Dear Sir/ Madam,

Re: Notice of 18th Annual General Meeting ("AGM") alongwith Integrated Annual Report of the Company for FY 2021-22

We would like to inform that 18th AGM of the Members of the Company is scheduled to be held on Monday, August 08, 2022 at 9:30 am IST through Video Conferencing / Other Audio Visual Means in terms of applicable circulars issued by the Ministry of Corporate Affairs and by Securities and Exchange Board of India (SEBI), to transact the businesses, as set out in the Notice of AGM.

Pursuant to Regulation 34 of the SEBI (LODR) Regulations, 2015, we enclose herewith Notice of the AGM alongwith Integrated Annual Report of the Company for FY 2021-22, which is being sent to all the Members of the Company whose e-mail addresses are registered with the Company / Registrar and Transfer Agent / Depository Participant(s).

Further, the Company is pleased to provide e-voting facility to its Members holding shares in physical or dematerialised form, as on the cut-off date i.e. **Monday, August 01, 2022** to cast their votes by electronic means on the resolutions set forth in the Notice of AGM.

Annual Report containing the Notice of AGM is also uploaded on Company's website at www.torrentpower.com.

Kindly take the same on your records.

Thanking you,

Yours faithfully,
For Torrent Power Limited

Rahul Shah
Company Secretary & Compliance Officer
Encl: As above

sustainability performance data aligned to the Core option of the Global Reporting Initiative (GRI). Other reporting frameworks referred to include Sustainability Accounting Standards Board (SASB) parameters, United Nations Sustainable Development Goals (UN SDGs), National Voluntary Guidelines (NVG) and United Nations Global Compact (UNGC) principles. A linkage to various parameters of such frameworks referred against various GRI indicators is also annexed to this report.

The statutory sections of the Report have been developed in line with the requirements of the Companies Act, 2013 (including the rules made thereunder), Indian Accounting Standards, the

in line with our goal to accelerate our sustainability journey in partnership with our stakeholders, we seek your valuable feedback and suggestions to continually improve our reporting standards and related processes. Please send in your suggestions to esg@torrentpower.com.

Forward-looking Statements

Certain statements in this Report may be forward-looking. Actual outcomes may vary from those expressed or implied. The Company assumes no responsibility to publicly amend, modify, update or revise any such statements on the basis of subsequent developments, information or events.

INTEGRATED
REPORTING

commitments and being accountable for one's actions, end-to-end.

to leadership. As we are what we repeatedly do, excellence then is not an act, but a habit.

as their outcome. It provides a platform for seeking and nurturing constructive ideas from individuals, teams and units which eventually yields exceptional results.

CONCERN FOR SOCIETY AND ENVIRONMENT

When every smile matters

Concern for Society & Environment is a sense of responsibility. Contribution to society defines our existence. It entails making a difference in the quality of lives and environment surrounding us. It is important to encourage fellow members on collective as well as individual basis to fulfil the responsibility of leaving behind a world rich in flora and fauna, time tested values and ideals and above all, in social fervour for our future generations.

FAIRNESS WITH CARE

Harnessing equality

Fairness and Care towards all fellow members are inextricably linked. Weaving the threads of equality, irrespective of caste, creed, religion and gender, into the day to day fabric, ensures fairness for each and every individual. Empathic care recognises the needs and aspirations of all. Only such fairness and care eventually lead fellow members to the dawn of eternal success.

TRANSPARENCY

Openness that builds enduring trust

Transparency implies openness. It is the opposite of secrecy. It encourages more informed decision making and aids in creating enduring trust among all stakeholders.

As the pandemic ebbed, FY22 offered us new opportunities coupled with some challenges. The year started with a favourable outlook with a spike in power demand. In the first

8.70% in FY22 which was led by public and private investments. The pace of infrastructure development and demand for electricity has also increased rapidly. This has led to an urgent need to scale installed power

generation capacities and expand distribution, transmission and grid infrastructure. These efforts must be facilitated by adequate government support through pragmatic power sector reforms and private sector investments.

ACCELERATING GROWTH WITH SUSTAINABILITY AT TORRENT POWER

Sustainable Growth

We are one of the industry leaders with integrated operations across power generation, transmission and distribution. During FY22, we grew our operational footprint inorganically through several strategic acquisitions to address the changing needs of our stakeholders and the dynamic external environment.

During the year, our Company successfully completed the acquisition of 51% stake in the power distribution company of Dadra & Nagar Haveli and Daman & Diu union territory spanning an area of 603 sq. kms. The target company distributes 9 billion units of power and has annual sales of ₹4,500 Crore. Your

In FY22, our Earnings before Interest, Depreciation, Tax and exceptional items was higher by 6.1% compared to the previous year. The financials include a one-time non-cash charge of ₹1,300 Crore as a result of impairment of the DGEN plant. Excluding such impairment charges (net of tax), the adjusted Total Comprehensive Income (TCI) for FY22 remained higher at ₹1,389 Crore compared to ₹1,300 Crore for FY21. Company's financial performance is described in greater detail in the Management Discussion and Analysis section of this report.

Strengthening the Social Pillar

Since our inception, ensuring the safety and well-being of our employees, communities, customers and other stakeholders has been our priority. Our well-structured policies and ingrained safety culture have allowed us to operate with stringent safety measures serving the interests of all our stakeholders.

During the year, we won the British Safety Council's prestigious Sword of Honour award for excellence in health and safety and the Globe of Honour award for environmental sustainability. These recognitions testify to our high operational health and safety standards and environmental management policies and processes. We achieved five stars (>92% score) in the British Safety Council's audit and are one of just five organisations worldwide (of which only two, including Torrent Power, are

and maintenance and Abhiyakti, which promotes art and culture, are also making a tangible difference in the lives of our community members.

BUILDING A FUTURE-FIT COMPANY

Our focus on balancing financial and non-financial priorities and risk management is strengthening the foundation of our business and is critical for our continued success. We will continue looking for new opportunities in the distribution and transmission sectors through privatisation or franchising of distribution areas. We aim to increase our renewable portfolio through new bids or acquisitions in the coming years. As always, we remain steadfast in our commitment to good governance, a customer-centric approach and creating sustainable value for our stakeholders.

I express my gratitude to our stakeholders for their trust and faith in Torrent Power. With your support, we are firmly placed to take your Company forward on a path of financial progress and a sustainable future.

Best wishes,
Samir Mehta

Torrent Power has become first DISCOM in India to achieve **five-star rating** in Health and Safety under British Safety Council's Audit.

Our Gas-based generation facilities have also received a **five-star rating** for the 2nd time in a row under British Safety Council's Health and Safety Audit.

- To compete for the "Sword of Honour" and "Globe of Honour" awards, an organisation goes through an exhaustive audit program in health, safety and environment. The organisation must demonstrate, to an independent panel of experts, its excellence in health & safety and environmental management throughout the business and must also achieve five stars (>92% score) in the British Safety Council's rigorous audit scheme. Our organisation is one of just 5 organisations (of which only two including Torrent Power are electric utilities) worldwide to receive both these prestigious recognitions. Torrent Power is only the second company ever from India to win both these accolades in a single year.

Awaras won in Annual Convergence on Quality Concepts-2021 Competition held by QCFI across various chapters:

- **"GOLD"** by SUGEN team under 'KAIZEN' Competition
- **"GOLD"** by DGEN team under 'Five S' Competition
- **"GOLD"** by AMGEN team under '5S creativity/ Kaizen' Competition
- **"SILVER"** by AMGEN team under 'Allied Quality Concept' Competition

The learning centre of AMGEN is CEA (Central Electricity Authority, New Delhi) recognised **Category-I Training Centre since 1987**. CEA has issued a certificate of recognition for five years till March 31, 2024.

AMGEN received '**Eat Right Campus**' certification from FSSAI with a five-star rating

Health and Safety systems at SUGEN have been appreciated by the National Safety Council of India with the **"Prashansha Patra"** award

A Strong Board

- A diverse board, rich in experience with varied professional experience and academic background
- Our nine-member Board has an optimum combination of Executive and Non-Executive Directors, including three Women Directors*
- More than 75% of the Board members are Non-Executive*
- More than 55% of the Board members are Independent Directors*
- 33% of the Board are Women Directors*

*As of March 31, 2022.

The Board oversees all strategic, operational and functional parameters of our Company. It ensures we run and grow our business in line with our stated goals and create long-term sustainable value for our stakeholders.

BOARD COMMITTEES

Board Committees chaired by Independent Directors bring specific domain expertise to facilitate timely decision making with due consideration to inherent or external risks. They provide recommendations on various issues relevant to our short, medium and long-term needs after thorough evaluations. Together, the Board and its committees play a crucial role in

helping us improve our performance efficiency and running transparent operations.

With a view to achieving our ESG goals, the Company has, during the year, enhanced the terms of reference of the CSR committee and re-designated the Committee as CSR and Sustainability Committee.

N

Mr. Sudhir Mehta, Chairman Emeritus of ₹22,500 Crore Torrent Group, is the driving force behind its strong presence in Pharma and Power sectors. Born in 1954, Mr. Sudhir Mehta formally joined the family business in the early 70s.

After completing his education, Mr. Mehta joined his father in managing the affairs of Torrent Pharma and began learning the nuances of business and management under his watchful eyes. He brought great dynamism and large business acumen to the Group, resulting in the initial success of Torrent Pharma, the flagship company of the Torrent Group. He was instrumental in the commissioning of its first manufacturing facility at Ahmedabad and bagging the first export order to Russia. In recognition of its superior performance, Torrent Pharma earned the President's award for highest pharmaceuticals exports of ₹1,570 million in FY 1991-92.

