, India. The Company is listed on the BSE Limited (BSE) and the National Stock Exchange of India Limited (NSE). The principal business of the Company is generation, transmission and distribution of electricity.

The Company was amongst the pioneers in generation of electricity in India more than a century ago. The Company has an installed generation capacity of 5,955.55 MW in India and a presence in all the segments of the power sector viz. Generation (thermal, hydro, solar and wind), Transmission and Distribution.

2. Significant Accounting Policies:

2.1 Statement of compliance

The Standalone Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with section 133 of the Companies Act, 2013 (as amended from time to time).

2.2 Basis of preparation and presentation

The Standalone Financial Statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value

- derivative financial instruments;
- certain financial assets and liabilities measured at fair value (Refer accounting policy regarding financial instruments);
- employee benefit expenses (Refer Note 27 for accounting policy)

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The standalone financial statements are presented in Indian Rupees (₹) and all amounts are in Crore unless otherwise stated.

3. Other Significant Accounting Policies

3.1 Foreign Currencies

The functional currency of the Company is Indian Rupee (₹).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the Statement of Profit and Loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated. Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

3.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle,
- held primarily for the purpose of trading,
- expected to be realised within twelve months after the reporting period, or

3. Other Significant Accounting Policies (Contd.)

- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle,
- it is held primarily for the purpose of trading,
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3.3 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

3.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in the statement of profit and loss.

3.5 Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

3.5.1 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

3.5.2 Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

3. Other Significant Accounting Policies (Contd.)

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Equity Instruments through Other Comprehensive Income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

3.5.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

3.5.4 Investment in subsidiaries, jointly controlled entities and associates

Investment in subsidiaries, jointly controlled entities and associates are measured at cost less impairment as per Ind AS 27 - 'Separate Financial Statements'.

Impairment of investments:

The Company reviews its carrying value of investments carried at cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is recorded in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the Investment is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the cost of the Investment. A reversal of an impairment loss is recognised immediately in Statement of Profit or Loss.

3.5.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- the right to receive cash flows from the asset have expired, or
- the Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

3.5.6 Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

3. Other Significant Accounting Policies (Contd.)

3.6 Financial liabilities and equity instruments

3.6.1 Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

3.6.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

3.6.3 Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the effective interest method or FVTPL. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

3.6.4 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

3.6.5 Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 - 'Financial Instruments' and the amount recognised less cumulative amortisation.

3.7 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately.

3.8 Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

3. Other Significant Accounting Policies (Contd.)

3.9 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.10 Dividend distribution to equity shareholders of the Company

The Company recognises a liability to make dividend distributions to its equity holders when the distribution is authorised and the distribution is no longer at its discretion. A corresponding amount is recognised directly in equity.

3.11 Cash Flow Statement

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.12 Operating Cycle

Considering the nature of business activities, the operating cycle has been assumed to have a duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS 1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

4. Critical accounting estimates and judgements

In the application of the Company's accounting policies, management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Statements.

The areas involving critical estimates or judgements are:

Estimations used for impairment of property, plant and equipment of certain cash generating units (CGU) - Note 5a, 5b and 5c

Estimations used for fair value of unquoted securities and impairment of investments - Note 7

Estimation of defined benefit obligation - Note 27

Estimations used for determination of tax expenses and tax balances (including Minimum Alternate Tax credit) - Note 36

Estimates related to accrual of regulatory deferrals and revenue recognition - Note 19 and Note 31

Estimates and judgements related to the assessment of liquidity risk - Note 43.4.3

Judgement to estimate the amount of provision required or to determine required disclosure related to litigation and claims against the Company - Note 39

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

5. Amendments not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022 as below:

(i) Ind AS 103 - Business Combination

The amendments specifies that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Ind AS (Conceptual Framework), issued by the ICAI at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

(ii) Ind AS 16 - Property, Plant and Equipment (PPE)

The amendments clarifies that excess of net sale proceeds of items produced over the cost of testing while preparing the asset for its intended use (if any), shall not be recognise in the profit or loss but deducted from the directly attributable cost considered as part of cost of an item PPE. The Company has evaluated the amendment and there is no impact in recognition of its property, plant and equipment on its standalone financial statements

(iii) Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its standalone financial statements.

(iv) Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability or to consider as modification of existing financial liability. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

5a Property, Plant and Equipments

Accounting Policy

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price (net of trade discount and rebates) and any directly attributable cost of bringing the asset to its working condition for its intended use and for qualifying assets, borrowing costs capitalised in accordance with the Ind AS 23. Capital work in progress is stated at cost, net of accumulated impairment loss, if any. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipments as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Depreciation

Depreciation commences when an asset is ready for its intended use. Freehold land and assets held for sale are not depreciated.

Regulated Assets:

Depreciation on Property, plant and equipments in respect of electricity business of the Company covered under Part B of Schedule II of the Companies Act, 2013, has been provided on the straight line method at the rates specified in tariff regulation notified by respective state electricity regulatory commission.

Non-Regulated Assets:

Depreciation is recognised on the cost of assets (other than freehold land and properties under construction) less their residual values over their estimated useful lives, using the straight-line method.

5a Property, Plant and Equipments (Contd.)

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Estimated useful lives of the Regulated and Non-Regulated assets are as follows:

Type of assets	Useful lives
Hydraulic Works	40 years
Buildings-Plant	5 to 40 years
Buildings-Others	25 to 60 years
Coal Jetty	25 years
Railway Sidings, Roads, Crossings, etc.	5 to 40 years
Plant and Equipments (excluding Computers and Data Processing units)	5 to 40 years
Plant and Equipments (Computers and Data Processing units)	3 years
Transmission Lines, Cable Network, etc.	4 to 40 years
Furniture and Fixtures	5 to 10 years
Office Equipments	5 years
Motor Cars	5 years
Motor Lorries, Launches, Barges etc.	25 to 40 years
Helicopters	25 years

Derecognition

An item of Property, plant and equipments is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipments is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Impairment

Impairment of tangible and intangible assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using an appropriate discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

Impairment losses of tangible and intangible assets are recognised in the Statement of Profit and Loss.

@ Buildings include cost of ordinary shares in co-operative housing societies.

Notes:

- The Company had in accordance with Ind AS 36 – “Impairment of Assets”, carried out impairment assessment of its assets of Mundra Ultra Mega Power Project (UMPP), along with investments in Indonesian mining companies PT Kaltim Prima Coal (KPC) and PT Baramulti Sukessarana TBK (BSSR) through intermediate holding companies (associates operating coal mines in Indonesia and supplying coal to Mundra plant for UMPP).

5a Property, Plant and Equipments (Contd.)

All these companies and assets of UMPP constitute a single cash generating unit (CGU) and form part of same segment due to interdependency of cash flows. There are significant losses being incurred in UMPP on account of significant increase in coal prices due to change in Indonesian laws which is offset by the profits earned by the mining companies.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. For Mundra power plant, future cash flows is estimated based on remaining period of long term power purchase agreement (PPA) and thereafter based on management's estimate on tariff and other assumptions. Further as discussed in note no.31 to the financial statements, the Supplementary Power Purchase Agreement (SPPA) is likely to be signed and approved; and accordingly the same has been considered in estimating the cashflows. Cash flow projection of mines are derived based on estimated coal production considering renewed license for operating the mines. The license for operating mines are renewed for a period of 10 years with an option of renewal of further period of 10 years with Government of Indonesia. In the past, the Company had recognised an impairment provision of ₹311 crore in CGU.

A reassessment of the assumptions used in estimating the impact of impairment of the cash generating unit (CGU) comprising of UMPP and the Indonesian coal mines, combined with the significant impact of unwinding of a year's discount on the cash flows, would have resulted in a reversal of ₹ 311 crore of provision for impairment. Management believes that the reversal of impairment has not resulted from any significant improvement in the estimated service potential of the concerned CGU; and hence the Company has not effected reversal of impairment. Key assumptions used for value in use calculation include coal prices, energy prices post PPA period, signing of SPPA, discount rates and exchange rates. Short term coal prices and energy prices used in three to five years projections are based on market survey and expert analysis report. Afterwards increase in cost of coal and exchange rates are considered based on long term historical trend. Further the management strongly believes that mining Licenses will be renewed post expiry for further period of 10 years by Government of Indonesia. Discount rate represents the current market assessment of the risk specific to CGU taking into consideration the time value of money. Pre tax discount rate used in the calculation of value in use of Property, plant and equipments in power plant is 9.45% p.a. (March 31, 2021: 10.50% p.a.) and investment in coal mines and related infrastructure companies is 13.44% p.a. (March 31, 2021: 14.11% p.a.).

- ii. During the earlier years, the Company had recorded an impairment charge of ₹ 100 crore in respect of Unit 6 generating station (Generation Segment) located at Trombay.
- iii. Refer Note 22 for charge created on Property, Plant and Equipment.
- iv. Includes gain on fair valuation of land which is not available for distribution ₹ 87.88 crore.
- v. Disposal includes sale of renewables assets of ₹ 557.90 crore (Written down value) (forming part of renewable segment) to Tata Power Renewable Energy Limited and Tata Power Green Energy Limited, wholly owned subsidiaries of the Company pursuant to the Business Transfer Agreement as a "going concern" on a slump sale basis effective April 1, 2021.
- vi. The title deeds of immovable properties included in Property, Plant and Equipment are held in the name of the Company, except for as shown in table below:

As on March 31, 2021 and 31 March 2022

Description	Relevant line item in the Balance Sheet	Gross carrying value (₹ in Crore)	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative# of promoter* / director or employee of promoter / director	Property held since which date	Reason for not being held in the name of the company
Land of Chemical Terminal Trombay Ltd.	Freehold Land	0.88	Chemical Terminal Trombay Ltd. (erstwhile subsidiary)	No	Since 2014 till date	Land is acquired by the Company on account of Amalgamation. Land is in name of erstwhile company.
Land and Building at Mundra	Freehold Land, Buildings - Plant and Buildings - Others	872.70	Coastal Gujarat Power Limited (erstwhile subsidiary)	No	Since April 1, 2020 till date (Refer Note 47). Merger order dated March 31, 2022	Land and Building are acquired by the Company on account of merger. Land and Building are in name of erstwhile company.

5a Property, Plant and Equipments (Contd.)

Description	Relevant line item in the Balance Sheet	Gross carrying value (₹ in Crore)	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative* of promoter* / director or employee of promoter / director	Property held since which date	Reason for not being held in the name of the company
Land at Dehrand	Land classified as asset held for sale. (Refer Note 18a)	225.65	Maharashtra Industrial Development Corporation (MIDC)	No	Since 2015 till date	The land was acquired from MIDC; which the Company is now in process of selling it back to MIDC. Hence, the Company has not transferred the title deed of the land in its name.
Land at Mundra-0.51 hectare	Freehold Land	0.09	Sushilaba Fatehsinh Zala	No	Since April 1, 2020 till date (Refer Note 47). Merger order dated March 31, 2022	It is an agricultural land which is not converted to non - agricultural land and hence title deed is not registered in name of the Company.

5b Right of Use Assets

Accounting Policy

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

- Plant and Equipment - 2 years
- Port and Intake Channels - 40 years
- Leasehold land including sub surface right - 2 to 40 years

The Company presents right-to-use assets that do not meet the definition of investment property in "Property, plant and equipment".

Description	Leasehold Land, Sub-surface right	Plant and Equipment	Port and Intake Channels	₹ crore

5c Intangible Assets

Accounting Policy

Intangible Assets acquired separately

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated Intangible Assets

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Derecognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

Useful lives of Intangible Assets

Intangible assets with finite lives are amortised over the useful economic life on straight line basis and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Estimated useful lives of the intangible assets are as follows:

Type of assets	Useful lives
Computer softwares	5 years
Copyrights, patents, other intellectual property rights, services and operating rights	5 years
Licences and franchises	5 years

- iii. Aggregate Carrying Value of Unquoted Investments (Net) 10,091.00 9,827.01
- iv. Aggregate amount of impairment in value of Investments 620.46 513.64
- v. The Company has invested in unsecured subordinated perpetual securities issued by Tata Power Renewable Energy Ltd and TP Renewable Microgrid Limited, its subsidiary companies. These securities are redeemable at the issuer's option and carry non-cumulative interest coupon at the rate of dividend paid on the issuer's ordinary shares. The interest can be deferred if the issuer does not pay any dividend on its ordinary shares for the financial year. The issuer has classified this instrument as equity under Ind AS - 32 'Financial Instruments Presentation'. Accordingly, the Company has classified this investment as Equity Instrument and has accounted at cost as per Ind AS - 27 'Separate Financial Statements'.
- vi. Pursuant to the Share Purchase Agreement ('Agreement') dated January 4, 2020, in the past the Company had transferred Equity and Preference share of TCL Ceramics Limited ("TCL") to the purchasers as a part of the conditions mentioned in the Agreement subject to final closing. On March 24, 2022, the Company signed an amendment to original share purchase agreement and transferred all the beneficial ownership to the buyer and accordingly TCL ceased to be subsidiary of the Company w.e.f March 24, 2022.
- vii. The Company has acquired 51 % stake in TP Central Odisha Distribution Limited ('TPCODL'), TP Western Odisha Distribution Limited ('TPWODL'), TP Southern Odisha Distribution Limited ('TPSODL') and TP Northern Odisha Distribution Limited ('TPNODL'). TPCODL, TPWODL, TPSODL and TPNODL are the licensees to carry out the function of distribution and retail supply of electricity covering the distribution circles of Central, Western, Southern Odisha and Northern Odisha for a period of 25 years effective from 1st June, 2020, 1st January, 2021, 1st January, 2021 and 1st April 2021 respectively. Further during the year, the Company has subscribed to the right issue of equity shares offered by TPCODL, TPWODL, TPSODL and TPNODL.
- viii. Shares pledged :

The Company has pledged shares of subsidiaries and joint ventures with the lenders for borrowings availed by the respective subsidiaries and joint ventures.

Details	Category	March 31, 2022 Nos.	March 31, 2021 Nos.
Tata Power Renewable Energy Ltd.	Subsidiary	258,114,935	258,114,935
Itezhi Tezhi Power Corporation *	Joint Venture	4,52,500	4,52,500
Mandakini Coal Company Ltd.	Joint Venture	20,043,000	20,043,000
Powerlinks Transmission Ltd.	Joint Venture	238,680,000	238,680,000
Industrial Energy Ltd.	Joint Venture	251,348,400	251,348,400

* Classified as Asset Held For Sale (Refer Note 18a.(iii))

- ix. During the year, the Company has subscribed to the right issue of equity shares for ₹ 573.27 crore offered by Tata Projects Limited.
- x. During the year, the Company has sold its investment in Trust Energy Resources Pte. Limited, a wholly owned subsidiary of the Company to Tata Power International Pte Limited, another wholly owned subsidiary of the Company for a consideration of ₹2,126.88 crore (\$286 million) and recognized a profit amounting to ₹1,518.93 crore in the standalone financial statements.
- xi. The Company holds 12.67 crore shares of Tata Teleservices (Maharashtra) Limited ("TTML") designated as fair value through OCI which is carried out at each balance sheet date basis the quoted price. Quoted price of TTML has increased from ₹ 35.35 per share as on September 30, 2021 to ₹ 166.70 per share as on March 31, 2022. The management believe that this quoted price may not represent the fair value of TTML shares since it has accumulated losses and negative net worth. Accordingly on a conservative basis, the management have not recognized any fair value gain in OCI after September 30, 2021.

7. Non-Current Investments (Contd.)

- xii. The Company holds investments in Adjaristsqali Netherlands B.V. (ABV) (a joint venture of the Company operating 187 MW hydro power plant in Georgia) through intermediate holding company Tata Power International Pte. Ltd. (TPIPL). In the past, the Company, in accordance with Ind AS 36 - 'Impairment of Assets' had recognized impairment provision on investment of ₹ 446.09 crore. Pursuant to the decline in the operational performance of the plant, the Company reassessed the recoverability of the investment and recognized a further provision of ₹ 106.82 crore during the year ended 31st March, 2022.

The Company has performed the recoverability assessment and determined the value in use based on estimated cash flow projections over the life of the assets included in CGU. Projected cash flows include cash flow projections approved by management for 3 years and the cash flows beyond that has been projected based on the long term forecast.

The following key assumptions were used for performing the valuation:

- Tariff post PPA period of 15 years.
- A pre-tax discount rate of 5.94 % was applied;

- xiii. The Company and Tata Power Renewable Energy Limited ("TPREL"), a wholly owned subsidiary have entered into binding agreements with Green Forest New Energies Bidco Ltd. (UK) ("Investor") wherein Investor has agreed to invest ₹ 4,000 crore (~US\$ 525 million) by way of equity and compulsorily convertible instruments in TPREL. Green Forest is a consortium led by BlackRock Real Assets along with Mubadala Investment Company. Further, pursuant to this agreement, Company has also agreed to transfer the Roof top solar business, Electronic Vehicle charging business, 20.95 MW Nivade wind asset, 10 MW Visapur wind asset and investment in equity shares of Tata Power Solar System Limited, TP Saurya Limited, Tata Power Green Energy Limited, TP Kirnali Solar Limited, TP Akkalkot Renewable Limited, TP Solapur Solar Limited, TP Roofurja Limited, Supa Windfarm Limited and TP Solapur Saurya Limited to TPREL for a total consideration of ₹1,200 crore, subject to closing adjustment and necessary approvals.

8. Trade Receivables

(Unsecured unless otherwise stated)

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Current		
Considered Good - Secured (Refer Note (a) below)	247.78	245.75
Considered Good (Refer Note (b) below)	803.15	1,358.41
Credit Impaired	140.23	146.79
	1,191.16	1,750.95
Less: Allowance for Doubtful Trade Receivables	164.51	171.08
Total	1,026.65	1,579.87

Note:

- a. Company holds security deposits of ₹ 247.78 crore (March 31, 2021 - ₹ 245.75 crore) in respect of electricity receivables.
- b. The carrying amount of trade receivable does not include receivables of ₹ 1,150.64 Crore (March 31, 2021: ₹ 188.67 Crore) which are subject to a factoring arrangement. Under this arrangement, the Company has transferred the relevant receivables to the factor in exchange for cash on non recourse basis. The Company, therefore, has derecognised the said receivables under the said arrangement. Amount received from such customers not transferred to factoring agent is disclosed as financial liability (Refer Note 25).

8 (a) Trade Receivables

As at March 31, 2022, ₹ 628.66 Crore (March 31, 2021 - ₹ 1,001.63 crore) is due from Brihanmumbai Electric Supply & Transport Undertaking, Maharashtra State Electricity Transmission Company Ltd., Maharashtra State Electricity Distribution Company Ltd, Gujarat Urja Vikas Nigam Limited, Haryana Power Generation Corporation Limited and Tata Steel Ltd. which represents Company's large customers who owe more than 5% of the total balance of trade receivables.

8. Trade Receivables (Contd.)

In the Generation business, the Company supplies power only to a few customers which are State distribution companies and in Transmission business, the Company provides transmission services to Government Company and hence the Company assesses expected credit allowance on case to case basis.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables relating to Distribution business based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing of Receivables	Expected Credit loss (%)	
	As at March 31, 2022	As at March 31, 2021
Within the credit period	0.07%	1.67%
1-90 days past due	2.24%	1.40%
91-182 days past due	23.36%	3.53%
More than 182 days past due	56.44%	35.72%

8 (b) Trade Receivables Ageing schedule as at March 31, 2022

Where due date of payment is not available date of transaction has been considered

8. Trade Receivables (Contd.)

Movement in the allowance for doubtful trade receivables

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Balance at the beginning of the year	171.08	154.99
Add/(Less): Expected credit loss provided/(reversed)	(6.57)	16.09
Balance at the end of the year	164.51	171.08

The average credit period ranges from 30 days to 60 days. The concentration of credit risk is very limited due to the fact that the large customers are mainly Government entities and remaining customer base is large and widely dispersed and secured with security deposit.

10. Finance Lease Receivable - At Amortised Cost

(Unsecured unless otherwise stated)

Accounting Policy

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee. All other leases are classified as operating lease. Amount due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Finance Lease Receivable - Non-current	520.91	529.57
Finance Lease Receivable - Current	42.61	36.52
Total	563.52	566.09

10.1 Leasing Arrangements

There are two types of leasing arrangement:

- Generation of Power:** The Company has entered into Power Purchase Agreements (PPA) with a customer for its assets located at Jojobera. The assets relate to 30 years of take or pay agreements with the customer to supply electricity at a fixed plus variable charge. The customer, during the term of the PPAs has a right to purchase the assets and at the end of the contract is obligated to purchase the same on the basis of the valuation to be determined as per the PPAs. The Company has recognised an amount of ₹ 77.68 crore as income for finance lease during the year ended March 31, 2022
- Electric Vehicle charging facilities:** The Company has entered into arrangement with customer for providing Infrastructure facilities and chargers for public transport utilities. The arrangement is for the period of 10 years for providing and maintaining infrastructure facility at a fixed charge. The Company has recognised an amount of ₹ 2.13 crore as income for finance lease during the year ended March 31, 2022

10. Finance Lease Receivable - At Amortised Cost (Contd.)

14. Inventories

Accounting Policy

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on moving weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventory includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Unserviceable/damaged stores and spares are identified and written down based on technical evaluation.

18a Assets Classified as Held For Sale

Accounting Policy

Non-current assets or disposal group are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset or disposal group and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. As at each balance sheet date, the management reviews the appropriateness of such classification.

Non-current assets or disposal group classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Property, plant and equipments and intangible assets once classified as held for sale are not depreciated or amortised.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the Statement of Profit and Loss. Additional disclosures are provided hereunder. All other notes to the Standalone financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

	As at March 31, 2022	As at March 31, 2021

The company has received an advance of ₹ 113.56 crore towards the sale of Dehrand land having net book value of ₹ 215.55 crore (March 31, 2021 - ₹ 215.55 crore).

18c Assets Classified as Held For Sale - Discontinued Operations

In the past, the Company had approved sale of its Strategic Engineering Division (SED) to Tata Advanced Systems Ltd. (TASL) [a wholly owned subsidiary of Tata Sons Pvt. Ltd.] as a going concern on slump sale basis, at an enterprise value of ₹ 2,230 crore (out of which ₹1,040 crore payable at the time of closing and ₹1,190 crore payable on achieving certain milestones). Accordingly, SED business segment was presented as discontinued operations. On 31st October, 2020, the Company had completed the sale of its SED to TASL and had received upfront consideration of ₹597.00 crore (net of borrowings of ₹ 537.00 crore transferred to TASL) after certain adjustments as specified in the scheme.

Results of Strategic Engineering Division for the year are presented below:

Note:

During the year, Company has reassessed the fair value of the contingent consideration receivable and recognized an impairment loss of ₹467.83 crore (March 31, 2021: ₹160 crore) as exceptional item in the standalone financial statements. The fair value on consideration has been determined based on the expected value of the consideration using discounted present value technique. The fair value has been categorised under Level 3 inputs, the key assumption being expectation of achievement/non achievement of milestones as defined in the scheme of arrangement.

Net cash flows attributable to Strategic Engineering Division are as follows:

Particulars	From 1st April 2020 to 31st October, 2020
	₹ crore
Net Cash Flow from/(used in) in Operating Activities	286.62

Cash and Cash Equivalents (Closing Balance)	176.30
Less: Transferred on sale of Strategic Engineering Division	(176.30)
Total of cash and cash equivalents (Net)	Nil

19. Regulatory Deferral Account

Accounting Policy

The Company determines revenue gaps (i.e. surplus/shortfall in actual returns over returns entitled) in respect of its regulated operations in accordance with the provisions of Ind AS 114 - 'Regulatory Deferral Accounts' read with the Guidance Note on Rate Regulated Activities issued by The Institute of Chartered Accountants of India (ICAI) and based on the principles laid down under the relevant Tariff Regulations/Tariff Orders notified by the Electricity Regulator and the actual or expected actions of the regulator under the applicable regulatory framework. Appropriate adjustments in respect of such revenue gaps are made in the regulatory deferral account of the respective year for the amounts which are reasonably determinable and no significant uncertainty exists in such determination. These adjustments/accruals representing revenue gaps are carried forward as Regulatory deferral accounts debit/credit balances (Regulatory Assets/Regulatory Liabilities) as the case may be in the Standalone financial statements, which would be recovered/refunded through future billing based on future tariff determination by the regulator in accordance with the electricity regulations. The Company presents separate line items in the balance sheet for:

- the total of all regulatory deferral account debit balances and related deferred tax balances; and
- the total of all regulatory deferral account credit balances and related deferred tax balances."

19. Regulatory Deferral Account (Contd.)

A separate line item is presented in the Statement of Profit and Loss for the net movement in regulatory deferral account.

Net Regulatory Assets/(Liabilities)	725.92	573.60

Rate Regulated Activities

- (i) As per Ind AS 114 - 'Regulatory Deferral Accounts', the business of electricity distribution is a Rate Regulated activity wherein Maharashtra Electricity Regulatory Commission ('MERC'), determines Tariff to be charged from consumers based on prevailing regulations.

MERC Multi Year Tariff Regulations, 2019 ('MYT Regulations'), is applicable for the period beginning from 1st April, 2020 to 31st March, 2025. These regulations require MERC to determine tariff in a manner wherein the Company can recover its fixed and variable costs including assured rate of return on approved equity base, from its consumers. The Company determines the Revenue, Regulatory Assets and Liabilities as per the terms and conditions specified in MYT Regulations.

- (ii) Reconciliation of Regulatory Assets/Liabilities of distribution business as per Rate Regulated Activities is as follows:

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Opening Regulatory Assets (Net of Liabilities) (A)	573.60	258.32
Regulatory Income/(Expenses) during the year		
(i) Power Purchase Cost	2,642.77	1,885.99
(ii) Other expenses as per the terms of Tariff Regulations including return on equity	909.32	892.10
(iii) Billed during the year as per approved Tariff	(3,461.09)	(2,520.09)
(iv) Amount Collected in respect of earlier years (Net)	Nil	Nil

Total	Nil	1,500.00

In the earlier year, the Company had raised ₹ 1,500 crore through issue of Unsecured Perpetual Securities (the "Securities"). These Securities were perpetual in nature with no maturity or redemption and were callable only at the option of the Company. As these Securities were perpetual in nature and ranked senior only to the Share Capital of the Company and the Company does not had any redemption obligation, these were considered to be in the nature of equity instruments. During the year, pursuant to debenture trust deed dated June 23, 2011, the Company has exercised the call option to redeem the Securities on June 2, 2021 along with final interest.

Notes:

- i The shareholders of the Company in their meeting held on July 5, 2021, approved final dividend of ₹ 1.55 per share aggregating ₹ 495.28 crore for the financial year 2020-21. The said dividend was paid to the holders of fully paid equity shares on July 7, 2021.

21. Other Equity (Contd.)

- ii Includes gain on fair valuation of land which is not available for distribution ₹ 87.88 crore
- iii The Board of Directors at its meeting held on May 6, 2022 proposed a dividend of ₹ 1.75 per equity share subject to the approval of the shareholders in the upcoming annual general meeting and has not been included as a liability in the Standalone financial statements. The proposed equity dividend is payable to all holders of fully paid equity shares. The total estimated equity dividend to be paid is ₹ 559.68 crore.
- iv During the previous year, the shareholders in the Annual General Meeting dated July 30, 2020 had approved the issuance of 49,05,66,037 equity shares of the face value of ₹ 1 each at ₹ 53 per equity share for an amount aggregating to ₹ 2,600 crores to Tata Sons Pvt Ltd on preferential basis. The Company had allotted the said equity shares to Tata Sons Pvt Ltd on August 13, 2020.

Nature and purpose of reserves:

General Reserve

General Reserve is used to transfer profits from retained earnings for appropriation purposes. The amount is to be utilised in accordance with the provision of the Companies Act, 2013.

Securities Premium

Securities Premium is used to record the premium on issue of shares and is utilised in accordance with the provisions of the Companies Act, 2013.

Debenture Redemption Reserve

The Company was required to create a Debenture Redemption Reserve out of the profits which are available for payment of dividend for the purpose of redemption of debentures. Pursuant to Companies (Share Capital and Debentures) Amendment Rules, 2019 dated August 16, 2019, the Company is not creating additional debenture redemption reserve (DRR) from the effective date of amendment. DRR created till previous years will be transferred to retained earnings on redemption of debentures.

Capital Redemption Reserve

Capital Redemption Reserve represents amounts set aside on redemption of preference shares.

Capital Reserve

Capital Reserve consists of forfeiture of the amount received from Tata Sons Pvt. Ltd. on preferential allotment of convertible warrants in the Company, on the lapse of the period to exercise right to convert the said warrants and on forfeiture of amounts paid on Debentures.

Statutory Reserve

Statutory Reserve consists of Special Appropriation towards Project Cost, Development Reserve and Investment Allowance Reserve.

Special appropriation to project cost - Due to high capital investment required for the expansion in the electricity industry, the Maharashtra State Government permits part of the capital cost of approved projects to be collected through the electricity tariff and held as a special appropriation.

Development Reserve / Investment Allowance Reserve - Until 1978, the Companies made appropriations to a Development Reserve and an Investment Allowance Reserve as required by the Income Tax Act, 1956. New appropriations to these reserves are no longer required due to changes in law.

Special Reserve

Special Reserve Fund represents the amount transferred from the annual profits of Af-Taab pursuant to section 45 of the Reserve Bank of India Act, 1934. Pursuant to scheme of arrangement for merger as mentioned in note 47 to the standalone financial statement, erstwhile Af-taab has ceased to exist and hence the reserves is no longer required and accordingly has been transferred to retained earning.

Retained Earnings

Retained Earnings are the profits of the Company earned till date net of appropriations.

21. Other Equity (Contd.)

Equity Instruments through Other Comprehensive Income

This reserve represents the cumulative gains and losses arising on revaluation of equity instruments measured at fair value through other comprehensive income, net of amounts reclassified to retained earnings when those equity instruments are disposed off.

Notes:

- The 10.75% Redeemable Non-Convertible Debentures are redeemable at par at the end of 60 years from the date of allotment viz. August 21, 2072. The Company has the call option to redeem the same at the end of 10 years viz. August 21, 2022 and at the end of every year thereafter.
- The rate of interest for term loans from banks ranges from 5.05% to 8.15% (March 31, 2021 - 5.45% to 9.83%) and rate of interest for term loans from others is 7.60% (March 31, 2021 - 7.60%).

23. Lease Liabilities

Accounting Policy

At inception of contract, the Company assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a Lessee

i) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company

23. Lease Liabilities (Contd.)

uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

ii) Short term leases and leases of low value of assets

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Leasing arrangement as Lessee

The Company has lease contracts for various items of plant, machinery, land, vehicles and other equipment used in its operations. Leases of Leasehold land including sub-surface rights and plant and equipment generally have lease term between 2 and 40 years. Generally, the Company is restricted from assigning and subleasing the leased assets.

Amount recognised in the Statement of Profit and Loss	For the year ended March 31, 2022	For the year ended March 31, 2021

Notes

- The Company has entered into a Suppliers' Credit Program ("Facility") with a third party whereby the third party shall pay the said coal suppliers on behalf of the Company and the Company shall pay the third party on the due date along with interest. The Company has utilised USD 43.99 million of this facility as at March 31, 2022. As the Facility provided by the third party is within the credit period provided by the coal vendors, the outstanding liability has been disclosed under other financial liabilities.
- Includes amounts outstanding aggregating ₹ 0.21 crore (March 31, 2021 - ₹ 1.69 crore) for more than seven years pending disputes and legal cases.

Deferred Tax Liabilities	3,890.70	1,164.02
Net Deferred Tax Liabilities/(Assets)	(250.00)	135.43

27. Provisions

Accounting Policy

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Present obligations arising under onerous contracts are recognised and measured as provisions with charge to Statement of Profit and Loss. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

Restructuring provisions are recognised only when the Company has a constructive obligation, which is when: (i) a detailed formal plan identifies the business or part of the business concerned, the location and number of employees affected, a detailed estimate of the associated costs, and the timeline; and (ii) the employees affected have been notified of the plan's main features.

Defined contribution plans

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefits plans

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in the Statement of Profit and Loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non routine settlements; and
- Net interest expense or income.

The cost of the defined benefit gratuity plan and other post-employment medical benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Employee Benefit Plans

1. Defined Contribution plan

- The Company makes superannuation fund contributions to defined contribution plan for eligible employees. Under the scheme, the Company is required to contribute a specified percentage of the payroll costs. The Company has no obligation, other than the contribution payable to the fund. The Company recognises contribution payable to the superannuation fund scheme as an expense, when an employee renders the related service.

The Company has recognised ₹ 7.16 crore (March 31, 2021 - ₹ 7.84 crore) for superannuation contribution in the Statement of Profit and Loss. The contribution payable to the plan by the Company is at rates specified in the rules of the plan.

- The Company operates defined contribution retirement benefit plans for employees of Mundra Plant. The employees of the Company are members of Employee Provident Fund. The Company is required to contribute a specified percentage of payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Company with respect to the retirement benefit plan is to make the specified contributions.

The total expense recognized in Statement of Profit & Loss is ₹ 1.43 crores (for the year ended March 31, 2021 ₹ 1.44 crores) represents contribution for the year paid/payable to the Employee Provident Fund. The contribution outstanding as at March 31, 2022 of ₹ 0.35 crore (as at March 31, 2021 ₹ 0.35 crore) due in respect of financial year 2021-22 (financial year 2020-21) is payable in the subsequent reporting periods.

- The Company is in the process of transferring employees under erstwhile Coastal Gujarat Power Limited to the payroll of the Company. Post transfer, all employees will get transferred to existing provident fund scheme and gratuity fund scheme of the Company.

27. Provisions (Contd.)

2. Defined benefit plans

2.1 The Company operates the following unfunded/funded defined benefit plans:

Funded:

Provident Fund

The Company makes Provident Fund contributions to defined benefit plans for eligible employees. Under the scheme, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified are paid to the provident fund trust set by the Company. The Company is generally liable for annual contributions. However, any shortfall in the fund assets based on the government specified minimum rates of return are recognised as an expense in the year it is incurred. Having regard to the assets of the fund and the return on the investments, the Company expects net shortfall of ₹ Nil.

The actuary has provided a valuation of provident fund liability based on the assumptions listed and determined the net short fall of ₹ Nil as at March 31, 2022 (March 31, 2021 - ₹ 6.50 crore) which has been recognised as an expense during the year.

The significant assumptions used for the purpose of the actuarial valuations were as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Interest rate	8.10% p.a.	8.50% p.a.
Discount rate	6.80% p.a.	6.60% p.a.
Contribution during the year (₹ crore)	20.20	19.92
Short fall recognised as an expenditure for the year (₹ crore)	Nil	6.50

The movements in the net defined benefit obligations for provident fund are as follows:

Funded Plan:	Present value of obligation	Fair value of plan assets	Net amount

Acquisitions credit/(cost)	16.89	16.89	Nil
Balance as at March 31, 2022	938.39	883.93	54.46

Funded/Unfunded:

Post Employment Medical Benefits

The Company provides certain post-employment health care benefits to superannuated employees at some of its locations. In terms of the plan, the retired employees can avail free medical check-up and medicines at Company's facilities.

Pension (including Director pension)

The Company operates a defined benefit pension plan for employees who have completed 15 years of continuous service. The plan provides benefits to members in the form of a pre-determined lumpsum payment on retirement. Executive Director, on retirement, is entitled to pension payable for life including HRA benefit. The level of benefit is approved by the Board of Directors of the Company from time to time.

Ex-Gratia Death Benefit

The Company has a defined benefit plan granting ex-gratia in case of death during service. The benefit consists of a pre-determined lumpsum amount along with a sum determined based on the last drawn basic salary per month and the length of service.

Retirement Gift

The Company has a defined benefit plan granting a pre-determined sum as retirement gift on superannuation of an employee.

Gratuity

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is a combination of funded plan and unfunded plan. Unfunded plan pertains to employees of erstwhile Coastal Gujarat Power Limited which has been merged with the Company based on National Company Law Tribunal (NCLT) order dated 31.03.2022. In case of funded plan, the fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the trust regulations.

27. Provisions (Contd.)

2.2 The principal assumptions used for the purposes of the actuarial valuations for funded and unfunded plan were as follows:

Valuation as at	As at March 31, 2022	As at March 31, 2021
Discount Rate	6.80% p.a.	6.60% p.a.

Benefits paid	(0.11)	(8.11)
Acquisitions credit/(cost)	0.67	(0.04)
Balance as at March 31, 2022	15.19	132.61

27. Provisions (Contd.)

2.4 Sensitivity analysis

The sensitivity of the defined benefit obligations to changes in the weighted principal assumptions is:

Change in assumption			Increase in assumption			Decrease in assumption		
	March 31, 2022	March 31, 2021		March 31, 2022 ₹ crore	March 31, 2021 ₹ crore		March 31, 2022 ₹ crore	March 31, 2021 ₹ crore
Discount rate	0.50%	0.50%	Decrease by	18.86	17.99	Increase by	17.54	19.08
Salary/Pension growth rate	0.50%	0.50%	Increase by	12.03	11.86	Decrease by	11.35	11.20
Mortality rates	1 year	1 year	Decrease by	5.46	5.86	Increase by	5.36	5.78
Healthcare cost	0.50%	0.50%	Increase by	4.91	4.74	Decrease by	4.38	4.26

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

These plans typically expose the Company to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment Risk The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest Risk A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity Risk The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

2.5 The expected maturity analysis of undiscounted defined benefit obligation is as follows:

	Funded- Provident Fund		Funded- Gratuity		Unfunded	
	March 31, 2022 ₹ crore	March 31, 2021 ₹ crore	March 31, 2022 ₹ crore	March 31, 2021 ₹ crore	March 31, 2022 ₹ crore	March 31, 2021 ₹ crore
Within 1 year	66.56	61.74	17.89	19.83	9.79	9.54
Between 1 - 2 years	100.75	101.81	31.26	31.63	10.38	10.03
Between 2 - 3 years	106.87	94.42	32.12	31.53	11.46	10.46
Between 3 - 4 years	95.81	93.72	25.49	31.68	12.02	11.33
Between 4 - 5 years	112.88	86.54	29.38	26.77	12.60	11.47
Beyond 5 years	581.36	533.46	165.82	166.99	57.90	62.34
The weighted average duration of:					March 31, 2022	March 31, 2021
Provident Fund					8.0 Years	7.0 Years
Gratuity Fund					7.6 Years	7.4 Years

The contribution expected to be made by the Company during the financial year 2022-23 is ₹ 19.97 crore.

2.6 Risk exposure:

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

27. Provisions (Contd.)

Asset volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yield. If plan assets underperform this yield, it will result in deficit. These are subject to interest rate risk. To offset the risk, the plan assets have been deployed in high grade insurer managed funds.

Inflation rate risk:

Higher than expected increase in salary and medical cost will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligations is not straight forward and depends upon the combination of salary increase, discount rate and vesting criterion.

2.7 Major categories of plan assets:

Plan assets are funded with the trust set up by the Company. The trust invests the funds in various financial instruments. Major categories of plan assets are as follows:

	Provident Fund				Gratuity			
	As at March 31, 2022		As at March 31, 2021		As at March 31, 2022		As at March 31, 2021

Secured		
From Banks		
(a) Term Loans	60.00	60.00
	60.00	60.00
Current Maturities of Non-current Borrowings (Refer Note 22)	3,199.02	2,157.54
Total	6,620.41	7,878.24

Notes:

- The rate of interest for term loans from banks ranges from 4.60% to 9.50% (March 31, 2021 - 6.50% to 9.50%) and loan from others is 3.42% to 6.99% (March 31, 2021 - 3.13% to 7.50%).
- The term loan mentioned in (a) above have been secured by pari passu first charge over all current assets of the Company, present and future, except for specific wind assets.

Current borrowings secured against current assets

The quarterly returns or statements of current assets filed by the Company with the banks or financial institutions are in agreement with the books of accounts except as follows:

Quarter ended	Value per books of account	Value per quarterly return / statement	Discrepancy
June 30, 2021	Nil	₹ 625 crore	Unapproved regulatory asset included and disclosed as Approved*
September 30, 2021	Nil	₹ 709 crore	
December 31, 2021	Nil	₹ 677 crore	
March 31, 2022	Nil	₹ 867 crore	
December 31, 2021	₹ 1,920 crore	₹ 1,964 crore	Excess debtors reported by ₹ 44 crore#

* While submitting the quarterly statements for all four quarters during the year, the Company inadvertently included and disclosed unapproved regulatory balances as approved. However, subsequent to year end, the Company has communicated to Bank about the said discrepancy. Further, Bank has confirmed that the intention was not to exclude unapproved balances from the receivable and has initiated the process to change the sanction letter wherein total regulatory asset balance should be considered as receivables for the purpose of sanction limit.

Subsequent to year end, Company has submitted the revised statement for quarter ended December 2021 and receivable balances as per revised statements are in agreement with the books of accounts.

30. Current Tax Liabilities

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Income Tax Payable (Net)	107.67	135.17
Total	107.67	135.17

31. Revenue from Operations

Revenue recognition

Accounting Policy

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Description of performance obligations are as follows :

(i) Sale of Power - Generation (Thermal and Hydro): Regulated

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered.

The Company as per the prevalent tariff regulations is required to recover its Annual Revenue Requirement ('ARR') comprising of expenditure on account of fuel cost, operations and maintenance expenses, financing costs, taxes and assured return on regulator approved equity with additional incentive for operational efficiencies. Accordingly, rate per unit is determined using input method based on the Company's efforts to the satisfaction of a performance obligation to deliver power.

As per tariff regulations, the Company determines ARR and any surplus/shortfall in recovery of the same is accounted as revenue.

(ii) Sale of Power - Generation: Non-regulated

Revenue from sale of power is recognised net of cash discount, rebate, etc. when the power is supplied as it best depicts the value to the customer and complete satisfaction of performance obligation.

Variable Consideration forming part of the total transaction price including compensation on account of change in law will be allocated and recognised when the terms of variable payment relate specifically to the Company's efforts to satisfy the performance obligation i.e. in the year of occurrence of event linked to variable consideration.

The transaction price has been adjusted for significant financing component, if any and the adjustment is accounted as finance cost. The difference between the revenue recognised and amount invoiced has been presented as deferred revenue/ unbilled revenue.

(iii) Sale of Power - Generation (Wind and Solar)

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the contracted rate.

(iv) Transmission of Power

Revenue from transmission of power is recognised net of cash discount over time for transmission of electricity. The Company as per the prevalent tariff regulations is required to recover its Annual Revenue Requirement ('ARR') comprising of expenditure on account of operations and maintenance expenses, financing costs, taxes and assured return on regulator approved equity with additional incentive for operational efficiencies. Input method is used to recognize revenue based on the Company's efforts or inputs to the satisfaction of a performance obligation to deliver power. As per tariff regulations, the Company determines ARR and any surplus/shortfall in recovery of the same is accounted as revenue.

(v) Sale of Power - Distribution

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the pre determined rate.

31. Revenue from Operations (Contd.)

(vi) Rendering of Services

Revenue from a contract to provide services is recognised over time based on : Input method where the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of performance obligation. Revenue, including estimated fees or profits, are recorded proportionally based on measure of progress. Output method where direct measurements of value to the customer based on survey's of performance completed to date. Revenue is recognised net of cash discount at a point in time at the contracted rate.

(vii) Consumers are billed on a monthly basis and are given average credit period of 30 to 60 days for payment. Wherever applicable no delayed payment charges ('DPC') is charged for the initial 30 days from the date of receipt of invoice by customers. Thereafter, DPC is charged as per the relevant contracts on the outstanding balance. Revenue in respect of delayed payment charges and interest on delayed payments leviable as per the relevant contracts are recognised on actual realisation or accrued based on an assessment of certainty of realisation supported by either an acknowledgement from customers or on receipt of favourable order from regulator / authorities.

(viii) In the regulated operations of the Company where tariff recovered from consumers is determined on cost plus return on equity, the Income tax cost is pass through cost and accordingly the Company recognises Deferred tax recoverable/payable against any Deferred tax expense/ income. The same is included in 'Revenue from Operations' in case of Generation and Transmission business.

There are no significant judgements involved while evaluating the timing as to when customers obtain control of promised goods and services.

Details of Revenue from Contract with Customers

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Total Revenue from Contract with Customers	10,949.69	13,033.09
Add/(Less): Significant Financing Component	(58.95)	(49.59)
Add: Cash Discount/Rebates etc.	94.06	120.64
Total Revenue as per Contracted Price	10,984.80	13,104.14

Transaction Price - Remaining Performance Obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date.

The aggregate value of performance obligations that are partially unsatisfied as at March 31, 2022, other than those meeting the exclusion criteria mentioned above, is ₹ 71,547.14 crore (March 31, 2021 - ₹ 1,06,758.95 crore). Out of this, the Company expects to recognize revenue of around 11.11% within next one year and the remaining thereafter.

Note:

- (i) With respect to Mundra Power Plant, the Company has initiated the discussions with Gujarat Urja Vikas Nigam Limited to enter into a supplementary power purchase agreement (SPPA). The discussions are at very advanced stage and agreement is reached except few items for which discussions are ongoing and accordingly the SPPA is yet to be signed and approved. To ensure continuous supply of power, GUVNL has requested the Company to continue supplying power based on the SPPA which will be effective January 1, 2022. Accordingly the differential revenue of ₹ 324.00 crore has been recognized on the basis of the current agreed draft of SPPA for the period from January 2022 to March 2022. Management believes that the Company has an enforceable right to recover the tariff as per draft SPPA and does not expect any significant reversal in the amount recognised as revenue.
- (ii) As per power purchase agreement for Mundra Power Plant, the Company's entitlement to capacity revenue is dependent on availability declared. Accordingly, the Company accrues capacity revenue based on actual declared capacity in the past and for the current year. During the year ended March 31, 2022, based on the actual capacity declared, management has recognized an amount of ₹ 230.47 crore (including ₹ 123.27 crore relating to earlier years) as a reduction in revenue.

Revenue is disaggregated by type and nature of product or services. The table also includes the reconciliation of the disaggregated revenue with the Company's reportable segment.

31. Revenue from Operations (Contd.)

Contract assets

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract assets are transferred to receivables when the rights become unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the performance obligation is satisfied.

Significant changes in the contract assets and the contract liabilities balances during the year are as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Opening Balance		
Recoverable from consumers	1,161.06	960.84

(A + B)	757.28	636.89

32. Other Income

Accounting Policy

Dividend and Interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore

	40.60	37.56
Total	737.59	697.49

34. Finance Costs

Accounting Policy

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore

36. Income taxes

Accounting Policy

Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax related to items recognised outside Statement of Profit and Loss are recognised either in other comprehensive income or in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (Section 80IA of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been recorded for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax related to items recognised outside profit or loss is recognised either in other comprehensive income or in equity. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

(i) Income Tax Expenses

1. Income taxes recognised in the Statement of Profit and Loss (Continuing Operations)

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Current tax	Nil	206.60
Current tax in respect of earlier years (Refer Note a and c)	(105.11)	Nil
Deferred tax	(8.91)	(105.20)
Deferred tax relating to earlier years (Refer Note b)	(738.56)	Nil
Deferred tax remeasurement on account of transition of New Tax regime (Net) (Refer Note c)	359.62	Nil
Total income tax expense	(492.96)	101.40

Note:

- a Subsequent to the merger of Coastal Gujarat Power Limited (CGPL) with the Company with effect from April 1, 2020, the Company has reassessed its provision for current taxes and has written back an amount of ₹87.30 crore relating to previous year.

36. Income taxes (Contd.)

- b The Company has also reassessed the recoverability of unabsorbed depreciation and brought forward tax losses of CGPL and has recognized deferred tax asset amounting to ₹ 968.56 crore and has written off deferred tax asset on capital losses amounting to ₹230.00 crore.
- c The Company has transitioned to the new tax regime effective April 1, 2020 and accordingly, during the year, the Company had remeasured its tax balances and reversed the deferred tax asset amounting to ₹359.62 crore and written back current tax provision amounting to ₹17.81 crore.

2. Income taxes recognised in the Statement of Profit and Loss (Discontinued Operations)

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Current tax	Nil	(101.48)
Deferred tax	Nil	(72.17)
Total income tax expense	Nil	(173.65)

The income tax expense for the year can be reconciled to the accounting profit as follows:

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Profit/(Loss) before tax Continuing Operation	2,757.80	441.11
Profit/(Loss) before tax Discontinuing Operation	(467.83)	(219.84)

(c) The amount of interest paid by the buyer in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year.	Nil	Nil
(d) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	Nil	Nil
(e) The amount of interest accrued and remaining unpaid at the end of each accounting year	0.75	0.20
(f) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006	Nil	Nil

* It includes amount payable in the nature of capital creditors as disclosed under note 25 - Other Financial Liabilities

38. Commitments:

- (a) Estimated amount of Contracts remaining to be executed on capital account and not provided for ₹ 1,920.97 crore (March 31, 2021 - ₹ 2,060.12 crore.)
- (b) Other Commitments
 - (i) The Company has undertaken to arrange for the necessary financial support to its subsidiaries Bhira Investments Pte. Ltd., Khopoli Investments Ltd., Bhivpuri Investments Ltd., TP Renewable Microgrid Ltd., Tata Power Jamshedpur Distribution Ltd. and Tata Power International Pte. Ltd.
 - (ii) In respect of Maithon Power Ltd. (MPL), the Company jointly with Damodar Valley Corporation (DVC) has undertaken to the lenders of MPL, to provide support by way of base equity contribution and additional equity or subordinated loans to meet the increase in Project Cost. Further, the Company has given an undertaking to MPL to fulfil payment obligations of Tata Power Trading Company Ltd. (TPTCL) and Tata Power Delhi Distribution Ltd. (TPDDL) in case of their default.

39. Contingent liabilities

Accounting Policy

In the normal course of business, contingent liabilities arise from litigations and claims. It is a possible obligation that arises from the past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses the same.

39. Contingent liabilities (Contd.)

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Contingent liabilities including:		
a) Claims against the Company not probable and hence not acknowledged as debts consists of		
(i) Demand disputed by the Company relating to Service tax on transmission charges received for July 2012 to June 2017 (excluding interest and penalty).	375.29	375.29
(ii) Way Leave fees (including interest) claims disputed by the Company relating to rates charged.	53.21	48.47
(iii) Custom duty claims disputed by the Company relating to applicability and classification of coal.	110.81	110.81
(iv) Access Charges demand for laying underground cables.	24.04	30.14

(ix) Petition seeking approval for additional Short term Renewable Power Purchase for Renewable Power obligation compliance.	9.41	Nil
	1,128.55	1,100.78

Notes:

1. Amounts in respect of employee related claims/disputes, regulatory matters is not ascertainable.
2. Future cash flows in respect of above matters are determinable only on receipt of judgements/decisions pending at various forums/authorities.
3. The above Contingent Liabilities include those pertaining to Regulated Business which on unfavourable outcome can be recovered from consumers.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
b) Other Contingent Liabilities:		
Taxation matters for which liability is disputed by the Company and not provided for (computed on the basis of assessments which have been re-opened / remaining to be completed).	115.45	152.68
In an earlier year, Maharashtra State Electricity Distribution Company Limited (MSEDCL) had raised a demand for determination of fixed charges for unscheduled interchange of power. The Company had filed a petition against the said demand for which stay has been granted by the ATE till the methodology for the determination is fixed. Considering the same, currently, the amount of charges payable is not ascertainable and hence, no provision has been recognized during the year. Further, in case of unfavourable outcome, the Company believes that it will be allowed to recover the same from consumers through future adjustment in tariff.	215.02	215.02

	As at March 31, 2022	As at March 31, 2021
	₹ crore*	₹ crore*
c) Indirect exposures of the Company:		
Guarantees given :		
(i) Khopoli Investments Ltd.	946.51 (equivalent to USD 125.01 million)	913.97 (equivalent to USD 125.01 million)
(ii) Bhira Investments Pte. Ltd.	1,476.51 (equivalent to USD 195.01 million)	1,425.75 (equivalent to USD 195.01 million)
(iii) Tata Power Renewable Energy Ltd.	2,774.66	2,962.87
(iv) Tata Power International Pte. Ltd.	754.52 (equivalent to USD 100.19 million)	732.49 (equivalent to USD 100.19 million)
(v) Walwhan Renewable Energy Ltd.	164.17	1,320.55
(vi) Walwhan Solar TN Ltd.	104.39	33.98
(vii) Walwhan Wind RJ Ltd.	105.44	83.28

*The exposure is considered to the extent of borrowings outstanding (including accrued interest) of the respective subsidiaries.

39. Contingent liabilities (Contd.)

- d) The Company has provided a Bank Guarantee of USD 87 Million (₹ 659.34 crore) (March 31, 2021 USD 90 Million (₹ 657.99 crore)) and Corporate Guarantee of USD 32 Million (₹ 242.52 crore) (March 31, 2021 USD 40 Million (₹ 292.44 crore)) to Oldendorff as per the affreightment contract entered by Trust Energy Resources Pte. Ltd.
- e) The Company had acquired 51 % stake in TP Central Odisha Distribution Limited ('TPCODL'), TP Western Odisha Distribution Limited ('TPWODL') TP Southern Odisha Distribution Limited ('TPSODL') and TP Northern Odisha Distribution Limited ('TPNODL') to carry out the function of distribution and retail supply of electricity covering the distribution circles of central, western, southern and northern parts of Odisha. Pursuant to these acquisition and as per the terms of the vesting order, in previous year the Company has issued bank guarantee to Odisha Electricity Regulatory Commission ('OERC') for TPCODL, TPWODL, TPSODL and TPNODL of ₹ 150.00 crore (March 31, 2021, ₹150.00 crore), ₹150.00 crore (March 31, 2021, ₹150.00 crore), ₹100.00 crore (March 31, 2021, ₹100.00 crore) and ₹150 crore (March 31, 2021, ₹150.00 crore) respectively.
- f) The Company has given performance guarantee and letter of credit on behalf of TP Ajmer Distribution Ltd of ₹ 106.17 crore (March 31, 2021 ₹ 106.17 crore) to Ajmer Vidyut Vitran Nigam Ltd as per the distribution franchisee agreement.
- g) The Company has given performance guarantee on behalf of Trust Energy Resources Pte. Ltd. to Maxpente Shipping Corporation of USD 10 Million (₹75.78 crore) (March 31, 2021 USD 10 Million (₹73.11 crore)) for its obligation under the cost of affreightment contract.

The Company, in respect of the above mentioned contingent liabilities has assessed that it is only possible but not probable that outflow of economic resources will be required.

40. Other disputes

- a. In the earlier year, the Company had recognised an expense of ₹ 276.35 crore net of amount recoverable from customers including adjustment with consumer reserve in relation to Hon'ble Supreme Court's judgement on standby litigation.

Further in the earlier year, Maharashtra Electricity Regulatory Commission (MERC) vide its order dated March 30, 2020 had allowed the recovery of part of the standby charges amount from the consumers. In the previous year, MERC vide its order dated 21st December, 2020, has revised its earlier order and disallowed the recovery of the said amount. Consequently, the Company had recognized an expense of ₹ 109.29 crore (including carrying cost) and disclosed as an exceptional item.
- b. In the earlier year, Maharashtra Electricity Regulatory Commission has disallowed certain costs amounting to ₹ 503.00 crore (adjusted upto the current year) (March 31, 2021 ₹ 419.00 crore) recoverable from consumers in the tariff true up order. The Company has filed appeal against the said order to Appellate Tribunal for Electricity which is pending for final disposal. The Company believes it has a strong case and accordingly no adjustment is required.
- c. In an earlier year, Maharashtra Electricity Regulatory Commission has disallowed carrying cost and other costs amounting to ₹ 269.00 crore (March 31, 2021 ₹ 269.00 crore) which was upheld by the Appellate Tribunal for Electricity (ATE). The Company has filed Special Leave Petition (SLP) against the order of ATE with the Supreme Court which is pending for final disposal. The Company believes it has a strong case and accordingly no adjustment is required.
- d. The Hon'ble Appellate Tribunal for Electricity (APTEL), vide its order dated April 27, 2021 allowed the appeal with respect to certain claims related to change in law for Mundra Power Plant. Accordingly, the Company has recognized an income amounting to ₹ 351.79 crore during the year ended March 31, 2022 comprising of ₹ 279.87 crore classified as Revenue from Operations (including an amount of ₹268.94 crore relating to earlier years) and ₹ 71.92 crore classified as Other Income (including an amount of ₹ 58.82 crore relating to earlier years). The Consumer has litigated the said order in the Supreme Court. The Company believes it has a strong case and does not expect any significant reversal of revenue.
- e. During year ended March 31, 2022, the Company has received Notice of Arbitration (NoA) filed by Kleros Capitals to commence arbitration in Singapore International Arbitration Centre (SIAC) against the Company. The NoA is served pursuant to alleged breach of various sections of Non disclosure agreements (NDA) entered by the Company in earlier years and circumvention of Kleros's economic interests in addition to loss of profits. The Company believes that there has been no use of confidential data and there was no breach to sections of NDA. Based on above assessment and legal opinion obtained, the Company strongly believes that there is strong case and hence no provision is required for the concerned matter of arbitration.

41. Earnings Per Share (EPS)

Accounting Policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the Standalone financial statements by the Board of Directors.

Fixed rate borrowings (including current maturities)	15,152.63	18,004.42	15,169.26	18,033.24
Lease Liabilities	2,858.87	2,749.04	3,333.38	2,770.33
Derivative contracts (Net)	13.12	35.84	13.12	35.84
Other financial liabilities	2,274.39	1,685.93	2,274.39	1,685.93
	34,421.66	32,712.58	34,913.25	32,756.98

other than investments in subsidiaries, associates and joint ventures accounted at cost in accordance with Ind AS 27 'Separate Financial Statements'.

Note:

Certain unquoted investments are not held for trading, instead they are held for medium or long term strategic purpose. Upon the application of Ind AS 109 'Financial Instruments', the Company has chosen to designate these investments in equity instruments as at FVTOCI as the management believe this provides more meaningful presentation for medium and long term strategic investments, then reflecting changes in fair value immediately in profit or loss.

The management assessed that the fair value of cash and cash equivalents, other balances with banks, trade receivables, loans, finance lease receivables, unbilled revenues, trade payables, other financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

43. Financial Instruments (Contd.)

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values.

- Fair value of the government securities are based on the price quotations near the reporting date. Fair value of the unquoted equity shares have been estimated using market comparable method. The valuation requires management to make certain assumptions about the marketability, active market price, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for those unquoted equity investments.
- The fair value of the remaining FVTOCI financial assets are derived from quoted market price in active markets.
- The fair value of debentures is determined by using the quoted prices. The own non-performance risk as on March 31, 2022 was assessed to be insignificant.
- The cost of certain unquoted investments approximate their fair value because there is a wide range of possible fair value measurements and the cost represents the best estimate of fair value within that range.
- The fair value of loans from banks, other current financial liabilities and other non-current financial liabilities is estimated by discounting future cash flow using rates currently available for debt on similar terms, credit risk and remaining maturities.

Reconciliation of Level 3 fair value measurement of unquoted equity shares classified as FVTOCI:

Unlisted shares irrevocably designated as at FVTOCI (Refer Note below)	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Opening balance	437.63	446.64
Gain/(Loss)		
- in other comprehensive income	Nil	(12.40)
- in profit or loss	Nil	Nil
- changes on purchase of equity shares	Nil	3.39
Closing balance	437.63	437.63

Note:

- Unlisted shares irrevocably designated as at FVTOCI includes certain investments whose cost approximates to their fair value because there is a wide range of possible fair value measurements and their cost represents the best estimate of fair value within that range. Such investments have been excluded for quantitative sensitivity analysis as disclosed below.
- All gains and losses included in other comprehensive income related to unlisted shares held at the end of the reporting period and are reported under "Equity Instruments through Other Comprehensive Income".

The significant unobservable input used in the fair value measurement categorized within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at March 31, 2022 and March 31, 2021 are as shown below:

Description of significant unobservable inputs to valuation:

	Valuation techniques	Significant unobservable inputs	Range (weighted average)	Sensitivity of the input to fair value
Investments in unquoted equity shares	Price of recent transaction (PORT)	Transaction price	Varies on case to case basis	5% (March 31, 2021: 5%) increase (decrease) in the transaction price would result in increase (decrease) in fair value by ₹ 6.35 crores (March 31, 2021: ₹ 6.35 crore).

43. Financial Instruments (Contd.)

43.2 Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Quoted prices in an active market (Level 1): Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. This includes quoted equity instruments, government securities and quoted borrowings (fixed rate) that have quoted price.

Valuation techniques with observable inputs (Level 2): Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This includes derivative financial instruments and unquoted floating and fixed rate borrowings.

Valuation techniques with significant unobservable inputs (Level 3): Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This includes unquoted equity shares and contingent consideration receivable.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required) :

	Date of valuation	Fair value hierarchy as at March 31, 2022			
		Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
		₹ crore	₹ crore	₹ crore	₹ crore

Total		12,565.03	12,453.22	Nil	25,018.25

There has been no transfer between level 1 and level 2 during the period.

43.3 Capital Management & Gearing Ratio

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the value for shareholders.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. From time to time, the Company reviews its policy related to dividend payment to shareholders, return capital to shareholders or fresh issue of shares. The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio around 50%. The Company includes within net debt, interest bearing loans and borrowings, less cash and bank balances as detailed in the notes below.

The Company's capital management is intended to create value for shareholders by facilitating the meeting of its long-term and short-term goals. Its Capital structure consists of net debt (borrowings as detailed in notes below) and total equity.

43. Financial Instruments (Contd.)

Gearing ratio

The gearing ratio at the end of the reporting period was as follows:

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Debt (i)	25,217.45	24,983.72
Less: Cash and Bank balances	57.36	364.13
Net debt	25,160.09	24,619.59
Total Capital (ii)	10,879.80	9,878.07
Capital and net debt	36,039.89	34,497.66
Net debt to Total Capital plus net debt ratio (%)	69.81	71.37

(i) Debt is defined as Non-current borrowings (including current maturities) and Current borrowings (excluding derivative, financial guarantee contracts and contingent considerations) and interest accrued on Non-current and Current borrowings.

(ii) Equity is defined as Equity share capital, Unsecured perpetual securities and other equity.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no significant breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

43.4 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise borrowings, trade and other payables, financial guarantee contracts and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents, other bank balances, unbilled receivables, finance lease receivables and other financial assets that derive directly from its operations. The Company also holds FVTOCI investments and enters into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a risk committee that reviews the financial risks and the appropriate financial risk governance framework for the Company. The Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The risk management policies are approved by the board of directors.

43.4.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risk: currency risk, interest rate risk and equity price risk. The impact of equity price risk is not significant. Financial instruments affected by market risk include loans and borrowings, derivative financial instruments and FVTOCI investments.

The sensitivity analysis in the following sections relate to the position as at March 31, 2022 and March 31, 2021.

The sensitivity analysis has been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligation, provisions and the non-financial assets.

43. Financial Instruments (Contd.)

a. Foreign currency risk management

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to foreign exchange risk through its operations in international projects and purchase of coal from Indonesia. The results of the Company's operations can be affected as the rupee appreciates/depreciates against these currencies.

The following table analyses foreign currency assets and liabilities on balance sheet dates:

Foreign Currency Liabilities	As at March 31, 2022		As at March 31, 2021	
	Foreign Currency (In Millions)	₹ crore	Foreign Currency (In Millions)	₹ crore
In USD	434.07	3,289.66	408.45	2,986.28
In EURO	0.07	0.55	0.08	0.58
In GBP	0.06	0.64	Nil	Nil
In SGD	0.04	0.22	Nil	Nil
In JPY	2.52	0.16	5.90	0.39

Foreign Currency Assets	As at March 31, 2022		As at March 31, 2021	
	Foreign Currency (In Millions)	₹ crore	Foreign Currency (In Millions)	₹ crore
In USD	248.97	1,886.81	9.05	66.17
In JPY	Nil	Nil	5.90	0.39
In ZAR	0.02	0.01	0.41	0.20
In SGD	0.04	0.24	0.04	0.21
In VND	3.37	0.00	56.76	0.02
In TAKA	Nil	Nil	0.20	0.02

(i) Foreign currency sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's equity is due to changes in the fair value of monetary assets and liabilities is given as under.

		Effect on profit before tax and consequential impact on equity before tax
		₹ crore
As of March 31, 2022	Rupee depreciate by ₹ 1 against USD	(-) ₹ 18.51
	Rupee appreciate by ₹ 1 against USD	(+) ₹ 18.51
As of March 31, 2021	Rupee depreciate by ₹ 1 against USD	(-) ₹ 39.94
	Rupee appreciate by ₹ 1 against USD	(+) ₹ 39.94

Notes:

- +/- Gain/Loss
- The impact of depreciation/appreciation on foreign currency other than USD on profit before tax of the Company is not significant.

(ii) Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forward to mitigate the risk of changes in exchange rate on foreign currency exposure. The counterparty for these contracts is generally a Bank or a Financial Institution.

43. Financial Instruments (Contd.)

These derivative financial instrument are valued based on quoted prices for similar asset and liabilities in active markets or inputs that is directly or indirectly observable in the marketplace.

The following table gives details in respect of outstanding foreign exchange forward :

		As at March 31, 2022		
		Foreign Currency (in millions)	Nominal Value in ₹ crore	Fair Value in ₹ crore
Other Derivatives				
Forward contracts				
In USD	Buy	306.35	2,321.72	(8.02)
Option contracts				
In USD	Buy	27.02	204.77	(0.03)
		As at March 31, 2021		
		Foreign Currency (in millions)	Nominal Value in ₹ crore	Fair Value in ₹ crore
Other Derivatives				
Forward contracts				
In USD	Buy	293.37	2144.90	27.41
In USD	Sell	130.00	950.46	(6.94)

Note: Fair Value in () denote liability

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's equity is due to changes in the fair value of non-designated foreign currency forward contracts is given as under.

		Effect on profit before tax and consequential impact on equity before tax ₹ crore
As of March 31, 2022	Rupee depreciate by ₹1 against USD	(+) ₹ 33.34
	Rupee appreciate by ₹1 against USD	(-) ₹ 33.34
As of March 31, 2021	Rupee depreciate by ₹1 against USD	(+) ₹ 16.34
	Rupee appreciate by ₹1 against USD	(-) ₹ 16.34

b. Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The Company's policy is to keep between 40% and 60% of its borrowings at fixed rates of interest. To manage this, the Company enters into fixed rate borrowings, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

Interest rate sensitivity:

The sensitivity analysis below have been determined based on exposure to interest rates for term loans and debentures that have floating rate at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period.

43. Financial Instruments (Contd.)

If the interest rates had been 50 basis points higher or lower and all the other variables were held constant, the effect on Interest expense for the respective financial years and consequent effect on Company's profit in that financial year would have been as below:

Foreign Currency Assets	As at March 31, 2022		As at March 31, 2021	
	50 bps increase	50 bps decrease	50 bps increase	50 bps decrease
	₹ crore	₹ crore	₹ crore	₹ crore
Interest expense on loan	(+) 32.98	(-) 32.98	(+) ₹ 32.55	(-) ₹ 32.55
Effect on profit before tax	(-) 32.98	(+) 32.98	(-) ₹ 32.55	(+) ₹ 32.55

43.4.2 Credit risk management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including loans and other financial instruments.

	As at March 31, 2022	As at March 31, 2022
	₹ crore	₹ crore
Trade receivables	1,026.65	1,579.87
Loans	1,781.65	1,790.69
Finance lease receivables	563.52	566.09
Other financial assets	2,084.33	805.39
Unbilled Revenue	58.86	75.37
Financial Assets Classified as Held for Sale	22.74	22.74
Total	5,537.75	4,840.15

Refer Note 8 for credit risk and other information in respect of trade receivables. Other receivables as stated above are due from the parties under normal course of the business and as such the Company believes exposure to credit risk to be minimal.

The Company has not acquired any credit impaired asset.

43.4.3 Liquidity risk management

The current liabilities of the Company exceeds the current assets. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Having regards to the nature of the business wherein the Company is able to generate fixed cash flows over a period of time and to optimize the cost of funding, the Company, from time to time, funds its long-term investment from short-term sources. The short-term borrowings can be rollforward or, if required, can be refinanced from long term borrowings. Hence, the Company considers the liquidity risk as low.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	Up to 1 year	1 to 5 years	5+ years	Total	Carrying Amount
	₹ crore	₹ crore	₹ crore	₹ crore	₹ crore
March 31, 2022					
Non-Derivatives					
Borrowings #	8,754.19	16,453.75	12,597.07	37,805.01	25,217.45
Trade Payables	4,079.89	Nil	Nil	4,079.89	4,079.89
Lease Liabilities#	316.69	1,671.76	6,575.16	8,563.61	2,858.87
Other Financial Liabilities	2,239.25	13.07	Nil	2,252.32	2,252.32
Total Non-Derivative Liabilities	15,390.02	18,138.58	19,172.23	52,700.83	34,408.53
Derivatives					
Other Financial Liabilities	13.12	Nil	Nil	13.12	13.12
Total Derivative Liabilities	13.12	Nil	Nil	13.12	13.12

43. Financial Instruments (Contd.)

	Up to 1 year	1 to 5 years	5+ years	Total	Carrying Amount
	₹ crore	₹ crore	₹ crore	₹ crore	₹ crore
March 31, 2021					
Non-Derivatives					
Borrowings #	9,852.30	15,396.40	13,125.02	38,373.72	24,983.72
Trade Payables	3,282.47	Nil	Nil	3,282.47	3,282.47
Lease Liabilities#	304.85	1,155.52	7,053.65	8,514.02	2,749.04
Other Financial Liabilities	1,649.43	12.08	Nil	1,661.51	1,661.51
Total Non-Derivative Liabilities	15,089.05	16,564.00	20,178.67	51,831.72	32,676.74
Derivatives					
Other Financial Liabilities	35.84	Nil	Nil	35.84	35.84
Total Derivative Liabilities	35.84	Nil	Nil	35.84	35.84

The table has been drawn up based on the undiscounted contractual maturities of the financial liabilities including interest that will be paid on those liabilities upto the maturity of the instruments, ignoring the call and refinancing options available with the Company. The amounts included above for variable interest rate instruments for non-derivative liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

The amount included in Note 39(c) for financial guarantee contracts are the maximum amounts the Company could be forced to settle under respective arrangements for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such amount will not be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty which are guaranteed suffer credit losses.

44. Financial Ratios

Sl No	Ratios	Numerator	Denominator	Note	As at March 31, 2022	As at March 31, 2021	% of Variance	Reason for Variance in excess of 25%
					₹ crore	₹ crore		
a)	Current Ratio (in times)	Current Assets	Current Liabilities	a	0.53	0.41	28%	The increase is mainly on account of significant increase in dividend receivable from non current investments.
b)	Debt-equity ratio (in times)	Total Debt	Total Equity	b	2.58	2.81	-8%	
c)	Debt service coverage ratio (in times)	Profit before exceptional items & tax + interest expenses + depreciation & amortisation - current tax expense	Interest expense + scheduled principal repayment of long-term debt and lease liabilities during the period	c	1.09	0.94	15%	
d)	Return on equity ratio (%) (ROE)	Net Profits after taxes (including continuing and discontinuing operations) - Interest on Perpetual securities	Average Shareholder's Equity	d	28.60%	1.72%	1558%	The increase is mainly on account of gain on sale of investment and increase in dividend income from non current investments
e)	Inventory turnover (in number of days)	Average fuel Inventories x number of days	Cost of fuel		71	37	92%	The increase is due to higher quantity of inventory purchased towards the end of the year to meet the higher demand in the coming year and increase in coal prices.
f)	Trade receivables turnover (in number of days)	Average receivable (including regulatory balances wherever applicable) x number of days	Gross Sales		76	67	13%	

44. Financial Ratios (Contd.)

SI No	Ratios	Numerator	Denominator	Note	As at March 31, 2022 ₹ crore	As at March 31, 2021 ₹ crore	% of Variance	Reason for Variance in excess of 25%
g)	Trade payables turnover (in number of days)	Average trade payable x number of days	Net credit purchases	e	149	117	27%	The increase is due to higher quantity of inventory purchased towards the end of the year to meet the higher demand in the coming year and increase in coal prices.
h)	Net capital turnover ratio (in times)	Revenue from operation including net movement in Regulatory deferral balances	Working capital = Current assets – Current liabilities	f	(3.90)	(2.45)	59%	The increase is mainly on account of significant increase in dividend receivable from non current investments.
i)	Net profit ratio (%) including exceptional item	Net Profit after Tax (including exceptional item)	"Revenue including net movement in Regulatory deferral balances"		24.75%	2.18%	1036%	The increase is mainly on account of gain on sale of investment and increase in dividend income from non current investments
j)	Net profit ratio (%) excluding exceptional item	Net Profit after Tax (excluding exceptional item)	Revenue including net movement in Regulatory deferral balances		16.35%	4.18%	291%	The increase is mainly on account of increase in dividend income from non current investments
k)	Return on capital employed (%) (ROCE)	Profit before tax and exceptional item + interest expense excluding interest on consumer security deposit	Average Capital employed (Shareholder's equity + Total Debt + Deferred tax liability)"	g	9.37%	8.33%	13%	
l)	Return on investment (%) (ROI)	Interest income + Dividend income + Gain on fair value of current investment at Fair Value through Profit & Loss + Gain on Sale of Investment in Subsidiary.	Average (Investment + Fixed deposit+ Loans Given)	h	34.93%	10.29%	240%	The increase is mainly on account of gain on sale of investment and increase in dividend income from non current investments

Note:

- a Current Assets as per balance sheet and assets held for sale.
Current Liabilities as per balance sheet and liabilities classified as held for sale
- b Total Debt: Long term borrowings (including current maturities of long term borrowings), lease liabilities (current and non current), short term borrowings and interest accrued on these debts
Total Equity : Issued share capital, other equity and unsecured perpetual securities
- c For the purpose of computation, scheduled principal repayment of long term borrowings does not include prepayments (including prepayment by exercise of call/put option)
- d Average Shareholders Equity: Issued share capital and other equity (excluding unsecured perpetual securities)
- e Net credit purchases comprise of (a) cost of power purchased; (b) cost of fuel; (c) Transmission charges and (d) Other expenses excluding (i) Bad debts (including provision); (ii) Net loss on foreign exchange; (iii) CSR expenses and (iv) Transfer to contingency reserve
Trade Payable: as per balance sheet less employee related trade payables
- f Working Capital:
i) Current Assets: as per balance sheet and assets held for sale

44. Financial Ratios (Contd.)

- ii) Current Liabilities as per balance sheet (excluding current maturities of long term debt and lease liability and interest accrued on long-term debts) and liabilities classified as held for sale
- g Average Shareholders Equity: Issued share capital and other equity (excluding unsecured perpetual securities)
- h Interest Income:
Interest on bank deposits, Interest on non-current investment and Interest on loans given

45. Segment Reporting:

Information reported to the CODM for the purpose of resource allocation and assessment of segment performance focuses on business segment which comprises of Generation, Renewables, Transmission and Distribution and Others. Specifically, the Company's reportable segments under Ind AS are as follows:

Generation: Comprises of generation of power from hydroelectric sources and thermal sources (coal, gas and oil) from plants owned and operated under lease arrangement and related ancillary services.