The astute businessman in Mr. Mehta was quick to foresee the emerging opportunities in the power sector. He led Torrent's foray into this sector by acquiring the ailing Mahendra Cables in the late 80's, TCL Cables Private Limited. This was followed

Mr. Mehta took over as the Chairman of the Torrent Group in 1998 after the demise of his father, Mr. UN Mehta. Under the able leadership of Mr. Mehta, Torrent Group has since grown into a leading business group.

Torrent Pharma today has a strong presence in various therapeutic segments with seven world-class operational manufacturing plants and a state-of-the-art research centre. Torrent Pharma's global operations are spread across 40 countries with wholly owned subsidiaries in most major markets. The acquisition of Elder Pharma's Indian branded business in 2013, the Dermaceutical business of Zyg Pharma in 2015, the API plant of Glochem Industries in 2016, women healthcare brands from Novartis and Unichem's Indian branded business and its Sikkim Plant in 2017 further strengthened Torrent Pharma's position.

Alongside, Torrent Power today has a strong foothold in generation, distribution and transmission segments. The Company now has an aggregate installed generation capacity of ~4.1 GW, largely consisting of clean sources such as gas (2.7 GW) and renewables (1.0 GW). It distributes nearly 26 billion units of power per annum including units distributed at Dadra & Nagar Haveli and Daman & Diu and caters to a peak demand of approximately 4,850 MW to over 4 million customers across 12 cities.

sector. Torrent Power has systematically improved its performance on all efficiency parameters and ranks amongst the best run power utilities in the country. His emphasis on efficiency and reliability has

Group culture with his contemporary outlook and innovative ideas. Torrent Group has established a reputation for being employee-centric and, above all, fair and humane in all its dealings.

entities, that include fortune 500 companies and international organisations. He has been on the governing boards of several academic and training institutions. He is actively associated with several start-up ventures.

**KEKI
MISTRY**

A

Mr. Keki Mistry joined as an Independent Director on the Board on January 28, 2010. He is a Member of the Audit Committee of the Board.

Born in 1954, Mr. Keki M. Mistry is a Fellow member of The Institute of Chartered Accountants of India. A renowned professional with over four decades of varied work experience in the banking and

financial services domain, he is currently the Vice Chairman and CEO of Housing Development Finance Corporation Limited (HDFC). He is also the Non-Executive Chairman on the Board of Directors of HDFC ERGO General Insurance Company Ltd.

As a part of HDFC's core management team, Mr. Keki Mistry has played a critical role in the successful transformation of HDFC into India's leading integrated financial services conglomerate by facilitating the formation of companies including HDFC Bank Ltd., HDFC Asset Management Company Ltd., HDFC Life Insurance Company Ltd. and HDFC ERGO General Insurance Company Ltd.

He is currently a member of the Primary Markets Advisory Committee set up by the Securities and Exchange Board of India (SEBI). He was the Chairman of the CII National Council on Corporate Governance for five years (2016-17 to 2017-18 and 2019-20 to 2021-22).

Investment – Monitoring & Accounts, Customer Relationship, New Business and Reinsurance, Corporate Planning, Estate, Office Services, Health Insurance and HRD. Her expertise lies in consecutively. She was featured in Business World, Femina and on the cover page of Beaurocracy. She was honoured by 92.7 Big FM, Colour TV, Dun & Bradstreet and Loksatta, among others.

**RADHIKA
HARIBHAKTI**

A C N R

Smt. Radhika Haribhakti joined as Non-Executive Independent Director on the Board on August 7, 2021.

Smt. Haribhakti is 63 years of age and has over 30 years of experience in Commercial and Investment Banking with Bank of America, JM

Morgan Stanley and DSP Merrill Lynch. She has advised several large corporates and led their Equity and Debt offerings in Domestic as well as International Capital Markets. She now offers advisory services as RH Financial but is primarily engaged as an Independent Director on multiple Boards.

She graduated in Commerce from Gujarat University and did her Post Graduate in Management from the Indian Institute of Management, Ahmedabad (IIMA).

She is an Independent Director on the Boards of EIH Associated Hotels Limited, ICRA Limited, Navin Fluorine International Limited, Rain Industries Limited and Pipeline Infrastructure Limited.

She has also been closely associated with issues of Women Empowerment and financial inclusion and has served on the Boards of non-profits for over 18 years, including 12 years as Chairperson.

**KETAN
DALAL**

A R

Mr. Ketan Dalal joined as Non-Executive Independent Director on the Board on May 11, 2022.

Ketan Dalal, 65, is a veteran Chartered Accountant with 40 years of extensive experience in taxation, corporate and investment structuring, including mergers and acquisitions. He was the Joint

boutique Structuring and Tax firm, Katalyst Advisors Pvt. Ltd.

He was a member of the "Working Group on Non-Resident Taxation" formed by the Ministry of Finance, Government of India in 2003. He has also served on various committees of several professional and business organisations. He was a member of SEBI committees, including the High Powered Advisory Committee (HPAC) on Consent Orders and Compounding.

He has been listed among India's leading tax advisors in International Tax Review, a leading global magazine on international tax policy and offers advice around the world. He has written several books and articles, including the "Indian Taxation Decoded - An MNC Perspective" in 2018.

OUR ESG GOVERNANCE FRAMEWORK

CSR and Sustainability Committee

The Board Committee acts as the apex committee providing leadership on the organisation's sustainability agenda and future goals.

ESG Steering Committee

Responsible for sustainability goal-setting and steering the sustainability agenda

- Provides guidance and operational insights and reviews activities of ESG working groups
- Identifies new ESG opportunities to incorporate into business operations

ESG Working Groups

Responsible for the implementation of the ESG initiatives, monitoring its progress, tracking the relevant data and KPIs, etc.

and improved performance management. It also helps us successfully respond to new opportunities in the market besides enhancing our brand appeal.

To supplement our ERM framework, we have put in place robust internal control systems to ensure efficiency in operations, optimum utilisation of resources, reliable financial reporting and compliance with all applicable laws and regulations. The internal control system is aligned to COSO Internal Control Integrated Framework. Our well-defined Risk Control Matrices serve as the primary document for internal control assessment, categorised into Entity Level controls, process-level controls and IT controls. The design and operating effectiveness of internal controls are evaluated and improved to make our operations more efficient. Internal auditors assess the adequacy and effectiveness of internal controls. They share periodic reports on their findings with the management and the Audit Committee along with recommendations for process improvements. Adequacy of internal financial controls concerning financial statements and their operating effectiveness are also assessed by statutory auditors annually.

oversight over the risk management process. We have constituted a Risk Management Committee (RMC) at the Board level in accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The RMC consists of four members, including three Independent Directors and the Chief Risk Officer (CRO). It is responsible for monitoring and reviewing the Risk Management Policy, guiding the development of the Risk Management framework and reporting to the Board on Risk Management activities.

At the management level, the CRO is accountable for risk management processes. The CRO is responsible for reviewing reports for briefing the RMC and ensuring the achievement of objectives of the risk management framework. The CRO also acts as a communication link between the RMC and Risk Champions and recommends improvements in the risk management framework in line with global best practices.

Unit heads are designated as Risk Champions. Risk Champions and Risk Co-ordinators are accountable for monitoring the external macro-economic and industry landscape, identifying and assessing risks and developing appropriate mitigation strategies.

Creating/ Updating Risk Register

Identified risks are documented in risk registers. The risk registers are updated, reviewed and approved on quarterly basis.

Review and Reporting

Top priority risks are identified, reported and reviewed on periodic basis. Policy deviations, failure of existing control measures and other major issues, if any, are also reported.

KEY RISKS

Key risks and concerns affecting our operations and their mitigation plans are disclosed under Management Discussion and Analysis section forming part of this Report.

	on various aspects of the business including strategy execution and performance.	Board committee meetings
Government and Regulators	The evolution of policy and regulatory frameworks is crucial for business sustainability. Therefore, engaging with regulatory bodies and government becomes inevitable.	- Regular liaisoning - Inputs on policy matters - Scheduled meetings
Employees	Our people are the foundation of our success. We leverage their skills and competencies to execute our growth plans and strategies.	- Employee engagement events - Appraisal deliberations - Feedback on employee engagement initiatives
Suppliers	We rely on several business partners for smooth and uninterrupted operations.	Supplier meetings
Customers	Our customers are fundamental to our business and we strive to provide them with quality and reliable power.	- Customer service - Customer meetings - Customer satisfaction survey & feedback - Customer care centres
Community	The support of our communities is crucial to strengthening our social licence to operate. Community engagement allows us to give back to society by enabling their socio-economic development	- Community interaction through CSR initiatives - Employee volunteerism for CSR activities
Media	Helps to keep our stakeholders informed of key business initiatives and developments	- Media briefings - Press releases
Industry Associations	Policy advocacy and thought leadership	Industry association memberships, meetings and conferences

To identify issues that are material for Torrent Power's long-term sustainability, a universe of such topics was developed. This universe of issues was developed after an extensive review of potential business risks, global standards and guidelines and reporting requirements of global standards such as GRI, Sustainability Accounting Standards Board (SASB), United Nations Sustainable Development Goals (UN SDGs), National Voluntary Guidelines (NVG), United Nations Global Compact (UNGC) and the International Framework <IR> by the International Integrated Reporting Council (IIRC). Focus areas of various ESG Rating platforms such as S&P Global Yearbook, FTSE Russell, MSCI, Sustainalytics, CDP (formerly Carbon Disclosure Project) and Dow Jones Sustainability Index (DJSI) were also considered while developing the universe of material issues for capturing broader sustainability trends, risks and opportunities.

Questionnaires were developed considering the universe of issues and were circulated to various stakeholders – investors, lenders, top management, employees, suppliers, customers, etc. Secondary research on our peers and competitors was also undertaken to better understand the sector-specific material issues. Discussions with senior management were conducted to seek their perspective on the material issues.