Renewables: Comprises of generation of power from renewable energy sources i.e. wind and solar and related ancillary services

Transmission and Distribution: Comprises of transmission and distribution network, sale of power to retail customers through distribution network and related ancillary services.

Others: Comprises of project management contracts/infrastructure management services, rooftop solar projects, electric vehicle charging stations, property development and lease rent of oil tanks.

Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reporting segment have been allocated on the basis of associated revenue/assets of the segment and manpower efforts. All other revenue/expenses which are not attributable or allocable to segments have been disclosed as unallocable. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable.

47. Merger of Coastal Gujarat Power Limited (CGPL) and Af-Taab Investment Company Limited (Af-Taab) (wholly owned subsidiary companies):

- (1) Pursuant to the Composite Scheme of Arrangement of erstwhile Coastal Gujarat Power Limited (CGPL) and Scheme of Amalgamation of erstwhile Af-Taab Investment Company Limited (Af-Taab) with the Company under Sections 230 to 232 of the Companies Act, 2013 sanctioned by National Company Law Tribunal, Mumbai on March 31, 2022 and March 15, 2022 respectively, all assets and liabilities of CGPL and Af-Taab are transferred and vested in the Company with appointed date of April 1, 2020.
- (2) The arrangement and amalgamation have been accounted in the books of account of the Company in accordance with Ind AS 103 'Business Combination' read with Appendix C to Ind AS 103 specified under Section 133 of the Act, read with the Companies (Accounting Standards) Amendment Rules, 2016. Accordingly, the accounting treatment has been given as follows:
 - (i) The assets, liabilities and reserves of CGPL and Af-Taab have been incorporated in the financial statements at the carrying values as appearing in the consolidated financial statement of the Company.
 - (ii) Inter-Company balances and transactions have been eliminated and resultant adjustment of ₹ 82.92 crores has been adjusted in retained earnings.
 - (iii) 800,04,20,000 equity share of ₹ 10 each fully paid in CGPL and 10,73,000 equity share of ₹ 10 each fully paid in Af-Taab, held as investment by the Company stands cancelled.
 - (iv) As per capital reorganisation mentioned in the Composite scheme of arrangement of CGPL:
 - (a) the debit balance in the Retained earnings ₹ 5,091.20 crore after giving effect of the accounting treatment as mentioned above in point (i) to (iii) above have been adjusted against Securities Premium; and
 - (b) post-merger credit balance in General Reserve of the Company of ₹ 3,859.92 crore has been transferred to Retained earnings.
 - (v) The financial information in the standalone financial statements in respect of prior period have been restated as if business combination had occurred from the beginning of the preceding period in the standalone financial statements as the appointed date of merger is April 1, 2020.
- (3) Pursuant to the Scheme of merger, the authorised equity share capital of the Company has been increased by the authorised equity share capital of the erstwhile CGPL and Af-Taab.

48. The Code on Social Security, 2020

The Code on Social Security 2020 ('Code') has been notified in the Official Gazette on September 29, 2020. The Code is not yet effective and related rules are yet to be notified. Impact if any of the change will be assessed and recognized in the period in which said Code becomes effective and the rules framed thereunder are notified.

49. Other Statutory information

- (i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.
- (ii) The Company do not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- (iii) The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year.
- (iv) The Company have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (v) The Company is in compliance with the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017 (as amended).

49. Other Statutory information (Contd.)

- (vi) The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

50. Significant Events after the Reporting Period

There were no significant adjusting events that occurred subsequent to the reporting period other than the events disclosed in the relevant notes.

51. Approval of Standalone Financial Statements

The Standalone financial statements were approved for issue by the Board of Directors on May 6, 2022.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of The Tata Power Company Limited (hereinafter referred to as “the Holding Company”), its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) its associates and joint ventures comprising of the consolidated Balance sheet as at March 31, 2022, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2022, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified

under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements’ section of our report. We are independent of the Group, associates, joint ventures in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Management assessment of appropriateness of Going Concern assumptions (as described in Note 43.4.3 of the consolidated Ind AS financial statements)	
The Group has current liabilities of ₹ 38,620.09 crore and current assets of ₹ 21,585.43 crore as at March 31, 2022. Current liabilities exceed current assets as at the year end. Given the nature of its business i.e. contracted long term power supply agreements and a significant composition of cost plus contracts leading to significant stability of cashflows and profitability, management is confident of refinancing and consider the liquidity risk as low and accordingly, the Group uses significant short term borrowings to reduce its borrowing costs. Management has made an assessment of the Group's ability to continue as a Going Concern as required by Ind AS 1 Presentation of Financial Statements considering all the available information and has concluded that the going concern basis of accounting is appropriate. Going Concern assessment has been identified as a key audit matter considering the significant judgements and estimates involved in the assessment and its dependence upon management's ability to complete the planned divestments, raising long term capital and / or successful refinancing of certain current financial obligations.	Our audit procedures and procedures performed by component auditors, included the following: - Obtaining an understanding of the process which includes approval of annual business plan, raising short term borrowings and review of MIS; and testing the internal controls associated with the management's assessment of Going Concern assumption. - Discussing with management and assessing the assumptions, judgements and estimates used in developing business plan and cash flow projections having regards to past performance and current emerging business trends affecting the business and industry. - Assessing the Group's ability to refinance its short term obligation based on the past trends, credit ratings, analysis of solvency and liquidity ratios and ability to generate cash flows and access to capital. - Assessing the adequacy of the disclosures in the consolidated Ind AS financial statements.
Revenue recognition and accrual of regulatory deferrals (as described in Note 20 and 31 of the consolidated Ind AS financial statements)	
Regulated generation, transmission and distribution business of the Group: Tariff is determined by the regulator on cost plus return on equity basis wherein the cost is subject to prudential norms. The Group invoices its customers on the basis of pre-approved tariff which is based on budget and is subject to true up. The Group recognizes revenue as the amount invoiced to customers based on pre-approved tariff rates agreed with the regulator. As the Group is entitled to a fixed return on equity, the difference between revenue recognized and entitlement as per the regulation is recognized as regulatory assets / liabilities. The Group has recognized ₹ 1,146.52 crore for generation and transmission business and ₹ 6,175.94 crore for distribution business as accruals as at March 31, 2022. Accruals are determined based on tariff regulations and past tariff orders and are subject to verification and approval by the regulators. Further the costs incurred are subject to prudential checks and prescribed norms. Significant judgements are made in determining the accruals including interpretation of tariff regulations. Further certain disallowances of claims have been litigated by the Group which are in various stages of dispute. Mundra power generation plant: The Group sells power to customers in accordance with the long-term Power Purchase Agreement (PPA) entered into with them. As per the PPA, the Group's entitlement to capacity revenue is dependent on availability declared. Accordingly, the Group accrues capacity revenue based on the actual declared capacity. As per PPA, Group is required to pay compensation to customers in case of declared capacity is lower than the minimum capacity to be declared as per PPA. Based on the actual capacity declared, Group has recognized an amount of ₹ 509.55 crore as a reduction in revenue which includes ₹ 123.27 crore relating to earlier years and compensation towards lower annual availability.	Our audit procedures and procedures performed by component auditors included the following: - Read the Group's accounting policies with respect to accrual of regulatory deferrals and assessing its compliance with Ind AS 114 "Regulatory Deferral Accounts" and Ind AS 115 "Revenue from Contract with Customers". - Performing test of controls over revenue recognition and accrual of regulatory deferrals through inspection of evidence of performance of these controls. - Performing substantive audit procedures including: - Read the executed PPAs with the customer, tariff regulations and tariff orders and evaluating relevant clauses to understand management's assessment of the Group's right vis-a-vis the customers. - Evaluating the key assumptions used by the Group by comparing it with prior years, past precedents and the legal opinion obtained by the management. - Considering the independence, objectivity and competence of management's expert. - Assessing the management's evaluation of the likely outcome of the key disputes based on past precedents and / or advice of management's expert. - Assessing the impact recognized by the Group in respect of tariff orders received, revenue adjustment on account of actual declared capacity and revenue recognized based on ongoing discussion in relation to proposed amendments in PPA. - Reading the legal opinion obtained by the management for assessing the Group's right with respect to claims with customers and power supply to customer for the period wherein terms of PPA are under discussion.

Key audit matters	How our audit addressed the key audit matter
Also, Group is in discussion to amend certain terms of PPA with one of the customers. The discussions are at very advanced stage and agreement is reached except few items for which discussions are ongoing and accordingly the SPPA is yet to be signed and approved. To ensure continuous supply of power, customer has requested the Group to continue supplying power based on the proposed amendments which will be effective January 1, 2022. Accordingly, based on the legal opinion obtained, the differential revenue of ₹ 324.00 crore has been recognized on the basis of the current agreed draft of SPPA.	Assessing the disclosures in accordance with the requirements of Ind AS 114 "Regulatory Deferral Accounts" and Ind AS 115 "Revenue from Contract with Customers".
Renewable Operations: In the renewables business of the Group, certain customers have raised dispute with respect to the tariff as per the executed power purchase agreement ('PPA') and are making part payment of invoices. Pending outcome of litigation, Group continues to recognize revenue at PPA rate. Further, Group based on various orders by judicial authorities and legal opinions obtained, have assessed its claims under various contracts with customers and recognized an revenue amounting to ₹ 259.46 crore (including an amount of ₹ 170.45 crore relating to earlier years). Revenue recognition and accrual of regulatory deferrals is a key audit matter considering the significance of the amount and significant judgements involved in the determination.	
Recognition and measurement of deferred tax <i>(as described in Note 14 and Note 37 of the consolidated Ind AS financial statements)</i>	
The Group has recognized Minimum Alternate Tax (MAT) credit receivable of ₹ 890.10 crore as at March 31, 2022. The Group also has recognized deferred tax assets of ₹ 3,262.73 crore on unabsorbed depreciation. During the year, National Company Law Tribunal ('NCLT') has approved the composite scheme of arrangement between the Holding Company and Coastal Gujarat Power Limited ('CGPL'), a wholly owned subsidiary, with the Appointed date as April 1, 2020. Accordingly, Holding Company has reassessed the tax provisions recognized by the Holding Company since the effective date of merger and recoverability of unabsorbed depreciation and brought forward business losses of CGPL available for utilization against Holding Company's future profit. Basis the assessment, Group has reversed the tax provision amounting to ₹ 105.11 crore and has recognized the deferred tax assets on unabsorbed depreciation amounting to ₹ 968.56 crore in the statement of profit and loss. The recognition and measurement of MAT credit receivable and deferred tax balances; is a key audit matter considering the significance of the amount, judgement involved in assessing the recoverability of such credits, estimation of the financial projections for utilization of unabsorbed depreciation and determination of the year of transition to new tax regime and judgements involved in the interpretation of tax regulations and tax positions adopted by the Group.	Our audit procedures and procedures performed by component auditors included the following: - Read Group's accounting policies with respect to recognition and measurement of tax balances in accordance with Ind AS 12 "Income Taxes" - Performing test of controls over recognition and measurement of tax balances through inspection of evidence of performance of these controls. - Performing substantive audit procedures including: - Involving tax specialists who evaluated the Group's tax positions basis the tax law and also by comparing it with prior years and past precedents - Discussing the future business plans and financial projections with the management - Assessing the management's long-term financial projections and the key assumptions used in the projections by comparing it to the approved business plan, projections used for estimation of likely year of transition to the new tax regime and projections used for impairment assessment where applicable. - Assessing the disclosures in accordance with the requirements of Ind AS 12 "Income Taxes".
Impairment of Assets <i>(as described in Note 4, 7, 8 and 19 of the consolidated Ind AS financial statements)</i>	
As per the requirements of Ind AS 36, the Group tests the Goodwill acquired in business combination for impairment annually. For other assets, the Group assesses at the end of every reporting period, whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset or CGU.	Our audit procedures and procedures performed by component auditors, included the following: - Read the Group's accounting policies with respect to impairment in accordance with Ind AS 36 "Impairment of assets" - Performing test of controls over key financial controls related to accounting, valuation and recoverability of assets through inspection of evidence.

Key audit matters	How our audit addressed the key audit matter
The determination of recoverable amount, being the higher of fair value less costs to sell and value-in-use involves significant estimates, assumptions and judgements of the long-term financial projections. The Group is carrying Goodwill of ₹ 1,636.03 crore relating to acquisition of renewable energy businesses. The Group is also carrying impairment provision amounting to ₹ 1,122.38 crore with respect to Mundra CGU (comprising Mundra power plant, investment in companies owning coal mines and related infrastructure), ₹ 372.13 crore for investment in company owning hydro power plant in Georgia and ₹ 100.00 crore with respect to a generating unit in Trombay. During the year, as the indication exists, the Group has reassessed its impairment assessment with respect to the specified CGUs and has recognized additional impairment provision of ₹ 150.27 crore towards investment in Company owning hydro power plant in Georgia. Impairment of assets is a key audit matter considering the significance of the carrying value, estimations and the significant judgements involved in the impairment assessment.	- Performing substantive audit procedures including: - Obtaining the management's impairment assessment - Evaluating the key assumptions including projected generation, coal prices, exchange rate, energy prices post power purchase agreement period and weighted average cost of capital by comparing them with prior years and external data, where available. - Obtaining and evaluating the sensitivity analysis - Assessing the disclosures in accordance with the requirements of Ind AS 36 "Impairment of assets".
Receivables related to Group's distribution business in Odisha (as described in Note 9 of the consolidated Ind AS financial statements)	
The Odisha Discoms ('Discoms') have outstanding trade receivables of ₹ 2,020.32 crore as at March 31, 2022, including overdue/ aged receivables. Discoms supplies electricity to various types of customers including individual customers with wide ranging characteristics in the different region of Odisha. There exists inherent exposure to credit risk for these customers. Since, the business was recently acquired by the Group, limited past experiences are available to estimate credit loss allowance. Considering the recent trend and significant effort placed in recent months, Group recognised Expected Credit Loss (ECL) allowance on trade receivables as per the OERC tariff regulations, i.e., @ 1% of revenue from power supply and believes that provision amount is appropriate. ECL allowance for trade receivables is a key audit matter considering the significance of the amount, estimations and the significant judgements involved in the assessment.	Our audit procedures and procedures performed by component auditors, included the following: - Obtaining an understanding of the process and testing the internal controls associated with the management's assessment of determining loss allowance for trade receivables. - Obtaining an understanding of the management plan and steps being taken to collect overdue/ aged receivables. - Evaluating management's assessment of recoverability of the outstanding receivables including recoverability of overdue / aged receivables through inquiry with management, and analyzing recent collection trends in respect of receivables particularly aged and pre-acquisition receivables. - Evaluating management's assumption and judgment relating to collection considering business environment in which the Discoms operates and rights available with the Discoms to recover amount due from customers for estimating the amount of loss allowance. - Assessing the disclosures in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements

or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures

in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associates and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the Group and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or

error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

(a) We did not audit the financial statements and other financial information, in respect of 14 subsidiaries whose financial statements include total assets of ₹ 13,380.50 crore as at March 31, 2022, and total revenues of ₹ 9,007.25 crore and net cash outflows of ₹ 27.41 crore for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of ₹ 1,673.89 crore for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of 6 associates and joint ventures, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on the reports of such other auditors.

Certain of these subsidiaries, associates and joint ventures are located outside India whose financial statements and other financial information have been prepared in accordance with

accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries, associates and joint ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries, associates and joint ventures located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

(b) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of 1 subsidiary whose financial statements and other financial information reflect total assets of ₹ 17.19 crore as at March 31, 2022, and total revenues of ₹ Nil and net cash outflows of ₹ 0.62 crore for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of ₹ 0.57 crore for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of 12 associates and joint ventures, whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors

on separate financial statements and the other financial information of the subsidiary companies, associate companies and joint venture companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.

2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, associates and joint ventures, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, associate companies and joint ventures, none of the directors of the Group's companies, its associates and joint ventures, incorporated in India, is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, associate companies and joint ventures, incorporated in India, and the operating effectiveness of

such controls, refer to our separate Report in "Annexure 2" to this report;

- (g) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, associates and joint ventures incorporated in India, the managerial remuneration for the year ended March 31, 2022 has been paid / provided by the Holding Company, its subsidiaries, associates and joint ventures incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, associates and joint ventures, as noted in the 'Other matter' paragraph:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and joint ventures in its consolidated financial statements – Refer Note 39 and 40 to the consolidated financial statements;
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and joint ventures, incorporated in India during the year ended March 31, 2022;
 - iv. a) The respective managements of the Holding Company and its subsidiaries, associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, associates and joint ventures respectively that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group, associates and joint ventures to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group, associates and joint ventures ("Ultimate

Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The respective managements of the Holding Company and its subsidiaries, associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, associates and joint ventures respectively that, to the best of its knowledge and belief, no funds have been received by the Group, associates and joint ventures from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Group, associates and joint ventures shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries, associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor’s notice that has caused us or the other auditors to

believe that the representations under sub-clause (a) and (b) contain any material mis-statement;

- v) The final dividend paid by the Holding Company, its subsidiaries, associates and joint venture companies incorporated in India during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

The respective Board of Directors of the Holding Company, its subsidiaries, associates and joint ventures companies, incorporated in India have proposed final dividend for the year which is subject to the approval of the members of the respective companies at the respective ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of The Tata Power Company Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, its associates and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with

reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, its associates and joint ventures, which are companies incorporated in India, have, maintained

in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these 14 subsidiaries and 2

associates, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associates and joint ventures incorporated in India.

1. Corporate Information

The Tata Power Company Limited (the 'Company' or 'Parent Company') is a public limited company domiciled and incorporated in India under the Indian Companies Act, 1913. The registered office of the Company is located at Bombay House, 24, Homi Mody Street, Mumbai 400 001 India. The Company is listed on the Bombay Stock Exchange of India Limited (BSE) and the National Stock Exchange of India Limited (NSE). The principal business of the Company is generation, transmission, distribution and trading of electricity.

The Company and its subsidiaries joint ventures and associates (collectively referred to as 'the Group') is one of India's largest integrated power companies with an international presence. The Group together with its joint venture companies has an installed gross generation capacity of 13,515 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. The Group has developed the country's first 4,000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 4,651 MW. Its international presence includes strategic investments in Indonesia, Singapore, Zambia, Georgia and Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives the Group is poised for multi-fold growth and is committed to 'lighting up lives' for generations to come.

2. Significant Accounting Policies:

2.1 Statement of compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with section 133 of the Companies Act, 2013 (as amended from time to time).

2.2 Basis of preparation and presentation

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- derivative financial instruments,
- certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- employee benefit expenses (Refer Note 28 for accounting policy)
- Contingent consideration on sale and purchase of business

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amount of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The consolidated financial statements are presented in Indian Rupees (₹) and all amounts are in Crore unless otherwise stated.

2.3 Basis of Consolidation:

The Group consolidates all entities which are controlled by it. The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The entities are consolidated from the date control commences until the date control ceases.

2.3.1 Subsidiaries

The consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealised gain/loss from such transactions are eliminated upon consolidation. These consolidated financial statements are prepared by applying uniform accounting policies in use at the Group. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interest having a deficit balance.

Changes in the Group's holding that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Group's holding and the non-controlling interests are adjusted to reflect the changes in their relative holding. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

2. Significant Accounting Policies: (Contd.)

2.3.2 Joint Ventures and Associates

Joint Ventures are entities over which the Group has joint control. Associates are entities over which the Group has significant influence but not control. Investments in Joint Ventures and Associates are accounted for using the equity method of accounting. The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in Joint Ventures and Associates includes goodwill identified on acquisition. (Refer Note 8a)

2.4 Business Combinations

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in consolidated statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations arising from transfers of interests in entities that are under the common control are accounted at historical costs. The difference between any consideration given and the aggregate historical carrying amount of assets and liabilities of the acquired entity are recorded in shareholders' equity.

In case of bargain purchase, before recognising gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognizes any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amount that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognises it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing, directly in equity as capital reserve.

2.5 Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amount to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in other comprehensive income (OCI) and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

2. Significant Accounting Policies: (Contd.)

2.6 Details of the Group's subsidiaries at the end of the reporting period considered in the preparation of the consolidated financial statements are as follows:

@ Consolidated with Walwhan Renewable Energy Ltd.

\$ Classified as held for sale.

! Sold by the Holding Company to its wholly owned subsidiary Tata Power International Pte. Ltd.

3. Other Significant Accounting Policies, critical accounting estimates and judgements

3.1 Foreign Currencies

The Group's consolidated financial statements are presented in Indian Rupee, which is also the parent company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e.,

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- a) Assets and liabilities are translated at the closing rate at the date of that balance sheet
- b) Income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- c) All resulting exchange differences are recognised in OCI.

3.2 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle,
- held primarily for the purpose of trading,
- expected to be realised within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle,
- it is held primarily for the purpose of trading,
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

3.3 Warranties

Provisions for the expected cost of warranty obligations under local sale of goods legislation are recognised at the date of sale of the relevant products, at the Group's best estimate of the expenditure required to settle the Group's obligation.

3.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in consolidated statement of profit and loss.

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expenses over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

3.5 Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

3.5.1 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

3.5.2 Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Group makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to consolidated statement of profit and loss on sale of the investments.

3.5.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

3.5.4 Investment in joint ventures and associates

Investment in joint ventures and associates are accounted using equity method less impairment.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Impairment of investments:

The Group reviews its carrying value of investments carried at cost, amortised cost or equity method annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the Statement of Profit or Loss.

When an impairment loss subsequently reverses, the carrying amount of the Investment is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the cost of the Investment. A reversal of an impairment loss is recognised immediately in Statement of Profit or Loss.

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

3.5.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- the right to receive cash flows from the asset have expired, or
- the Group has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

3.5.6 Impairment of financial assets

The Group assesses at each date of balance sheet whether a financial asset or a Group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

3.6 Financial liabilities and equity instruments

3.6.1 Classification as debt or equity

Debt and equity instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

3.6.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group entity are recognised at the proceeds received, net of direct issue costs.

3.6.3 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the effective interest rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit and loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

3.6.4 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit and loss.

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

3.6.5 Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 - 'Financial Instruments' and the amount recognised less cumulative amortisation.

3.7 Derivative financial instruments and hedge accounting

The Group enters into a variety of derivative financial instruments such as forward contracts, options contracts and interest rate swaps, to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts and cross currency swaps.

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the consolidated statement of profit and loss. Any gains or losses arising from changes in the fair value of derivatives are taken directly to consolidated statement of profit and loss.

The Group adopts hedge accounting for forward, interest rate and commodity contracts wherever possible. At the inception of each hedge, there is a formal, documented designation of the hedging relationship. This documentation includes, inter alia, items such as identification of the hedged item transaction and nature of the risk being hedged. At inception, each hedge is expected to be highly effective in achieving an offset of changes in fair value or cash flows attributable to the hedged risk. The effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at the inception and on an ongoing basis. The ineffective portion of designated hedges is recognised immediately in the consolidated statement of profit and loss.

When hedge accounting is applied:

- for fair value hedges of recognised assets and liabilities, changes in fair value of the hedged assets and liabilities attributable to the risk being hedged, are recognised in the consolidated statement of profit and loss and compensate for the effective portion of symmetrical changes in the fair value of the derivatives.
- for cash flow hedges, the effective portion of the change in the fair value of the derivative is recognised directly in other comprehensive income and the ineffective portion is recognised in the consolidated statement of profit and loss. If the cash flow hedge of a firm commitment or forecasted transaction results in the recognition of a non-financial asset or liability, then, at the time the asset or liability is recognised, the associated gains or losses on the derivative that had previously been recognised in equity are included in the initial measurement of the asset or liability. For hedges that do not result in the recognition of a non-financial asset or a liability, amounts deferred in equity are recognised in the consolidated statement of profit and loss in the same period in which the hedged item affects the consolidated statement of profit and loss. In cases where hedge accounting is not applied, changes in the fair value of derivatives are recognised in the consolidated statement of profit and loss as and when they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in equity is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to the consolidated statement of profit and loss for the period.

3.8 Reclassification of financial assets and liabilities

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

3.9 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.10 Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grant will be received.

Government grants relating to income are determined and recognised in the consolidated statement of profit and loss over the period necessary to match them with the cost that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are reduced from the cost of the assets.

The benefit of a Government loan at a below market rate of interest is treated as a Government grant, measured as the difference between proceeds received and the fair value of loan based on prevailing market interest rates.

3.11 Dividend distribution to equity shareholders of the Parent Company

The Parent Company recognises a liability to make dividend distributions to its equity holders when the distribution is authorised and the distribution is no longer at its discretion. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity. In case of Interim Dividend, the liability is recognised on its declaration by the Board of Directors.

3.12 Service Concession Agreement (SCA)

A Group entity has entered into contract for design, part finance, engineering, manufacture, supply, erection, testing, commissioning and operation and maintenance for 25 years of Grid Interactive Solar Power Project through Public Private Partnership with a public sector power generator (PSU). The PSU has paid part of the project cost to the Group on commissioning of plant/Handover of Project. Remaining cost and the operations and maintenance cost is being recovered over the period of the project in accordance with the agreement with the PSU.

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. It requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

As per the arrangement, the share of electricity revenue is divided into three parts i.e. towards deferred payment, interest income and operation and maintenance revenue. The Group has initially measured financial asset at fair value and subsequently at amortized cost by recognising share of electricity sale revenue first towards operation and maintenance revenue. Subsequent thereto, amount is recognised as interest income at computed Internal Rate of Return (IRR) on opening balance of the financial asset. Further, surplus of revenue share over and above operation and maintenance revenue and interest income is recognised as recovery of the financial asset.

3.13 Critical accounting estimates and judgements

In the application of the Group's accounting policies, the Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

3. Other Significant Accounting Policies, critical accounting estimates and judgements (Contd.)

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

Estimates and judgements used for impairment assessment of certain cash generating units (CGU) - Note 4 & 8

Estimation and judgements for impairment assessment of goodwill - Note 6a.

Estimations used for fair value of unquoted securities and impairment assessment of investments - Note 8

Estimation of defined benefit obligation - Note 28

Estimation of provision for warranty claims - Note 28

Estimates related to accrual of regulatory deferrals and revenue recognition - Note 20 and Note 31

Estimations used for determination of tax expenses and tax balances - Note 37 and Note 14

Estimates and judgements related to the assessment of liquidity risk - Note 43.4.3

Judgement to estimate the amount of provision required or to determine required disclosure related to litigation and claims against the Group - Note 39 and Note 40

Estimates and judgement are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

4. Property, Plant and Equipments

Accounting Policy

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price (net of trade discount and rebates) and any directly attributable cost of bringing the asset to its working condition for its intended use and for qualifying assets, borrowing costs capitalised in accordance with Ind AS 23. Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Other Indirect expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss as incurred.

Depreciation

Depreciation commences when an asset is ready for its intended use. Freehold land and assets held for sale are not depreciated.

Regulated Assets:

Depreciation on Property, plant and equipment in respect of electricity business of the Group covered under Part B of Schedule II of the Companies Act, 2013, has been provided on the straight line method at the rates specified in tariff regulations notified by respective Electricity Regulatory Commission ('Regulator').

Non Regulated Assets:

Depreciation is recognised on the cost of assets (other than freehold land and properties under construction) less their residual values over their estimated useful lives, using the straight-line method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The Group, based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful

4. Property, Plant and Equipments (Contd.)

lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Estimated useful lives of the Regulated and Non Regulated assets are as follows:

Type of assets	Useful lives
Hydraulic Works	40 years
Buildings-Plant	5 to 50 years
Buildings-Others	25 to 60 years
Coal Jetty	25 years
Railway Sidings, Roads, Crossings, etc.	5 to 40 years
Plant and Equipments (excluding Computers and Data Processing units)	3 to 40 years
Plant and Equipments (Computers and Data Processing units)	3 to 6 years
Transmission Lines, Cable Network, etc.	4 to 40 years
Furniture and Fixtures	5 to 40 years
Office Equipments	5 to 15 years
Motor Cars	4 to 15 years
Motor Lorries, Launches, Barges etc.	25 to 40 years
Helicopters	25 years

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in consolidated statement of profit and loss.

Impairment of tangible and intangible assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets of or Group of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future post tax cash flows are discounted to their present value using a appropriate discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Group basis its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover the PPA period. To estimate Cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the market in which the asset is used.

Impairment losses of tangible and intangible assets are recognised in the consolidated statement of profit and loss.

@ Building includes cost of ordinary shares in co-operative housing societies.

Notes:

- (i) The Group has recognised total impairment charge of ₹ 408.18 Crore (March 31, 2021 ₹ 408.18 Crore), the details are as under
- (a) ₹ 308.18 crore against the carrying value of the Mundra power generation plant. [Refer Note 8 b.(i)].
- (b) ₹ 100.00 crore in respect of Unit 6 generating station (Power Segment) located at Trombay.
- (ii) Refer Note 23 and 30 for charge created on Property, Plant and Equipments.

5 Right of Use Assets - ('ROU')

Accounting Policy

The Group recognises right of use assets at cost at the commencement date of the lease. The cost of right of use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. After the commencement date, ROU assets are measured at cost, less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. Right of use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated remaining useful lives of the assets, as follows:

- Leasehold Land including sub-surface right - 1 to 95 years
- Plant and Equipment - 3-7 years
- Port and Intake channel - 40 years
- Ships - 12.5 years

The Group presents right of use assets that do not meet the definition of investment property in 'Property, Plant and Equipments'.

Description	Leasehold Land (including sub-surface right)	Plant and Equipment	Port and Intake Channel	Ships	₹ crore

Total	2,906.02	226.74	33.39	104.12	3,270.27

Note:

- (i) In case of Odisha Discoms, CWIP ageing has been determined from the date of acquisition of businesses by the Group.
- (ii) There is no material project whose completion is overdue or has exceeded its costs compared to its original plan.

7a Goodwill

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Cost		
Balance as at April 1, 2021	1,794.57	1,641.57
Additions during the year (Refer Note 48)	63.74	153.00
Balance as at March 31, 2022	1,858.31	1,794.57
Goodwill has been generated on account of the following acquisition over the years :		
Renewables Segment		
Walwhan Renewable Energy Ltd.	1,622.93	1,622.93
TP Wind Power Ltd.	13.10	13.10
Transmission and Distribution Segment		
Tata Power Delhi Distribution Ltd.	5.54	5.54
TP Central Odisha Distribution Ltd.	25.50	25.50
TP Western Odisha Distribution Ltd.	102.00	102.00
TP Southern Odisha Distribution Ltd.	25.50	25.50
TP Northern Odisha Distribution Ltd.	63.74	Nil
	1,858.31	1,794.57

Impairment assessment of Goodwill (Renewables Segment)

In accordance with IND AS 36 "Impairment of Assets" the Group performed impairment testing of Goodwill assigned to each Cash Generating Unit (CGU) as at March 31, 2022 applying value in use approach across all the CGUs i.e. using cash flow projections based on financial budgets covering contracted power sale agreements with procurers (15 to 20 years) considering a discount rate (pre-tax) of 9.27% per annum. The Group has used financial projections for 15 to 20 years as the tariff rates are fixed as per Power Purchase Agreement (PPA).

Based on the results of the Goodwill impairment test, the estimated value in use in all CGUs were higher than their respective carrying amount, hence impairment provision recorded during the current year is ₹ Nil (March 31, 2021 - ₹ Nil). Management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the Goodwill.

The key assumptions used in the value in use calculations are as follows:

Operation & Maintenance cost inflation	Escalation of 4% (March 31, 2021 : 5%)
Discount Rate	9.27% (March 31, 2021 8.86%) Pre-Tax Discount rate has been derived based on current cost of borrowing and equity rate of return in line with the current market expectations.
Plant load factor (PLF)	Plant load factor is estimated for each CGU based on past trend of PLF and expected PLF in future years

7b Other Intangible Assets

Accounting Policy

Intangible Assets acquired separately

Intangible Assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses if any.

Internally generated intangibles

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Subsequent Costs

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Derecognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in consolidated statement of profit and loss when the asset is derecognised.

Amortisation of Intangible Assets

Intangible assets with finite lives are amortised over the useful economic life on straight line basis and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Estimated useful lives of the Intangible Assets are as follows:

Type of assets	Useful lives
Copyrights, patents, other intellectual property rights, services and operating rights	5 years
Customer Contracts acquired under business combination	12 to 25 years

8 b Investments accounted for using the Equity Method

- (i) The Group had in accordance with Ind AS 36 – “Impairment of Assets”, carried out impairment assessment of its Mundra Ultra Mega Power Project (UMPP), along with investments in Indonesian mining companies PT Kaltim Prima Coal (KPC) and PT Baramulti Suksessarana TBK (BSSR). All these investments in Companies and assets of UMPP constitute a single cash generating unit (Mundra CGU) and form part of same segment due to inter-dependency of cash flows.

The Group has performed the impairment reassessment and determined the value in use based on estimated cash flow projections over the life of the assets included in CGU. The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group’s CGUs to which the individual assets are allocated.

For Mundra power plant, future cash flows is estimated based on remaining period of long term power purchase agreement (PPA) and thereafter based on management’s estimate on tariff and other assumptions. Further, as discussed in note - 31(i), Group is in advance stage of discussion on supplementary Power Purchase Agreement (SPPA) which is likely to be signed and accordingly the same has been considered in estimating the future cashflows. Cash flow projection of mines are derived based on estimated coal production considering renewed license for operating the mines. The License for operating mines are renewed for 10 years with an option of renewal of further period of 10 years with Government of Indonesia. In the past, the Group has recognised net impairment of ₹ 1,122.38 crore against carrying value of Mundra CGU which consists of impairment of investments of ₹ 811.44 crore, Property, Plant and Equipment ₹ 308.18 crore and impairment of intangible assets ₹ 2.76 crore.

During the year, the Group has performed the impairment reassessment and determined the value in use based on estimated cash flow projections over the life of the assets included in Mundra CGU. A reassessment of the assumptions used in estimating the impact of impairment, combined with the significant impact of unwinding of a year’s discount on the cash flows, would result in a reversal of ₹ 1,122.38 crore of provision for impairment. The Group believes that the reversal of impairment has not resulted from any significant improvement in the estimated service potential of the concerned CGU and hence the Group has not effected the reversal of impairment.

Key assumptions used for value in use calculation include coal prices, energy prices post the PPA period, signing of SPPA, discount rates and exchange rates. Short term coal prices and energy prices used in three to five years projections are based on market survey and expert analysis report. Afterwards increase in cost of coal and exchange rates are considered based on long term historical trend. Further, the management strongly believes that mining licenses will be renewed after post expiry for a further period of 10 years by Government of Indonesia. Discount rate represents the current market assessment of the risk specific to CGU taking into consideration the time value of money. Pre-tax discount rate used in the calculation of value in use of investment in power plant is 9.45% p.a. (March 31, 2021: 10.50% p.a.) and investment in coal mines and related infrastructure companies is 13.44% p.a. (March 31, 2021: 14.11% p.a.).

*The cost of these investments approximate their fair value because there is a wide range of possible fair value measurements and the cost represents the best estimate of fair value within that range.

Notes:

1. Aggregate Market Value of Quoted Investments 2,270.84 121.83
2. Aggregate Carrying Value of Quoted Investments (Refer Note- 5 below) 606.37 121.83
3. Aggregate Carrying Value of Unquoted Investments 563.44 607.05
4. During the previous year, the Group subscribed to right issue of 12,000 equity shares from Tata International Ltd.
5. The Group holds 12.67 crore shares of Tata Teleservices (Maharashtra) Limited ("TTML") designated as fair value through OCI which is carried out at each balance sheet date basis the quoted price. Quoted price of TTML has increased from ₹ 35.35 per share as on 30th September 2021 to ₹ 166.70 per share as on March 31, 2022. The management believe that this quoted price may not represent the fair value of TTML shares since it has accumulated losses and negative net worth. Accordingly on a conservative basis, the management have not recognized any fair value gain in OCI after 30th September, 2021.

Total	5,979.74	5,200.08

Note:

1. The Group holds security deposits and Letter of Credit of ₹ 556.38 crore (March 31, 2021 - ₹ 453.83 crore).
2. The carrying amount of trade receivable does not include receivables of ₹ 1,150.64 Crore (March 31, 2021: ₹ 188.67 Crore) which are subject to a factoring arrangement. Under this arrangement, the Group has transferred the relevant receivables to the factor in exchange for cash on non recourse basis. The Group, therefore, has derecognised the said receivables under the said arrangement. Amount received from such customers not transferred to factoring agent is disclosed as financial liability (Refer Note 26).

9.1 Trade Receivables

The Group has used practical expedient by computing the Expected Credit Loss 'ECL' allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience of Holding Company and respective subsidiaries and adjusted for forward looking information. The ECL allowance is based on the ageing of the days the receivables and has been calculated and applied at the respective entity level of the Group.