Integration

The identified material topics are integrated with our business processes, operations and monitoring mechanisms. We have mapped issues material to our business with the United Nations Sustainable Development Goals (SDGs) to contribute towards global sustainability goals. This mapping enables us to adopt a focused approach towards stakeholder value creation.

Further, to drive the Company towards our stated Vision and Mission, our objectives have been categorised into five themes, giving a clear roadmap for implementing our ESG-led growth strategy. Under each strategic theme, focus areas have been identified, highlighting the “Growth with Sustainability” path for the Company. For each focus area, appropriate KPIs and targets have been defined to measure the organisational achievements.

Global Trends

Global trends provide an understanding of sustainability patterns that are emerging globally and have a potential to impact the Company

Materiality Assessment

Materiality Assessment helps in focusing on issues that are material for the Company

Sectoral Issues

Sectoral issues are those that are recognised as important for the Power and Utilities Sector

Senior Management Insights

Senior Management insights on business objectives and risks

During the year, we undertook an elaborate exercise to develop a comprehensive ESG Framework and adopted challenging targets to augment our performance on material ESG aspects.

Relevant ESG aspects were identified through a comprehensive review of Global Trends, Sectoral Issues, Materiality Assessment, and good industry practices. Furthermore, exhaustive interactions with senior management were conducted to gain insights regarding key business objectives and risks.

Industry Good Practices

Industry good practices provide insights on best practices implemented in the Power and Utilities Sector on relevant ESG aspects

OUR BUSINESS AREAS

Generation

We have an operational generation capacity of 4,110 MW comprising thermal (coal and gas-based) power plants & renewable power plants.

231 MW of renewable generation capacity was added during the year. Upcoming renewable generation capabilities comprise 565 MW (450 MW solar and 115 MW Wind).

Transmission

We operate 249 km and 105 km of 400 kV double circuit transmission lines and 128 km of 220 kV double circuit transmission lines for transmission of power.

Distribution

We distribute power to about 4 million customers in Ahmedabad, Gandhinagar, Surat, Dahej SEZ and Dholera SIR in Gujarat; Bhiwandi, Shil, Mumbai and Kalwa in Maharashtra and at Agra in Uttar Pradesh.

Operations in the union territory of Dadra & Nagar Haveli and Daman & Diu with a customer base of 0.2 million spread over 603 sq. km have been taken over effective from April 01, 2022.

Installed Capacity

*Acquired during FY22. We are also expanding our renewable portfolio by 565 MW which consists of 115 MW of wind and 450 MW of solar.

249 km for transmission of power from SUGEN plant to Ahmedabad. This is operated through a joint venture with PGCIL.

105 Km for transmission of power from DGEN plant to Navsari substation.

128 Km for transmission of power from SUGEN plant to Surat.

GENERATION BUSINESS

Thermal Generation

We have a cumulative thermal power generation capacity of 3,092 MW. 12% of this capacity is coal-based (i.e. 362 MW), and the remaining 88% capacity is gas-based, a cleaner fuel (i.e. 2,730 MW).

362 MW AMGEN Power Plant, Ahmedabad

1,147.5 MW SUGEN Plant & 382.5 MW UNOSUGEN Plant at Surat

1,200 MW DGEN Power Plant, Dahej

Our gas-based plants (except DGEN, which is currently stranded) have been operating at moderate PLF levels, as shown below:

PLF%

During the year, two units of SUGEN and UNOSUGEN Plants underwent major overhauls and system up-gradation to improve operational efficiencies. The PLF of the above mentioned plants declined during the reporting year mainly due to the unprecedented high LNG prices in the global markets. Considering the near and long-term prospects of DGEN power plant, impairment charge of ₹1,300 Crore was provided for in FY22.

25 MW & 50 MW

115 MW SECI-V Wind Power under construction Project, Jam Khambhatia, Gujarat

We use the most advanced technology at relevant points in time at our renewable plants to ensure high plant availability. We have also been associated with reputed O&M service providers to maintain & operate our plants with the highest efficiency. More than 75% of our renewable projects have attractive preferential tariffs based on long-term PPA with 25 years of project life. The remaining renewable projects are competitively won projects having long-term PPAs with a tenure of 25 years with state and central offtakers. Operationally, all our renewable plants are performing as expected, as shown in the graph. In the coming years, we intend to consolidate the O&M function to reduce costs and improve plant performance.

centres

- Approximately 12,000 Distribution Transformers installed in the Ahmedabad and Surat licensed areas.
- The national failure rate for Distribution Transformer is approximately 15%, while the Torrent Power failure rate stands at 0.30%

Distribution Transformer Failure Rate (%)

Distribution Losses at Torrent Power's Licensed Distribution Areas (in %)

As a result of these measures, we have reduced our cost of power supply and kept our tariff competitive. They also enabled us to achieve our ESG led growth goals by reducing the carbon footprint due to lower procurement of energy and enhancing the conservation of resources due to energy efficiency.

State-of-the-Art Meter Testing Laboratories

We have established state-of-the-art laboratories to test meters and instrument transformers that are used for customer metering and billing. We are the first utility in India to take NABL (National Accreditation Board for Testing and Calibration Laboratories) accreditation complying with ISO 17025 for the Ahmedabad Meter Testing Laboratory way back in 2006 to set the highest standards of meter testing and enhance customer confidence. **Today, all distribution units of Torrent Power have NABL accredited Meter testing laboratories.**

- The laboratories are equipped with Automated test benches of very high accuracy reference standards from globally renowned

makers like MTE & ZERA - Germany and Red Phase Instruments - Australia etc., which are used to test the meters and instrument transformers as per relevant requirements of The Bureau of Indian Standards.

• Recently, the Integrated Meter Management facility at Ahmedabad has been developed for efficient process flow to minimise meter movement and manual handling. Cutting edge technologies for storage and logistic handling systems like Scissor Lift Platform, Palletized Storage Racking, Articulated Forklift, Testing jigs etc., have been deployed, improving operational efficiencies and optimum utilisation of space.

and providing incident analysis. We have a robust firewall system based on maker and checker concept to enable secure and hassle-free access to data for all our stakeholders. Through periodic Vulnerability Assessment and Penetration Testing (VAPT), we identify and block unnecessary ports and system integrations.

Central Electricity Authority (CEA) / Computer Emergency Response Team (CERT)-in Advisory: CEA cyber security advisory is being reviewed and replicated on all firewalls to block

(CISO) is directly responsible for the functioning of the Cyber Security Cell. The cell has been entrusted with the responsibility of ensuring cyber security governance coordination, control and development of strategic plans, policies & guidelines in accordance with national and international standards. The cyber security cell provides engineering support to protect our areas of operations and risk posture monitoring using processes and technology.

BEST-IN-CLASS TECHNOLOGY FOR OUR GENERATION ASSETS

Our generation assets are maintained in accordance with Prudent Utility Practices resulting in higher effectiveness and reliability. Constant efforts are made at running these world class assets underlined with the latest technologies. During the reporting year, it was decided to upgrade the Distributed Control System at SUGEN plant.

MODERNISING OUR DISTRIBUTION OPERATIONS

We have undertaken strategic measures to stay ahead of the curve and strengthen our competitive differentiator of being one of India's best run power utilities. Upgrading electrical infrastructure, adopting advanced technology and efficient operations help us deliver uninterrupted power supply to our customers.

The performance of our distribution network has been improved by moving our overhead lines underground, replacing cables and revamping the metering installations while building interlinkages to create a seamless Ring-Main-System to bring quality uninterrupted power supply to consumers.

We have installed an interface built on GIS software and mapped the entire distribution network to improve functional efficiency. A process has been initiated to install an Advance Distribution Management System (ADMS) to integrate distribution substations on the SCADA platform for remote operations and asset monitoring.

We strengthen our systems continuously while increasing the capacity to relieve overload, manage the number of customers for each substation and create redundancy in the Low Tension (LT) network. The automatic meter reading infrastructure for retrieving

usage data has been ported onto the cellular network, both on GPRS and Nb-IoT. We tap into radio frequencies to upgrade firmware remotely. Open source-based Network Monitoring Solution – OpenNMS- has been deployed centrally to configure critical Servers, Firewalls, Switches and Links for timely notification in case of any service outages or existing configurations going beyond the threshold limits.

Advanced Metering Infrastructure (AMI) measures energy consumption and transmits the information to the Company and customers in real-time to monitor and manage their usage prudently. We are in the process of implementing a pilot project of AMI with Smart Meters and State of the Art technology platforms for metering, communication and monitoring infrastructure.

We have developed a mobile based Field Force Application (FFA) to support field engineers and staff to monitor field activities and capture field data on a digital platform. This helps us improve operational efficiencies, performance of field activities and achieving our goal of going paperless for environmental sustainability.

DIGITALISATION

Digitalisation is changing the way we conduct business. It is helping us design and deploy operating models with improved accessibility, productivity and sustainability. However, this move is accompanied by an exponential rise in data collection and storage, with people and devices becoming connected at an unmatched pace.

We are working on various initiatives such as the ZERO Trust security model, Cloud Access Security Brokers (CASB), security solutions, micro-segmentation, SDWAN, UEM, etc., to

ensure our operational and customer data is safe and secure.

Digitalisation of documents is a critical requirement for a power company that deals with millions of customers. At Torrent Power, our distribution units have digitalised the end-to-end process. We store our data on a secure SAP system and a state-of-the-art document warehouse for future use, in line with relevant regulations and policies. Data is also digitally maintained to the maximum extent possible in other units.

SKILLS & CAPABILITY

Talent Acquisition

We strive to attract, motivate, retain and grow talent to ensure that we grow business sustainably in line with our stated goals. Our robust talent acquisition process enables us to bring the right talent on board, be it laterals/ experienced or trainees. Every year freshers from multiple campuses are inducted into the Company across functions to build a vibrant talent pipeline to meet our current and future needs. To ensure talent diversity, we maintain a

balance of experienced professionals and freshers in our workforce.

All new hires undergo a comprehensive induction and orientation programme, which provides them with an understanding of our operational structure, goals, value systems, business conduct guidelines and sustainability commitments so they can manage their responsibilities efficiently & effectively.

Behavioral Based Safety Training

Leadership Training

Succession Planning

To assure long term success, the Company identifies and has a special focus on grooming the chosen talent for critical roles. We have instituted various systems and interventions for resource mapping and holistic development of employees at all levels. Learning journeys help employees transition from

one job level to another and boost their decision-making and organisational skills. The learning journeys are customised and designed to facilitate all-round development. Promotion, rotation of jobs and transfers have ensured that more employees can take up internal roles, build fulfilling careers and develop as potential successors for the future.

EQUAL OPPORTUNITY

Diversity and Inclusion

As an equal opportunity employer, we aim to create an inclusive workplace to gain and retain competitive advantage and establish a well-functioning merit based system. Diversity is more than a strategic vision for us as it defines who we are and empowers us to strengthen the foundations of our organisation. Starting from our Board down to the last rung of our workforce, diversity of capabilities, skills, experiences, gender, communities and socio-economic groups enrich our workforce exponentially. This diversity helps us build a vibrant organisation that stays resilient in adversities and resolute in its mission.

Crèche facility for Working Mothers

In order to support working mothers, well-maintained crèche or childcare facilities are available at most of our units. They assist women employees in striking a balance between their work and motherhood demands. Such supportive facilities also encourage women to resume work after maternity breaks.

Crèche Facility

Diwali Celebration at AMGEN

Upholding Human Rights

We are committed to respect and comply with all relevant human right laws, rules and regulations in the territories in which the organisation operates. The provisions include stringent policies and actions against slavery, human trafficking, forced labour, child labour and upholding each employee's right to freedom of association in accordance with applicable laws. We are in the process of strengthening our human rights due diligence process, including fine tuning our risk assessment and integrating it into our overall organisational processes and value chain.

employees reporting unethical behaviour, improper or illegal practices, wrongful conduct and instances of a leak or suspected leak of Unpublished Price Sensitive Information ("UPSI"), the Board of Directors have adopted a Whistle Blower Policy as a part of its vigil mechanism.

Incident related to Sexual Harassment

COMPENSATION & REWARDS

Torrent Power believes in nurturing a performance-driven culture by developing and celebrating employee capabilities and achievements to engage and motivate them. Their engagement is critical for our continued success. We recognise employees who deliver extraordinary results through several measures as outlined below:

Torrentian Award

Employees that consistently perform well, go beyond the call of duty, serve as role models, are dependable and committed to the Company are recognised as Torrentians of the Year. Two Torrentian winners are chosen every year from a large pool of employees across the Group, based on a well-defined methodology. The winners are felicitated with the Torrentian Award, a Citation Scroll and a monetary reward during our Founder's Day event.

Chetan Bundela- Torrentian of the Year 2022
(Winner from Torrent Power)

us at Torrent Power. We continue to propagate employee-centric practices and initiatives to create an engaged workforce, including

Founder's Day Celebration – To commemorate the successes and achievements and pay tribute to the visionary & founder of the Company, Shri U.N. Mehta every year, Founders' Day is celebrated with great enthusiasm.

Health Talk – To ensure a healthy lifestyle, experts are invited to speak with our employees to increase awareness about health-related issues.

Raas Garba – Organised every year to foster team bonding among employees.

Khel Mahotsav – An annual sports event organised to motivate and foster team spirit among employees.

Khel Mahotsav at Agra unit

Building a Healthy and Safe Workplace

Creating a safe working environment for our employees, contract workers and other stakeholders is an organisational commitment. 'Zero Occupational Health and Safety related incidents' is the credo that defines our operations. Behaviour-based safety systems and our culture makes the workplace a safe place for all employees.

A robust policy and comprehensive measures take forward our commitment to employee health, safety and wellness. Periodic medical check-ups and screening followed by consultations with the Company's medical officer go a long way to ensure the mental and physical wellbeing of employees. Awareness programmes and activities to promote healthy practices are conducted at most of our units and balanced and nutritious meals are emphasised for employees. At some units, an online newsletter is published covering the latest health trends, milestones achieved by employees and their families, tips on healthy living, etc.

are encouraged to devote at least 30 minutes of their time to physical activity. The Company has implemented an incentive scheme for the overall employee population was observed

maximum ₹50 Lacs. The organisation extended this policy retrospectively to compensate the families of employees who expired during pandemic.

- **Group Accidental Policy** – To compensate for the financial burden of employees arising from an accident, even if they are not on duty.

'M-Connect' - Online Portal to address employees' mediclaim related queries

Conviction for Safety Policy

The Company has formulated a one of its kind 'Conviction for Safety Policy' to compensate employees and their families who have been adversely affected by accidents that occur while on duty. Employees across the Group voluntarily participate in the respective unit's 'Employee Safety Awareness Annual Programme' to become eligible for coverage under the Policy. The initiative also includes employees of contractors and sub-contractors deployed at the unit or project site and across the transmission & distribution network. Such measures encourage behavioural transformation and engagement around the importance of workplace safety and staying compliant to avoid accidents at workplace.

Compensation under this Policy varies depending on the extent of the injury. All accident claims under this Policy are deliberated by a select Committee of senior management formed for this purpose, who have the discretion to accept, modify or reject the claims. The Committee also reviews the preventive actions suggested and advises units to evaluate existing safety-related Standard Operating Procedures (SOPs) for their adequacy. Best safety practices are shared and adopted by units as needed.

Employees and workers are encouraged to report work-related dangers and hazardous circumstances. They submit information on work-related risks and dangerous circumstances identified as defects or notifications to the appropriate department representatives or as an issue that needs mitigation in the safety suggestion box. On observation of any job-related hazard or hazardous condition, all employees have the

with injured person and witness, capturing observations, identifying hazards, etc. followed by a Root Cause Analysis (RCA). Various methods such as 5-Why One-How, Fishbone, etc. are used to determine the root cause. All the accidents/incidents, including near-miss, are investigated to identify the root cause(s), and appropriate Corrective Action Preventive Action (CAPA) are implemented to stop the recurrence of such accidents/incidents.

Safety Tool Box Talk at SUGEN

Safety Pledge at AMGEN

The Emergency Response Plan is available on the employee portal. The emergency contact details define key roles and responsibilities of assigned members. Safety signages that are visible and legible are placed at required places on the premises. Periodic mock drills are organised for safe evacuation from the facilities in case of any emergency.

We have in-house Occupational Health Centres at various units with 24x7 medical officer(s) and ambulance(s) for any on duty medical emergencies. We have tied up with well-known multi-speciality hospitals and area doctors. Certified first aiders, regular tools and PPE inspections, emergency mitigation resources like fire tender, fire extinguishers, etc.

existing ones. ~38,372 hrs of safety trainings were provided during FY22. Some of the trainings that were provided to our employees on health and safety include:

Emergency Response Plan	Incident Sharing & Investigation
Road Safety Training	Ergonomics
Operation Hazards & Isolation Techniques	Know your PPE'S
Behaviour Based Safety Awareness	Safe Work Practices
Excavation Safety	Advance skill on Aspect Impact Identification & Register
Reptile & Animal Bite Awareness Training	Confined Space Management
Awareness sessions on Various Diseases	

Safety Score Card: An effective tool to enhance organisational safety at AMGEN

At AMGEN, every department's performance on safety parameters such as accidents, man-days lost, unsafe acts, etc. was always documented. However, there lacked a mechanism to assess the unit's overall performance covering critical safety components of every department. Furthermore, it was not possible to compare the safety performance of the various departments holistically. To address this issue, a safety scorecard was introduced that assigns individual weightage to different safety evaluation parameters in one place. Each department receives a monthly safety score percentage derived from its scorecard points that is shared with other

teams to raise awareness of comparative performance, best practices, etc. It allows departments to focus on aspects that are most critical for them to address to ensure zero incidents and workplace safety.

Since the safety performance score of all departments is objectively available, it fosters healthy competition to improve their scores. Any department performing poorly can improve by following the departments with leading scores and adopting their best practices to improve AMGEN's overall safety performance.

Staying Resilient through Covid-19 Pandemic

The commitment and determination of our employees powered our abilities to stay resilient and continue to grow business through the challenges of the pandemic. We rapidly set up work-from-home infrastructure wherever possible to help our employees stay safe while being productive to overcome the limitations of the pandemic. Sanitised workplaces with Covid appropriate guidelines enabled employees who came to offices to protect themselves while delivering on customer expectations of reliable power. Awareness sessions on Covid appropriate behaviour helped

employees and their families remain cautious and careful. Covid control rooms were established to monitor the health of employees and their family members daily, even on holidays. An in-house team developed a digital tool, "M-Health", which tracked their health status and travel history and that of their families. We tied up with medical providers for free and seamless vaccination of employees. We were able to return to our offices during the reporting year by staying compliant with the pandemic relevant guidelines and procedures.

Our organisation is structured to allow us to cater to the specific needs of our customers effectively. Focused teams to handle applications and queries from customers interested in generating or availing power from renewable sources, a specific department which acts as a single-window touch point for high-value customers and dedicated touch points for Licensed Electrical Contractors to effectively meet their particular

Safety tips are communicated to customers through several means such as do's and don'ts messages on the customer portal during festive seasons, highlighting the importance of safety equipment and publishing general safety tips on energy bills. We also push audio visuals through our mobile application on safety awareness and distribute information pamphlets "VI SALAMATI" at Plug Points.

Dedicated Touch Point for Licensed Electrical Contractors

Electrical Safety & ELCB Awareness Survey

Torrent Power conducted a survey on Awareness of Electrical Safety amongst consumers to enable them to assess their role in maintaining safe electricity usage environment. A total of 1,100 customers from Ahmedabad distribution area were selected across categories and load levels.