In case of Odisha Discoms, the management believes that collection data related to pre-acquisition period is not relevant to assess ECL allowance on receivables in the post-acquisition period. In the absence of availability of adequate and relevant past data related to payment behaviours, the Group has elected to recognise ECL allowance on trade receivables as per the OERC tariff regulations, i.e., @ 1% of revenue from power supply. Post-acquisition of Odisha Discoms, the Group's endeavour has been to reduce AT&C losses, reducing provisional billing and improving collection through better reach to consumers. In the process, the Group has faced several challenges including Covid waves, Cyclones and delays in appointment/ working of metering, billing and collection (MBC) agencies for reasons beyond control of the Group. The Group has successfully dealt with these challenges. It has reduced provisional billing and also collected significant amount towards pre-acquisition receivables on behalf of the erstwhile Odisha Discom utilities. The management is confident it will be able to collect most of the outstanding receivables as it increases its reach to the consumers and also considering that electricity is an essential commodity for all consumers. Accordingly, the management believes the above ECL allowance reflects best estimate and is appropriate as per Ind AS 109 – Financial Instruments.

11. Finance Lease Receivable - At Amortised Cost

(Unsecured unless otherwise stated)

Accounting Policy

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee. All other leases are classified as operating lease. Amount due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Finance Lease Receivable - Non-current	588.69	598.61
Finance Lease Receivable - Current	46.91	41.45
Total	635.60	640.06

11.1 Leasing Arrangements

- The Group has entered into Power Purchase Agreements (PPA) with a customer for its assets located at Jojobera. The assets relate to 30 years of take or pay agreements with the customer to supply electricity at a fixed plus variable charge. The customer, during the term of the PPAs has a right to purchase the assets and at the end of the contract is obligated to purchase same on the basis of the valuation to be determined as per the PPAs. The Group has recognised an amount of ₹ 77.68 crore (March 31, 2021 ₹ 84.66 crore) as income for finance lease during the year ended March 31, 2022.
- The Group has entered into Power Purchase Agreements (PPA) with various customers for its rooftop solar assets located across various locations. As this arrangement is dependent on the use of a specific asset and conveys a right to use on the customer, it qualifies as a lease. As these are long tenor PPAs spread over a major part of the economic life of the asset, this arrangement has been categorized as a finance lease. The Group has recognised an amount of ₹ 3.09 crore (March 31, 2021 ₹ 6.57 crore) as income for finance lease during the year ended March 31, 2022.
- Electric Vehicle charging facilities: The Group has entered into arrangement with customer for providing Infrastructure facilities and chargers for public transport utilities. The arrangement is for the period of 10 years for providing and maintaining infrastructure facility at a fixed charge. The Group has recognised an amount of ₹ 2.13 crore as income for finance lease during the year ended March 31, 2022.

11.2 Amount receivable under Finance Lease

14. Deferred Tax

Accounting Policy

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability.

14. Deferred Tax (Contd.)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (Section 80IA of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been recorded for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax related to items recognised outside profit or loss is recognised either in other comprehensive income or in equity. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

In the situations where one or more units of the Group are entitled to a tax holiday under the tax law, no deferred tax (asset or liability) is recognised in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned unit's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognised in the year in which the temporary differences originate. However, the Company restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

	988.02	679.67
Total	1,479.67	914.04

16. Inventories

Accounting Policy

Inventories are stated at the lower of cost and net realisable value. Cost of inventory includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs of inventories are determined on weighted average basis. Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Unserviceable/damaged stores and spares are identified and written down based on technical evaluation.

Property acquired or being constructed for sale in the ordinary course of business, rather than to be held for rental or capital appreciation, is held as inventory property and is measured at the lower of cost and net realisable value (NRV).

Principally, this is residential property that the Group develops and intends to sell before, or on completion of, development.

Cost incurred in bringing each property to its present location and condition includes:

- Freehold and leasehold rights for land
- Amounts paid to contractors for development
- Planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, development overheads and other related costs

NRV is the estimated selling price in the ordinary course of the business, based on market prices at the reporting date, less estimated costs of completion and the estimated costs necessary to make the sale. When an inventory property is sold, the carrying amount of the property is recognised as an expense in the period in which the related revenue is recognised. The carrying amount of inventory property recognised in profit or loss is determined with reference to the directly attributable costs incurred on the property sold and an allocation of any other related costs based on the relative size of the property sold.

16. Inventories (Contd.)

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Inventories		
(a) Raw Materials and Fuel		
Fuel - Stores	1,383.57	450.78

18a. Cash and Cash Equivalents

Accounting Policy

Cash and cash equivalent comprise of cash at banks, cash/cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. Cash and cash equivalents include balances with banks which are unrestricted for withdrawal and usage.

For the purpose of the Statement of Cash Flows, cash and cash equivalents comprise of cash at bank, cash/cheques on hand and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

Note:

Balances with banks held as margin money deposits against guarantees.

19a. Assets Classified as Held For Sale

Accounting Policy

Non-current assets or disposal group are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset or disposal Group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset or disposal Group and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. As at each balance sheet date, the management reviews the appropriateness of such classification.

Non-current assets or disposal group classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Property, plant and equipment and intangible assets once classified as held for sale/distribution to owners are not depreciated or amortised.

A disposal Group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss. Additional disclosures are provided hereunder. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

 - (d) Land at Dehrand ₹ 215.56 crore (March 31, 2021 - ₹ 215.56 crore). During the earlier year, the Group has received an advance of ₹113.56 crore against sale.

19b. Liabilities directly associated with Assets Classified as Held For Sale (Contd.)

- (ii) (a) Following building has been classified as assets held for sale:
Building at Panvel ₹ 0.48 crore (March 31, 2021 - ₹ 0.48 crore).
- (b) Building at Peninsula of ₹ 8.02 crore has been reclassified from asset held for sale to Property, Plant and Equipment during the year.
- (iii) (a) The following plant and equipment has been classified as assets held for sale:
Rithala power generation plant ₹ 20.04 crore (net of impairment loss of ₹ 143.96 crore) (March 31, 2021 - ₹ 20.04 crore).
- (b) Helicopter having book value of ₹ 0.17 crore has been sold during the year (March 31, 2021 - ₹ 0.17 crore)
- (iv) During the year ended March 31, 2022, the Group has reclassified its Investment in Tata Teleservices (Maharashtra) Limited ("TTML") to Non-Current Investment.
- (v) (a) In the earlier years, the Group had signed definitive agreements for sale of PT Arutmin Indonesia and its associated infrastructure and trading companies and the sale consideration of USD 400.92 million is being expected to be received in a phased manner over next few years. Accordingly, the investments (including investment in PT Mitratama Perkasa) have been classified as assets held for sale at ₹ 1,938.38 crore as at March 31, 2022 (March 31, 2021 - ₹ 1,869.46 crore).
- (b) In the earlier years, the Group decided to divest its investment in Itezhi Tezhi Power Corporation ('ITPC') of ₹ 632.99 crore (March 31, 2021 - ₹ 610.66 crore) and loan and other receivables from ITPC of ₹ 22.83 crore (March 31, 2021 - ₹ 22.83 crore). Accordingly, the said investment along with loan and other receivables has been classified as held for sale. No impairment loss has been recognised on reclassification as the Group expects that the fair value less costs to sell is higher than the carrying amount as at March 31, 2022.
- (c) The Group holds investments in Adjaristsqali Netherlands B.V. (ABV) (a Joint Venture of the Group) operating 187 MW hydro power plant in Georgia.
- During the year, the Group has decided to divest its investment in ABV and accordingly the said investment along with perpetual securities has been classified as held for sale.
- During the year, the Group has reassessed the recoverability of its investment in ABV based on decline in the operational performance and accordingly has recognized an cumulative impairment provision of ₹ 372.13 crore (March 31, 2021 - ₹ 221.86 crore) as an exceptional item in the consolidated financial statements. The net investment value in ABV including perpetual securities after impairment provision is ₹ 130.53 crore as on March 31, 2022 (March 31, 2021 - ₹ 276.18 crore)
- The Group has performed the recoverability assessment and determined the value in use based on estimated cash flow projections over the life of the assets included in CGU. Projected cash flows include cash flow projections approved by management covering 3 years and the cash flows beyond that has been projected based on the long term forecast.
- The following key assumptions were used for performing the valuation:
- Tariff post PPA period of 15 years.
 - A pre-tax discount rate of 5.94 % was applied;
- (vi) Maharashtra Electricity Regulatory Commission ('MERC') had ordered termination of Vikhroli Transmission Lines project and accordingly, the Group had reclassified the said project as held for sale. During the year, the Group has received an amount of ₹ 8.44 crore against the said project.
- (vii) The Group had decided to divest its investments in equity and preference shares of its subsidiary, TCL Ceramics Ltd. Accordingly, the said investment was classified as held for sale. Pursuant to the Share Purchase Agreement ('Agreement') dated 4th January, 2020, the Group has transferred its Equity and Preference share to the purchasers as a part of the conditions mentioned in the Agreement subject to final closing. On 24th March 2022, the Group has signed an amendment to original share purchase agreement and transferred all the beneficial ownership to the buyers and accordingly impact has been recognised in the consolidated financial statements.

19c. Assets Classified as Held For Sale - Discontinued Operations

In the past, the Group had approved sale of its Strategic Engineering Division (SED) to Tata Advanced Systems Ltd. (TASL) [a wholly owned subsidiary of Tata Sons Pvt. Ltd.] as a going concern on slump sale basis, at an enterprise value of ₹ 2,230 crore (out of which ₹ 1,040 crore payable at the time of closing and ₹ 1,190 crore payable on achieving certain milestones). Accordingly, SED business segment is presented as discontinued operations. On 31st October, 2020, the Group had completed the sale of its SED to TASL and had received upfront consideration of ₹ 597 crore (net of borrowings of ₹ 537.00 crore transferred to TASL) after certain adjustments as specified in the scheme.

Results of Strategic Engineering Division for the year are presented below

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Income		
Revenue from Operations	Nil	193.63
Other Income	Nil	23.52
Total Income	Nil	217.15
Expenditure		
Cost of Components Consumed	Nil	139.28
Employee Benefits Expense	Nil	52.66
Finance Costs	Nil	24.91
Other Expenses	Nil	60.15
Total Expenses	Nil	277.00
Profit/(Loss) before tax from Discontinued Operations	Nil	(59.85)
Impairment Loss on Remeasurement to Fair Value (Refer Note Below)	(467.83)	(160.00)
Tax Expenses/(Credit)		
Current Tax	Nil	(101.48)
Deferred Tax	Nil	(72.17)
Total Tax Expenses/(Credit)	Nil	(173.65)
Profit/(Loss) before tax from Discontinued Operations	(467.83)	(46.20)
Other Comprehensive Income/(Expense)	Nil	(0.34)
Tax on Other Comprehensive Income	Nil	Nil
Total Comprehensive Income/(Expense)	(467.83)	(46.54)

Note:

During the year ended March 31, 2022, the Group has reassessed the fair value of consideration receivable from TASL and has recognised an impairment loss of ₹ 467.83 crore (March 31, 2021- ₹ 160 Crore) in the consolidated financials statements. The fair value on consideration has been determined based on the expected value of the consideration using discounted present value technique. The fair value has been categorised under Level 3 inputs, the key assumption being expectation of achievement/non-achievement of milestones as defined in the scheme of arrangement.

Net cash flows attributable to Strategic Engineering Division are as follows:

	From April 1, 2020 to October 31, 2020
	₹ crore
Net Cash Flow from/(used) in Operating Activities	286.62
Net Cash Flow from/(used) in Investing Activities	(32.30)
Net Cash Flow from/(used) in Financing Activities	(85.62)
Net Increase/(Decrease) in Cash and Cash Equivalents	168.70
Cash and Cash Equivalents (Opening Balance)	7.60
Cash and Cash Equivalents (Closing Balance)	176.30
Less: Transferred on sale of Strategic Engineering Division	(176.30)
Total of cash and cash equivalents (Net)	Nil

20. Regulatory Deferral Account

Accounting Policy

The Group determines revenue gaps (i.e. surplus/shortfall in actual returns over returns entitled) in respect of its regulated operations in accordance with the provisions of Ind AS 114 "Regulatory Deferral Accounts" read with the Guidance Note on Rate Regulated Activities issued by ICAI and based on the principles laid down under the relevant Tariff Regulations/Tariff Orders notified by the Electricity Regulatory Commission (Regulator) and the actual or expected actions of the regulator under the applicable regulatory framework. Appropriate adjustments in respect of such revenue gaps are made in the regulatory deferral account of the respective year for the amounts which are reasonably determinable and no significant uncertainty exists in such determination. These adjustments/accruals representing revenue gaps are carried forward as Regulatory deferral accounts debit/credit balances (Regulatory Assets/Regulatory Liabilities) as the case may be in the financial statements, which would be recovered/refunded through future billing based on future tariff determination by the regulator in accordance with the electricity regulations. The Group presents separate line items in the balance sheet for:

- the total of all regulatory deferral account debit balances and related deferred tax balances; and
- the total of all regulatory deferral account credit balances and related deferred tax balances.

A separate line item is presented in the Statement of Profit and Loss for the net movement in regulatory deferral account and deferred tax recoverable payable.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Regulatory Deferral Account - Liability - Current		
Regulatory Liabilities	634.63	98.93
Regulatory Deferral Account - Assets - Non-current		
Regulatory Assets	6,810.57	6,222.44
Net Regulatory Assets/(Liabilities)	6,175.94	6,123.51

Rate Regulated Activities

- As per the Ind AS-114 'Regulatory Deferral Accounts', the business of electricity distribution is a Rate Regulated activity wherein the regulators determine Tariff to be charged from consumers based on prevailing regulations in place.

The Group is governed by the tariff regulations and tariff orders issued by Regulatory Commissions in Maharashtra, Delhi and Odisha. These regulations determine tariff in a manner wherein the Group can recover its fixed and variable costs including assured rate of return on approved equity base, from its consumers. The Group determines the Revenue, Regulatory Assets and Liabilities as per the terms and conditions specified in these Regulations.

- Reconciliation of Regulatory Assets/Liabilities of distribution business as per Rate Regulated Activities as on March 31, 2022, is as follows:

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Opening Regulatory Assets (Net of Liabilities) (A)	6,123.51	5,480.17
Regulatory Deferral Balances (net) during the year		
(i) Power Purchase Cost	17,603.08	10,132.93
(ii) Other expenses as per the terms of Tariff Regulations including Return On Equity	6,432.10	4,020.00
(iii) Billed during the year as per approved Tariff	(24,414.79)	(13,698.71)
(iv) Regulatory Assets/(Liabilities) on Deferred Tax Expense/(Income)	140.15	81.80
Net movement in Regulatory Deferral Balances recognised in statement of Profit and Loss (i + ii + iii + iv)	(239.46)	536.02
(v) Regulatory Income/(Expenses) recognised in OCI	265.28	93.92
Net movement in Regulatory Deferral Balances (i + ii + iii + iv + v) (B)	25.82	629.94
Regulatory Assets/(Liabilities) on carrying cost recognised as revenue	18.00	3.00
Regulatory deferral asset in respect of opening assets deletion	8.64	Nil
Recovery from/(Payable to) Group's Generation Business	(0.03)	10.40
Closing Regulatory Asset (Net of Liabilities) (A+B+C+D+E)	6,175.94	6,123.51

21a. Share Capital (Contd.)

(ii) Terms/rights attached to equity shares

The Parent Company has issued only one class of equity shares having a par value of ₹ 1/- per share. Each holder of equity shares is entitled to one vote per share. The final dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Parent Company, the holders of equity shares will be entitled to receive remaining assets of the Parent Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(iii) Details of shareholders holding more than 5% shares in the Parent Company

21b. Unsecured Perpetual Securities

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
11.40% Unsecured Perpetual Securities	1,500.00	1,500.00
Less: Repayment during the year	(1,500.00)	Nil
Total	Nil	1,500.00

In an earlier year, the Holding Company had raised 1,500 crore through issue of Unsecured Perpetual Securities (the "Securities"). These Securities were perpetual in nature with no maturity or redemption and were callable only at the option of the Holding Company. As these Securities were perpetual in nature and ranked senior only to the Share Capital of the Holding Company and the Holding Company did not have any redemption obligation, these were considered to be in the nature of equity instruments. During the year, pursuant to debenture trust deed dated 23rd June, 2011, the Holding Company has exercised the call option to redeem the Securities on 2nd June, 2021 along with interest.

Notes:

- Includes gain on fair valuation of land which is not available for distribution ₹ 227.03 crore.
- The shareholders of the holding company in their meeting held on July 5, 2021 approved final dividend of ₹ 1.55 per share aggregating ₹ 495.28 crore for the financial year 2020-21. The said dividend was paid to the holders of fully paid equity shares on July 7, 2021.
- In respect of the year ended March 31, 2022, the directors have proposed a dividend of ₹ 1.75 per share to be paid on fully paid shares. This equity dividend is subject to approval at the annual general meeting and has not been included as a liability in the consolidated financial statements. The proposed equity dividend is payable to all holders of fully paid equity shares. The total estimated equity dividend to be paid is ₹ 559.68 crore.
- During the previous year, the shareholders in the Annual General Meeting dated July 30, 2020 had approved the issuance of 49,05,66,037 equity shares of the face value of ₹ 1 each at ₹ 53 per equity share for an amount aggregating to ₹ 2,600 crore to Tata Sons Pvt. Ltd. on preferential basis.
- Represents gain/(loss) on sale of certain investments carried at fair value through other comprehensive income transferred to Retained Earnings.
- The Hon'ble National Company Law Tribunal (NCLT) has approved the composite scheme of arrangement for merger of Coastal Gujarat Power Limited (CGPL) along with the capital re-organization and the scheme of arrangement for merger of Af-Taab Investment Company Limited (Af-taab) with the Holding Company effective April 1, 2020. There is no effect of merger in the consolidated financial statements. However, the following adjustments have been made pursuant to the scheme of capital re-organisation as on April 1, 2020 i.e the appointed date of the scheme:
 - The debit balance in the retained earnings of the Holding Company of ₹ 5,091.20 crore has been adjusted with the securities premium.
 - Post-merger credit balance in General Reserve of the Holding Company of ₹ 3,859.92 crore has been transferred to Retained earnings.

Pursuant to the scheme of merger, the authorised equity share capital of the Holding Company has been increased by the authorised equity share capital of the erstwhile CGPL and Af-taab.

22. Other Equity (Contd.)

Nature and purpose of reserves

General Reserve

General Reserve is used to transfer profits from retained earnings for appropriation purposes. The amount is to be utilised in accordance with the provision of the Companies Act, 2013.

Securities Premium

Securities Premium is used to record the premium on issue of shares and is utilised in accordance with the provisions of the Companies Act, 2013.

Debenture Redemption Reserve

The Group was required to create a Debenture Redemption Reserve out of the profits which are available for payment of dividend for the purpose of redemption of debentures. Pursuant to Companies (Share Capital and Debentures) Amendment Rules, 2019 dated 16th August, 2019, the Group is not creating additional debenture redemption reserve (DRR) from the effective date of amendment. DRR created till previous years will be transferred to retained earnings on redemption of debentures.

Capital Redemption Reserve

Capital Redemption Reserve represents amounts set aside on redemption of preference shares.

Capital Reserve

Capital Reserve consists of forfeiture of the amount received from Tata Sons Pvt. Ltd. on preferential allotment of convertible warrants in the Group, on the lapse of the period to exercise right to convert the said warrants and on forfeiture of amounts paid on Debentures.

Special Reserve Fund

Special Reserve Fund represents the amount transferred from the annual profits of Af-taab pursuant to section 45 of the Reserve Bank of India Act, 1934. Pursuant to scheme of arrangement for merger as mentioned in note 6 above, erstwhile Af-taab has ceased to exist and hence the reserves is no longer required and accordingly has been transferred to retained earning.

Statutory Reserve

Statutory Reserve consists of Special Appropriation towards Project Cost, Development Reserve and Investment Allowance Reserve.

Special appropriation to project cost - Due to high capital investment required for the expansion in the electricity industry, the Maharashtra State Government permits part of the capital cost of approved projects to be collected through the electricity tariff and held as a special appropriation.

Development Reserve / Investment Allowance Reserve - Until 1978, the Companies made appropriations to a Development Reserve and an Investment Allowance Reserve as required by the Income Tax Act, 1956. New appropriations to these reserves are no longer required due to changes in Indian law.

Retained Earnings

Retained Earnings are the profits of the Group earned till date net of appropriations.

Equity Instruments through Other Comprehensive Income

This reserve represents the cumulative gains and losses arising on revaluation of equity instruments measured at fair value through other comprehensive income, net of amounts reclassified to retained earnings when those equity instruments are disposed off.

Foreign Currency Translation Reserve

Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. ₹) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve.

Effective Portion of Cash Flow Hedge

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. The cumulative gain or loss arising on changes in fair value of the designated portion of the hedging instruments that are recognised and accumulated under the heading of cash flow hedging reserve will be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item.

23. Non-current Borrowings - At Amortised Cost

	As at March 31, 2022		As at March 31, 2021

2. (a) Term loan of foreign Companies - 1.26 % to 2.24 %
(b) Term loan of Indian Companies - 3.55 % to 8.97%
3. Term loan from others - 7.25 % to 8.72 %

24. Lease Liabilities

Accounting Policy

At inception of contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Group allocates consideration in the contract to each lease component on the basis of their relative standalone price.

As a Lessee

i) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

ii) Short term leases and leases of low value of assets

The Group applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Leasing arrangement as Lessee

The Group has lease contracts for various items of plant, machinery, land, vehicles and other equipment used in its operations. Leases of Leasehold land including sub-surface rights generally have lease terms between 2 years and 95 years, while plant and machinery, motor vehicles and other equipment generally have lease terms 3 years and 40 years. Generally, the Group is restricted from assigning and subleasing the leased assets.

24. Lease Liabilities (Contd.)

Total	147.00	198.38

28. Provisions

Accounting Policy

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Present obligations arising under onerous contracts are recognised and measured as provisions with charge to consolidated Statement of Profit and Loss. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

28. Provisions (Contd.)

Restructuring provisions are recognised only when the Group has a constructive obligation, which is when: (i) a detailed formal plan identifies the business or part of the business concerned, the location and number of employees affected, a detailed estimate of the associated costs, and the timeline; and (ii) the employees affected have been notified of the plan's main features.

Defined contribution plans

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefits plans

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in consolidated Statement of Profit and Loss on the earlier of:

- the date of the plan amendment or curtailment, and
- the date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Current and other non-current employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of current employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other non-current employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

Notes:

1. The provision for warranty claims represents estimated warranty liability for the products sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures.
2. The provision for losses includes provision for estimated losses on onerous contracts and provision for contingency on regulatory assets recognised.
3. The provision for rectification work relates to the estimated cost of work agreed to be carried out for the rectification of goods supplied to the customers.

Employee Benefit Plans

1. Defined Contribution plan

The Group makes Provident Fund and Superannuation Fund contributions to defined contribution plans for eligible employees. Under the schemes, the Group is required to contribute a specified percentage of the payroll costs. The provident fund contributions as specified under the law are paid to the Government approved provident fund trust or statutory provident fund authorities. The Group has no obligation, other than the contribution payable to the respective fund. The Group recognises such contribution payable to the respective fund scheme as an expense, when an employee renders the related service.

The Group has recognised ₹ 72.50 crore (March 31, 2021 - ₹ 69.31 crore) for provident and pension fund contributions and ₹ 8.49 crore (March 31, 2021 - ₹ 9.25 crore) for superannuation contributions in the consolidated Statement of Profit and Loss. The said amount is excluding of amounts recognised by the Strategic Engineering Division (SED) (Discontinued operations). The contributions payable to these plans by the Group are at rates specified in the rules of the plans.

2. Defined benefit plans

2.1 The Group operates the following unfunded/funded defined benefit plans:

Funded:

Provident Fund

The Parent Company makes Provident Fund contributions to defined benefit plans for eligible employees. Under the scheme, the Parent Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the provident fund set up as a trust by the Parent Company. The Parent Company is generally liable for annual contributions and any shortfall in the fund assets based on the government specified minimum rates of return and recognises such contributions and shortfall, if any, as an expense in the year it is incurred. Having regard to the assets of the fund and the return on the investments, the Group expects shortfall of ₹ Nil (31st March, 2021 ₹ 6.50 crore) which has been provided as an expenditure during the year.

The actuary has provided a valuation of provident fund liability based on the assumptions listed and determined the net short fall of ₹ Nil as at March 31, 2022 (March 31, 2021 - ₹ 6.50 crore) which has been recognised as an expense during the year.

Pension Fund

The Odisha Distribution Companies acquired by the Group during the year have a defined benefit pension plan, the pension plan is primarily governed by the Odisha Civil Services (Pension) Rules, 1992. The level of benefits, eligibility depends on the date of joining, member's length of service and salary at the retirement date. The pension plan is funded plan. The fund is in the form of a trust and is governed by Trustees appointed by the respective subsidiaries and regulations framed in this regard. The Trustees are responsible for the administration of the plan assets and for defining the investment strategy in accordance with the regulations.

28. Provisions (Contd.)

The significant assumptions used for the purpose of the actuarial valuations were as follows:

	As at March 31, 2022	As at March 31, 2021
Interest rate	8.10% p.a.	8.50% p.a.
Discount rate	6.80% p.a.	6.60% p.a.
Contribution during the year (₹ crore)	273.43	170.29
Short fall recognised as an expenditure for the year (₹ crore)	Nil	6.50

The movements in the net defined benefit obligations are as follows:

Balance as at March 31, 2022	1,178.58	883.99	294.59

* Includes ₹ 339.26 crores pertaining to pre-acquisition liabilities not transferred to the Group

28. Provisions (Contd.)

Unfunded:

Post Employment Medical Benefits

The Group provides certain post-employment health care benefits to superannuated employees at some of its locations. In terms of the plan, the retired employees can avail free medical check-up and medicines at Group's facilities.

Pension (including Director pension)

The Group operates a defined benefit pension plan for employees who have completed 15 years of continuous service. The plan provides benefits to members in the form of a pre-determined lumpsum payment on retirement. Executive Director, on retirement, is entitled to pension payable for life including HRA benefit. The level of benefit is approved by the Board of Directors of the Group from time to time.

Ex-Gratia Death Benefit

The Group has a defined benefit plan granting ex-gratia in case of death during service. The benefit consists of a pre-determined lumpsum amount along with a sum determined based on the last drawn basic salary per month and the length of service.

Retirement Gift

The Group has a defined benefit plan granting a pre-determined sum as retirement gift on superannuation of an employee.

Funded/Unfunded:

Gratuity

The Group has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. The gratuity plan of the Odisha Distribution Companies acquired by the Group during the year is governed by the Odisha Civil Services (Pension) Rules, 1992 and the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is a combination of funded plan and unfunded plan for various companies in the Group. In case of funded plan, the fund has the form of a trust and is governed by Trustees appointed by the Group. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the trust regulations.

2.2 The principal assumptions used for the purposes of the actuarial valuations for funded and unfunded plan were as follows:

Valuation as at	As at March 31, 2022	As at March 31, 2021
Valuation as at		
Discount Rate	6.8% to 7.2%	6.6% to 6.97% p.a.
Salary Growth Rate	5% to 8% p.a.	5% to 8% p.a.
Turnover Rate	0.5% to 8% p.a.	0.5% to 8% p.a.
Pension Increase Rate	4% to 5% p.a.	4% to 5% p.a.
Annual Increase in Healthcare Cost	8% p.a.	8% p.a.
Mortality Table	Indian Assured Lives Mortality (2006-08) (modified) Ult & 100% of Indian Assured Lives Mortality (2012-2014)	Indian Assured Lives Mortality (2006-08) (modified) Ult & 100% of Indian Assured Lives Mortality (2012-2014)

28. Provisions (Contd.)

2.3 The amounts recognised in the consolidated financial statements and the movements in the net defined benefit obligations over the year are as follows:

(a) Gratuity Fund Plan:	Present value of obligation	Fair value of plan assets	Net amount
	₹ crore	₹ crore	₹ crore
Balance as at 1st April, 2020*	352.91	(358.73)	(5.82)
Liability (includes amount recoverable from consumers for the pre-acquisition period - Refer Note 34)	309.06	(94.70)	214.36
Current service cost	37.31	Nil	37.31

28. Provisions (Contd.)

Provision for Other defined benefit obligation

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Closing provision as per above note 2.1 and 2.3(b)	525.45	160.49
Non current provision for Post-Employment Medical benefits	74.96	61.08
Add: Non current provision for Other defined benefit plans	377.61	74.31
Add: Current provision for Post-Employment Medical benefits	30.73	3.16
Add: Current provision for Other defined benefit plans	42.15	21.94
Closing provision as per above	525.45	160.49

2.4 Sensitivity analysis

The sensitivity of the defined benefit obligations to changes in the weighted principal assumptions is:

Change in assumption			Increase in assumption			Decrease in assumption		
	March 31, 2022	March 31, 2021		March 31, 2022 ₹ crore	March 31, 2021 ₹ crore		March 31, 2022 ₹ crore	March 31, 2021 ₹ crore
Discount rate	0.5% to 1%	0.50%	Decrease by	(202.51)	530.54	Increase by	264.63	1,325.53
Salary/Pension growth rate	0.5% to 1%	0.50%	Increase by	132.27	208.56	Decrease by	(25.98)	1273.68
Mortality rates	1 year	1 year	Decrease by	5.87	6.26	Increase by	3.12	0.44
Healthcare cost	0.5% to 5%	0.50%	Increase by	5.17	353.53	Decrease by	4.17	0.30

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

These plans typically expose the Company to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Interest Risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

2.5 The expected maturity analysis of undiscounted defined benefit obligation (Funded and Unfunded) is as follows:

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Within 1 year	372.33	596.35
Between 1 - 2 years	460.43	523.32
Between 2 - 3 years	423.58	454.90
Between 3 - 4 years	376.57	439.56
Between 4 - 5 years	398.26	407.23
Beyond 5 years	2,093.92	4,314.54
The weighted average duration of:	As at March 31, 2022	As at March 31, 2021
Provident Fund	8 Years	7 Years
Gratuity Fund	7.4 Years to 17 Years	7.4 Years

28. Provisions (Contd.)

2.6 Risk exposure:

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yield. If plan assets underperform this yield, it will result in deficit. These are subject to interest rate risk.

Inflation rate risk:

Higher than expected increase in salary and medical cost will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligations is not straight forward and depends upon the combination of salary increase, discount rate and vesting criterion.

2.7 Major categories of plan assets:

Plan assets are funded with the trust set up by the Group. The Insurer trust invests the funds in various financial instruments. Major categories of plan assets are as follows:

	Provident Fund		Gratuity		Pension	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021

(iii) Current Maturities of Long-term Debt (Refer Note 23)	7,885.28	4,689.67
Total	14,860.30	13,125.79

Security

Short-term Loans and Buyer's Line of Credit availed by various entities of the Group are secured by a charge on immovable property of certain entities, both present and future and are also secured by way of charge on tangible and intangible assets, current assets, receivables and stores and spares, uncalled capital receivables, rights under project documents, project cash flows, pledge of shares and monies receivable of the respective entities.

Current borrowings secured against current assets

The quarterly returns or statements of current assets filed by the groups with banks or financial institutions are in agreement with the books of accounts except as follows:

Quarter ended	Value per books of account	Value per quarterly return / statement	Discrepancy
30th June, 2021	Nil	₹ 625 crore	Unapproved regulatory asset included and disclosed as Approved*
30th September, 2021	Nil	₹ 709 crore	
31st December, 2021	Nil	₹ 677 crore	
31st March 31, 2022	Nil	₹ 867 crore	
31st December, 2021	₹ 1,920 crore	₹ 1,964 crore	Excess debtors reported by ₹ 44 crore #

*While submitting the quarterly statements for all four quarters during the year, the Group inadvertently included and disclosed unapproved regulatory balances as approved. However, subsequent to year end, the Group has communicated to Bank about the said discrepancy. Further, Bank has confirmed that the intention was not to exclude unapproved balances from the receivable and has initiated the process to change the sanction letter wherein total regulatory asset balance should be considered as receivables for the purpose of sanction limit.

#Subsequent to year end, Group has submitted the revised statement for quarter ended December 2021 and receivable balances as per revised statements are in agreement with the books of accounts.

31. Revenue from Operations

Revenue recognition

Accounting Policy

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Description of performance obligations are as follows:

(i) Sale of Power - Generation (Thermal and Hydro)

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered.

Contract price determined as per tariff regulations

The Group as per the prevalent tariff regulations is required to recover its Annual Revenue Requirement ('ARR') comprising of expenditure on account of fuel cost, operations and maintenance expenses, financing costs, taxes and assured return on regulator approved equity with additional incentive for operational efficiencies. Accordingly, rate per unit is determined using input method based on the Group's efforts to the satisfaction of a performance obligation to deliver power. As per tariff regulations, the Group determines ARR and any surplus/shortfall in recovery of the same is accounted as revenue.

Contract Price as per long term agreements

Rate per unit is determined using input method based on the Group's efforts to the satisfaction of a performance obligation to deliver power. Variable consideration forming part of total transaction price will be allocated and recognised when the terms of variable payment relate specifically to the Group's efforts to satisfy the performance obligation i.e. in the year of occurrence of event linked to variable consideration. The transaction price is adjusted for significant financing component, if any and the adjustment is accounted as finance cost.

(ii) Sale of Power - Generation (Wind and Solar)

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the contracted rate. The transaction price is adjusted for significant financing component, if any and the adjustment is accounted as finance cost.

(iii) Transmission of Power

Revenue from transmission of power is recognised net of cash discount over time for transmission of electricity. The Group as per the prevalent tariff regulations is required to recover its Annual Revenue Requirement ('ARR') comprising of expenditure on account of operations and maintenance expenses, financing costs, taxes and assured return on regulator approved equity with additional incentive for operational efficiencies. Input method is used to recognise revenue based on the Group's efforts or inputs to the satisfaction of a performance obligation to deliver power. As per tariff regulations, the Group determines ARR and any surplus/shortfall in recovery of the same is accounted as revenue.

(iv) Sale of Power - Distribution

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the predetermined rate.

(v) Trading of power

In the arrangement's the Group is acting as an agent, the revenue is recognised on net basis when the units of electricity are delivered to power procurers because this is when the Group transfers control over its services and the customer benefits from the Group's such agency services. The Group determines its revenue on certain contracts net of power purchase cost based on the following factors:

- a. another party is primarily responsible for fulfilling the contract as the Group does not have the ability to direct the use of power supplied or obtain benefits from supply of power.
- b. the Group does not have inventory risk before or after the power has been delivered to customers as the power is directly supplied to customer.
- c. the Group has no discretion in establishing the price for supply of power. The Group's consideration in these contracts is only based on the difference between sales price charged to procurer and purchase price given to supplier.

For other contracts which does not qualify the conditions mentioned above, revenue is determined on gross basis.

31. Revenue from Operations (Contd.)

(vi) Sale of Solar Products

Revenue from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the proportionate completion method, with contracts costs determining the degree of completion. Forseeable losses on such contracts are recognised when probable.

(vii) Rendering of Services

Revenue from a contract to provide services is recognised over time based on :

Input method where the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of performance obligation. Revenue, including estimated fees or profits, are recorded proportionally based on measure of progress.

Output method where direct measurements of value to the customer based on survey's of performance completed to date.

Revenue is recognised net of cash discount at a point in time at the contracted rate.

(viii) Consumers are billed on a monthly basis and are given credit period of 30 to 60 days for payment.

There is no significant judgement involved while evaluating the timing as to when customers obtain control of promised goods and services.

(ix) In the regulated operations of the Group where tariff recovered from consumers is determined on cost plus return on equity, the Income tax cost is pass through cost and accordingly the Group recognises Deferred tax recoverable / payable against any Deferred tax expense/ income. The same has now been included in 'Revenue from Operations' in case of Generation and Transmission Divisions and 'Net Movement in Regulatory Deferral Balances' in case of Distribution Division.

There is no significant judgement involved while evaluating the timing as to when customers obtain control of promised goods and services.

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore

Open access cross subsidy	57.98	Nil
Miscellaneous Revenue and Sundry Credits	340.96	148.73
	1,353.99	871.80
Total	42,815.67	32,703.31

Note:

- (i) With respect to Mundra Power Plant, the Group has initiated the discussions with GUVNL to enter into a supplementary power purchase agreement (SPPA). The discussions are at very advanced stage and agreement is reached except few items for which discussions are ongoing and accordingly the SPPA is yet to be signed and approved. To ensure continuous supply of power, GUVNL has requested the Group to continue supplying power based on the SPPA which will be effective January 1, 2022. Accordingly the differential revenue of ₹ 324 crore has been recognized on the basis of the current agreed draft of SPPA for the period January, 2022 to March, 2022. Management believes that the Group has an enforceable right to recover the tariff as per the draft SPPA and does not expect any significant reversal in the amount recognised as revenue.
- (ii) As per power purchase agreement for Mundra Power Plant, the Group's entitlement to capacity revenue is dependent on availability declared. Accordingly, the Group accrues capacity revenue based on actual declared capacity in the past and for the current year. During the year ended March 31, 2022, based on the actual capacity declared, management has recognized an amount of ₹ 230.47 crore (including ₹ 123.27 crore relating to earlier years) as a reduction in revenue.
- (iii) During the year, Tata Power Renewables Energy Limited and its subsidiaries ("Renewable entities") based on various orders by judicial authorities and legal opinions obtained, have assessed its claims under various contracts with customers and vendors. Accordingly, Renewable entities have recognized revenue from operations amounting to ₹259.46 crore (including an amount of ₹170.45 crore relating to earlier years). [Refer Note - 40 (k to q) for the key matters]. Management believes that the Group has an enforceable right to recover the claims and does not expect any significant reversal in the amount recognised as revenue.