Other outcomes of the survey include:

77%

showed willingness to regularise load while installing new electrical device

57%

agreed that devices like ELCB/RCCB are important for electrical safety

80%

agreed good earthing can protect from electrical shock

90%

are aware that ELCB/RCCB installed was ISI certified

98%

agreed that loose wiring can cause flashovers and electrical accidents

76%

are using ISI certified devices/equipment at home/office

94%

preferred call centre to report unsafe electrical devices/ equipment or activities

The survey helped us get insights into our customers' safety awareness levels. Results showed that 26% were aware of their own electrical safety. Also 38% have an Earth Leakage Circuit Breaker (ELCB) or Residual Current Circuit Breaker (RCCB) installed at their residence or office. **One of the important outcomes was to know that 96% agreed that Torrent Power's network is safe, reflecting our commitment towards safety.**

Intimation of Unsafe Observations through Notices

Understanding customer expectations is crucial for us to maintain our competitive edge. We have put in place dynamic mechanisms to capture customer feedback.

We collate information from customers through interactive SMS and feedback forms to understand their expectations. We have an internally developed platform **"Sampark"**, wherein we reach out to our customers through calls and capture their feedback. In FY22, we collected more than 82,000 customer responses, investigated each feedback and resolved issues with the customer wherever necessary.

82,000+

concerns and contributing to its collective aspirations. Our dedication to the cause of social upliftment goes beyond impact.

Governance – CSR and Sustainability Committee

The Board's CSR and Sustainability Committee has oversight of our community facing initiatives. Provisions of Section 135 read with Schedule VII of the Companies Act, 2013 form the foundation of our well-structured and holistic CSR Policy. The CSR policy lists the thrust areas for community initiatives, project categories, programme types and delivery methodologies. It provides guiding principles for community engagement for all employees and partners.

The said Committee reviews the Annual CSR Plan outlining chosen projects, activities and CSR expenditure budget for the year and

recommends the same to the Board of Directors for their approval. It also reviews the CSR Plan implementation and meets at least thrice a year.

CSR and Sustainability Committee Members

OUTREACH Activities

Distribution of Mauji Biscuits to REACH beneficiaries

For anaemic children, adequate iron supplements are provided to bring them up to the medically desired level. In addition, if any children require additional supplements, medication or advice, they are directed to one of our existing paediatric centres to avail of the best course of action to ensure long-term health.

Expanding sphere of influence

Our experience and structured impact assessment provide us with the impetus to increase the reach of our community development interventions. During FY22, as the second wave of the pandemic ebbed, starting from June'21, the REACH programme was extended to additional 649 villages, taking total number of villages covered by the programme to 1,000. An Anganwadi model is followed in additional villages to identify and serve malnourished children, with 7,511 children being identified as malnourished and provided with Mauji biscuits. Till now, 39% of children from additional villages have been brought out of malnourishment.

Spreading awareness

We conduct public awareness campaigns to raise awareness about malnutrition, anaemia, good health and hygiene - causes, symptoms, cure and care across all villages we support through our community development programmes. These are shown in the form of audio-visual films in vernacular language in various villages. Demonstrations on ways to cook nutritious food using ingredients commonly found in the homes of caregivers and parents are also undertaken as part of these engagements. These interventions aim to make the parents self-sufficient in managing their children's health.

Spreading awareness through audio visual films

4,300+ Pathology
tests conducted in FY22

PHCs at Indrad, Balasinor and Dahej

Continuing consultations during COVID-19

Tele consultation - the new 'Minimum Human Intervention' model adopted during the pandemic.

Community engagements underway at the multi-purpose satellite centre in Waghai

Other Allied Initiatives

The programme was started to remove the taboo associated with menstruation and create awareness about menstrual hygiene among adolescent girls. The programme interventions encouraged women to use sanitary napkins and liberate them from traditional methods, taboos and other social restrictions.

Sanitary napkins are distributed by the women employees supported by female volunteers from the village at community spaces like schools. Counselling sessions were conducted for rural adolescent girls around SUGEN, Dahej & Indrad and free health and hygiene kits were provided.

Distribution of menstrual hygiene kits

"Issues of buying as well as the disposal of the pad on a monthly basis are resolved and privacy could be maintained, which was otherwise embarrassing earlier"

Paediatric Healthcare - Major Milestones

(erstwhile paediatric centre at SUGEN).

all ages

Balsangam - State-of-the-Art Paediatric Hospital

plants. The treated water is used in toilets and for horticulture.

During FY22, we undertook minor and major surgeries, set up a 24x7 emergency facility and offered free transportation to patients to and from the hospital with pick up from nearby points.

In line with our focus on paediatric health, children who continue to be severely malnourished despite intensive curative activities are treated at Balsangam as special cases without cost. A screening camp of 108 children deemed to be special cases was undertaken across 50 villages near SUGEN covering Ophthalmology, Orthopaedics, ENT and General Paediatrics disciplines.

Sumangal: A multi-disciplinary clinic for all ages

Sumangal is a multi-speciality clinic primarily treating adults. It was set up in September'12 as an OPD clinic (earlier named Swadhar) with just one doctor providing general medical consultations to the community. Since rural patients could not afford expensive specialised consultations, the clinic added

4,000 patients from nearby villages availed services at the clinic.

Spreading the Word Around

To encourage villagers to avail of the Rangtarang services, we undertake widespread dissemination of information to create awareness about the hospital, facilities, doctors and their availability through mass communication channels including leaflets.

During FY22, more than 80,000 leaflets have been distributed as newspaper inserts. Leaflets are also provided to the village volunteers, Anganwadi workers, ASHA workers, schools, etc., for door-to-door distribution and given to villagers when they visit the facility.

Other forms of communication include WhatsApp messages to foster village level community connections (Anganwadi workers, Anganwadi helpers, ASHA workers, etc.), digital displays in the hospital reception and communication through staff and other contractual staff who hail from neighbouring areas.

or due to poor learning skills, especially in a remote learning mode. The challenge was to enable such children to gain basic schooling skills, reintegrate them into regular education and teach them vocational skills to help them find work.

Students learning to read using remedial material distributed

Interventions deployed under Shiksha Setu

In line with governmental directives, teachers continued to conduct online classes when schools were closed during the lockdown. However, these initiatives were greatly hampered by the lack of smartphones, computers and robust internet connectivity in villages. We decided to supplement the digital learning interventions with paper assignments for students to practice and strengthen their concepts to overcome these hurdles.

Technology-based educational tools were developed under the sEd Studio, including:

- » **sLate:** Technology-based **teaching tool** for teachers
- » **sLearn:** Skill-based **learning tool** for students provided on 'Tablets'
- » **sLquiz:** Technology-based **assessment tool** to measure learning improvement year on year

sLate: Technology-based teaching tool for teachers

sLate is based on the Gujarat Council of Educational Research and Training (SCERT) school curriculum to scale teaching capabilities using smart channels to explain topics and subjects for Grades 5 to 8 using animated stories, poems and experiments. It has been updated to adhere to the new National Council of Educational Research and Training (NCERT) maths and science curriculum. 20 smart classrooms were built for teachers. A total of 90 teachers from 13 schools were trained in using sLate. The attendee teachers continue to use the tool regularly.

sLearn: Skill-based learning tool for students provided on 'Tablets':

It is a skill-based tool that allows students of all learning levels to practise topics at their own pace and level. A total of five disciplines (Gujarati, Maths, EVS / Social Science, Science and English) are available. 3,600 children (80%) from Grades

Way Forward

Shiksha Setu Phase III has been rolled out to consolidate and expand the gains of the earlier phases. The goals of this phase of the programme include:

- » Enhancing foundation skills of primary and upper primary students
- » Providing a second chance to school dropouts
- » Enabling them to obtain vocational skills to improve their livelihood opportunities

Student learning computer under Vocational Training Programme

Student learning to cut cloth under Vocational Training Programme

Redeveloped public parks

Shardashish School

In our endeavours to promote education for all, we make financial contributions to support the Shardashish school located in the housing colony at our AMGEN plant. Over 500 economically disadvantaged students from the slums

of Sabarmati are educated at the school. Any deficiency in government grants over school expenditure is funded through contributions to the Amdavad Vidyut Kelavani Samaj Trust, which runs the school.

ShaishavMits with CSR beneficiaries

Charitable Contributions for various Social Activities

Besides undertaking various initiatives, we contribute to community development through donations to organisations carrying out charitable activities. Contributions are made to support a wide range of activities including providing medical services, organising blood donation camps, relief activities during natural calamities, reserving and enhancing cultural heritage, scientific research for the benefit of farmers and rural youth, preservation of the environment, educational activities, promotion of sports, capacity building for youth, vocational training, supporting women artisans, designing students, craft enthusiasts and micro and macro entrepreneurs connected with Indian handicraft, activities for tribal communities in areas of health, education, micro-credit & income generation, de-addiction, etc.

COVID-19 Donations

The Torrent Group committed to spending ₹100 Crore to support the government's efforts to combat the pandemic. ₹-92.40 Crore has been spent so far out of the total committed amount at Group level.

Initiatives include supplying, installing and commissioning a medical oxygen plant, procuring oxygen cylinders, distributing free oxygen concentrators, organising free vaccination camps, providing Corona Warrior Kits (nutrition and immunity booster) to healthcare workers, helping hospitals with medicines & equipment and supporting hospital patients and their relatives with lodging and boarding.