Details of Revenue from Contract with Customers

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Total Revenue from Contract with Customers	41,884.93	32,255.46
Less: Significant Financing Component	(95.88)	(81.11)
Add: Cash Discount/Rebates etc.	279.59	418.49
Total Revenue as per Contracted Price	42,068.64	32,592.84

Transaction Price - Remaining Performance Obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Group expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation related disclosures for contracts as the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date.

The aggregate value of performance obligations that are partially unsatisfied as at March 31, 2022, other than those meeting the exclusion criteria mentioned above is ₹ 75,855.47 crore (March 31, 2021 - ₹ 1,11,308.19 crore). Out of this, the group expects to recognise revenue of around 10.88% (March 31, 2021 - 6.01%) within the next one year and the remaining thereafter.

31. Revenue from Operations (Contd.)

Revenue is disaggregated by type and nature of product or services. The table also includes the reconciliation of the disaggregated revenue with the Group's reportable segment.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract assets are transferred to receivables when the rights become unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the performance obligation is satisfied.

31. Revenue from Operations (Contd.)

Significant changes in the contract assets and the contract liabilities balances during the year are as follows:

Movement in Recoverable from consumers and Liabilities towards consumers

Particulars	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Opening Balance		
- Recoverable from consumers	1,161.06	960.84

- Deferred Revenue Liabilities	1,448.22	1,183.96
	2,509.32	2,146.69

32. Other Income

Accounting Policy

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

32. Other Income (Contd.)

Consumers are billed on a monthly basis and are given average credit period of 30 to 60 days for payment. No delayed payment charges ('DPC') is charged for the initial 30 days from the date of receipt of invoice by customer. Thereafter, DPC is charged at the rate prescribed by the Power Purchase Agreement on the outstanding balance once the dues are received. Revenue in respect of delayed payment charges and interest on delayed payments leviable as per the relevant contracts are recognised on actual realisation or accrued based on an assessment of certainty of realization supported by either an acknowledgement from customers or on receipt of favourable order from regulatory authorities.

* Includes ₹ 63.20 crore, being direct payment made towards acquisition date liabilities of past employees (Refer Note below)

Includes ₹ 427.99 crore, being direct payment made towards acquisition date liabilities of past employees (Refer Note below)

Note:

In relation to acquisition of Odisha Discoms, as per terms of the Vesting Order and the Carve Out Order states that for entire liabilities towards pension, gratuity and compensated absences of employees retired before the acquisition date and acquisition date liabilities of continuing employees on the acquisition date, the Group's responsibility is limited only to remitting fixed amount requested by the respective Trusts and the same shall be allowed to be recovered from consumers on behalf of the respective Trusts for disbursement to the beneficiaries covered under the Trusts. The Group has recognised amount payable to the Trusts for the current year for onward payment of the said liabilities are charged as an expense as they fall due.

35. Finance Costs

Accounting Policy

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore#	₹ crore#

Miscellaneous Expenses	99.79	92.88
Total	4,060.42	2,812.48

37. Income taxes

37a. Current Tax

Accounting Policy

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the respective subsidiary companies operates and generates taxable income.

Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

37. Income taxes (Contd.)

(i) Income taxes recognised in statement of profit and loss - Continuing Operations

	March 31, 2022	March 31, 2021

The income tax expense for the year can be reconciled to the accounting profit as follows:

	March 31, 2022	March 31, 2021
	₹ crore	₹ crore
Profit/(Loss) before tax for Continuing Operation	3,003.00	1,986.73
Profit/(Loss) before tax for Discontinuing Operation	(467.83)	(219.85)
Profit/(Loss) before tax considered for tax working	2,535.17	1,766.88
Income tax expense calculated at 25.168% (March 31, 2021 - 34.944%)	638.05	617.42
Add/(Less) tax effect on account of :		
Share of profit of associate and joint venture	(488.97)	(305.19)
Deferred tax not recognised on Impairment provision/(reversal) of non current investment	112.89	Nil
Effect of tax holiday period	(148.56)	(82.98)
Deferred tax asset on unabsorbed depreciation pertaining to earlier years [Refer Note 4 (ii) below]	(968.56)	(218.87)
Utilisation of unrecognised unabsorbed depreciation	(318.92)	Nil
Tax on dividend from subsidiaries, associate and joint ventures (eliminated)	894.34	348.80
Exempt Income	(31.75)	(18.27)
Unrecognized tax credit (MAT) for the current year	Nil	180.89
Profit taxable at different tax rates	79.31	(120.67)
Remeasurement of Deferred Tax on account of New Tax Regime (net) [Refer Note 4 (iii) below]	359.62	Nil
Non deductible expenses	27.47	76.45
Reassessment of deferred tax balances on expected sale of asset [Refer Note 4 (ii) below]	380.00	(131.00)
Current Tax in respect of earlier years including impact of tax ordinance [Refer Note 4 (i) & (iii) below]	(105.11)	Nil
Reclassification of FCTR from equity to profit and loss statement [Refer Note 32(1)]	(51.29)	Nil
Others	1.04	(18.35)
Income tax expense recognised in statement of profit and loss	379.56	328.23
Tax expense for Continuing Operations	379.56	501.88
Tax expense for Discontinued Operations	Nil	(173.65)
Income tax expense recognised in statement of profit and loss	379.56	328.23

Notes:

- The tax rate used for the years 2021-22 and 2020-21 reconciliations above is the corporate tax rate of 25.168% and 34.944% respectively, as payable by Parent Company in India on taxable profits under the Indian tax law.

37. Income taxes (Contd.)

- 2 The rate used for calculation of Deferred tax has been considered basis the Standalone financials statements of Parent Company and its respective subsidiaries, being statutory enacted rates at Balance Sheet date.
- 3 During the previous year the Holding Company had entered into a Business Transfer Agreement with Tata Power Renewable Energy Ltd. and Tata Power Green Energy Ltd., wholly owned subsidiaries, for transfer of renewable assets (forming part of renewable segment) as a "going concern" on a slump sale basis effective on or after April 1, 2021. Consequently, as per the requirement of Ind AS 12, the Holding Company had reassessed its deferred tax balances including its unrecognized deferred tax assets on capital losses and had recognized gain of ₹131.00 crore in the standalone financial statements.
- 4 (i) Subsequent to the merger of the erstwhile Coastal Gujarat Power Limited (CGPL) with the Holding Company with effect from April 1, 2020, the Holding Company has reassessed its provision for current taxes and has written back an amount of ₹87.30 crore pertaining to earlier year.
- (ii) The Holding Company has reassessed the recoverability of unabsorbed depreciation and brought forward tax losses and has recognized deferred tax asset amounting to ₹968.56 crore and has written off deferred tax asset on capital losses amounting to ₹380 crore during the year.
- (iii) Further the Holding Company has transitioned to the new tax regime effective April 1, 2020 and accordingly, during the year, the Holding Company had remeasured its tax balances and reversed the deferred tax asset amounting to ₹359.62 crore and written back current tax provision amounting to ₹17.81 crore.

(iii) Income tax recognised in other comprehensive income

	March 31, 2022	March 31, 2021
	₹ crore	₹ crore
Current tax		
Remeasurement of Defined Benefit Plan	36.54	1.04
	36.54	1.04
Deferred tax

Bifurcation of the income tax recognised in other comprehensive income into:		
Items that will not be reclassified to statement of profit and loss	1.41	5.72
Items that will be reclassified to Statement of Profit and Loss	32.94	(93.57)
	34.35	(87.85)

38. Commitments:

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
(a) Estimated amount of Contracts remaining to be executed on capital account and not provided for (including consumer funded assets).		
(i) The Group	3,251.21	2,992.01
(ii) Group's share of Joint Ventures	171.88	169.04
(iii) Group's share of Associates	163.27	25.11
(b) Other Commitments		
(i) Vendor purchase commitments and contracts to provide future post sale services.	1,914.34	425.01

- (ii) During the previous year, the Group had entered into a long term freight Contract with Oldendorff for the supply of coal through ships for a period of 12 years. The remaining commitment against the said contract is 49.68 million MT and total estimated freight cost at current price would be ₹ 3,132.53 crore over the remaining period of 10 years.

- (iii) As per the terms of the vesting orders for the acquisition of TPCODL, TPWODL, TPSODL and TPNODL (subsidiaries of the Group), the Group has committed capital expenditure of ₹ 4,267 crore to be incurred by the respective subsidiaries till financial year 2025-26.

39. Contingent liabilities

Accounting Policy

In the normal course of business, contingent liabilities arise from litigations and claims. It is a possible obligation that arises from the past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but disclosed the same

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
a) Contingent liabilities		
Claims against the Group not probable and hence not acknowledged as debts consists of		
(i) Interest and penalty pertaining to Customs Duty claims disputed by the Group relating to applicability and classification of coal	118.12	110.81
(ii) Demand disputed by the Group relating to Service tax	596.10	484.44
(iii) Way Leave fees (including interest) claims disputed by the Group relating to rates charged.	66.69	59.35
(iv) Rates, Cess, Green Cess, Excise and Custom Duty claims disputed by the Group.	607.95	585.00
(v) Disputes relating to power purchase agreements	251.79	209.47
(vi) Legal cases with employees and others engaged in distribution business of Central Odisha (Refer Note d below)	1,141.91	955.60
(vii) Legal cases related to subsidiaries (In case of unfavourable outcome, amount paid will be recoverable from customers)	92.25	117.73
(viii) Access Charges demand for laying underground cables	24.04	30.14
(ix) Other Claims	158.79	176.41
Claims against the Group's share of Joint Ventures and Group's share of Associates not acknowledged as debts consists of		
Group's share of Joint Ventures		
(i) Demand for royalty payment is set-off against recoverable Value Added Tax (VAT) paid on inputs for coal production.	Nil	21.86
(ii) Other claims	31.36	37.45
Group's share of Associates		
Other Claims	227.85	247.34
	3,316.85	3,035.60

Notes:

- Amounts in respect of employee related claims/disputes, regulatory matters is not ascertainable.
- Future cash flows in respect of above matters are determinable only on receipt of judgements/decisions pending at various forums/authorities.
- The above Contingent Liabilities include those pertaining to Regulated Business which on unfavourable outcome can be recovered from consumers.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
b) Other Contingent Liabilities:		
Taxation matters for which liability, relating to issues of deductibility and taxability, is disputed by the Group and provision is not made (computed on the basis of assessments which have been re-opened and assessments remaining to be completed)		
In case of the Group [including interest demanded ₹ 9.40 crore (March 31, 2021 - ₹ 9.30 crore)].	225.79	188.84
In an earlier year, Maharashtra State Electricity Distribution Company Limited (MSEDCL) had raised a demand for determination of fixed charges for unscheduled interchange of power. The Group had filed a petition against the said demand for which stay has been granted by the ATE till the methodology for the determination is fixed. Considering the same, currently, the amount of charges payable is not ascertainable and hence, no provision has been recognized during the year. Further, in case of unfavourable outcome, the Group believes that it will be allowed to recover the same from consumers through future adjustment in tariff.	215.02	215.02
Group's share of Joint Ventures	113.85	110.62

39. Contingent liabilities (Contd.)

		As at March 31, 2022	As at March 31, 2021
		₹ crore	₹ crore
c)	Indirect exposures of the Group:

	Mandakini Coal Company Ltd.	2,00,43,000	2,00,43,000
	Itezhi Tezhi Power Corporation	4,52,500	4,52,500

- d) i) The erstwhile Central Electricity Supply Utility of Orissa (CESU) had filed an application to Regional Provident Fund Commissioner, Bhubaneswar (RPFC) for exemption from applicability of the Employees Provident Funds and Miscellaneous Provisions Act, 1952 for which adjudication is pending. Although the adjudication for exemption was pending, RPFC vide its assessment order dated 13th October, 2014 raised a total demand of ₹ 551.62 crore (₹ 279.39 crore dues for non-remittance of Employer and Employee contribution to RPFC and ₹ 272.23 crore as interest) on CESU for the period from November, 1997 to December, 2011. CESU had filed writ petition against the order of RPFC which is pending at High Court.

Based on a legal opinion, the subsidiary company is of the view that it has a strong case against the demand of ₹ 551.62 crore (November 1997 till December 2011) plus any further demand, if raised by RPFC (January 2012 – May 2020) and accordingly, no provision has been recognized in respect of the same. These cases are for pre acquisition period and any obligation arising there on will be pass through to the consumer and not have any adverse impact on financial position or financial performance of the subsidiary company.

- ii) Central Electricity Supply Utility of Orissa (CESU) had entered into agreement with distribution franchisees namely Riverside Utilities Private Limited ('RUPL') and Seaside Utilities Private Limited ('SUPL') on January 30, 2013. As per the terms of agreement, franchisees were responsible for carrying out all commercial activities including certain performance parameters such reduction of AT&C losses, smart metering, minimum capital expenditure, timely collection etc. However, due to poor performance of RUPL/SUPL and non-compliance of the terms of agreement, erstwhile CESU did not extend franchisee period. Writ petition was filed by the franchisees before the Hon'ble Orissa High Court for renewal of existing franchise agreements along with the total claim of ₹ 403.98 crore (₹ 301.75 crore by RUPL and ₹ 102.23 crore by SUPL). CESU had filed a counter claim of ₹ 598.89 crore (₹ 396.87 crore against RUPL and ₹ 202.02 crore against SUPL). The matter is currently pending before Arbitration Tribunal for adjudication.

Based on merits of the matter, the subsidiary Company is of the view that it has a strong case and accordingly, no provision has been recognized in respect of the same. However, at the same time, subsidiary company has taken over the Utility of CESU with a clean balance sheet as per the Vesting Order dated 26.05.2020, these cases are for pre acquisition period and any obligation arising there on will be pass through to the consumer and not have any adverse impact on financial position or financial performance of the subsidiary company.

- e) The Group has acquired 51 % stake in TP Central Odisha Distribution Ltd. ('TPCODL'), TP Western Odisha Distribution Ltd. ('TPWODL'), TP Southern Odisha Distribution Ltd. ('TPSODL') and TP Northern Odisha Distribution Ltd. ('TPNODL') to carry out the function of distribution and retail supply of electricity covering the distribution circles of central, western, southern and northern parts of Odisha. Pursuant to these acquisition and as per the terms of the vesting order, the Group has issued bank guarantee to Odisha Electricity Regulatory Commission ('OERC') of ₹ 150.00 crore, ₹ 150.00 crore, ₹ 100.00 crore, and ₹ 150.00 crore respectively.

The Group, in respect of the above mentioned Contingent Liabilities has assessed that it is only possible but not probable that outflow of economic resources will be required.

40. Other Disputes and Settlements

- a) With respect to Mundra Power Plant, the Group is required to comply with ash disposal requirements in accordance with the requirements of the Environment Clearance (EC) and the relevant notifications issued by the Ministry of Environment & Forests (MOEF) from time to time. On 12th February, 2020, National Green Tribunal (NGT) had passed an order prescribing the formula for determination of Environment Compensation for non-compliance. The order was subject to proceedings pending before the Hon'ble Supreme Court. The Supreme Court had granted an Interim Stay in the matter. On 31st December, 2021, MOEF issued a notification prescribing revised timelines and manner of utilization of legacy ash. The Group believes that it will be able to utilize the legacy fly ash within the revised applicable timeline. Accordingly, the Group has reversed the provision of ₹ 21.74 crore recognised in earlier years pursuant to the order passed by National Green Tribunal on 12th February, 2020.
- b) The Group had obtained 21.65 acres of land through registered lease deed for 33 years for setting up a solar power plant in Bihar. During the financial year 2018-19, the lease was treated by the Collector, Gaya as illegal for entering into lease without order of any competent authority, and was cancelled along with recovery of penal rent. The Group filed Writ Petition before the Patna High Court against the said Order. The Patna High Court stayed the operations of the Collectors Order and provided certain time to file the counter affidavit. The Respondent ('State of Bihar') has filed the counter affidavit on February 2019 and now the matter is pending for argument. The Group is of the view that it has a good case with likelihood of liability or any loss arising out of the said cancellation being remote. Accordingly, pending settlement of the legal dispute, no adjustment has been made in the financial statements for the year ended March 31, 2022.
- c) The liability stated in the opening Balance Sheet of one of the subsidiary company as per the Transfer Scheme as on 1st July, 2002 in respect of consumers' security deposit was ₹ 10.00 crore. The subsidiary company had engaged an independent agency to validate the sample data in digitized form of consumer security deposit received by the erstwhile Delhi Vidyut Board (DVB) from its consumers. As per the validation report submitted by this agency the amount of security deposit received from consumers aggregated to ₹ 66.71 crore. The subsidiary company has been advised that as per the Transfer Scheme, the liability in excess of ₹ 10.00 crore towards refund of the opening consumer deposits and interest thereon is not to the account of the Group. Since the Government of National Capital Territory of Delhi (GNCTD) was of the view that the aforesaid liability is that of the Group, the matter was referred to Delhi Electricity Regulatory Commission (DERC). During the year 2007-08, DERC vide its letter dated 23rd April, 2007 conveyed its decision to the GNCTD upholding the Group's view. As GNCTD has refused to accept the DERC decision as binding on it, the subsidiary company has filed a writ petition in the Hon'ble Delhi High Court and the matter was made regular on 24th October, 2011. No stay has been granted by the High Court in the matter for refund of consumer security deposits and payment of interest thereon.
- d) The Group supply solar power to Tamil Nadu Generation and Distribution Corporation Limited ('TANGEDCO') against long term Power Purchase Agreements (PPAs). As per the said PPAs, the Group is entitled to receive consideration for all energy units supplied and billed. However, whilst effecting payments to the Group, TANGEDCO has disputed and is not making payment for energy units supplied and billed in excess of 19% Capacity Utilisation Factor (CUF) in accordance with its internal circular. The National Solar Energy Federation of India (NSEFI) has filed the writ petition with Tamil Nadu Electricity Regulatory Commission (TNERC) challenging the said circular issued by TANGEDCO on behalf of generators who have commissioned solar power plants and impacted by the said circular. The Tata Power Company Limited, ultimate holding company of the group, is also a Member of NSEFI and thereby party to petition filed by NSEFI. The TNERC has now issued Order dated 22nd December 2020 on the petition filed by the NSEFI and decided the matter in favour of TANGEDCO. The Group has challenged the ruling of TNERC at the Appellate Tribunal for Electricity (ATE) through NSEFI. Based on legal assessment, the management of the Group is confident of getting a favourable order.

With respect to above dispute, the Group has a trade receivable balance of ₹ 109.77 crore for such excess units as on March 31, 2022 (March 31, 2021 - ₹ 90.85 crore). The Group has also recognised a revenue of ₹ 18.92 crore (March 31, 2021 - ₹ 2.93 crore) for such excess units as on 31st March 2022. Considering signed PPA and its independent legal evaluation, the Group believes that these amounts are fully recoverable along with interest and no provision has been recognized in the consolidated financial statements.
- e) The Group entered into long-term Power Purchase Agreements ("PPAs") of 200 MW wind and solar plant with the Southern Power Distribution Company of Andhra Pradesh Limited ("APSPDCL" or "APDISCOM") to supply power that is valid for a period of 25 years. APDISCOM issued letters dated 12th July, 2019 to the Group requesting for revision of tariffs previously agreed as per the PPAs to ₹ 2.44 per unit. Since the Group and other power producers did not agree to the rate revision, APDISCOM referred the matter to the Andhra Pradesh Electricity Regulatory Commission (the "APERC") for revision of tariffs.

40. Other Disputes and Settlements (Contd.)

The Group had filed a writ petition on 30th July, 2019 before the Andhra Pradesh High Court ("AP High Court") challenging the Government of Andhra Pradesh and the said letters issued by APDISCOM for renegotiation of tariffs. The AP High Court has issued its order dated 24th September, 2019 whereby it allowed the writ petition and also instructed APDISCOM to honour pending and future bills but to pay them at a rate of ₹ 2.44 per unit (as against the billed rate) and referred the matter back to APERC to conclude the rate. Thereafter, the Group had filed an appeal in AP High Court in front of two members bench challenging the matter being referred to the APERC.

AP High Court, vide its judgement dated 15th March, 2022 has set aside the Order passed by the single Judge fixing the interim rate or interim tariff of ₹ 2.44 per unit for solar power plants and ₹ 2.43 per unit for wind power plants. It has directed for payment of all the pending and future bills by APDISCOM at the rate mentioned in the PPA's within a period of six weeks from the order date. However, till date, APDISCOM has neither appealed against the said Order nor preferred payment of the dues of the generators in compliance of the said Order. The Group has recognised a revenue of ₹ 179.24 crore (March 31, 2021 - ₹ 174.03 crore) for the year ended March 31, 2022 and has a trade receivable balance of ₹ 444.90 crore (March 31, 2021 - ₹ 341.16 crore) as on March 31, 2021 from sale of electricity against such PPAs. Out of this trade receivable balance, ₹ 390.11 crores as on March 31, 2022 (March 31, 2021 ₹ 281 crores), pertains to the amount in excess of ₹ 2.43/ ₹ 2.44 per unit related to tariff renegotiations as stated above. Considering signed PPA, interim order passed by the AP High Court, and its internal legal evaluation, the management believes that it has a strong case and hence no adjustment has been made in the consolidated financial statements.

- f) In the earlier year, the Group had recognised an expense of ₹ 276.35 crore net of amount recoverable from customers including adjustment with consumer reserve in relation to Hon'ble Supreme Court's judgement on standby litigation.

Further in the earlier year, Maharashtra Electricity Regulatory Commission (MERC) vide its order dated 30th March, 2020 had allowed the recovery of part of the standby charges amount from the consumers. In the previous year, MERC vide its order dated 21st December, 2020, has revised its earlier order and disallowed the recovery of the said amount. Consequently, the Group has recognized an expense of ₹ 109.29 crore (including carrying cost) and disclosed as an exceptional item.

- g) One of the subsidiary company had introduced a Voluntary Separation Scheme (VSS) for its employees in December 2003, in response to which initially 1,798 employees were separated. The early retirement of these employees led to a dispute between the subsidiary company and the Delhi Vidyut Board (DVB) Employees Terminal Benefit Fund, 2002 ('the Trust') with respect to pay-out of retirement benefits that these employees were eligible for. The Trust is of the view that its liability to pay retiral benefits arises only on the employee attaining the age of superannuation or on death, whichever is earlier.

The subsidiary company filed a writ petition with the Hon'ble Delhi High Court which pronounced its judgement on 2nd July, 2007 on this issue and provided two options to the Discoms for paying retiral benefits to the Trust. The subsidiary company chose the option whereby the Discoms were required to pay to the Trust an 'Additional Contribution' on account of premature pay-out by the Trust which shall be computed by an Arbitral Tribunal of Actuaries to be appointed within a stipulated period. The matter was further challenged by the Trust before Hon'ble Supreme Court, however, no interim relief has been granted by the Hon'ble Supreme Court. Till date no Arbitral Tribunal of Actuaries has been appointed and therefore, no liability has been recorded based on option chosen by the subsidiary company.

While the above referred writ petition was pending, the subsidiary company had already advanced ₹ 77.74 crore to the Special Voluntary Retirement Scheme Retirees Terminal Benefit Fund, 2004 Trust (SVRS Trust) for payment of retiral dues to separated employees. In addition to the payment of retiral benefits/residual pension to the SVRS Trust, in pursuant to the order of the Hon'ble Delhi High Court dated 2nd July, 2007 the subsidiary company also paid interest @ 8% per annum, ₹ 8.01 crore in the financial year 2008-09 thereby increasing the total contribution to the SVRS Trust to ₹ 85.76 crore recognised as recoverable from SVRS Trust. As the subsidiary company was entitled to get reimbursement against advanced retiral benefit amount on superannuation age, the subsidiary company had recovered/adjusted ₹ 85.50 crore as at March 31, 2022 (as at March 31, 2021 ₹ 85.47 crore), leaving a balance recoverable ₹ 0.26 crore as at March 31, 2022 (as at March 31, 2021 ₹ 0.29 crore) from the SVRS Trust which includes current portion of ₹ 0.04 crore (as at March 31, 2021 ₹ 0.03 crore).

- h) In the earlier years, Maharashtra Electricity Regulatory Commission had disallowed certain costs amounting to ₹ 503 crore (adjusted upto the current year) (March 31, 2021 - ₹ 419 crore) recoverable from consumers in the tariff true up order. The Group has filed appeal against the said order to Appellate Tribunal for Electricity which is pending for final disposal. The Group believes it has a strong case and accordingly no adjustment is required.

40. Other Disputes and Settlements (Contd.)

- i) In an earlier year, Maharashtra Electricity Regulatory Commission has disallowed carrying cost and other costs amounting to ₹ 269 crore (31st March, 2021 - ₹ 269 crore) which was upheld by the Appellate Tribunal for Electricity (ATE). The Group has filed Special Leave Petition (SLP) against the order of ATE with the Supreme Court which is pending for final disposal. The Group believes it has a strong case and accordingly no adjustment is required.
- j) The Hon'ble Appellate Tribunal for Electricity (APTEL), vide its order dated 27th April, 2021 allowed the appeal with respect to certain claims related to change in law for Mundra Power Plant. Accordingly, the Group has recognized an income amounting to ₹ 351.79 crore during the year ended March 31, 2022 comprising of ₹ 279.87 crore classified as Revenue from Operations (including an amount of ₹ 268.94 crore relating to earlier years) and ₹ 71.92 crore classified as Other Income (including an amount of ₹ 58.82 crore relating to earlier years). The Consumer has litigated the said order in the Supreme Court. The Group believes it has a strong case and does not expect any significant reversal of revenue.
- k) The Group owns and operates 149MW solar power plants in the state of Tamil Nadu through its wholly owned subsidiary Walwhan Renewable Energy Ltd. (WREL). There has been arbitrary and unjustified backdown since commissioning of the said plants. The Appellate Tribunal (ATE) vide its Judgement dated 2nd August 2021, held that for the period March 2017 to October 2020, Company shall receive Deemed Generation Charges at the rate of 75% of the PPA Tariff along with interest. Accordingly, based on said order and legal opinion obtained, the Group has recognized for ₹ 20.14 crores (including ₹ 18.72 crore pertaining to earlier years) towards generation losses on account of curtailment till date.
- l) On account of force majeure events beyond the control of the Group, there was a time overrun in setting up its 84 MW solar power plants in the state of Karnataka and accordingly the Group had requested for extension of Schedule Date of Commissioning (SCOD) which was duly recommended to Karnataka Electricity Regulatory Commission (KERC) by the Distribution Licensee (BESCOM). However, KERC not accepted the Group request and reduced the tariff as agreed in the PPA due to delay in the commissioning. Group filed petition before Appellate Tribunal for Electricity (ATE) against the said reduction in tariff and ATE vide its Order dated 12th April, 2022, has ruled in favour of the Group and issued directions to restore tariffs as per PPA and to compensate for the arrears along with carrying costs thereon. Accordingly, the Group has recognized additional revenue aggregating to ₹ 44.29 crore during the year ended March 31, 2022 (Including ₹ 36.57 crore pertaining to earlier years).
- m) In relation to the Power Purchase Agreement (PPA) signed with Gujarat Urja Vikas Nigam Ltd. (GUVNL) for 300 MW Dholera solar power plants in Gujarat, the Group had entered into an Implementation and Support Agreement (ISA) with Gujarat Power Corporation Ltd. (GPCL) for evacuation facilities and maintenance of transmission lines. On Scheduled Commercial Operation Date (SCOD) plants were ready for synchronization but power evacuation infrastructure were not made available by GPCL. The Group has sought compensation for the revenue losses suffered by the Group on account of delay in constructing power evacuation infrastructure.

Based on the legal opinion obtained and remedies available to the Group for delay in constructing power evacuation infrastructure as per the PPA and ISA, the Group has recognized Revenue from Operations for the year ended March 31, 2022 amounting to ₹ 57 crore. The Group does not expect any significant reversal in the amount recognised as revenue.

- n) In January 2017 and March 2017, the Group had commissioned 100 MW Nimbagallu wind farm in state of Andhra Pradesh. The entire capacity of the plant is connected to Uravakonda Grid substation (GSS). Post commissioning of the plant, AP State Load Despatch Centre (APSLDC) and Transmission Corporation of Andhra Pradesh (AP Transco) have resorted to arbitrary backdowns. As per the Power Purchase Agreement, the responsibility of the transmission of power beyond the Interconnection Point is of the Discom viz. Southern Power Distribution Company Limited of Andhra Pradesh (APSPDCL) / AP Transco and that they would be responsible for the availability or non-availability of the transformers at Uravakonda GSS. The Group had filed a petition before the Andhra Pradesh Electricity Regulatory Commission (APERC) for appropriate directions for APSPDCL, APSLDC and APTRANSCO to compensate for the loss of revenue of account of such non-availability of power transmission infrastructure. As on the date of approval of these financial statements, petition is pending for consideration.

As per various orders by judicial authorities in other cases and legal opinion obtained, Group believes that the Group is entitled for the deemed generation charges on account of non-availability of power transmission infrastructure. Accordingly, the Group has recognized Revenue from Operations for the year ended 31st March, 2022 aggregating to ₹ 50.58 crore (Including ₹ 45.02 crores pertaining to prior years).

40. Other Disputes and Settlements (Contd.)

- o) The Group through one of its subsidiary, Tata Power Renewable Energy Limited (TPREL) has received an Order issued by Karnataka Electricity Regulatory Commission (KERC) in April 2022, for mechanism towards recovery of increase in capital cost incurred due to introduction and imposition of Safeguard Duty (SGD) due to MoF notification of 2018. This being a Change in Law event under the provisions of the PPA's entered by the Group for its 250 MW solar power plants in Karnataka, needs to be compensated by the Discoms along with carrying cost on the amounts due. Accordingly, based on the above KERC Order, an additional Revenue from operations of ₹ 32.75 crores (including ₹ 17.77 crore pertaining to earlier years) has been recognized for the year ended March 31, 2022.
- p) The Group operates 99 MW wind farm at Poolavadi in Tamil Nadu of which 49.5 MW is under REC scheme. The billing under REC scheme should take place based on Average Pooled Power Purchase Cost (APPCC) rates as periodically fixed by Tamil Nadu Electricity Regulatory Commission (TNERC). However, in practice, specific lower rates were communicated by TANGEDCO basis which invoices were raised by all developers from Financial Year 2013. TNERC has recently issued favourable order in for another developer (based on the earlier ATE Order for another developer), wherein it has upheld the contention of the developer and allowed the recovery of differential rate from TANGEDCO in a time bound manner along with applicable interest rate. Accordingly, on basis of above favorable order, during the year, the Group has recognized for differential revenue aggregating to ₹ 26.20 crore pertaining to prior years.
- q) The Group through one of its subsidiary TPREL entered into a settlement agreement with a wind plant operator for damages arising from contractual shortfall in machine availabilities resulting in generation loss from financial year 2018 to 2020. Accordingly, the compensation received of ₹ 18.28 crore (amount pertaining to earlier years) is recognized as revenue from operations.
- r) During year ended March 31, 2022, the Group has received Notice of Arbitration (NoA) filed by Kleros Capitals to commence arbitration in Singapore International Arbitration Centre (SIAC) against the Group. The NoA is served pursuant to alleged breach of various sections of Non disclosure agreements (NDA) entered by the Group in earlier years and circumvention of Kleros's economic interests in addition to loss of profits. The Group believes that there has been no use of confidential data and there was no breach to sections of NDA. Based on above assessment and legal opinion obtained, the Group strongly believes that there is strong case and hence no provision is required for the concerned matter of arbitration.
- s) (i) In respect of the Group's power distribution business in Delhi, Delhi Electricity Regulatory Commission (DERC) vide its order dated 30th September, 2021 has trued up regulatory deferral account balance up to 31st March, 2020 at ₹1,762.81 crore as against ₹4,919.26 crore as per financial books of accounts excluding amount recoverable towards deferred tax liabilities of ₹ 302.60 crore. The difference in regulatory deferral account is largely due to provisional truing up of capitalisation, disallowance of de-capitalised property, plant and equipment, its corresponding impact on return on capital employed (ROCE), income tax and carrying cost. These disallowances have already been challenged in APTEL for amount disallowed up to FY 2019-20. The difference in regulatory deferral account is also due to pending implementation of Rithala tariff order issued by the DERC vide order dated 11th November, 2019 and partial allowance of approved Rithala plant cost which is under challenge with APTEL and delay in execution of other previous review/APTEL appeal orders.

The Group had filed a stay petition seeking stay of tariff order with APTEL due to certain arbitrary disallowances by DERC in its latest tariff order dated 30th September, 2021 and also filed appeal with APTEL against the disallowances. On 21st January, 2022 as an interim measure, a stay order was granted by APTEL on the operation of tariff order dated 30th September, 2021 till further notice and based on legal opinion taken from the counsel, there is likelihood of success in appeal therefore no material adjustments are expected in the carrying value of the Regulatory deferral account balance on account of implementation of tariff order dated 30th September, 2021. Accordingly, no adjustment has been made in the Regulatory deferral account balance in the books based on latest tariff order dated 30th September, 2021, till the conclusion of the above petition.

On the issue of provisional true up of capitalisation, DERC has shared preliminary draft report of physical verification of fixed asset for the period FY 2004-05 to FY 2015-16. The Group after analysing the draft report have submitted the response along with necessary documents in support of capitalisation on 29th December, 2020 and further action on the same is awaited from DERC. The true up of capitalisation for FY 2017-18 has been completed by DERC. For the financial years FY 2016-17, FY 2018-19 and FY 2019-20 the physical verification and true up of capitalisation are in progress.

40. Other Disputes and Settlements (Contd.)

(ii) The regulatory deferral account balance as on 31st March, 2020 as per financial books of account was ₹ 4,919.26 crore, excluding amount recoverable towards deferred tax liabilities of ₹ 302.60 crore, which is not being liquidated for a long time. Such accumulation of regulatory deferral account has been due to non-availability of cost reflective tariff year on year. On this issue, the Company had filed a petition with the DERC on 8th March, 2021 seeking for a roadmap to liquidate regulatory deferral account in a time bound manner, which was dismissed by DERC with no relief. Further, the Group has challenged the order of DERC before Supreme Court on 6th September, 2021, which has been admitted and the hearing is in progress.

41. Earnings Per Share (EPS)

Accounting Policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

* Interest accrued on Non-Convertible debenture has been considered under Fixed / Floating rate borrowings

other than investments accounted for Equity Method

The management assessed that the fair value of cash and cash equivalents, other balances with bank, trade receivables, loans, finance lease receivables, unbilled revenues, trade payables, other financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values.

- Fair value of the quoted bonds, mutual funds, government securities are based on the price quotations near the reporting date. Fair value of the unquoted equity shares have been estimated using a Discounted Cash Flow (DCF) model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for those unquoted equity investments.

- The fair value of the FVTOCI financial assets are derived from quoted market price in active markets and unobservable inputs.
- The Group enters into derivative financial instruments with various counterparties, principally banks and financial institutions with investment grade credit ratings. Interest rate swaps, foreign exchange forward and option contracts are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rate curves of the underlying currency. All derivative contracts are fully collateralized, thereby, eliminating both counterparty and the Group's own non-performance risk. As at March 31, 2022, the marked-to-market value of derivative asset positions is net of a credit valuation adjustment attributable to derivative counterparty default risk.
- The fair value of unquoted instruments, loans from banks and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flow using rates currently available for debt on similar terms, credit risk and remaining maturities.
- The cost of certain unquoted investments approximate their fair value because there is a wide range of possible fair value measurements and the cost represents the best estimate of fair value within that range.

Reconciliation of Level 3 fair value measurement of unquoted equity shares. (Refer Note below)

	Unlisted shares irrevocably designated as at FVTOCI		Unlisted shares carried at FVTPL	
	For the year ended March 31, 2022	For the year ended March 31, 2021	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore	₹ crore	₹ crore
Opening balance	439.02	397.71	0.16	0.16
Gain/(Loss)				
- in other comprehensive income	Nil	21.51	Nil	Nil
- in profit or loss	Nil	Nil	Nil	Nil
- changes on purchase of equity shares	Nil	19.80	Nil	Nil
Closing balance	439.02	439.02	0.16	0.16

Note:

- Certain unquoted investments are not held for trading, instead they are held for medium or long term strategic purpose. Upon the application of Ind AS 109, the Group has chosen to designate these investments in equity instruments as at FVTOCI as the directors believe this provides a more meaningful presentation for medium and long- term strategic investments, then reflecting changes in fair value immediately in profit or loss.
- Unlisted shares irrevocably designated as at FVTOCI includes certain investments whose cost approximates to their fair value because there is a wide range of possible fair value measurements and their cost represents the best estimate of fair value within that range. Such investments have been excluded for quantitative sensitivity analysis as disclosed below.
- All gains and losses included in other comprehensive income relate to unlisted shares held at the end of the reporting period and are reported under "Equity Instruments through Other Comprehensive Income".

The significant unobservable input used in the fair value measurement categorized within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31st March, 2022 and 31st March, 2021 are as shown below:

Description of significant unobservable inputs to valuation:

	Valuation techniques	Significant unobservable inputs	Sensitivity of the input to fair value
Investments in unquoted equity shares	Price of recent transaction (PORT)	Transaction price	5% (March 31, 2021: 5%) increase (decrease) in the transaction price would result in increase (decrease) in fair value by ₹ 6.35 crore (March 31, 2021: ₹ 6.35 crore)

The discount for lack of marketability represents the amount that the Group has determined that market participants would take into account when pricing the investments.

43. Financial Instruments (Contd.)

43.2 Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Quoted prices in an active market (Level 1): Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. This includes quoted equity instruments, government securities, quoted borrowings (fixed rate) and mutual funds that have quoted price.

Valuation techniques with observable inputs (Level 2): Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This includes derivative financial instruments and unquoted borrowings (fixed and floating rate).

Valuation techniques with significant unobservable inputs (Level 3): Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This includes unquoted equity shares and contingent consideration receivable.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required) :

	Date of valuation	Fair value hierarchy as at March 31, 2022

Note: There has been no transfer between level 1 and level 2 during the period.

43.3 Capital Management & Gearing Ratio

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximize the shareholder value. The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. From time to time, the Group reviews its policy related to dividend payment to shareholders, return capital to shareholders or fresh issue of shares. The Group monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio between 60% and 80% at consolidated level. The Group includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents, excluding discontinued operations as detailed in the notes below.

The Group's capital management is intended to create value for shareholders by facilitating the meeting of its long-term and short-term goals. Its Capital structure consists of net debt (borrowings as detailed in notes below) and total equity.

Gearing ratio

The gearing ratio at the end of the reporting period was as follows:

The gearing ratio at the end of the reporting period was as follows:	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Debt (i)	48,406.25	44,009.95
Less: Cash and Bank balances	6,621.41	5,851.60
Net debt	41,784.84	38,158.35
Capital (ii)	22,441.56	22,322.26
Capital and net debt	64,226.40	60,480.61
Net debt to Total Capital plus net debt ratio (%)	65.06	63.09

43. Financial Instruments (Contd.)

- (i) Debt is defined as Non-current borrowings (including current maturities) and Current borrowings (excluding derivative, financial guarantee contracts and contingent considerations) and interest accrued on Non-current and Current borrowings.
- (ii) Capital is defined as Equity share capital, Unsecured perpetual securities and other equity including reserves and surplus.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no significant breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and 31st March, 2021.

43.4 Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise borrowings, trade and other payables, financial guarantee contracts and other financial liabilities. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include loans, trade and other receivables, cash and cash equivalents, other bank balances, unbilled receivables, finance lease receivables and other financial assets that derive directly from its operations. The Group also holds FVTOCI/FVTPL investments and enters into derivative transactions.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is supported by a risk committee that reviews the financial risks and the appropriate financial risk governance framework for the Group. The Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The risk management policy is approved by the board of directors, which is summarized below.

43.4.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risk: currency risk, interest rate risk and equity price risk. The impact of equity price risk is not material. Financial instruments affected by market risk include loans and borrowings, derivative financial instruments and FVTOCI investments.

The sensitivity analysis in the following sections relate to the position as at March 31, 2022 and March 31, 2021.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at March 31, 2022. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations.

a. Foreign currency risk management

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group is exposed to foreign exchange risk through its operations in international projects and purchase of coal from Indonesia and elsewhere and overseas borrowings. The results of the Group's operations can be affected as the rupee appreciates/depreciates against these currencies. The Group enters into derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

When a derivative is entered into for the purpose of being a hedge, the Group negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

43. Financial Instruments (Contd.)

The following table analyzes foreign currency assets and liabilities on balance sheet dates:

Foreign Currency Liabilities	As at March 31, 2022		As at March 31, 2021	
	Foreign Currency (In Millions)	₹ crore	Foreign Currency (In Millions)	₹ crore
In USD	672.71	5,098.18	200.90	1,468.86
In EURO	0.24	2.03	0.09	0.75
In GBP	0.06	0.64	Nil	Nil
In JPY	2.73	0.17	5.90	0.39
In SGD	0.04	0.22	Nil	Nil

Foreign Currency Assets	As at March 31, 2022		As at March 31, 2021	
	Foreign Currency (In Millions)	₹ crore	Foreign Currency (In Millions)	₹ crore
In USD	5.83	44.15	3.09	22.62
In ZAR	0.02	0.01	0.41	0.20
In VND	3.37	*	56.76	0.02
In TAKA	Nil	Nil	0.20	0.02

* Denotes figures below 50,000/-

(i) Foreign currency sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Group's profit before tax and impact on equity is due to changes in the fair value of monetary assets and liabilities as under.

		Effect on Equity (not adjusted for tax)	Effect on profit before tax
		₹ crore	₹ crore
As of March 31, 2022	Rupee depreciate by ₹ 1 against USD	(-) ₹ 66.69	(-) ₹ 40.44
	Rupee appreciate by ₹ 1 against USD	(+) ₹ 66.69	(+) ₹ 40.44
As of March 31, 2021	Rupee depreciate by ₹ 1 against USD	(-) ₹ 19.78	(-) ₹ 9.80
	Rupee appreciate by ₹ 1 against USD	(+) ₹ 19.78	(+) ₹ 9.80

Notes:

- +/- Gain/Loss
- The impact of depreciation / appreciation on foreign currency other than USD on profit before tax of the Group is not significant.

(ii) Derivative financial instruments

The Group holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rate on foreign currency exposure. The counterparty for these contracts is generally a Bank or a Financial Institution. These derivative financial instrument are valued based on quoted prices for similar asset and liabilities in active markets or inputs that is directly or indirectly observable in the marketplace.

43. Financial Instruments (Contd.)

The following table gives details in respect of outstanding foreign exchange forward and option contracts:

Outstanding Contracts	Buy/ Sell	As at March 31, 2022		
		Foreign Currency (in millions)	Nominal Value in	Fair Value in
			₹ crore	₹ crore
Other Derivatives				
Forward contracts				
In USD	Buy	782.68	5,931.65	(35.83)
Option contracts				
In USD	Buy	27.02	204.77	(0.03)
	Buy/ Sell	As at March 31, 2021		
		Foreign Currency (in millions)	Nominal Value in	Fair Value in
			₹ crore	₹ crore
Other Derivatives				
Forward contracts				
In USD	Buy (Net)	1,057.32	7,730.30	(181.45)

Note: Fair Value in brackets denotes liability.

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Group's profit before tax and impact on equity is due to changes in the fair value of non-designated foreign currency forward and option contracts given as under.

		Effect on Equity (not adjusted for tax)	Effect on profit before tax
		₹ crore	₹ crore
As of March 31, 2022	Rupee depreciate by ₹ 1 against USD	(+) ₹ 80.97	(+) ₹ 33.34
	Rupee appreciate by ₹ 1 against USD	(-) ₹ 80.97	(-) ₹ 33.34
As of March 31, 2021	Rupee depreciate by ₹ 1 against USD	(+) ₹ 105.73	(+) ₹ 16.34
	Rupee appreciate by ₹ 1 against USD	(-) ₹ 105.73	(-) ₹ 16.34

b. Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Group's policy is to keep upto 50% of its borrowings at fixed rates of interest. To manage this, the Group enters into fixed rate loan, Bonds and interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

(i) Interest rate sensitivity:

The sensitivity analysis below have been determined based on exposure to interest rates for term loans and debentures at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in case of term loans and debentures that have floating rates.

If the interest rates had been 50 basis points higher or lower and all the other variables were held constant, the effect on Interest expense for the respective financial years and consequent effect on Group's profit in that financial year would have been as below:

	As at March 31, 2022		As at March 31, 2021	
	50 bps increase	50 bps decrease	50 bps increase	50 bps decrease
	₹ crore	₹ crore	₹ crore	₹ crore
Interest expense on loan	(+) ₹ 151.94	(-) ₹ 151.94	(+) ₹ 117.15	(-) ₹ 117.15
Effect on Equity (not adjusted for tax) / Profit before tax	(-) ₹ 151.94	(+) ₹ 151.94	(-) ₹ 117.15	(+) ₹ 117.15

43. Financial Instruments (Contd.)

(ii) Interest rate swap contracts:

An interest rate swap is an agreement between two counterparties in which one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps usually involve the exchange of a fixed interest rate for a floating rate, or vice versa, to reduce or increase exposure to fluctuations in interest rates or to obtain a marginally lower interest rate than would have been possible without the swap. Interest rate swaps are the exchange of one set of cash flows for another.

The following table gives details in respect of outstanding receive floating pay fixed contracts:

		Less than 1 year	1 to 5 years	5 years +
		USD in Millions	USD in Millions	USD in Millions
31st March 2022	Nominal amounts	Nil	100	Nil
	Fair value assets (liabilities)	Nil	4.18	Nil
31st March 2021	Nominal amounts	100	Nil	Nil
	Fair value assets (liabilities)	9.25	Nil	Nil

43.4.2 Credit risk management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including loans, foreign exchange transactions and other financial instruments.

	As at March 31, 2022	As at March 31, 2021
	₹ crore	₹ crore
Trade Receivables	6,665.52	5,804.79
Loans	12.79	12.23
Finance Lease Receivables	635.60	640.06
Other Financial Assets (including derivatives contracts)	2,185.98	2,248.86
Held for Sale Financial Assets	22.83	201.51
Unbilled Revenue	2,285.57	1,591.14
Total	11,808.29	10,498.59

Refer Note 9 for credit risk and other information in respect of trade receivables. Other receivables as stated above are due from the parties under normal course of the business and as such the Group believes exposure to credit risk to be minimal. The Group has not acquired any credit impaired asset.

43.4.3 Liquidity risk management

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Having regards to the nature of the business wherein the Group is able to generate fixed cash flows over a period of time and to optimize the cost of funding, the Group, from time to time, funds its long-term investment from short-term sources. The short-term borrowings can be rollforward or, if required, can be refinanced from long term borrowings. Hence, the Group considers the liquidity risk as low.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

	Up to 1 year	1 to 5 years	5+ years	Total	Carrying Amount
	₹ crore	₹ crore	₹ crore	₹ crore	₹ crore
March 31, 2022					
Non-Derivatives					
Borrowings #	19,252.72	27,197.13	22,107.34	68,557.19	48,406.25
Trade Payables	10,459.60	Nil	Nil	10,459.60	10,459.60
Lease Liabilities	421.40	2,136.71	7,046.12	9,604.23	3,605.12
Other Financial Liabilities	8,774.92	98.92	1,057.64	9,931.48	9,931.48
Total Non-Derivative Liabilities	38,908.64	29,432.76	30,211.10	98,552.50	72,402.45
Derivatives					
Other Financial Liabilities	40.79	Nil	Nil	40.79	40.79
Total Derivative Liabilities	40.79	Nil	Nil	40.79	40.79

43. Financial Instruments (Contd.)

	Up to 1 year	1 to 5 years	5+ years	Total	Carrying Amount
	₹ crore	₹ crore	₹ crore	₹ crore	₹ crore
March 31, 2021					
Non-Derivatives					
Borrowings #	15,655.90	26,668.34	19,143.30	61,467.54	44,009.95
Trade Payables	7,146.41	1.67	Nil	7,148.08	7,148.08
Lease Liabilities	413.01	1,528.20	7,655.21	9,596.41	3,537.31
Other Financial Liabilities	6,615.88	431.14	939.86	7,986.88	7,986.88
Total Non-Derivative Liabilities	29,831.20	28,629.35	27,738.37	86,198.91	62,682.22
Derivatives					
Other Financial Liabilities	192.51	Nil	Nil	192.51	192.51
Total Derivative Liabilities	192.51	Nil	Nil	192.51	192.51

The table has been drawn up based on the undiscounted contractual maturities of the financial liabilities including interest that will be paid on those liabilities upto the maturity of the instruments, ignoring the call and refinancing options available with the Group. The amounts included above for variable interest rate instruments for non-derivative liabilities is subject to change if changes in variable interest rate differ to those estimates of interest rates determined at the end of the reporting period.

44. Financial Ratios

SI No	Ratios	Numerator	Denominator	Note	As at March 31, 2022	As at March 31, 2021	% of Variance	Reason for Variance in excess of 25%
					₹ crore	₹ crore		
a)	Current Ratio (In times)	Current Assets	Current Liabilities	a	0.66	0.65	0.2%	
b)	Debt equity ratio (in times)	Total Debt	Total Equity	b	2.00	1.88	6.1%	
c)	Debt service coverage ratio (in times) (not annualised)	Profit before exceptional items & tax + interest expenses + depreciation & amortisation - current tax expense	Interest expense + scheduled principal repayment of long-term debt and lease liabilities during the period	c	1.03	0.94	9.9%	
d)	Inventory turnover (in number of days)	Average Inventories except Property under Development	Cost of goods sold	d	72.46	39.45	83.7%	The increase is mainly due to 1) higher quantity of inventory purchased towards the end of the year to meet the higher demand in the coming year and 2) additional inventory purchased towards the year end to meet the solar project implementation timelines
e)	Debtors turnover (in number of days)	Average trade receivable x number of days	Gross Sales		75.36	76.43	-1.4%	
f)	Trade payables turnover ratio	Average trade payable x number of days	Net credit purchases	g	100.02	94.06	6.3%	
g)	Net capital turnover ratio	Revenue from operation including net movement in Regulatory deferral balances	Working capital	h	(9.25)	(6.57)	41.0%	Improvement mainly due to increase in revenue from Odisha Discoms in financial year 2022 as compare to 2021.
h)	Net profit ratio (%) including exceptional item	Net Profit after Tax (including exceptional item)	Revenue including net movement in Regulatory deferral balances		5%	4%	17.0%	
i)	Net profit ratio (%) excluding exceptional item	Net Profit after Tax (excluding exceptional item)	Revenue including net movement in Regulatory deferral balances		7%	5%	26.8%	In FY22 net profit from continuing operation is higher by 77% mainly due to higher share of profit from Joint venture companies mainly on account of higher coal prices during the year.

43. Financial Ratios (Contd.)

Sl No	Ratios	Numerator	Denominator	Note	As at March 31, 2022	As at March 31, 2021	% of Variance	Reason for Variance in excess of 25%
					₹ crore	₹ crore		
j)	Return on Equity (%) (ROE)	Net Profits after taxes - Interest on Perpetual securities	Average Shareholder's Equity	e	8%	5%	54.3%	In FY22 net profit from continuing operation is higher by 77% mainly due to higher share of profit from Joint venture companies mainly on account of higher coal prices during the year.
k)	Return on Capital Employed (%) (ROCE)	Profit before tax and exceptional item + interest expense excluding interest on consumer security deposit	Average Capital employed (Shareholder's equity + Total Debt + Deferred tax liability)	f	9%	8%	11.9%	
l)	Return on investment	Interest income + Dividend income + Gain on fair value of current investment at FVTPL	Average (Investment + Fixed deposit+ Loans Given)	i	3%	3%	-2.8%	

Note:

- a Current Assets as per balance sheet, assets held for sale and current portion of regulatory assets
Current Liabilities as per balance sheet, liabilities classified as held for sale and current portion of regulatory liabilities
- b Total Debt: Long term borrowings (including current maturities of long term borrowings), lease liabilities (current and non current), short term borrowings and interest accrued on debts
Total Equity : Issued share capital, other equity, unsecured perpetual securities and non-controlling interest
- c For the purpose of computation, scheduled principal repayment of long term borrowings does not include prepayments (including prepayment by exercise of call/put option).
- d Cost of Goods Sold: Cost of Fuel, Raw Material Consumed, Purchase of Finished Goods and Spares, (increase)/ decrease in Stock-in-Trade and Work in Progress
- e Net Profit: Profit for the year attributable to Owners of the Company (including continuing and discontinuing operation) less interest on perpetual security
Shareholders Equity: Issued share capital and other equity (excluding unsecured perpetual securities and Non-Controlling Interest)
- f Shareholder's Equity: Issued share capital, other equity (excluding unsecured perpetual securities and non-controlling interest)
- g Net credit purchases comprise of (a) cost of power purchased; (b) cost of fuel; (c) Transmission charges; (d) Raw material consumed; (e) Purchases of finish goods and spares; (g) Other expenses excluding (i) Bad debts (including provision); (ii) Net loss on foreign exchange; (iii) CSR expenses; (iv) (Profit)/ loss on sale of NC investments in joint ventures accounted using equity method; (v) Transfer to contingency reserve
Trade Payable: as per balance sheet less employee related trade payables
- h Working Capital:
i) Current Assets: as per balance sheet, assets held for sale and regulatory assets (Current)
ii) Current Liabilities as per balance sheet (excluding current maturities of long term debt and lease liability and interest accrued on long-term debts), liabilities classified as held for sale and regulatory liability (Current)
- i > Interest Income:
Interest on bank deposits + Interest on non-current investment + Interest on loans given (subsidiaries, JV & Associates)
> Dividend Income from:
subsidiaries + JV & Associates + others equity investments designated as FVTOCI

45. Segment Reporting

Information reported to the Chief Operating Decision Maker (CODM) for the purpose of resource allocation and assessment of segment performance focuses on business segment which comprises of Generation, Renewables, Transmission & Distribution and Others. Specifically, the Group's reportable segments under Ind AS are as follows:

Generation: Comprises of generation of power from hydroelectric sources and thermal sources (coal, gas and oil) from plants owned and operated under lease arrangement and related ancillary services. It also comprises of coal - mining, trading, shipping and related infra business.

Renewables: Comprises of generation of power from renewable energy sources i.e. wind and solar. It also comprises EPC and maintenance services with respect to solar.

Transmission and Distribution: Comprises of transmission and distribution network, sale of power to retail customers through distribution network and related ancillary services. It also comprises of power trading business.

Others: Comprises of project management contracts/infrastructure management services, rooftop solar projects, electric vehicle charging stations, property development, lease rent of oil tanks and satellite communication.

Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reporting segment have been allocated on the basis of associated revenue/assets of the segment and manpower efforts. All other revenue/expenses which are not attributable or allocable to segments have been disclosed as unallocable. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable.

(a) Segment Information:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore

RECONCILIATION OF REVENUE

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Revenue from Operations	42,815.67	32,703.31
Add/(Less): Net Movement in Regulatory Deferral Balances	(380.42)	454.22
Add/(Less): Deferred Tax Recoverable/(Payable)	140.95	81.80
Add/(Less): Unallocable Revenue	(54.19)	(10.76)
Total Segment Revenue	42,522.01	33,228.57
Discontinued Operations- Others #	Nil	193.63
Total Segment Revenue as reported above	42,522.01	33,422.20

Pertains to Strategic Engineering Division being classified as Discontinued Operation and disposed of during the previous year ended March 31, 2021.

* Includes amount classified as held for sale other than Strategic Engineering Division.

Notes:

- Comparative figures for statement of profit and loss items are for the year ended March 31, 2021 and Balance Sheet items are as at March 31, 2021.
- Revenue from power distribution companies on sale of electricity with which Group has entered into a Power Purchase Agreement accounts for more than 10% of Total Revenue.
- Transfer pricing between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

45. Segment Reporting: (Contd.)

(b) Geographic Information:

The Group operates in two principal geographical areas - Domestic and Overseas

The Group's revenue from continuing operations from external customers by location of operations and information about its non-current assets by location of assets are detailed below:

Geographical Segment

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
	₹ crore	₹ crore
Revenue from External Customers		
Domestic	42,403.11	33,262.14
Overseas	118.90	160.06

47.2 Tata Power Renewable Energy Limited ("TPREL"), a wholly owned subsidiary and the Holding company have entered into binding agreements with Green Forest New Energies Bidco Ltd. (UK) ("GreenForest") to invest ₹ 4,000 crore (US\$ 525 million) by way of equity and compulsorily convertible instruments for a 10.53% stake in TPREL, translating to a base equity valuation of ₹ 34,000 crore. The final shareholding will range from 9.76% to 11.43% at the time of final conversion into equity shares. Green Forest is a consortium led by BlackRock Real Assets along with co-investor Mubadala Investment Company.

48. Business Combinations

48.1 Summary

During the year, pursuant to order issued by the Odisha Electricity Regulation Commission ('vesting order'), the Group has acquired distribution business of Northern Odisha through TP Northern Odisha Distribution Ltd. ('TPNODL') by way of acquisition of shares. Accordingly, the TPNODL is a licensee to carry out the function of distribution and retail supply of electricity covering the distribution circles of Northern Odisha for a period of 25 years.

Below are the details of subsidiary acquired:

Name of the acquired Subsidiary	Principal Activity	Date of Acquisition	Proportion of voting equity interest acquired
TPNODL	Distribution business of Northern Odisha	April 1, 2021	51%

The above subsidiary was acquired pursuant to order issued by Odisha Electricity Regulation Commission ('OERC') which is in line with Group's expansion plan for distribution business.

48.2 Consideration transferred and Net Assets acquired

The Group has accounted the acquisition of TPNODL in accordance with Ind AS 103 'Business Combination'. The details of the acquisition is as follows:

Particulars	₹ crore
Consideration transferred	191.25
Add: Non-Controlling Interest	122.50
Less: fair value of identifiable net assets acquired (Refer note 48.3 below)	(250.00)
Goodwill	63.75

Goodwill comprises the value of expected higher profitability on account of the acquisition. Non-controlling interest has been initially measured at proportionate share of TPNODL's net assets. Acquisition related costs amounting to ₹ 0.16 crore have been excluded from the consideration transferred and have been recognised as an expenses in consolidated profit and loss in the current year, under the head "Other expenses".

48.3 Details of assets acquired and liabilities recognised at the date of acquisition

The following table summarises the fair value of assets and liabilities as a part of business combination as per purchase price allocation in accordance with Ind AS 103 at the date of acquisition :

Particulars	₹ crore
Non-Current assets	Total
Property, Plant and Equipment	1,473.41
Capital Work-in-Progress	23.21
Other Financial assets	316.54
Non-Current Tax Assets	27.65
Other Non-Current Assets	16.37
Current assets	
Inventories	17.07
Cash and Cash Equivalents	306.63
Bank balances other than above	458.85
Other Financial Assets	7.26
Other Current Assets	31.96
Non-Current liabilities	
Other Non-Current Liabilities	(1,256.10)
Current Liabilities	
Borrowings	(370.05)
Trade Payables	(50.47)
Other Financial Liabilities	(729.24)
Other Current Liabilities	(23.09)
Fair value of Net Assets acquired	250.00

48. Business Combinations (Contd.)

48.4 Revenue and profit or loss of the acquiree since the acquisition date included in the consolidated statement of profit and loss of the Group:

Particulars	TPNODL
Revenue from Operations (Including Net Movement in Regulatory Deferral Balances)	2,722.46
Profit before tax	98.78

48.5 During the previous year, pursuant to orders issued by OERC, the Group had acquired distribution business of Central, Western and Southern Odisha through its three subsidiaries by way of acquisition of shares. Accordingly, the subsidiary companies are the licensees to carry out the functions of distribution and retail supply of electricity covering the distribution circles of Central, Western and Southern Odisha for a period of 25 years. The Group had accounted the acquisition in accordance with Ind AS 103 'Business Combination'. The details of the acquisition is as follows:

Particulars	₹ crore
Consideration transferred	561.00
Add: Non-controlling interest	392.00
Less: Fair value of identifiable net assets acquired	(800.00)
Goodwill	153.00

Whilst preparing financial statements for the year-ended March 31, 2021, the Group had accounted for business combination using provisional fair values. During the year, the subsidiary companies have received the Carve Out Order clarifying identification of assets and liabilities and carrying values of those assets and liabilities. The subsidiary companies have also completed fair valuation of assets and liabilities acquired. This has resulted in below changes in the assets and liabilities acquired by the subsidiary companies. There is no change in goodwill recognised on the acquisition date and also there is no impact on total equity and profit of the Group due to such adjustments.

The following table summarises change in fair value of the assets and liabilities recognized as a part of business combination upon finalisation of purchase price allocation in accordance with Ind AS 103:

Particulars	Provisional fair values reported in previous year	Fair values based on purchase price allocation	Change in acquisition values
	₹ crore	₹ crore	₹ crore
Non-Current assets			
Property, Plant and Equipment	3,745.23	4,035.11	(289.88)
Capital Work-in-Progress	1,121.01	632.37	488.64
Other Financial assets	328.23	310.08	18.15

Cash and Cash Equivalents	446.30	445.20	1.10
Bank balances other than above	2,058.85	2,363.66	(304.81)
Other Financial Assets (including Trade Receivables and Loans)	61.59	823.35	(761.76)
Other Current Assets	77.95	9.62	68.33
Non-Current liabilities			
Other Non-Current Liabilities	(4,034.48)	(4,945.54)	911.06
Other Financial Liabilities	(27.59)	(11.41)	(16.18)
Current Liabilities			
Borrowings	(667.01)	(667.01)	Nil
Trade Payables	(373.88)	(661.82)	287.94
Other Financial Liabilities	(2,086.63)	(1,700.82)	(385.81)
Other Current Liabilities	(82.47)	(118.00)	35.53
Fair value of Net Assets acquired	800.00	800.00	Nil

48. Business Combinations (Contd.)

48.6 Certain documents, information, records and reconciliations for the balances as at the acquisition dates are incomplete and have not been made available to the Group and the same is acknowledged in the Carve out order issued by OERC. The subsidiary Companies are in discussions with the erstwhile management and OERC for the resolution of such matters. Adjustments, if any, will be recognized post completion of such resolution. As per vesting order, any change in the value of assets and liabilities transferred on account of the reconciliation / resolution of said matters and/ or any other matter identified in future will be allowed to be recovered by the Group in the manner specified in the vesting order. Hence, the Group believes that the reconciliation/ resolution of the above matters will not have any impact on the financial position and financial performance of the Group as reflected in the financial statements.

49. Re-Statement

During the previous year, the Group has acquired 51% stake in in TP Central Odisha Distribution Limited ('TPCODL'), TP Western Odisha Distribution Limited ('TPWODL') and TP Southern Odisha Distribution Limited ('TPSODL'). Provisional figures of previous year presented with respect to the above subsidiaries have been restated. There is no impact on total equity and profit of the Group due to such adjustments.

51. Recent Pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022 as below:

Ind AS 103 - Business Combination

The amendments specifies that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Ind AS (Conceptual Framework), issued by the ICAI at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 - Property, Plant and Equipment (PPE)

The amendments clarifies that excess of net sale proceeds of items produced over the cost of testing while preparing the asset for its intended use (if any), shall not be recognise in the profit or loss but deducted from the directly attributable cost considered as part of cost of an item PPE. The Group has evaluated the amendment and there is no impact in recognition of its property, plant and equipment on its consolidated financial statements.

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability or to consider as modification of existing financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

52. The Code on Social Security, 2020

The Code on Social Security 2020 ('Code') has been notified in the Official Gazette on September 29, 2020. The Code is not yet effective and related rules are yet to be notified. Impact if any of the change will be assessed and recognized in the period in which said Code becomes effective and the rules framed thereunder are notified.

53. Other Statutory information

- (i) The Group do not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.
- (ii) The Group have not traded or invested in Crypto currency or Virtual Currency during the financial year.
- (iii) The Group have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) (other than subsidiaries) with the understanding (whether recorded in writing or otherwise) that the Group shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (iv) The Group have not advanced or loaned or invested funds to any person(s) or entity(ies), including foreign entities (Intermediaries) (other than subsidiaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or

53. Other Statutory information (Contd.)

- (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (v) The Group is in compliance with the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017 (as amended)
- (vi) The Group have not any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.)

54. Approval of Consolidated Financial Statements

The Consolidated financial statements were approved for issue by the Board of Directors on May 6, 2022.

HANOZ M. MISTRY
Company Secretary

Mumbai, May 6, 2022.

NOTICE IS HEREBY GIVEN THAT THE ONE HUNDRED AND THIRD ANNUAL GENERAL MEETING OF THE TATA POWER COMPANY LIMITED will be held on Thursday, July 7, 2022 at 3 p.m. (IST) through Video Conferencing/Other Audio Visual Means, to transact the following business:

Ordinary Business:

1. To receive, consider and adopt the Audited Financial Statements of the Company for the financial year ended March 31, 2022, together with the Reports of the Board of Directors and the Auditors thereon.
2. To receive, consider and adopt the Audited Consolidated Financial Statements of the Company for the financial year ended March 31, 2022, together with the Report of the Auditors thereon.
3. To declare a dividend on Equity Shares for the financial year ended March 31, 2022.
4. To appoint a Director in place of Mr. Saurabh Agrawal (DIN:02144558), who retires by rotation and, being eligible, offers himself for re-appointment.
5. **Re-appointment of Statutory Auditors**

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to the provisions of Sections 139, 142 and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification or re-enactment thereof for the time being in force) and the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, S R B C & CO. LLP (SRBC), Chartered Accountants (ICAI Firm Registration No.324982E/E300003), be and are hereby re-appointed as Statutory Auditors of the Company to hold office for a period of 5 years from the conclusion of this the 103rd Annual General Meeting (AGM) of the Company till the conclusion of the 108th AGM of the Company to be held in the year 2027 to examine and audit the accounts of the Company at Mumbai and the divisions, on such remuneration as may be mutually agreed upon between the Board of Directors of the Company and the Auditors."

Special Business:

6. **Appointment of Mr. Kesava Menon Chandrasekhar (DIN:06466854) as a Director and his re-appointment as an Independent Director for a second term**

To consider and, if thought fit, to pass the following resolution as a Special Resolution:

"RESOLVED that Mr. Kesava Menon Chandrasekhar (DIN: 06466854), who was appointed as an Additional Director of the Company effective May 4, 2022 by the Board of

Directors, based on the recommendation of the Nomination and Remuneration Committee, and who holds office upto the date of this Annual General Meeting of the Company under Section 161(1) of the Companies Act, 2013 (the Act) [including any statutory modification(s) or re-enactment(s) thereof for the time being in force] and Article 132 of the Articles of Association of the Company, and who is eligible for appointment and in respect of whom the Company has received a notice in writing under Section 160(1) of the Act from a Member proposing his candidature for the office of Director, be and is hereby appointed as a Director of the Company.

RESOLVED FURTHER that pursuant to the provisions of Sections 149, 150, 152 and other applicable provisions, if any, of the Act read with Schedule IV to the Act and the Companies (Appointment and Qualification of Directors) Rules, 2014, Regulation 17 and other applicable regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), as amended from time to time, the re-appointment of Mr. Kesava Menon Chandrasekhar, that meets the criteria for independence as provided in Section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations and who has submitted a declaration to that effect, and who is eligible for re-appointment as an Independent Director of the Company, for the second consecutive term, i.e., from May 4, 2022 to February 19, 2023 and who would not be liable to retire by rotation, be and is hereby approved."

7. **Material Related Party Transaction(s) with PT Kaltim Prima Coal**

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the applicable provisions of the Companies Act, 2013 (the Act), if any, read with relevant Rules, if any, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the Board of Directors (hereinafter referred to as the 'Board', which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution) to continue with the existing contract(s)/ arrangement(s)/transaction(s) and/or enter into and/or carry out new contract(s)/arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed

in the Explanatory Statement, with PT Kaltim Prima Coal (KPC), a related party of The Tata Power Company Limited (the Company) on such terms and conditions as may be agreed between the Company and KPC, for an aggregate value not exceeding ₹ 12,000 crore during FY23, subject to such contract(s)/arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of the Company.

RESOLVED FURTHER that the Board be and is hereby authorised to do and perform all such acts, deeds, matters and things as may be necessary and expedient, including finalising the terms and conditions, methods and modes in respect thereof and finalising and executing necessary documents, including contract(s), scheme(s), agreement(s) and such other documents, file applications and make representations in respect thereof and seek approval from relevant authorities, including Governmental authorities in this regard and deal with any matters, take necessary steps as the Board may, in its absolute discretion deem necessary, desirable or expedient, to give effect to this resolution and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution.

RESOLVED FURTHER that all actions taken by the Board, in connection with any matter referred to or contemplated in the foregoing resolution, be and are hereby approved, ratified and confirmed in all respects."

8. Material Related Party Transaction(s) with Tata Projects Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the applicable provisions of the Companies Act, 2013 (the Act), if any, read with relevant Rules, if any, as amended from time to time, and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the Board of Directors (hereinafter referred to as the 'Board', which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution) to continue with the existing contract(s)/ arrangement(s)/transaction(s) and/or enter into and/or carry out new contract(s)/arrangement(s)/transaction(s) (whether

by way of an individual transaction or transactions taken together or series of transactions or otherwise), as detailed in the Explanatory Statement, with Tata Projects Limited (TPL), a related party of The Tata Power Company Limited (the Company) on such terms and conditions as may be agreed between the Company and TPL, for an aggregate value not exceeding ₹ 2,930 crore during FY23, subject to such contract(s)/arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of the Company.

RESOLVED FURTHER that the Board be and is hereby authorised to do and perform all such acts, deeds, matters and things as may be necessary and expedient, including finalising the terms and conditions, methods and modes in respect thereof and finalising and executing necessary documents, including contract(s), scheme(s), agreement(s) and such other documents, file applications and make representations in respect thereof and seek approval from relevant authorities, including Governmental authorities in this regard and deal with any matters, take necessary steps as the Board may, in its absolute discretion deem necessary, desirable or expedient, to give effect to this resolution and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution.

RESOLVED FURTHER that all actions taken by the Board, in connection with any matter referred to or contemplated in the foregoing resolution, be and are hereby approved, ratified and confirmed in all respects."

9. Material Related Party Transaction(s) with Tata Steel Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the applicable provisions of the Companies Act, 2013 (the Act), if any, read with relevant Rules, if any, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the Board of Directors (hereinafter referred to as the 'Board', which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution) to continue with the existing contract(s)/

arrangement(s)/transaction(s) and/or enter into and/or carry out new contract(s)/arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, with Tata Steel Limited (TSL), a related party of The Tata Power Company Limited (the Company) on such terms and conditions as may be agreed between the Company and TSL, for an aggregate value not exceeding ₹ 2,630 crore during FY23, subject to such contract(s)/arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of the Company.

RESOLVED FURTHER that the Board be and is hereby authorised to do and perform all such acts, deeds, matters and things as may be necessary and expedient, including finalising the terms and conditions, methods and modes in respect thereof and finalising and executing necessary documents, including contract(s), scheme(s), agreement(s) and such other documents, file applications and make representations in respect thereof and seek approval from relevant authorities, including Governmental authorities in this regard and deal with any matters, take necessary steps as the Board may, in its absolute discretion deem necessary, desirable or expedient, to give effect to this resolution and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution.

RESOLVED FURTHER that all actions taken by the Board, in connection with any matter referred to or contemplated in the foregoing resolution, be and are hereby approved, ratified and confirmed in all respects."

10. Material Related Party Transaction(s) between Tata Power Solar Systems Limited and Tata Power Renewable Energy Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to

be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and Tata Power Renewable Energy Limited (TPREL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 6,035 crore during FY23, on such terms and conditions as may be agreed between TPSSL and TPREL, subject to such contract(s)/arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of TPSSL and TPREL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

11. Material Related Party Transaction(s) between Tata Power Solar Systems Limited and TP Saurya Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/ transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and TP Saurya Limited (TPSL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 3,800 crore during FY23, on such terms and conditions as may be agreed between TPSSL and TPSL, subject to such contract(s)/ arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of TPSSL and TPSL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to

exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

12. **Material Related Party Transaction(s) between Tata Power Solar Systems Limited and Tata Power Green Energy Limited**

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and Tata Power Green Energy Limited (TPGEL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,520 crore during FY23, on such terms and conditions as may be agreed between TPSSL and TPGEL, subject to such contract(s)/arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of TPSSL and TPGEL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

13. **Material Related Party Transaction(s) between Tata Power Solar Systems Limited and Walwhan Renewable Energy Limited**

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and Walwhan Renewable Energy Limited (WREL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,285 crore during FY23, on such terms and conditions as may be agreed between TPSSL and WREL, subject to such contract(s)/arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of TPSSL and WREL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

14. **Material Related Party Transaction(s) between Tata Power Solar Systems Limited and Chirasthaayee Saurya Limited**

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee

of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/ transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and Chirasthaayee Saurya Limited (CSL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,040 crore during FY23, on such terms and conditions as may agreed between TPSSL and CSL, subject to such contract(s)/ arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of TPSSL and CSL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

15. Material Related Party Transaction(s) between Tata Power Solar Systems Limited and TP Kirnali Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/ transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Solar Systems Limited (TPSSL) and TP Kirnali Limited (TPKL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,015 crore during FY23, on such terms and conditions as may be agreed between TPSSL and TPKL, subject to such contract(s)/ arrangement(s)/transaction(s) being carried out at arm's

length and in the ordinary course of business of TPSSL and TPKL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

16. Material Related Party Transaction(s) between Tata Power Trading Company Limited and Maithon Power Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/arrangement(s)/ transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Trading Company Limited (TPTCL) and Maithon Power Limited (MPL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,800 crore during FY23, on such terms and conditions as may be agreed between TPTCL and MPL, subject to such contract(s)/ arrangement(s)/transaction(s) being carried out at arm's length and in the ordinary course of business of TPTCL and MPL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the

Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

17. Material Related Party Transaction(s) between Tata Power Trading Company Limited and Tata Power Delhi Distribution Limited

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to Regulations 2(1)(zc), 23(4) and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and the Company's Policy on Related Party Transactions and based on the recommendation of the Audit Committee of Directors, consent of the Members be and is hereby accorded to the related party contract(s)/ arrangement(s)/transaction(s) (whether by way of an individual transaction or transactions taken together or series of transactions or otherwise) as detailed in the Explanatory Statement, to be entered into and/or carried out and/or continued with between two related parties of The Tata Power Company Limited (the Company) i.e. Tata Power Trading Company Limited (TPTCL) and Tata Power Delhi Distribution Limited (TPDDL), both subsidiaries of the Company, for an aggregate value not exceeding ₹ 1,500 crore during FY23, on such terms and conditions as may be agreed between TPTCL and TPDDL, subject to such contract(s)/arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of TPTCL and TPDDL.