INTERLINKAGE OF CAPITALS

Capitals	Financial Capital	Manufactured Capital	Intellectual Capital	Human Capital	Social and Relationship Capital
Interlinkage of Natural Capital with other Capitals	Investments in Green Energy portfolio to reduce emissions intensity	Renewable energy generation as part of total generation	Encourage online payments	Initiatives for employee awareness to foster a clean environment	Protecting biodiversity by developing and maintaining public parks
Impact	~₹6,300 Crore invested in renewable business cumulatively	25% renewable capacity in total generation capacity	> 60% of total revenue collection is through electronic channels	Online training for advanced skills on the aspect-impact register with 170 active attendees Online quiz competition where 462 employees participated	Redevelopment and maintenance of 12 public parks in Ahmedabad & Surat

GHG Emissions

We consider emission reduction a vital part of our functioning and have integrated GHG intensity reduction targets into our overall ESG strategy. We are contributing to the global fight against climate change by focusing on the generation of electricity through cleaner fuels. 91% of our generation

capacity is based on cleaner fuels [Gas & Renewables] in line with our core value of "Concern for the Environment".

The highly efficient gas-based generation facilities, which account for 66% of the total operational generation capacity, are built with state-of-the-art technologies to ensure

SUGEN Plant

The breakup of our GHG emissions is as follows:

GHG Emissions (in Million tCO ₂ e)	FY20	FY21	FY22
Scope 1*	5.33	4.50	4.44
Scope 2	0.03	0.03	0.04

*Includes GHG emissions from Ozone Depleting Substances (ODS)

ODS Emissions (in MT CFC-11 equivalent)	FY20	FY21	FY22
ODS Emissions	1.92	0.11	0.03

Our material consumption details are outlined below, which resulted in the generation of 7,903 MUs of thermal electricity in FY22, down from 10,003 MUs in FY21.

Material consumed	Category of material	FY21	FY22
Indian Coal	Non-renewable material	6,23,099	11,64,219
Imported Coal	Non-renewable material	1,61,401	2,12,613
Low Sulphur Heavy Stock (LSHS)	Non-renewable material	1,021	610
High Speed Diesel (HSD)	Non-renewable material	239	304
Natural Gas	Non-renewable material	11,68,416	7,79,959

(in MT)

Air Emissions

We have undertaken sufficient measures at all our operational units to minimise air emissions. We closely monitor our Particulate Matter (PM), Sulphur Oxide (SO_x) and Nitrogen Oxide (NO_x) levels continuously to keep them under the mandated levels. Our gas-based generation units are equipped with dry low NO_x burners that keep the emissions well below the regulatory norms. Stack air quality at our coal-based generation unit is ensured through the installation of Electrostatic Precipitators (ESP) with state-of-the-art control systems. Dust suppression and extraction systems are used in coal stock & feeding areas to maintain the ambient air quality. Water is sprinkled over the coal stock at the point of dust generation to control the fine dust particles and improve the quality of breathable air.

planted nearly 5 lakh trees across locations with a healthy survival rate contributing to our carbon sequestration efforts. We have maintained the green cover around the periphery of generation facilities beyond the statutory requirements. The dense green cover provides a safe home to various birds

43%

Green Cover at generation power plants
(against statutory norm of 33%)

Green Cover at SUGEN

our requirements from captive generation compared to 1,327 GJ in the previous year.

To ensure environment custodianship and sustainable growth, we aim to keep this momentum going forward and plan to

Details of energy consumption within our organisation (excluding auxiliary consumption) is as below:

Energy Consumption (in GJ)	FY21	FY22
Electricity	1,31,730	1,65,843

ENERGY CONSERVATION

We strive for energy conservation in several ways, including those that deliver energy savings. Our operations deploy efficient technologies and are routinely updated to introduce energy-saving SOPs and procedures. Energy audits are conducted across various units of generation and distribution to discover the energy-saving potential.

26,659 GJ
of Energy Usage Reduced

We also commemorate the National Energy Conservation Day to raise awareness about conservation, demand side management, and the usage of energy-efficient equipment among customers,

employees, their families and contractual workers. An energy saving awareness campaign has been implemented to raise consumer awareness through customer meetings and brochures. Useful tips are also given through energy bills, pamphlets and the exhibition of energy conservation messages at customer care centres. We have prepared a customer booklet named "VIJ DARPAN" for HT and LTMD customers. Further, our customers are encouraged to operationalise the Net Metering arrangement for Rooftop Solar PV system on their premises.

To enhance energy management, most of our units have also obtained certification for ISO 50001, the Energy Management System. Other key energy reduction measures implemented at our operating units have been summarised below:

- Replacement of conventional lights with LED system
- Installation of occupancy-based sensor lighting

for lighting is optimised

- Installed a fully automatic timer-based forced basement ventilation system to save energy
- Fly ash has been used during construction of the green buildings to reduce the use of cement and contribute to carbon emissions reduction
- A daylight cum occupancy sensing lighting control system has been installed for energy saving

WATER MANAGEMENT

Torrent Power recognises water as a crucial resource and spares no effort to ensure it is used optimally across all our operations. Conservation and recycling of water are critical to ensure an adequate supply of clean water fit for human consumption today and in the future.

We have a holistic approach towards water conservation that includes reducing freshwater withdrawal to the extent feasible, maximising usage of recycled water and treating wastewater for reuse.

Water consumption at all our facilities is substantially below the statutory limits. By installing treatment plants at our sites, we have taken proactive measures to limit the linear flow of water through our system. In our gas-based generation plants, water consumption is minimised by optimising the cycle of concentration. Our coal-based plant has minimised wet system operating hours for fly ash evacuation from boilers by ensuring maximum availability and effective dry system operations. We have also implemented Zero Liquid Discharge (ZLD) at all our generating units. Wastewater generated at sites is treated and reused such that water discharge at our facilities is minimal. Furthermore, treated effluent water

is reused for horticulture, etc. Most of our offices are built using principles of green buildings ensuring lower water consumption.

100%

of our thermal power plants are ZLD

Water treatment plant at AMGEN

- Use of cooling tower pond water in shutdown activities at AMGEN
- Wastewater from the coal power plants is treated and reused in the ash slurry system
- Automatic Timer Based Drip Irrigation system provided for water supply to vertical plants to reduce water consumption

Recycled wastewater used for Horticulture

mechanism to collect rainwater from the plant's stormwater drains. The gathered water is stored in two freshwater reservoirs with a capacity of 65 million litres each to meet the plant's needs. Based on typical rainfall, the plan was designed to gather approximately 10 million litres of water each year. The system was further augmented by directly connecting the stormwater drain from non-operational areas to the raw water reservoir inlet. This move resulted in an additional collection of ~40 million litres of water per annum based on average rainfall.

We implemented a rainwater collection system from the terrace of housing apartments at Meghdhanush right from the construction stage. Four underground concrete storage tanks with a total capacity of 0.8 million litres are provided at various locations with pumping arrangements to feed into the water treatment inlet. The collected water can be used for 13 to 15 days at Meghdhanush.

The rainwater harvesting initiatives mentioned above saved precious water resources and reduced the annual freshwater usage by **50.8 million litres**.

- Distribution transformers returned from sites are being reused after necessary overhauling or repairing
- Oil filtration of power and distribution transformers for re-utilisation to conserve natural resources
- Dedicated oil and chemical spill kits are used at the warehouse and other plant locations to avoid the percolation of hazardous spills into the soil
- Use of recyclable plastic clamps having significantly high life cycles and low environmental impact compared to wooden clamps that were used earlier at our Distribution units. To date, more than 6,000 recyclable plastic clamps have been procured, leading to the conservation of 3,000+ kg of wood
- The use of recycled paper is encouraged for all purposes, including for printing of energy bills at distribution units
- Food waste is converted into compost for use in our gardens

At our Cables business:

- More than 90% of PVC Scrap is recycled and reused in the inner and outer sheath and PVC fillers
- Use of returnable steel drums instead of wooden drums
- To improve environmental sustainability, wooden planks used to protect cables on drums have now been replaced with reusable and recyclable PP sheets

Wooden Drum with Wooden Planks

Steel Drum with PP Sheet Packing

- biodegradable in nature when exposed to environment and thus prevent land contamination and emit fewer toxic gases.
- Use of SF6 Gas Insulated switchgears instead of Oil filled switchgears led to reduction in land contamination. Significant reduction in land footprint, no risk of fire or explosion as the gas is non-flammable and chemically stable and consistent performance even in adverse atmospheric conditions are added benefits.
- Introduction of dry type transformers instead of conventional oil type transformers nullified the oil leakages, enhanced public safety and minimised maintenance requirements.

Dry Type Distribution Transformer to reduce mineral oil utilization

Environment-friendly Hermetically sealed Natural Ester oil filled Distribution Transformer

Biodiversity Conservation and Protection Measures at AMGEN: A green home for flora and fauna

Two ash ponds have been built at a distance of 5.5 km from the AMGEN plant premises in the Motera village to collect bottom ash generated by its units. A total of 85 acres of land is covered by the ash ponds.

In the available open land between these two ash ponds, AMGEN has developed beautiful green belt. A dense forest like area has been developed with abundant tree planting (almost 2.2 lakh) under the guidance of the Government of Gujarat appointed forest officer over the years. Variety of trees have been planted such as Ficus religiosa (peepal), Eucalyptus, Peltophorum, Delonix regia (Gul mohar), and Ficus benghalensis (banyan). In 2015, ayurvedic plants like Chandan, Harde, Amla, Baheda, Tulsi, Ardusi, Brahmi, Nagod, Shatavari, Green Tea, Parijat, Setur, etc. were planted to further enhance the biodiversity.

Statements of the Company for the Financial Year ended March 31, 2022 and the Auditor's Report thereon be and is hereby considered and adopted."

3. CONFIRMATION OF INTERIM DIVIDEND

To confirm payment of interim dividend as final dividend for the Financial Year ended March 31, 2022 by passing the following resolution as an **Ordinary Resolution**:

"**RESOLVED THAT** payment of interim dividend of ₹9 per equity share for the Financial Year ended March 31, 2022 be and is hereby confirmed as final dividend."

4. RE-APPOINTMENT OF SAMIR MEHTA AS A DIRECTOR

To appoint a Director in place of Samir Mehta, who retires by rotation and being eligible, offers himself for re-appointment by passing the following resolution as an **Ordinary Resolution**:

"**RESOLVED THAT** Samir Mehta (DIN: 00061903), who retires by rotation and being eligible, offers himself for re-appointment be and is hereby appointed as a Director of the Company, liable to retire by rotation."

5. RE-APPOINTMENT OF STATUTORY AUDITOR

To re-appoint M/s. Price Waterhouse Chartered Accountants LLP, Chartered Accountants as Statutory Auditor of the Company by passing the following resolution as an **Ordinary Resolution**:

Director of the Company, liable to retire by rotation.

7. RE - APPOINTMENT OF SAMIR MEHTA AS CHAIRMAN

To consider and if thought fit, to pass the following resolution as an **Ordinary Resolution**:

"**RESOLVED THAT** pursuant to the provisions of Sections 196, 197, 198 and 203 read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 and the rules made thereunder (hereinafter referred to as "the Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) and subject to such other approvals as may be necessary, the consent of the Members of the Company be and is hereby accorded for re-appointment of Samir Mehta (DIN: 00061903) as Chairman of the Board of Directors and the Company, liable to retire by rotation, for a period of 5 years w.e.f. April 01, 2023.

RESOLVED FURTHER THAT Samir Mehta shall exercise substantial powers of management subject to superintendence, control and direction of the Board of Directors of the Company.

RESOLVED FURTHER THAT Samir Mehta shall be paid commission at a rate not exceeding the percentage limit of net profits of the Company as specified in the Act, calculated in accordance with Section 198, subject to the overall ceiling prescribed under Section 197 read with Schedule V to the Act.

		The actual amount of commission to be paid to Jinal Mehta for the financial year and periodicity of payment shall be decided by the Board from time to time.
3.	Perquisites and Benefits	Will be allowed as under: (i) i. The Company shall provide him a fully furnished accommodation. If he is not provided accommodation by the Company, the Company shall pay House Rent Allowance at the rate of 20% of the Salary. ii. The Company shall pay the premium on Personal Accident Insurance Policy as per the Rules of the Company. iii. The Company shall pay premium on medical insurance for self and family as per the Rules of the Company. iv. The Company shall reimburse annual fees for two clubs. (ii) i. The Company shall provide a car with driver for official and personal use. ii. The Company shall provide telephones at his residence, the cost of which shall be borne by the Company. (iii) i. Company's contribution to the Provident Fund will be as per applicable laws and rules of the Company. ii. Company's contribution to Pension / Superannuation Fund will be as per applicable laws and rules of the Company. iii. Gratuity shall be payable as per applicable laws and rules of the Company.
4.	Other terms	i. His entitlement for leave, its accumulation and encashment shall be as per the prevailing rules of the Company. ii. Such appointment shall not be considered as a break in his service. iii. Total remuneration for the year shall not exceed percentage limits of net profits of the Company as specified in the Act, calculated in accordance with Section 198, subject to the overall ceiling prescribed in Section 197 read with Section I of Part II of Schedule V to the Act. iv. He shall not be entitled to receive sitting fees for attending Meetings of the Board of Directors or a Committee thereof.

thereon, for the time being in force, M/S. K.H. Mehta & Co., Cost Accountants, Mumbai, the Cost Auditors appointed by the Board of Directors of the Company to conduct audit of cost records of the Company for FY23 be paid remuneration of ₹12,40,000/- plus applicable taxes and out of pocket expenses incurred by them during the course of cost audit."

10. APPOINTMENT OF RADHIKA HARIBHAKTI AS AN INDEPENDENT DIRECTOR

To consider and if thought fit, to pass the following resolution as a **Special Resolution**:

"**RESOLVED THAT** pursuant to the provisions of Sections 149, 150, 152, 160 read with Schedule IV to the Companies Act, 2013 ("the Act") and other applicable provisions of the Act and the rules made thereunder and the applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any statutory modifications or re-enactments thereof, for the time being in force), Radhika Haribhakti (DIN: 02409519), who was appointed by the Board of Directors as an Additional Director of the Company w.e.f. August 07, 2021 and holds

10, 2027 (0001 days inclusive) and shall not be liable to retire by rotation."

12. ISSUANCE OF NON-CONVERTIBLE DEBENTURES ON A PRIVATE PLACEMENT BASIS

To consider and if thought fit, to pass the following resolutions as a **Special Resolution**:

"**RESOLVED THAT** pursuant to the provisions of Sections 42, 71, 180 and other applicable provisions, if any, of the Companies Act, 2013 and all applicable rules made thereunder for the time being in force ("the Act"), the Memorandum of Association and the Articles of Association of the Company, the SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other applicable SEBI regulations, circulars and guidelines for the time being in force and Foreign Exchange Management Act and Reserve Bank of India directives, circulars and guidelines for the time being in force and all other applicable laws, approval of the Members be and is hereby accorded for issuance of Non-Convertible Debentures ("the NCDs") by way of offer

General Circular No. 19/2021 and 21/2021 dated December 08, 2021 and December 14, 2021 respectively, as per the MCA circular (collectively referred to as "the MCA Circulars"). In compliance with the provisions of the Companies Act, 2013 ("the Act"), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") and the MCA Circulars, AGM of the Company for FY22 is being held through VC / OAVM. Registered Office of the Company shall be deemed to be the venue for AGM. **The detailed procedure for participation in the Meeting through VC / OAVM is as per Note No. 24 and 25.**

2. Since AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of the Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for AGM.
3. Members attending AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
4. Members of the Company who are Institutional Investors are encouraged to attend and vote at AGM through VC / OAVM. Corporate Members intending to authorize their

AGM through VC / OAVM will be made available for 1,000 Members on a first come first served basis. This will not include large Members (Members holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend AGM without any restriction.

6. The statement pursuant to Section 102 of the Act and Regulations 36(3) and 36(5) of the Listing Regulations is annexed hereto and forms part of this Notice.
7. **In terms of Section 124 of the Act, the amount of dividend not encashed or claimed within 7 years from the date of its transfer to the unpaid dividend account, will be transferred to the Investor Education and Protection Fund (IEPF) established by the Government of India (GoI).** Accordingly, unclaimed dividend in respect of FY15 of the erstwhile Torrent Cables Limited (since amalgamated into the Company) and the Company will be due for transfer to the said Fund in September, 2022. Members who have not encashed their dividend warrants for FY15 are requested to approach the Company for payment.

System (TCDS) receiving dividends by registering their bank account details with the Company. For further information, Members are requested to approach the RTA of the Company.

10. **Trading in equity shares of the Company is compulsorily in dematerialised mode by all the Members. Also, as per provisions of the Listing Regulations, transfer of listed securities shall not be processed unless the securities are in dematerialized form. This measure is aimed at curbing fraud and manipulation risk in physical transfer of securities by unscrupulous entities. Members holding shares in physical form are requested to convert their holding(s) to dematerialized form to eliminate all risks associated with physical shares.**
11. With a view to conserve natural resources, we request the Members to update and register their email addresses with their DPs or RTA, as the case may be, to enable the Company to send communications including Integrated Annual Report, Notices, Circulars, etc. electronically. Members may register their email addresses by following below process:

power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code etc., to their DPs in case shares are held by them in electronic form and to the Company / Registrar and Transfer Agent in prescribed Form ISR-1 and other forms pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD, RTAMB/P/CIR/2021/655 dated November 03, 2021 in case shares are held by them in physical form.

14. **Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. issue of duplicate securities certificate; claim from unclaimed suspense account; renewal / exchange of securities certificate; endorsement; sub-division / splitting of securities certificate; consolidation of securities certificates / folios; transmission and transposition.** Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR - 4. **It may be noted that any service request can be processed only after the folio is KYC Compliant.**

18. years w.e.f. April 01, 2018. The term of Samir Mehta will come to an end on the closing hours of March 31, 2023.

In view of the above and based on the recommendation of Nomination and Remuneration Committee, the Board approved, subject to approval of the Members, re-appointment of Samir Mehta as Chairman of the Board of Directors and the Company, liable to retire by rotation, for a period of 5 years w.e.f. April 01, 2023.

Samir Mehta, 58, is the Chairman of ₹21,000 Crore Torrent Group and has been associated with the Company since its inception, as a Promoter. Under his leadership, Torrent Pharma took several strategic initiatives, including forays into new therapies and geographies, large investments in product development infrastructure and capabilities, building state-of-the-art manufacturing facilities and acquisitions, thus establishing Torrent as one of India's fast growing and well respected Pharma majors. His emphasis on professional organisational design, precise execution and operational efficiencies has built a strong and globally competitive generic business platform in Torrent Pharma.

He has also guided the Group's entry and growth in the Power sector. Torrent Power has systematically improved its performance on all efficiency parameters and ranks

sector and attracting many accolades.

In a move to expand its business presence, he mentored the Group's entry in the emerging City Gas Distribution sector by participating in bidding rounds for new areas and acquiring existing CGD entities. In a short span, Torrent has established an investment plan of ₹10,000 Crore and started rolling out its network across 17 geographical areas in India.

Much before the current emphasis on CSR, he always conducted the businesses in a socially responsible way, giving a new dimension to the traditional meaning of CSR. He has emphasized environmental responsibility in industrial operations and creation of local livelihoods in the influence areas of Torrent establishments. His belief that improving community health and school education of the underprivileged class are powerful instruments for social empowerment and upliftment, has driven much of the Group's investments in CSR activities.

A fine blend of business acumen and cautious entrepreneurial optimism, he has positively influenced all aspects of the Group culture with his contemporary outlook and innovative ideas. Torrent Group has established a reputation for being employee-centric, and above all fair and humane in all its dealings.