RESOLVED FURTHER that the Board, which term shall be deemed to include any Committee constituted / empowered / to be constituted by the Board from time to time to exercise its powers conferred by this resolution, be and is hereby authorized to do and perform all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, proper or desirable, and to settle any question that may arise in this regard and incidental thereto, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that the Members shall be deemed to have given their approval thereto expressly by the authority of this resolution."

18. Change in place of keeping Registers and Records

To consider and, if thought fit, to pass the following resolution as a Special Resolution:

"RESOLVED that in supersession of all Resolutions passed earlier in this regard and pursuant to Section 94 and other applicable provisions, if any, of the Companies Act, 2013 ('Act') (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) and the

Companies (Management and Administration) Rules, 2014, consent of the Members of the Company be and is hereby accorded to keep the Registers as prescribed under Section 88 of the Act, and copies of all Annual Returns under Section 92 of the Act, together with the copies of certificates and documents required to be annexed thereto or any other documents as may be required, at the Registered Office of the Company and/or at the office of TSR Consultants Private Limited (formerly known as TSR Darashaw Consultants Private Limited), Registrars and Transfer Agents ('RTA') of the Company at C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli West, Mumbai 400083, Maharashtra, India and/or at such other place where the RTA may shift its office within Mumbai from time to time.

RESOLVED FURTHER that the Board of Directors and/or any person authorised by the Board, be and is hereby authorized to take all such actions and to do all such acts, deeds, matters and things as may be considered necessary, desirable and expedient for giving effect to this Resolution and matters related thereto."

19. Appointment of Branch Auditors

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to the provisions of Section 143(8) and other applicable provisions, if any, of the Companies Act, 2013 (the Act) (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) and the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, the Board of Directors (which term shall be deemed to include any Committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) be and is hereby authorised to appoint as Branch Auditor(s) of any Branch Office of the Company, whether existing or which may be opened/ acquired hereafter, outside India, in consultation with the Company's Auditors, any persons, qualified to act as Branch Auditors within the provisions of Section 143(8) of the Act and to fix their remuneration."

20. Ratification of Cost Auditor's Remuneration

To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED that pursuant to the provisions of Section 148(3) and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) and the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, the Company hereby ratifies the remuneration of ₹ 6,50,000 (Rupees Six lakh fifty thousand only) plus applicable taxes, travel and actual out-of-pocket

expenses incurred in connection with the audit, payable to M/s. Sanjay Gupta and Associates (Firm Registration No.000212), who are appointed as Cost Auditors to conduct the audit of cost records maintained by the Company for the financial year 2022-23."

NOTES:

1. In view of the ongoing COVID-19 pandemic and pursuant to General Circulars No. 14/2020 dated April 8, 2020, No. 17/2020 dated April 13, 2020, No. 20/2020 dated May 5, 2020, No. 02/2021 dated January 13, 2021, No. 21/2021 dated December 14, 2021 and No. 2/2022 dated May 5, 2022 issued by the Ministry of Corporate Affairs (collectively referred to as '**MCA Circulars**'), the Company is convening the 103rd AGM through Video Conferencing ('**VC**') or Other Audio-Visual Means ('**OAVM**'), without the physical presence of the Members. The proceedings of the AGM will be deemed to be conducted at the Registered Office of the Company at Bombay House, 24, Homi Mody Street, Mumbai - 400 001, which shall be deemed venue of the AGM.
2. As per the provisions of Clause 3.A.II. of the General Circular No. 20/2020 dated May 5, 2020, the matters of Special Business as appearing at Item Nos.6 to 20 of the accompanying Notice, are considered to be unavoidable by the Board and hence, form part of this Notice.
3. The relative Explanatory Statement pursuant to Section 102 of the Act, in regard to the business as set out in Item Nos.5 to 20 above and the relevant details of the Directors seeking re-appointment/appointment as set out in Item Nos.4 and 6 above as required under Regulation 36(3) of the Listing Regulations and as required under Secretarial Standard - 2 on General Meetings issued by The Institute of Company Secretaries of India, are annexed hereto.
4. **PURSUANT TO THE PROVISIONS OF THE ACT, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE AGM IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY. SINCE THIS AGM IS BEING HELD PURSUANT TO THE MCA CIRCULARS THROUGH VC/OAVM, THE REQUIREMENT OF PHYSICAL ATTENDANCE OF MEMBERS HAS BEEN DISPENSED WITH. ACCORDINGLY, THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THIS AGM AND HENCE, THE PROXY FORM, ATTENDANCE SLIP AND ROUTE MAP OF AGM ARE NOT ANNEXED TO THIS NOTICE.**
5. Institutional Investors, who are Members of the Company, are encouraged to attend and vote at the AGM through VC/OAVM facility. Corporate Members intending to appoint their authorized representatives to attend the AGM through VC or OAVM and to vote thereat through remote e-Voting are

requested to send a certified copy of the Board Resolution to the Scrutinizer by email at cs@parikhassociates.com with a copy marked to evoting@nsdl.co.in and investorcomplaints@tatapower.com.

6. In case of joint holders attending the AGM, only such joint holder who is higher in the order of names will be entitled to vote.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
8. The Members can join the AGM in the VC/OAVM mode 30 minutes before and 15 minutes after the scheduled time of the commencement of the AGM by following the procedure mentioned in the Notice. The Members will be able to view the proceedings on National Securities Depository Limited's (NSDL) e-Voting website at www.evoting.nsdl.com. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1,000 Members on a first come first served basis as per the MCA Circulars. However, the large shareholders (i.e. shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee of Directors, Nomination and Remuneration Committee and Stakeholders' Relationship Committee, Auditors, etc. may be allowed to attend the meeting without any restrictions on first come first served basis.
9. In terms of the MCA Circulars and the SEBI Circulars, the Company is sending this AGM Notice along with the Annual Report for FY22 in electronic form only to those Members whose email addresses are registered with the Company/ Depositories. The Company shall send the physical copy of the Annual Report for FY22 only to those Member who specifically request for the same at investorcomplaints@tatapower.com or csg-annualreports@tcplindia.co.in. The Notice convening the AGM and the Annual Report for FY22 have been uploaded on the website of the Company at www.tatapower.com and may also be accessed from the relevant section of the websites of the Stock Exchanges i.e. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) at www.bseindia.com and www.nseindia.com, respectively. The AGM Notice is also available on the website of NSDL at www.evoting.nsdl.com.
10. **The Register of Members and the Share Transfer Books of the Company will remain closed from Friday, June 17, 2022 to Thursday, July 7, 2022, (both days inclusive) for the purpose of payment of dividend and AGM for FY22.** If the dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend will be made, subject to deduction of tax at source (TDS), on or after July 11, 2022, as under:

- i) To all Beneficial Owners in respect of shares held in electronic form as per the data as may be made available by NSDL and Central Depository Services (India) Limited (CDSL) (both collectively referred to as 'Depositories') as of the close of business hours on Thursday, June 16, 2022;
 - ii) To all Members in respect of shares held in physical form after giving effect to valid transfers in respect of transfer requests lodged with the Company on or before the close of business hours on Thursday, June 16, 2022.
11. Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of the Members w.e.f. April 1, 2020 and the Company is required to deduct TDS from dividend paid to the Members at rates prescribed in the Income-tax Act, 1961 (the IT Act). In general, to enable compliance with TDS requirements, Members are requested to complete and/or update their Residential Status, Permanent Account Number (PAN), Category as per the IT Act with their Depository Participants (DPs) or in case shares are held in physical form, with the Company, by sending documents through email by June 5, 2022.
 12. **Updation of mandate for receiving dividend directly in bank account through Electronic Clearing System or any other means in a timely manner:**

Shares held in physical form: Members holding shares in physical form are requested to send the following details/documents to the Company's Registrars and Transfer Agent (RTA), viz. TSR Consultants Private Limited (TCPL), (formerly TSR Darashaw Consultants Private Limited) at C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai -400 083, latest by Monday, June 27, 2022:
 - a) Form ISR-1 along with supporting documents. The said form is available on the website of the Company at <https://www.tatapower.com/investor-relations/investor-services-forms.aspx> and on the website of the RTA at <https://tcplindia.co.in/home-KYC.html>.
 - b) Cancelled cheque in original, bearing the name of the Member or first holder, in case shares are held jointly. In case name of the holder is not available on the cheque, kindly submit the following documents:
 - i) Cancelled cheque in original;
 - ii) Bank attested legible copy of the first page of the Bank Passbook / Bank Statement bearing the names of the account holders, address, same bank account number and type as on the cheque leaf and full address of the bank branch.
 - c) Self-attested copy of the PAN Card of all the holders; and
 - d) Self-attested copy of any document (such as Aadhaar Card, Driving License, Election Identity Card, Passport) in support of the address of the first holder as registered with the Company.
- Further, Members are requested to refer to process detailed on <https://tcplindia.co.in/home-KYC.html> and proceed accordingly.
- Shares held in electronic form:** Members holding shares in electronic form may please note that their bank details as furnished by the respective DPs to the Company will be considered for remittance of dividend as per the applicable regulations of the DPs and the Company will not be able to accede to any direct request from such Members for change/addition/deletion in such bank details. Accordingly, the Members holding shares in electronic form are requested to ensure that their Electronic Bank Mandate is updated with their respective DPs by Monday, June 27, 2022.
- Further, please note that instructions, if any, already given by Members in respect of shares held in physical form, will not be automatically applicable to the dividend paid on shares held in electronic form. For Members who are unable to receive the dividend directly in their bank account through Electronic Clearing Service or any other means, due to non-registration of the Electronic Bank Mandate, the Company shall dispatch the Warrant/Bankers' Cheque/Demand Draft through postal or courier services and in case of any disruption of postal or courier services due to prevalence of COVID-19 in containment zones, upon normalisation of such services.
13. The Company has sent individual letters to all the Members holding shares of the Company in physical form for furnishing their PAN, KYC details and Nomination pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021 in Form ISR-1. The Form ISR-1 is also available on the website of the Company at <https://www.tatapower.com/investor-relations/investorservices-forms.aspx>. Attention of the Members holding shares of the Company in physical form is invited to go through and submit the said Form ISR-1.
 14. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/folios; Transmission and Transposition. Accordingly, Members are requested to make service requests by submitting a duly

filled and signed Form ISR-4, the format of which is available on the Company's website under the weblink at <https://www.tatapower.com/investor-relations/investorservices-forms.aspx> and on the website of the Company's RTA at <https://www.tcplindia.co.in/>. It may be noted that any service request can be processed only after the folio is KYC compliant. SEBI vide its notification dated January 24, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.

15. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, PAN, registering of nomination and power of attorney, Bank Mandate details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DP in case the shares are held in electronic form, and to the RTA in case the shares are held in physical form.
16. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DP and holdings should be verified from time to time.
17. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members, who have not yet registered their nomination, are requested to register the same by submitting Form No. SH-13. The said form can be downloaded from the Company's website www.tatapower.com (under 'Investor Relations' section). Members are requested to submit the said form to their DP in case the shares are held in electronic form, and to the RTA in case the shares are held in physical form.
18. Members holding shares in physical form, in identical order of names, in more than one folio, are requested to send to the Company or RTA, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
19. Members are requested to note that dividends, if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and

Protection Fund (IEPF). Further, the shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members/Claimants are requested to claim their dividends from the Company, within the stipulated timeline. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an application to the IEPF Authority, in e-Form/web form No. IEPF-5 available on www.iepf.gov.in. The Members/Claimants can file only one consolidated claim in a financial year as per the IEPF Rules. For details, please refer to Report on Corporate Governance, which is a part of this Annual Report.

20. Members desiring inspection of statutory registers during the AGM may send their request in writing in advance to the Company at investorcomplaints@tatapower.com.
21. Members who wish to inspect the relevant documents referred to in the Notice can send an email to investorcomplaints@tatapower.com upto the date of the AGM.
22. This AGM Notice is being sent by email only to those eligible Members who have already registered their email address with the Depositories/the DP/the Company's RTA/ the Company or who will register their email address with TCPL, on or before 5 p.m. (IST) on Monday, June 27, 2022.
23. **Process for registration of email addresses to receive the Notice of AGM and the Integrated Annual Report for FY22 electronically and cast votes electronically:**

(i) **Registration of email addresses with TCPL:**

To facilitate Members to receive this Notice electronically and cast their votes electronically, the Company has made special arrangement with TCPL for registration of email addresses in terms of the MCA Circulars. Eligible Members who have not submitted their email address to TCPL, are required to provide their email address to the RTA, on or before 5 p.m. (IST) on Monday, June 27, 2022 pursuant to which, any Member may receive on the email address provided by the Member, Notice of the AGM along with the Integrated Annual Report for FY22.

The process for registration of email address is as under:

- I. **For Members who hold shares in Electronic form:**
 - a) https://tcpl.linkintime.co.in/EmailReg/email_register.html
 - b) Select the name of the Company from dropdown.

- c) Enter details in respective fields such as DP ID and Client ID, Name of the Member, PAN details, mobile number and email ID.
- d) System will send OTP on mobile number and email ID.
- e) Enter OTP received on mobile number and email ID and submit.

II. For Members who hold shares in Physical form:

- a) https://tcpl.linkintime.co.in/EmailReg/email_register.html
- b) Select the name of the Company from dropdown.
- c) Enter details in respective fields such as Folio no. and Certificate no., Name of the Member, PAN details, mobile number and email ID.
- d) System will send OTP on mobile number and email ID.
- e) Enter OTP received on mobile number and email ID and submit.

After successful submission of the email address, NSDL will email a copy of the Integrated Annual Report for FY22 along with the remote e-Voting user ID and password on the email address registered by the Member. In case of any queries, Members may write to csg-unit@tcplindia.co.in or evoting@nsdl.co.in

(ii) Registration of email address permanently with Company/DP:

Members are requested to register their email address with their concerned DPs, in respect of electronic holding and with the RTA, in respect of physical holding, by writing to them at csg-unit@tcplindia.co.in.

(iii) Alternatively, those Members who have not registered their email addresses are required to send an email request to evoting@nsdl.co.in along with the following documents for procuring user ID and password for e-Voting for the resolutions set out in this Notice:

- In case shares are held in physical mode, please provide Folio No., Name of Member, scanned copy of the share certificate (front and back), self-attested scanned copy each of PAN card and Aadhaar card.
- In case shares are held in electronic mode, please provide DP ID-Client ID (8 digit DP ID + 8 digit Client ID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account statement, self-attested scanned copy each of PAN card and Aadhaar card.

- If you are an individual Member holding securities in electronic mode, you are requested to refer to the login method explained at para VI below **under step 1 (A) i.e. Login method for remote e-Voting and joining virtual meeting for Individual shareholders/Members holding securities in electronic mode.**

24. For permanent registration of their email address, Members are requested to register their email address, in respect of electronic holdings, with their concerned DPs and in respect of physical holdings, with the RTA.

25. Those Members who have already registered their email addresses are requested to keep their email addresses validated with their DP/TCPL to enable serving of notices/ documents/Annual Reports and other communications electronically to their email address in future.

26. Process and manner for Members opting for e-Voting is as under:

I. In compliance with the provisions of Section 108, and other applicable provisions of the Act, read with Rule 20 of the Rules and Regulation 44 of the Listing Regulations, the Company is offering only e-Voting facility to all the Members of the Company and the business will be transacted only through the electronic voting system. The Company has engaged the services of NSDL for facilitating e-Voting to enable the Members to cast their votes electronically as well as for e-Voting during the AGM. Resolution(s) passed by Members through e-Voting is/are deemed to have been passed as if it/they have been passed at the AGM.

II. Members are provided with the facility for voting through electronic voting system during the VC/OAVM proceedings at the AGM and Members participating at the AGM, who have not already cast their vote by remote e-Voting, are eligible to exercise their right to vote at the AGM.

III. Members who have already cast their vote by remote e-Voting prior to the AGM will also be eligible to participate at the AGM but shall not be entitled to cast their vote again on such resolution(s) for which the Member has already cast the vote through remote e-Voting.

IV. **Members of the Company, holding shares either in physical form or electronic form, as on the cut-off date of Thursday, June 30, 2022, may cast their vote by remote e-Voting. The remote e-Voting period commences on Monday, July 4, 2022 at 9 a.m. (IST) and ends on Wednesday, July 6, 2022 at 5 p.m. (IST). The remote e-Voting module shall be disabled**

by NSDL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.

- V. The instructions for Members attending the AGM through VC/OAVM are as under:
- A. The Members will be provided with a facility to attend the AGM through VC/OAVM through the NSDL e-Voting system. Members may access the same by following the steps mentioned below for 'Log-in to NSDL e-Voting system'. The link for VC/OAVM will be available in 'Member login' where the EVEN of the Company will be displayed. After successful login, the Members will be able to see the link of 'VC/OAVM link' placed under the tab 'Join Annual General Meeting' against the name of the Company. On clicking this link, the Members will be able to attend and participate in the proceedings of the AGM through a live webcast of the meeting and submit votes on announcement by the Chairman.
- B. **Members may join the AGM through laptops, smartphones, tablets and iPads for better experience. Further, Members will be required to use Internet with a good speed to avoid any disturbance during the Meeting. Members will need the latest version of Chrome, Safari, Internet Explorer 11, MS Edge or Firefox. Please note that participants connecting from mobile devices or tablets or through laptops connecting via mobile hotspot may experience Audio/Video loss due to fluctuation in their respective network. It is, therefore, recommended to use stable Wi-Fi or LAN connection to mitigate any glitches.**
- C. Members are encouraged to submit their questions in advance with regard to the financial statements or any other matter to be placed at the AGM, from their registered email address, mentioning their name, DP ID and Client ID number /folio number and mobile number, to reach the Company's email address at investorcomplaints@tatapower.com before 3 p.m. (IST) on Thursday, June 30, 2022. Queries that remain unanswered at the AGM will be appropriately responded by the Company at the earliest post the conclusion of the AGM.

- D. Members who would like to express their views/ask questions as a Speaker at the AGM may pre-register themselves by sending a request from their registered email address mentioning their names, DP ID and Client ID/folio number, PAN and mobile number to investorcomplaints@tatapower.com between Thursday, June 30, 2022 (9 a.m. IST) and Monday, July 04, 2022 (5 p.m. IST). Only those Members who have pre-registered themselves as Speakers will be allowed to express their views/ask questions during the AGM. The Company reserves the right to restrict the number of speakers depending on the availability of time for the AGM.

- VI. The instructions for Members for remote e-Voting are, as under:

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of 'Two Steps' which are mentioned below:

Step 1: Access to NSDL e-Voting system

- A) **Log-in method for e-Voting and joining virtual meeting for Individual Shareholders/Members holding securities in demat mode**

In terms of the Circular issued by the Securities and Exchange Board of India dated 9th December 2020, on 'e-Voting facility provided by Listed Companies', e-Voting process has been enabled to all the individual Demat account holders, by way of single login credential, through their Demat accounts/ websites of Depositories/ DPs in order to increase the efficiency of the voting process. Individual Demat account holders would be able to cast their vote without having to register again with the e-Voting service provider (ESP) thereby not only facilitating seamless authentication but also ease and convenience of participating in e-Voting process.

Members are advised to update their mobile number and email ID with their DPs in order to access e-Voting facility.

Type of Members	Login Method
Individual Members holding securities in demat mode with NSDL	i) Existing IDeAS user can visit the e-Services website of NSDL viz. https://eservices.nsdl.com either on a Personal Computer or on a mobile. On the e-Services home page, click on the 'Beneficial Owner' icon under 'Login' which is available under 'IDeAS' section, this will prompt you to enter your existing User ID and Password. After successful authentication, you will be able to see e-Voting services under Value added services. Click on 'Access to e-Voting' under e-Voting services and you will be able to see e-Voting page. Click on company name or e-Voting service provider i.e. NSDL and you will be re-directed to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting. ii) If you are not registered for IDeAS e-Services, option to register is available at https://eservices.nsdl.com. Select 'Register Online for IDeAS Portal' or click at https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp iii) Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon 'Login' which is available under 'Shareholder/Member' section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number held with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider i.e. NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting. iv) Shareholders/Members can also download NSDL Mobile App 'NSDL Speede' facility by scanning the QR code mentioned below for seamless voting experience. The image shows a promotional banner for the NSDL Mobile App. At the top, it says 'NSDL Mobile App is available on'. Below this, there are two logos: the Apple App Store logo and the Google Play logo. Under each logo is a QR code for downloading the app.
Individual Members holding securities in demat mode with CDSL	i) Existing users who have opted for Easi / Easiest, they can login through their user id and password. Option will be made available to reach e-Voting page without any further authentication. The URL for users to login to Easi / Easiest are https://web.cdslindia.com/myeasi/home/login or www.cdslindia.com and click on New System Myeasi. ii) After successful login of Easi/Easiest the user will be also able to see the E Voting Menu. The Menu will have links of e-Voting service provider i.e. NSDL. Click on NSDL to cast your vote. iii) If the user is not registered for Easi/Easiest, option to register is available at https://web.cdslindia.com/myeasi/Registration/EasiRegistration iv) Alternatively, the user can directly access e-Voting page by providing demat Account Number and PAN No. from a link in www.cdslindia.com home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the demat Account. After successful authentication, user will be provided links for the respective ESP i.e. NSDL where the e-Voting is in progress.
Individual Members (holding securities in demat mode) login through their depository participants	You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. Upon logging in, you will be able to see e-Voting option. Click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on company name or e-Voting service provider i.e. NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting.

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

Helpdesk for Individual Shareholders/Members holding securities in Demat mode in case of any technical issues related to Log-in through Depository i.e. NSDL and CDSL.

Login Method	Helpdesk details
Individual Members holding securities in demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at toll free no.: 1800 1020 990 and 1800 22 44 30
Individual Members holding securities in demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk. evoting@cdslindia.com or contact at 022- 23058738 or 022-23058542-43

B) Log-in method for remote e-Voting and joining virtual meeting for Members other than Individual Members holding securities in demat mode and Members holding securities in physical mode.

How to Log-in to NSDL e-Voting website?

- Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
- Once the home page of e-Voting system is launched, click on the icon 'Login' which is available under 'Shareholder/Member' section.
- A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.
- Alternatively, if you are registered for NSDL eservices i.e. IDeAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDeAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.
- Your User ID details are given below :

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****.

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
c) For Members holding shares in Physical Form	EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

- Your password details for Members other than Individual Members are given below:
 - If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
 - If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - How to retrieve your 'initial password'?
 - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - If your email ID is not registered, please follow steps mentioned below in **process for those Members whose email ids are not registered.**
- If you are unable to retrieve or have not received the 'Initial password' or have forgotten your password:
 - Click on '**Forgot User Details/Password?**' (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - '**Physical User Reset Password?**' (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - If you are still unable to get the password by aforesaid two options, you can send a request

at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address, etc.

- d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- viii) After entering your password, tick on 'Agree to Terms and Conditions' by selecting on the check box.
- ix) Now, you will have to click on 'Login' button.
- x) After you click on the 'Login' button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

How to cast your vote electronically and join General Meeting on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies 'EVEN' in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select 'EVEN' of company for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting. For joining virtual meeting, you need to click on 'VC/OAVM' link placed under 'Join Meeting'.
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on 'Submit' and also 'Confirm' when prompted.
5. Upon confirmation, the message 'Vote cast successfully' will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

VII. The instructions for Members for e-Voting during the proceedings of the AGM are as under:

- A. The procedure for remote e-Voting during the AGM is same as the instructions mentioned above for remote e-Voting since the Meeting is being held through VC/OAVM.
- B. Only those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-Voting and are

otherwise not barred from doing so, shall be eligible to vote through e-Voting system in the AGM.

- C. Members who have voted through Remote e-Voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
- D. Members who need assistance before or during the AGM, can contact Ms. Pallavi Mhatre, Manager - NSDL or Mr. Amit Vishal, Senior Manager - NSDL at evoting@nsdl.co.in or call on : 1800 1020 990 and 1800 22 44 30.

General Guidelines for Members

1. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the 'Forgot User Details/Password?' or 'Physical User Reset Password?' option available on www.evoting.nsdl.com to reset the password.
 2. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Members and e-voting user manual for Members available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800 1020 990 and 1800 22 44 30 or send a request to Ms. Pallavi Mhatre, Manager-NSDL or Mr. Amit Vishal, Senior Manager-NSDL at evoting@nsdl.co.in.
 3. You can also update your mobile number and email ID in the user profile details of the folio which may be used for sending future communication(s).
- VIII. The voting rights of Members shall be in proportion to their shares of the paid-up equity share capital of the Company as on the cut-off date of June 30, 2022.
- IX. Any person holding shares in physical form and non-individual Members, who acquires shares of the Company and becomes a Member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e. June 30, 2022 may obtain the login ID and password by sending a request at evoting@nsdl.co.in or the Company/TCPL.

However, if the person is already registered with NSDL for remote e-Voting, then the existing user ID and password of the said person can be used for casting vote. If the person forgot his/her password, the same can be reset by using 'Forgot user Details/Password' or 'Physical user Reset Password' option available on www.evoting.nsdl.com or by calling on toll free no. 1800 1020 990 and 1800 224 430. In case of Individual Members holding securities in Demat mode who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and

holding shares as of the cut-off date i.e. Thursday, June 30, 2022 may follow steps mentioned in the notes to Notice under 'Access to NSDL e-Voting system'.

- X. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-Voting, as well as voting at the meeting.
- XI. The Board of Directors has appointed Mr. P. N. Parikh (FCS 327, CP 1228) or failing him, Mr. Mitesh Dhabliwala (FCS 8331, CP 9511) or failing him Ms. Sarvari Shah (FCS 9697, CP 11717) of M/s. Parikh and Associates, Company Secretaries as Scrutinizer to scrutinize the voting at the AGM and remote e-Voting process, in a fair and transparent manner.
- XII. The Chairman shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting, by use of remote e-Voting system for all those Members who are present during the AGM but have not cast their votes by availing the remote e-Voting facility. The remote e-Voting module during the AGM shall be disabled by NSDL for voting 15 minutes after the conclusion of the Meeting.
- XIII. The Scrutinizer shall, after the conclusion of voting at the AGM, first count the votes cast during the Meeting and, thereafter, unblock the votes cast through remote e-Voting, in the presence of at least two witnesses not in the employment of the Company and shall make, not later than two working days from the conclusion of the AGM, a Consolidated Scrutinizer's Report of the total votes cast

in favour or against, if any, to the Chairman or a person authorised by him in writing, who shall countersign the same and declare the result of the voting forthwith.

- XIV. The Results declared, alongwith the Scrutinizer's Report, shall be placed on the Company's website www.tatapower.com and on the website of NSDL www.evoting.nsdl.com, immediately after the declaration of the result by the Chairman or a person authorised by him in writing. The results shall also be immediately forwarded to the Stock Exchanges where the Company's Equity Shares are listed viz. BSE and NSE and be made available on their respective websites viz. www.bseindia.com and www.nseindia.com.

By Order of the Board of Directors,
For The Tata Power Company Limited

H. M. Mistry
Company Secretary

As required by Section 102 of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos.5 to 20 of the accompanying Notice dated May 6, 2022:

Item No.5: This Explanatory Statement is provided though strictly not required as per Section 102 of the Act.

S R B C & CO. LLP, Chartered Accountants, Mumbai (ICAI Firm Registration No.:324982E/E300003) (SRBC) were appointed as the Statutory Auditors of the Company by the Members at the 98th Annual General Meeting (AGM) held on August 23, 2017 to hold office from the conclusion of the 98th AGM till the conclusion of the 103rd AGM of the Company to be held in the calendar year 2022.

Accordingly, the present term of SRBC expires on conclusion of the ensuing 103rd AGM. SRBC are eligible for re-appointment for a second term of five years in terms of the provisions of Section 139 of the Act read with the Companies (Audit and Auditors) Rules, 2014. The Company has received eligibility letter from SRBC confirming that their appointment will be in accordance with the provisions of Section 139 read with Section 141 of the Act.

Considering their performance for the last 5 years, the Audit Committee of Directors has recommended the re-appointment of SRBC to the Board of Directors of the Company, which the Board has accepted and approved, subject to the approval of the Members.

The recommendation is based on various factors like People, Audit Methodology, Quality Control, Reputation of the Firm and Knowledge. SRBC is a firm of Chartered Accountants registered with The Institute of Chartered Accountants of India. SRBC was established in the year 2002 and is a limited liability partnership firm incorporated in India. It has its registered office in Kolkata and 11 branch offices in various cities in India. SRBC has valid Peer Review certificate and is part of S. R. Batliboi & Affiliates network of audit firms. It is primarily engaged in providing audit and assurance services to its clients. SRBC have been involved in the statutory audits and also internal audits of various companies in the power sector in the entire value chain and, hence, have the necessary experience to conduct the statutory audit of the Company.

The Board of Directors has approved remuneration of ₹ 5.89 crore plus applicable taxes and out of pocket expenses for a period of two years commencing 2022-23, subject to their re-appointment by the Members. The remuneration to be paid to the Statutory Auditors for the remaining period during their second term would be decided in line with the existing remuneration and shall be commensurate with the services to be rendered by them during the said tenure. The Board of Directors, in consultation with the

Audit Committee, may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Statutory Auditors.

None of the Directors, Key Managerial Personnel (KMP) and their relatives are, in any way, concerned or interested in the resolution at Item No.5 of the accompanying Notice.

The Board recommends the Resolution at Item No.5 of the accompanying Notice for approval by the Members of the Company.

Item No.6: Mr. Kesava Menon Chandrasekhar (DIN:06466854) was appointed as Independent Director of the Company by the Members of the Company at their 98th Annual General Meeting held on August 23, 2017, for a period of five years commencing with effect from May 4, 2017 upto May 3, 2022.

Based on an evaluation of the balance of skills, knowledge and experience on the Board and further, on the report of performance evaluation, the external business environment, business knowledge, skills, experience and the substantial contribution made by him during his tenure and considering that the continued association of Mr. Chandrasekhar as Independent Director of the Company would be beneficial to the Company, and based on the recommendation of the Nomination and Remuneration Committee, the Board, vide Resolution passed on April 21, 2022, appointed Mr. Chandrasekhar as an Additional Director of the Company and subject to approval of the Members by way of Special Resolution at the ensuing 103rd AGM of the Company, re-appointed him as a Non-Executive Independent Director, not liable to retire by rotation, for a second consecutive term commencing from May 4, 2022 upto February 19, 2023, when he attains the retirement age of 75 years, as per the terms of the Governance Guidelines for Tata Companies on Board Effectiveness. Mr. Chandrasekhar shall also cease to be a Director of the Company with effect from close of business hours on February 19, 2023.

He has also confirmed that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to the registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs.

Mr. Chandrasekhar has given his declaration to the Board, *inter alia*, that (i) he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015 (Listing Regulations), (ii) is not restrained from acting as a Director by virtue of any Order passed by SEBI or any such authority and (iii) is eligible to

be appointed as a Director in terms of Section 164 of the Act. He has also given his consent to act as a Director.

A brief profile of Mr. Chandrasekhar is given below:

Mr. Chandrasekhar entered the Indian Administrative Service in 1970. He was ranked third in the list in the batch. Prior to that, he secured B.A. (Honours) in Economics and M.A. in History from St. Stephen's, College, University of Delhi. After entering Government service, he did his M.A. in Management Studies from the University of Leeds in United Kingdom.

He spent the first 25 years of his career in Kerala, holding such positions as Managing Director of the State Civil Supplies Corporation, District Collector, Idukki, Director of Fisheries, Principal Secretary (Industries) and Principal Secretary (Finance). During this period, he was also Chairman of the Spices Board under the Ministry of Commerce, Government of India.

In 1996, he left Kerala on Central Government deputation. During his 15 years tenure with the Government of India, from 1996 to 2011, he was Joint Secretary in the key Trade Policy Division of the Ministry of Commerce, Deputy Chief of Mission in the Embassy of India, Brussels and the Ambassador and Permanent Representative of India in the World Trade Organization in Geneva. He rose to the position of Union Cabinet Secretary. As Cabinet Secretary, he was Head of all the Civil Services in India and reported directly to the Prime Minister. He retained that position for four years. He retired from Government service in 2011 at the age of 63, having served Government for 41 years.

Post retirement, he was, for 5 years, Vice-Chairman, Kerala State Planning Board with rank of Cabinet Minister of the State.

Mr. Chandrasekhar has considerable management experience having been associated as Chairman, Managing Director or member of the Board of Directors of more than 40 companies in the public, joint and private sector. He has written several articles and presented papers. He has also been consultant to the Commonwealth Secretariat and to the UN Food and Agriculture Organization.

In the opinion of the Board, Mr. Chandrasekhar is a person of integrity, fulfils the conditions specified in the Act and the Rules made thereunder read with the provisions of the Listing Regulations, each as amended, and is independent of the management of the Company.

A copy of the draft letter of appointment as Independent Director setting out the terms and conditions is available for inspection without any fee payable by the Members. Members who wish to inspect the same can send a request to investorcomplaints@tatapower.com.

Mr. Chandrasekhar would be entitled to sitting fees for attending meetings of the Board of Directors and Committees thereof where

he is a Member. In addition, he would be entitled to commission as determined each year by the Board of Directors within the limits approved by the Members of the Company for the Non-Executive Directors of the Company.

In compliance with the provisions of Sections 149, 152 and other applicable provisions of the Act, read with Schedule IV to the Act and the Rules made thereunder, and in terms of the applicable provisions of the Listing Regulations, each as amended, the re-appointment of Mr. Chandrasekhar as Independent Director of the Company for a second term commencing with effect from May 4, 2022 upto February 19, 2023, is now being placed before the Members for their approval by way of special resolution.

Other than Mr. Chandrasekhar, who is concerned or interested in the Resolution relating to his re-appointment, none of the Directors or KMP of the Company and their respective relatives are concerned or interested in the resolution set out at Item No.6 of the accompanying Notice.

Mr. Chandrasekhar is not related to any Director or KMP of the Company.

The Board recommends the Resolution at Item No.6 of the accompanying Notice for approval by the Members of the Company.

Context for Item Nos.7 to 17:

The provisions of the recently amended Regulation 23 of the Listing Regulations, stipulate that a transaction with a related party shall be considered material, if the transaction(s) entered into/to be entered into individually or taken together with the previous transactions during a financial year, exceeds ₹ 1,000 crore or 10% of annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, and will require prior approval of Members by means of an ordinary resolution. The said limits are applicable, even if the transactions are in the ordinary course of business of the concerned company and at an arm's length basis. The amended Regulation 2(1)(zc) of the Listing Regulations has also enhanced the definition of Related Party(ies) and Related Party Transactions (RPTs) which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

It is in the above context that Resolution Nos. 7 to 17 are placed for the approval of the Members of the Company.

Item No.7:

Background, details and benefits of the transaction

PT Kaltim Prima Coal (KPC) is a joint venture between The Tata Power Company Limited (TPCL), PT Sitrade Coal, PT Bhumi Resources Tbk and Mountain Netherlands Investments B.V. KPC

was established in the Republic of Indonesia based on Deed of Establishment No. 28, dated March 9, 1982, drawn up before Warda Sungkar Alurmei, S.H., Notary in Jakarta, approved by Ministry of Justice in Decree No. Y.A.5/208/25 dated March 16, 1982PT. TPCL holds 30% stake in KPC. The scope of its activities comprises the exploration, development, mining and marketing of coal.

Coastal Gujarat Power Limited (a wholly owned subsidiary of TPCL, which has now merged with TPCL) entered into Coal Sales Agreement with KPC dated October 31, 2008 for a long term coal supply. The Initial Coal Sales Agreement had been amended and modified several times, the latest by Twelfth Amendment dated 26th April, 2022 (Twelfth Amendment). The term 'Coal Sales Agreement' hereinafter, will mean to include all twelve amendments for sourcing coal from KPC on FOB (Free on Board) basis price linked to HBA (Government of Indonesia notified monthly benchmark pricing).

The transactions between the two companies not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of goods and services without interruptions and generation of revenue and business for both the companies to cater to their business requirements.

The management of TPCL has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs with KPC for an aggregate value not exceeding ₹ 12,000 crore to be entered during FY23. The Audit Committee has noted that the said transactions will be executed as per the terms of the Coal Sales Agreement, which is in the ordinary course of business. The Audit Committee has also reviewed the pricing mechanism under the Coal Sales Agreement and confirmed that pricing is at arm's length.

Details of the proposed transactions of the Company with KPC, being a related party of TPCL, are as follows:

Sl. No.	Description	Details		
1.	A summary of information provided by the management to the Audit Committee:			
a.	Name of the related party and its relationship with the listed entity or its subsidiary, including nature of its concern or interest (financial or otherwise);	PT Kaltim Prima Coal (KPC) Indonesia, a Joint Venture company of TPCL holding 30% interest in KPC.		
b.	Name of the director or key managerial personnel who is related, if any and nature of relationship	Mr. Sanjeev Churiwala, Chief Financial Officer and KMP of TPCL is also on the Board of Commissioners of KPC.		
c.	Nature, material terms, monetary value and particulars of contracts or arrangement	The Company has long term coal sourcing arrangement with KPC. The Company has been sourcing coal from KPC since 2010 as per the Coal Sales Agreement, which is valid till FY33. The coal is being procured at market price (price linked to Government of Indonesia notified monthly benchmark pricing i.e. HBA), as per the terms of the Coal Sales Agreement.		
d.	Tenure of the transaction	The tenure of the Coal Sales Agreement between TPCL and KPC is valid till FY33. However, approval of the Members is being sought for Material RPTs for FY23.		
e.	Value of the proposed Transaction	₹ in crore		
		Nature of transactions	Existing/ proposed	Estimated Value during FY23
		Purchase of Indonesian origin Mid GCV coal	Existing	12,000
f.	Percentage of annual consolidated turnover considering FY22 as the immediately preceding financial year	28.18% (for RPTs to be entered during FY23)		
2.	Justification for the transaction	Please refer to 'Background, details and benefits of the transaction' which forms part of the explanatory statement to the Resolution No.7		
3.	Details of transaction relating to any loans, inter-corporate deposits, advances or investments made or given by the listed entity or its subsidiary;			

Sl. No.	Description	Details
	(i) details of the source of funds in connection with the proposed transaction	Not Applicable
	(ii) where any financial indebtedness is incurred to make or give loans, inter-corporate deposits, advances or investments - nature of indebtedness; - cost of funds; and - tenure	
	(iii) applicable terms, including covenants, tenure, interest rate and repayment schedule, whether secured or unsecured; if secured, the nature of security	
	(iv) the purpose for which the funds will be utilized by the ultimate beneficiary of such funds pursuant to the RPT	
4.	A statement that the valuation or other external report, if any, relied upon by the listed entity in relation to the proposed transaction will be made available through registered email address of the shareholder	The proposed RPTs have been evaluated by a reputed external independent consulting firm in terms of pricing and arm's length criteria and the report confirms that the proposed RPTs are on arm's length basis. The report is available for inspection by the Members of the Company. They may follow the process for inspection of document as mentioned in the 'Notes' section forming part of this Notice.
5.	Percentage of counterparty's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis	34.85% of standalone turnover of KPC for FY22.
6.	Any other information that may be relevant	All important information forms part of the statement setting out material facts of the proposed RPTs.

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/arrangement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Imported coal sourcing not exceeding ₹ 12,000 crore	In terms of the Coal Sales Agreement, the Company has been sourcing the coal from KPC at a price which is linked to market price i.e. HBA Index.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.7.

Mr.Sanjeev Churiwala, Chief Financial Officer and KMP of TPCL is also on the Board of Commissioners of KPC.

None of the Directors and other KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.7 of the accompanying Notice.

The Board recommends the Resolution at Item No.7 of the accompanying Notice for approval by the Members of the Company.

Item No.8:**Background, details and benefits of the transaction**

Tata Projects Limited (TPL) is an associate company of The Tata Power Company Limited (TPCL). and consequently, a related party of TPCL. TPL is one of the fastest growing and most admired infrastructure companies in India. It has expertise in executing large and complex urban and industrial infrastructure projects.

TPCL, based on competitive bidding, has placed orders on TPL for execution of Flue Gas Desulphurisation (FGD) projects at its 4150 MW (5 x 830 MW) Mundra Thermal Power Generation Plant and 447 MW Jojobera Plant. Scope of work of FGD includes design, engineering, manufacture, shop fabrication, assembly, shop testing, type testing at manufacturer's works, inspection, supply including packing and forwarding, loading and unloading, transportation, adequate preservation at site, storage and handling at site, site fabrication, erection/installation, construction, site testing, commissioning and performance testing of wet limestone based System for treating 100% of the flue gas flow rate. TPL, being an expert contracting company, has been engaged as Engineering Procurement and Construction (EPC) Contractor for execution of the aforesaid FGD Project through open bidding process. The Project will be executed

between FY23 to FY25 as per the terms of the Order(s) placed on TPL. However, approval of the Members is being sought for Material RPTs for FY23.

The said orders were placed as per the approval of the Audit Committee of Directors.

During FY23, the Company also intends to enter into other EPC Projects with TPL.

Both TPL and TPCL, being part of the Tata Group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruption and generation of revenue and business for both the companies to cater to their business requirements.

The management of TPCL has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs with TPL for an aggregate value not exceeding ₹ 2,930 crore during FY23. The existing orders were placed on TPL on an arm's length basis. The Audit Committee has noted that the said transactions with TPL will be on an arm's length basis and in the ordinary course of business of the Company.

Details of the proposed transactions of the Company with TPL, being a related party of TPCL, are as follows:

A statement that the valuation or other external report, if any, relied upon by the listed entity in relation to the proposed transaction will be made available through registered email address of the shareholder	The proposed RPTs have been evaluated by a reputed external independent consulting firm in terms of pricing and arm's length criteria and the report confirms that the proposed RPTs are on arm's length basis. The report is available for inspection by the Members of the Company. They may follow the process for inspection of document as mentioned in the 'Notes' section forming part of this Notice.
5.	Percentage of counterparty's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis	21.37% of TPL's annual consolidated turnover for FY22
6.	Any other information that may be relevant	All important information forms part of the statement setting out material facts of the proposed RPTs.

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Transaction(s) not exceeding ₹ 2,930 crore	Orders were placed on TPL based on competitive bidding as per Policy on Related Party Transactions of the Company. In case of the proposed transactions, order will be placed based on competitive bids for procurement / availing the relevant material and/or service. When such competitive bids are not available, alternative method (for instance, cost-plus mark-up or comparable price, etc.) as advised by the independent consulting firm, shall be considered as arm's length pricing criteria.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.8.

Mr. Banmali Agrawala, who is Non-Executive Chairman of TPL, is also a Non-Executive Director of TPCL.

None of the other Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.8 of the accompanying Notice.

The Board recommends the Resolution at Item No. 8 of the accompanying Notice for approval by the Members of the Company.

Item No.9:

Background, details and benefits of the transaction

Tata Steel Limited (TSL) is a listed associate company of Tata Sons Private Limited [Promoter of The Tata Power Company Limited (TPCL)]. Consequently, TSL is a related party of TPCL. TSL offers a broad range of steel products including a portfolio of high value added downstream products such as hot rolled, cold rolled, coated steel, rebars, wire rods, tubes and wires.

TPCL primarily sells power to TSL for its manufacturing facilities and distribution. TPCL also sells stores, spares for use in their manufacturing processes. TPCL provides tolling services to TSL whereby coal is provided by TSL for conversion into power. TPCL purchases coal by-products, gas and utilities, stores, spares,

consumables, etc. TPCL also avails services from TSL such as business auxiliary services like training, consultancy, leasing out premises amongst others. As part of business operations, both the companies also enter into other transactions such as reimbursement of expenses and transfer of assets, from time to time.

TPCL enters into various transactions with TSL including rendering and availing of services, purchasing and selling of required goods and other transactions such as transfer of assets or reimbursement of expenses for business operations, from time to time. Both TSL and TPCL, being part of the Tata Group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruptions and generation of revenue and business for both the companies to cater to their business requirements.

The management of TPCL has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs with TSL for an aggregate value not exceeding ₹ 2,630 crore to be entered into during FY23. TPCL has already entered into certain agreement(s)/contract(s) as mentioned hereinbelow. The Committee has noted that the said transactions with TSL will be on an arm's length basis and in the ordinary course of business of the Company.

Details of the proposed transactions of the Company with TSL, being a related party of TPCL, are as follows

Sl. No.	Description	Details
1.	A summary of information provided by the management to the Audit Committee	
a.	Name of the related party and its relationship with the listed entity or its subsidiary, including nature of its concern or interest (financial or otherwise);	TSL is a listed associate company of Tata Sons Private Limited (Promoter of TPCL) and, consequently, a related party of TPCL.
b.	Name of the director or key managerial personnel who is related, if any and nature of relationship	Mr. N. Chandrasekaran is Non-Executive Chairman and Mr. Saurabh Agrawal is Non-Executive Director, on both the Boards.
c.	Nature, material terms, monetary value and particulars of contracts or arrangement	TPCL has on-going arrangements with TSL for sale of power from its multiple power generating units located at Jojobera and Haldia. Jojobera has 4 units, 2 units are regulated wherein the tariff for sale of power is approved by state regulatory authority and while 2 units are non-regulated wherein the tariff for sale of power is mutually decided between the parties. The underlying arrangements comprise allied transactions such as purchase of fuel (coal/ gas), goods, spares and services. The duration of the said contracts ranges from FY97 to FY37. Further, TPCL is also proposing to enter into additional contracts for sale of power along with above allied transactions from its additional power plants.
d.	Tenure of the Transaction	The tenure of the contracts ranges from FY97 to FY37. However, approval of the Members is being sought for Material RPT for FY23.

Sl. No.	Description	Details		
e.	Value of the proposed Transaction	₹ in crore		
		Nature of transactions	Existing/ proposed	Estimated Value during FY23
		Sale of Power	Existing	1,368
		Purchase of Goods (including coal by-products, gas & utilities, stores, spares, etc.)	Existing	1,029
		Rendering of services	Existing/ Proposed	160
		Availing of services	Existing/ Proposed	16
		Reimbursement of Expenses	Proposed	13
		Other transactions	Existing/ Proposed	44
		Total		2,630
f.	Percentage of annual consolidated turnover considering FY22 as the immediately preceding financial year	6.18% (for RPTs to be entered during FY23)		
2.	Justification for the transaction	Please refer to 'Background, details and benefits of the transaction' which forms part of the explanatory statement to the Resolution No. 9		
3.	Details of transaction relating to any loans, inter-corporate deposits, advances or investments made or given by the listed entity or its subsidiary:	Not Applicable		
	(i) details of the source of funds in connection with the proposed transaction			
	(ii) where any financial indebtedness is incurred to make or give loans, inter-corporate deposits, advances or investments - nature of indebtedness; - cost of funds; and - tenure			
	(iii) applicable terms, including covenants, tenure, interest rate and repayment schedule, whether secured or unsecured; if secured, the nature of security			
	(iv) the purpose for which the funds will be utilized by the ultimate beneficiary of such funds pursuant to the RPT			
4.	A statement that the valuation or other external report, if any, relied upon by the listed entity in relation to the proposed transaction will be made available through registered email address of the shareholder	The proposed RPTs have been evaluated by a reputed external independent consulting firm in terms of pricing and arm's length criteria and the report confirms that the proposed RPTs are on arm's length basis. The report is available for inspection by the Members of the Company. They may follow the process for inspection of document as mentioned in the 'Notes' section forming part of this Notice.		
5.	Percentage of counterparty's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis	1.08% of TSL's annual consolidated turnover for FY22		
6.	Any other information that may be relevant	All important information forms part of the statement setting out material facts of the proposed RPTs.		

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Operational transactions not exceeding ₹ 2,630 crore	Tariff for sale of power from regulated units are decided by state regulatory authority while the tariff for sale of power from non-regulated units are mutually decided between the parties in line with the tariff approved for regulated units. For the allied transactions, wherever market prices are available, the same has been considered and analysed to meet the arm's length price. Further, the transactions are aggregated and evaluated factoring the profitability earned from respective units. Further, for proposed arrangements, the RPTs of sale of power and allied transaction will be entered based on the market price of the relevant material and service. Where market price is not available, alternative method (such as cost plus mark-up, comparable price, etc.), as advised by the independent consulting firm, shall be consider as arm's length price.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No. 9.

Mr. N. Chandrasekaran, Chairman of TSL is also the Chairman of TPCL. Further, Mr. Saurabh Agrawal, Non-Executive Director of TSL, is also a Non-Executive Director of TPCL, as on date of this Notice. Mr. Chandrasekaran, Mr. Agrawal and their relatives' interest or concerns are limited only to the extent of their holding directorship position(s) in TSL and TPCL.

None of the other Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.9 of the accompanying Notice.

The Board recommends the Resolution at Item No.9 of the accompanying Notice for approval by the Members of the Company.

Item No.10:

Background, details and benefits of the transaction

Tata Power Solar Systems Limited (TPSSL) is a fellow subsidiary of Tata Power Renewable Energy Limited (TPREL) and consequently, a related party of TPREL. TPSSL is an Indian company engaged in providing Engineering, Procurement and Construction (EPC) services for development of solar power plants, operation and maintenance of solar power plants as well as manufacturing of solar cells and modules.

TPREL avails EPC services from TPSSL for development of its Solar Power plants. TPSSL also avails and provides loan for fulfilling working capital requirements. As part of the business operations, both the companies also enter into other transactions such as reimbursement of expenses from time to time. Both, TPSSL and TPREL, being part of the Tata Power group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruption and generation of revenue and business for both the companies to cater to their business requirements.

The management of The Tata Power Company Limited (TPCL), the parent company of both TPSSL and TPREL, has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs between TPSSL and TPREL for an aggregate value not exceeding ₹ 6,035 crore to be entered into during FY23. The Audit Committee has noted that the said transactions will be executed between TPSSL and TPREL on an arm's length basis and in the ordinary course of business of TPSSL and TPREL.

Details of the proposed transactions between TPREL and TPSSL are as follows:

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Operational transactions not exceeding ₹ 1,520 crore	The RPTs will be entered based on the market price of the relevant material and service. Where market price is not available, alternative method (such as cost-plus mark-up, comparable price, etc.), as advised by the independent consulting firm, shall be considered as arm's length price.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.12.

Mr. Ashish Khanna, Non-Executive Director of TPSSL is also the Non-Executive Chairman of TPGEL. Mr. Khanna and his relatives' interest or concerns are limited only to the extent of his directorship in TPSSL and TPGEL.

None of the Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.12 of the accompanying Notice.

The Board recommends the Resolution at Item No.12 of the accompanying Notice for approval by the Members of the Company.

Item No.13:

Background, details and benefits of the transaction

Tata Power Solar Systems Limited (TPSSL) is a fellow subsidiary of Walwhan Renewable Energy Limited (WREL) and consequently, a related party of WREL. TPSSL is an Indian company engaged in providing Engineering, Procurement and Construction (EPC) services for development of solar power plants, Operation and Maintenance of solar power plants as well as manufacturing of solar cells and modules.

WREL avails EPC services from TPSSL for development of its Solar Power Plants. TPSSL also avails and provides loan for fulfilling working capital requirements. As part of business operations, both the companies also enter into other transactions such as reimbursement of expenses from time to time. Both TPSSL and WREL, being part of the Tata Power Group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruptions and generation of revenue and business for both the companies to cater to their business requirements.

The management of The Tata Power Company Limited (TPCL), the parent company of TPSSL and ultimate holding company of WREL, has provided the Audit Committee with the details of the proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs between TPSSL and WREL for an aggregate value not exceeding ₹ 1,285 crore to be entered during FY23. The Audit Committee has noted that the said transactions will be executed between TPSSL and WREL on an arm's length basis and in the ordinary course of business.

Details of the proposed transactions between WREL and TPSSL are as follows:

5.	Percentage of counterparty's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis	15.11% - Standalone turnover of TPSSL for FY22 100.63% - Consolidated turnover of WREL for FY22
6.	Any other information that may be relevant	All important information forms part of the statement setting out material facts of the proposed RPTs.

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Operational transactions not exceeding ₹ 1,285 crore	The RPTs will be entered based on the market price of the relevant material and service. Where market price is not available, alternative method (such as cost-plus mark-up, comparable price, etc.), as advised by the independent consulting firm, shall be considered as arm's length price.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.13.

Mr. Ashish Khanna, Non-Executive Director of TPSSL is also the Non-Executive Chairman of WREL. Further, Mr. Seethapathy Chander, is an Independent Director of both, TPSSL and WREL. Mr. Khanna and Mr. Chander and their relatives' interest or concerns are limited only to the extent of their directorship in TPSSL and WREL.

None of the Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either

directly or indirectly, financially or otherwise in the Resolution set out at Item No.13 of the accompanying Notice.

The Board recommends the Resolution at Item No.13 of the accompanying Notice for approval by the Members of the Company.

Item No.14:

Background, details and benefits of the transaction

Tata Power Solar Systems Limited (TPSSL), which is a subsidiary of The Tata Power Company Limited (TPCL), is the Parent Company of Chirasthaayee Saurya Limited (CSL) and consequently, a related party of CSL. TPSSL is an Indian company engaged in providing Engineering, Procurement and Construction (EPC) services for development of solar power plants, Operation and Maintenance of solar power plants as well as manufacturing of solar cells and modules.

CSL primarily avails O&M services from TPSSL for maintenance of its Solar Power Plants. TPSSL also avails and provides loan for fulfilling working capital requirements. As part of business operations, both the companies also enter into other transactions such as reimbursement of expenses from time to time. Both TPSSL and CSL, being part of the Tata Power Group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruptions and generation of revenue and business for both the companies to cater to their business requirements.

The Management of TPCL has provided the Audit Committee with the details of the proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs between TPSSL and CSL for an aggregate value not exceeding ₹ 1,040 crore to be entered during FY23. The Audit Committee has noted that the said transactions will be executed between TPSSL and CSL on an arm's length basis and in the ordinary course of business.

Details of the proposed transactions between TPSSL and CSL are as follows:

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.14.

Mr. Mahesh Paranjpe, CEO and KMP of TPSSL, is also the Non-Executive Chairman of CSL. Mr. Paranjpe and his relatives' interest or concerns are limited only to the extent of holding directorship / KMP position(s) in TPSSL and CSL.

None of the Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either

directly or indirectly, financially or otherwise in the Resolution set out at Item No.14 of the accompanying Notice.

The Board recommends the Resolution at Item No.14 of the accompanying Notice for approval by the Members of the Company.

Item No.15:

Background, details and benefits of the transaction

Tata Power Solar Systems Limited (TPSSL) is a fellow subsidiary of TP Kirnali Limited (TPKL) and consequently, a related party of TPKL. TPSSL is an Indian company engaged in providing Engineering, Procurement and Construction (EPC) services for development of solar power plants, Operation and Maintenance of solar power plants as well as manufacturing of solar cells and modules.

TPKL avails EPC services from TPSSL for development of its Solar Power plants. As part of business operations, both the companies also enter into other transactions such as reimbursement of expenses from time to time. Both TPSSL and TPKL, being part of the Tata Power Group, these transactions not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of facilities and services without interruptions and generation of revenue and business for both the companies to cater to their business requirements.

The management of The Tata Power Company Limited (TPCL), the parent company of TPSSL and ultimate holding company of TPKL has provided the Audit Committee with the details of the proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs between TPSSL and TPKL for an aggregate value not exceeding ₹ 1,015 crore to be entered during FY23. The Audit Committee has noted that the said transactions will be executed between TPSSL and TPKL on an arm's length basis and in the ordinary course of business.

Details of the proposed transactions between TPKL and TPSSL are as follows:

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Purchase of Power not exceeding ₹ 1,800 crore	The RPT of purchase of power is based on tariff order pronounced by CERC.

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve resolutions under Item No.16.

Mr. Amarjit Chopra is a Non-Executive Director of both TPTCL and MPL. Mr. Chopra and his relatives' interest or concerns are limited only to the extent of his directorship in TPTCL and MPL.

None of the Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.16 of the accompanying Notice.

The Board recommends the Resolution at Item No.16 of the accompanying Notice for approval by the Members of the Company.

Item No.17:

Background, details and benefits of the transaction

Tata Power Trading Company Limited (TPTCL) is a wholly owned unlisted subsidiary of The Tata Power Company Limited (TPCL). Tata Power Delhi Distribution Limited (TPDDL) is a joint venture between TPCL (51%) and the Government of NCT of Delhi (49%). Consequently, both are related parties.

TPTCL is primarily engaged in the business of trading of electricity across the country. It sources power from different public and private sector generating units and supplies to various consumers being public and private power sector utilities.

TPDDL is a public limited company set up in terms of Delhi Electricity Reforms (Transfer Scheme) Rules, 2001 and is primarily engaged in the business of distribution of electricity in North and North West Delhi.

The transaction not only help smoothen business operation but also ensures desired quality of services without interruption and generation of business to cater to their business requirements.

The management of TPCL has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has recommended entering into RPTs between TPTCL and TPDDL for an aggregate value not exceeding ₹ 1,500 crore to be entered during FY23. The Audit Committee has noted that the said transactions will be executed between TPTCL and TPDDL on an arm's length basis and in the ordinary course of business of TPTCL and TPDDL.

Details of the proposed transactions between TPDDL and TPTCL are as follows:

Sl. No.	Description	Details											
1.	A summary of information provided by the management to the Audit Committee												
a.	Name of the related party and its relationship with the listed entity or its subsidiary, including nature of its concern or interest (financial or otherwise);	TPTCL is a wholly owned subsidiary of TPCL. TPDDL is a joint venture between TPCL (51%) and Government of NCT of Delhi (49%).

	(iv) the purpose for which the funds will be utilized by the ultimate beneficiary of such funds pursuant to the RPT												
4.	A statement that the valuation or other external report, if any, relied upon by the listed entity in relation to the proposed transaction will be made available through registered email address of the shareholder	The proposed RPTs have been evaluated by a reputed external independent consulting firm in terms of pricing and arm's length criteria and the report confirms that the proposed RPTs are on arm's length basis. The report is available for inspection by the Members of the Company. They may follow the process for inspection of document as mentioned in the 'Notes' section forming part of this Notice.											

Sl. No.	Description	Details
5.	Percentage of counterparty's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis	19.61% - Standalone turnover of TPDDL for FY22 18.65% - Standalone turnover of TPTCL for FY22
6.	Any other information that may be relevant	All important information forms part of the statement setting out material facts of the proposed RPTs.

Arm's length pricing:

The RPT(s)/contract(s)/arrangement(s) mentioned in this proposal have been evaluated by a reputed external independent consulting firm and the firm has confirmed that the proposed terms of the RPT(s)/contract(s)/agreement(s) meet the arm's length testing criteria. The RPT(s)/contract(s)/arrangement(s) also qualify as contract under ordinary course of business.

Brief details on the mode of determination of arm's length pricing are provided below:

Nature of Transaction	Arm's length pricing
Sale of Power not exceeding ₹ 1,500 crore	The RPT of sale of power is based on tariff order pronounced by CERC

The said transaction, being a Material RPT, requires prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No.17.

Mr. Sanjay Banga and Mr. Ajay Kapoor, Non-Executive Directors of TPTCL, are also Non-Executive Directors of TPDDL. Mr. Amarjit Chopra, Non-Executive Director of TPTCL is also an Independent Director of TPDDL. Further, Mr. Ganesh Srinivasan, Non-Executive Director of TPTCL is also the Chief Executive Officer and KMP of TPDDL. Mr. Banga, Mr. Kapoor, Mr. Chopra, Mr. Srinivasan and their relatives' interest or concerns are limited only to the extent of their directorship / KMP position(s) in TPTCL and TPDDL.

None of the Directors and KMP of the Company and their respective relatives (to the extent of their shareholding in the Company, if any) in any way, are concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No.17 of the accompanying Notice.

The Board recommends the Resolution at Item No.17 of the accompanying Notice for approval by the Members of the Company.

Item No.18: In supersession of Resolution No.13 passed at the 88th Annual General Meeting of the Company held on August

8, 2007 and pursuant to the provisions of Section 94 and other applicable provisions, if any, of the Act and the rules framed thereunder, Registers as prescribed under Section 88 of the Act and copies of Annual Returns as required under Section 92 of the Act together with the copies of certain other registers, certificates, documents, etc. are required to be kept and maintained at the Registered Office of the Company. However, these documents can be kept at any other place in India in which more than one-tenth of the total Members entered in the Register of Members reside, if approved by a Special Resolution passed at a general meeting of the Company.

Pursuant to the shifting of the registered office of TSR Consultants Private Limited (TCPL) (formerly TSR Darashaw Consultants Private Limited), the Registrar and Transfer Agent of the Company, from 6-10 Haji Moosa Patrawala Industrial Estate, 20, Dr. E Moses Road, Mahalaxmi, Mumbai 400 011 to C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai 400 083, approval of the Members is sought by way of a Special Resolution for keeping and maintaining the Registers as prescribed under Section 88 of the Act and copies of Annual Returns under Section 92 of the Act together with the copies of certificates and documents required to be annexed thereto or any other documents as may be required, at the Registered Office of the Company and / or at the other places mentioned in the Resolution.

The mentioned documents are open for inspection, by Members or such persons as entitled to such inspection between 11.00 a.m. to 1.00 p.m. on any working day of TCPL or by writing to the Company at investorcomplaints@tatapower.com except when the Registers and Books are closed under the provisions of the Act or the Articles of Association of the Company.

None of the Directors and KMP of the Company and their respective relatives are concerned or interested in the resolution set out at Item No.18 of the accompanying Notice.

The Board commends the Special Resolution as set out at Item No.18 of the accompanying Notice for approval by the Members of the Company.

Item No.19: As Members are aware, the Company is undertaking several projects/contracts in India as well as outside India mainly for the erection, operation and maintenance of power generation, transmission and distribution facilities. To enable the Directors to appoint Branch Auditors for the purpose of auditing the accounts

of the Company's Branch Offices outside India (whether existing or as may be established), the necessary authorisation of the Members is being obtained in accordance with the provisions of Section 143 of the Act, in terms of the Resolution at Item No.19 of the accompanying Notice.

None of the Directors and KMP of the Company and their respective relatives are concerned or interested in the Resolution at Item No.19 of the accompanying Notice.

The Board recommends the Resolution at Item No.19 of the accompanying Notice for approval by the Members of the Company.

Item No.20: Pursuant to Section 148 of the Act, the Company is required to have the audit of its cost records conducted by a cost accountant in practice. On the recommendation of the Audit Committee of Directors, the Board of Directors has approved the re-appointment of M/s. Sanjay Gupta and Associates (SGA) (Firm Registration No. 000212) as the Cost Auditors of the Company to conduct audit of cost records maintained by the Company for FY23, at a remuneration of ₹ 6,50,000 (Rupees Six Lakh Fifty Thousand only) plus applicable taxes, travel and actual out-of-pocket expenses.

SGA has furnished a certificate regarding their eligibility for appointment as Cost Auditors of the Company. They have vast experience in the field of cost audit and have conducted the audit of the cost records of the Company for previous years under the provisions of the Act.

Pursuant to Section 148(3) of the Act, approval by the Members is required for the above remuneration of the Cost Auditor.

None of the Directors and KMP of the Company and their respective relatives are concerned or interested in the Resolution at Item No.20 of the accompanying Notice.

The Board recommends the Resolution at Item No.20 of the accompanying Notice for ratification by the Members of the Company.

By Order of the Board of Directors,
For The Tata Power Company Limited

H. M. Mistry
Company Secretary

**Details of the Directors seeking appointment/re-appointment at the forthcoming Annual General Meeting
(In pursuance of Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 on General Meetings)**

Name of Director	Mr. K. M. Chandrasekhar	Mr. Saurabh Agrawal
DIN	06466854	02144558
Designation / Category of Directorship	Independent, Non-Executive	Non-Independent, Non-Executive
Date of Birth (Age)	February 20, 1948 (74 years)	August 13, 1969 (52 years)
Date of Appointment	May 4, 2017	November 16, 2017
Expertise in specific functional areas	Mr. Chandrasekhar entered the Indian Administrative Service in 1970. He was ranked third in the list in the batch. Prior to that, he secured B.A. (Honours) in Economics and M.A. in History from St. Stephen's, College, University of Delhi. After entering Government service, he did his M.A. in Management Studies from the University of Leeds in United Kingdom. He spent the first 25 years of his career in Kerala, holding such positions as Managing Director of the State Civil Supplies Corporation, District Collector, Idukki, Director of Fisheries, Principal Secretary (Industries) and Principal Secretary (Finance). During this period, he was also Chairman of the Spices Board under the Ministry of Commerce, Government of India. In 1996, he left Kerala on Central Government deputation. During his 15 years tenure with the Government of India, from 1996 to 2011, he was Joint Secretary in the key Trade Policy Division of the Ministry of Commerce, Deputy Chief of Mission in the Embassy of India, Brussels and the Ambassador and Permanent Representative of India in the World Trade Organization in Geneva. He rose to the position of Union Cabinet Secretary. As Cabinet Secretary, he was Head of all the Civil Services in India and reported directly to the Prime Minister. He retained that position for four years. He retired from Government service in 2011 at the age of 63, having served Government for 41 years. Post retirement, he was, for 5 years, Vice-Chairman, Kerala State Planning Board with rank of Cabinet Minister of the State. Mr. Chandrasekhar has considerable management experience having been associated as Chairman, Managing Director or member of the Board of Directors of more than 40 companies in the public, joint and private sector. He has written several articles and presented papers. He has also been consultant to the Commonwealth Secretariat and to the UN Food and Agriculture Organization.	Mr. Agrawal joined Tata Sons Private Limited (TSPL) in July 2017 as the Group Chief Financial Officer. An investment banker, he brings with him over two decades of rich experience in capital markets. Starting his career in 1995, Mr. Agrawal has a sterling record in both strategy and execution, covering a wide range of industries. He joined TSPL from the Aditya Birla Group, where he was head of strategy. Prior to that, he has been head of the corporate finance unit of Standard Chartered Bank in India and South Asia, and the head of the investment banking division in DSP Merrill Lynch.

Independent Limited Assurance Report on Sustainability Disclosures in the Integrated Annual Report of The Tata Power Company Limited for the Financial Year Ended March 31, 2022

To the Board of Directors of The Tata Power Company Limited

Deloitte Haskins & Sells LLP was engaged by the Management of The Tata Power Company Limited (the "Company") to provide independent limited assurance on disclosures made with reference to the GRI Sustainability Reporting Standards as amended upto 2021 and issued by the Global Reporting Initiative (the "GRI Standards") (herein the "GRI Standards Disclosures") in its Integrated Annual Report (the "Report") for the year ended March 31, 2022 as detailed in paragraph 3 -Subject Matter.

1. Responsibility of the Management:

The Company's Management is responsible for content and presentation of the Report, engagement with stakeholders, the identification and presentation of information including the responsibility for establishing and maintaining relevant and appropriate performance management systems and internal control framework to facilitate collection, calculation, aggregation and validation of the data with respect to the management's basis of preparation with reference to GRI Standards, included in the Report and preparation of the Report that is free from material misstatement, whether due to fraud or error.

2. Reporting Boundary

As represented by Management, the reporting boundary of sustainability disclosures in the Report covers the Company and its Subsidiaries. Further, Management has also represented that certain sustainability disclosures are limited to include specific Subsidiaries based on their operations.

Our scope is limited to the Company, and its Subsidiaries (confirmed by management to be its Subsidiaries) as mentioned in the below Subject Matter paragraph.

3. Subject Matter

We are required to provide limited assurance on the below GRI Standards Disclosures, specific to the period from April 1, 2021 to March 31, 2022 in accordance with management's basis of preparation and with reference to GRI Standards. The terms of management's basis of preparation and GRI Standards comprise the criteria by which the GRI Standards Disclosures are evaluated for purposes of our limited assurance engagement.

The subject matter and scope of limited assurance covers the review and verification of information for select GRI Standards Disclosures on sample basis at select locations of the Company/ its subsidiaries as specified below:

Regd. Office: One International Center, Tower 3, 27th - 32nd Floor, Senapati Bapat Marg, Elphinstone Road (West), Mumbai - 400 013, Maharashtra, India. (LLP Identification No. AAB-8737)

GRI Standards Disclosures	Indicator number as per GRI Standards	Companies (with location names) covered in the Report on sample basis as applicable
GRI 2	2- 1 to 3, 2-5,2-7	The Tata Power Company Limited
GRI 3	3-1 to 3-3	The Tata Power Company Limited
Procurement Practices	204-1	The Tata Power Company Limited and Maithon Power Limited
Materials	301-1	Thermal Power plant at Mundra, Gujarat (Erstwhile, Coastal Gujarat Power Limited now merged with The Tata Power Company Limited) Thermal Power plant at Dhanbad, Jharkhand (Maithon Power Limited) 49 MW Solar Power Project Kayathar, Tamil Naidu (Walwhan Renewable Energy Limited) 126 MW Pratapgarh Wind Farm (Walwhan Wind RJ Limited) Transmission & Distribution Mumbai Division (The Tata Power Company Limited)
Energy	302-1, 302-3,	
Water and Effluent	303-3, 303-4, 303-5	
Emissions	305-1 to 305-4, 305-7	
Waste	306-3, 306-4, 306-5	
Biodiversity	304-1, 304-2, 304-3	Thermal Power plant at Mundra, Gujarat (Erstwhile, Coastal Gujarat Power Limited now merged with The Tata Power Company Limited) Thermal Power plant at Dhanbad, Jharkhand (Maithon Power Limited) 49 MW Solar Power Project Kayathar, Tamil Naidu (Walwhan Renewable Energy Limited)
Employment	401-1	Tata Power Delhi Distribution Limited (TPDDL), The Tata Power Company Limited (TPCL) and Tata Power Western Odisha Distribution Limited (TPWODL)
Labour Management Relations	402-1	
Occupational Health and Safety	403-9	
Training and Education	404-1	
Employee Remuneration Ratio	405-2	

4. Our Independence, Ethical Requirements and Quality Control

Our team comprising multidisciplinary professional, have complied with independence policies of Deloitte Haskins and Sells LLP, which address the requirements of the International Federation of Accountants (the "IFAC") Code of Ethics for Professional Accountants in the role as independent auditors. We have complied with the relevant applicable requirements of the International Standard on Quality Control ("ISQC") 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

We also confirm that we have maintained our independence in the Report and there were no events or prohibited services related to the Assurance Engagement which could impair our independence.

5. Our Responsibility

Our responsibility is to express a limited assurance conclusion on GRI Standards Disclosures in the Report as described in the subject matter, based on the procedures we have performed and the evidence we have obtained. We conducted our limited assurance in accordance with International Standard on Assurance Engagement ISAE 3000 (Revised) Assurance Engagements Other than Audits or Reviews of Historical Financial Information ("ISAE 3000") issued by the IFAC. This standard requires us to comply with ethical requirements and to plan and perform our limited assurance engagement to obtain sufficient appropriate evidence about whether the GRI Standards Disclosures are free from material misstatement.

A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both risk assessment procedures, including an understanding of internal controls, and the procedures performed in response to the assessed risks. The procedures we performed were based on our professional judgment and included inquiries, observation of process followed, inspection of documents, analytical procedures, evaluating appropriateness of quantification methods, agreeing or reconciling with underlying data, etc.

In performing the procedures listed above, we:

- Interviewed key personnel including senior executives at respective plant locations of the Company / Subsidiaries in the Subject Matter paragraph and at the corporate office of the Company to understand the systems and processes in place for capturing sustainability performance data during the reporting period; and
- Desktop audit at the respective operational locations as specified in the Subject Matter in order to:
 - Test data, review of records and relevant documentation submitted by the Company of its locations and of its Subsidiaries as mentioned in Subject Matter paragraph as applicable, to arrive at the data presented in their Report; and
 - Analyse and review key data management systems, processes, procedures relating to collation, aggregation, validation and reporting of the select GRI Standards Disclosures for the locations as mentioned subject matter paragraph on a sample basis.

We have relied on the information, documents, records and explanations provided by the Company for the purpose of our review.

The procedures performed in a limited assurance engagement vary in nature from, and are less in

extent than for, a reasonable assurance engagement. As a result, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. Accordingly, we do not express a reasonable assurance opinion about whether the GRI Standards Disclosures have been presented, in all material respects, in accordance with management's basis of preparation and GRI Standards.

Further, a limited assurance engagement does not constitute an audit or review of any of the underlying information in accordance with International Standards on Auditing or International Standards on Review Engagements and accordingly, we do not express an audit opinion or review conclusion.

6. Our Conclusion

The procedures we have performed and the documents and records that were made available to us and the information and explanations provided to us by the Company in connection to the review of the select GRI Standards Disclosures as set out in the Subject Matter paragraph and disclosed in the Integrated Annual Report for the year ended March 31, 2022 provide an appropriate basis for our conclusion.

Based on the procedures performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the GRI Standards Disclosures set out in the Subject Matter paragraph for the year ended March 31, 2022, are not prepared, in all material respects, in accordance with the management's basis of preparation and with reference to the GRI Standards.

Other Matters

Our assurance scope excludes subsidiaries/ locations of the Company other than those mentioned in the Subject Matter paragraph. Our report does not extend to any disclosures or assertions relating to future performance plans and/or strategies disclosed in the reports. The maintenance and integrity of the Company's website is the responsibility of its management. Our procedures did not involve consideration of these matters and, accordingly we accept no responsibility for any changes to either the information on the website, the reports or our independent assurance report that may have occurred since the initial date of presentation.

Restriction on use and distribution

Our work has been undertaken to enable us to express a limited assurance conclusion on the GRI Standards Disclosures as stated in subject matter paragraph, to the Management of the Company in accordance with the terms of our engagement, and for no other purpose. We do not accept or assume liability to any party other than the Company, for our work, for this Integrated Annual Report, or for the conclusion we have reached.