2.	Torrent Investments Private Limited	Corporate Social Responsibility Committee – Chairman Nomination & Remuneration Committee – Member
3.	UNM Foundation (Earlier Known as Tornascent Care Institute)	Nil

He ceased to be director of Arvind Limited w.e.f. July 29, 2019 in past three years.

The resolutions contained in Item no. 4 and 7 of the accompanying Notice, accordingly, seeks the Members' approval for re-appointment of Samir Mehta as Chairman of the Board and the Company as an Ordinary Resolutions.

Samir Mehta holds 6,125 Equity Shares of the Company and is related to Sudhir Mehta, Chairman Emeritus and Jinal Mehta, Managing Director. Sudhir Mehta, Samir Mehta and Jinal Mehta are, therefore, deemed to be interested in the resolutions. None of the other Directors or Key Managerial Personnel of the Company or their relatives are in any way concerned or interested in the resolutions.

The "Technique" is based on various factors like People, Audit Methodology, Quality Control, Reputation of the Firm and Knowledge. PWC, having a Firm Registration No. 012754N / NS000016, is a Firm of Chartered Accountants registered with the Institute of Chartered Accountants of India, was established in the year 1991 and converted into a Limited Liability Partnership in the year 2014. The registered office of the Firm is situated at New Delhi and has 10 branch offices in various cities in India. The Firm is primarily engaged in providing auditing and other assurance services to its clients and is a member firm of Price Waterhouse & Affiliates, a network of Firms registered with the Institute of Chartered Accountants of India having Network Registration No. NRN/E/14. Price Waterhouse & Affiliates is a network of 11 separate, distinct and independent Indian chartered accountant Firms, each of which is registered with the Institute of Chartered Accountants of India.

The Firm has more than 75 Assurance Partners as at April 01, 2022. It has a valid peer review certificate and audits various companies listed on stock exchanges in India.

The resolution contained in Item no.5 of the accompanying Notice, accordingly, seeks the Members' approval to re-appoint PWC as Statutory Auditors of the Company to hold office from conclusion of this AGM of the Company till conclusion of 23rd AGM at a remuneration to be fixed by the Board of Directors of the Company as an Ordinary Resolution.

During her tenure as Industries Commissioner and Chairperson of Industrial Extension Bureau, she was instrumental in implementation and execution of some of the most pathbreaking reforms and initiatives of Government of India such as "Ease of Doing Business Reforms" as well as "Competitive Ranking of Startups".

Presently she is Principal Secretary, Energy & Petrochemicals Department, Gandhinagar. Prior to her present assignment she was also instrumental in formulating policies such as Industrial Policy, 2015, Heritage Policy etc. and started as Industrial Commissioner and also acted as Principal Secretary, Tourism, Yatratham, Civil Aviation.

the Company or their relatives is in any way concerned or interested in the resolution.

ITEM NO. 8

The existing term of Jinal Mehta (DIN: 02685284) will come to an end on the closing hours of March 31, 2023.

Based on the recommendation of Nomination and Remuneration Committee, the Board at its meeting held on May 10, 2022 approved re-appointment of Jinal Mehta as Managing Director of the Company, liable to retire by rotation, for a period of 5 years w.e.f. April 01, 2023, subject to approval of the Members. Such re-appointment will not be considered as a break in his service with the Company.

Jinal Mehta, 39, has done his Bachelor of Business Studies (BBS) and Master of Business Administration (MBA) from University of Technology Sydney (UTS), Sydney, Australia. He has more than 15 years of experience across all facets of the power sector – generation, transmission and distribution. He was involved during the project and operations phases of 1147.5 MW SUGEN Mega Power Project and 382.5 MW SUGEN Expansion (i.e. UNOSUGEN). Subsequently, he was responsible for the implementation of the 1200 MW DGEN Mega Power Project. Subsequently, he took charge of the distribution business of the Company in April, 2014 and led significant operational improvements in both the licensed and franchised distribution businesses, in terms of network modernisation, reduction in AT&C losses, improved customer services and timely regulatory approvals for recovery of costs. Under his leadership, the Company grew its Distribution business further by obtaining a distribution

Letter Substantial Powers of the Management, subject to superintendence, control and direction of the Board of Directors of the Company.

6.	Bajaj Finserv Limited	Nomination and Remuneration Committee – Member Stakeholders Relationship Committee – Member	ITEM NO. 11 Pursuant to the recommendations of the Nomination and Remuneration Committee, the Board of Directors at their Meeting held on May 10, 2022 appointed Ketan Dalal (DIN: 00003236) as an Additional Director (Non-Executive Independent) of the Company w.e.f. May 11, 2022 to hold office upto the date of this Annual General Meeting (AGM) of the Company. He is eligible to be appointed as an Independent Director for a term of 5 consecutive years.
7.	Bajaj Finance Limited	Nomination and Remuneration Committee – Member Stakeholders Relationship Committee – Member	Ketan Dalal, 65, is veteran Chartered Accountant with 40 years of intensive experience in field of taxation and corporate and investment structuring, including mergers and acquisitions.

2.	Zensar Technologies Limited	Audit Committee – Member Risk Management Committee – Member	
3.	Eternis Fine Chemicals Limited	Nil	
4.	Katalyst Advisors Private Limited	Nil	

As per the provisions of Section 149(13) read with explanation to Section 152(6) of the Companies Act, 2013 ("the Act"), the period of office of Independent Director will not be liable to determination by retirement of directors by rotation at the AGM.

The Company has received a Notice in writing from a Member of the Company under Section 160 of the Act, proposing his candidature for the office of Independent Director. Ketan Dalal meets the criteria of independence as provided in Section 149(6) of the Act and Regulation 16 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") and is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director.

Members of the Company at Annual General Meeting held on August 01, 2018 accorded consent to the Board of Directors to borrow monies (apart from temporary loans obtained from the Company's Bankers in the ordinary course of business) and create security on assets of the Company for such borrowing, in such form and manner and on such terms and conditions as the Board may deem fit, such that the total amount borrowed and outstanding at any time does not exceed ₹20,000 Crore and for the said purpose authorised the Board inter-alia, to delegate all or any of the above powers to the Committee of Directors.

Out of above borrowing limit, the Company may, at an appropriate time consider offering or inviting subscriptions for Non-Convertible Debentures (NCDs), in one or more series / tranches, on private placement basis, in order to augment long-term resources for financing the ongoing capital expenditure and other general corporate purposes.

Section 42 of the Companies Act, 2013 read with Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014 provides that a company which intends to make a private placement of its NCDs, shall obtain approval of its Members by means of a Special Resolution. It shall be sufficient if the Company passes a Special Resolution only once in a year for all the offers or invitations for such NCDs during the year.

It is therefore found desirable to have the requisite enabling approval in place for meeting the fund requirements of the Company in an efficient manner.

Dividend (after non-controlling interest)				
Add: Balance brought forward	5,908	4,775	5,841	4,741
Balance available for appropriation	6,320	6,103	6,297	6,036

Basic and diluted earnings per share (₹ per share)	9	28	9	27

2. DIVIDEND

As per Dividend Distribution Policy, the Company endeavours to distribute approx. 40% of its consolidated annual profits after tax as dividend in one or more tranches. The Board of Directors, on February 03, 2022, declared interim dividend of ₹9.00 per equity share on 48,06,16,784 nos. of equity shares for FY22 [₹11.00 per equity share, including final dividend]. The Board has not considered any further dividend for the year.

The total outflow on account of dividend is ₹432.56 Crore [₹528.68 Crore] i.e. 93.92% [₹40.67%] of consolidated total comprehensive income for FY22.

The Dividend Distribution Policy of the Company can be accessed at the Company's website: <https://www.torrentpower.com/pdf/investors/DividendDistributionPolicy.pdf>

	NCDs	Allotment	of NCDs issued	Issue Price (₹ in Lakh)	Raised (₹ in Crore)	Rate (p. a.)	(Series wise)
Torrent Power Ltd.	Secured, Rated, Listed, Taxable, Non-Cumulative, Redeemable NCDs	March 03, 2022	2,500	10	250	7A : 6.50% 7B : 6.90% 7C : 7.25%	7A : March 3, 2025 7B : March 3, 2026 7C : March 3, 2027

Outstanding consolidated long term debt as on March 31, 2022 was ₹8,414 Crore (Refer Note 23 to the Consolidated Financial Statements). Consolidated debt to equity (including deferred tax liability) ratio as at the end of FY22 was 0.83 (Previous Year: 0.73). The particulars of loans given, guarantees provided and investments made during the year are disclosed in Note 56 to the Standalone Financial Statements.

The Company, being an infrastructure company, is exempt from the provisions as applicable to loans, guarantees, security and investments under Section 186 of the Companies Act, 2013 ("the Act").

5. SUBSIDIARIES AND ASSOCIATES

The Board has reviewed the affairs of the Company's Subsidiaries and Associates at regular intervals. In accordance with Section 129(3) of the Act, the Company has prepared Consolidated Financial Statements incorporating the Financial Statements of all Subsidiaries and Associates, which form part of the Integrated Annual Report. Further, a statement containing salient features of the Financial

Statements of the Company's Subsidiaries and Associates is given in prescribed Form AOC-1, which forms part of the Integrated Annual Report (Refer page no. 414).

The said Form also highlights the financial performance of each of the Subsidiaries and Associates included in the Consolidated Financial Statements.

The details pertaining to the Companies that have become or ceased to be the Subsidiary or Associate of the Company during the year are provided in Note no. 41 to the Consolidated Financial Statements, forming part of the Integrated Annual Report.

In accordance with Section 136 of the Act, the Financial Statements of the Company, Consolidated Financial Statements along with separate Audited Financial Statements in respect of Subsidiaries and Associates are available for inspection by the Members at the Registered Office of the Company during the business hours on all working days. Any person desirous of obtaining the said Financial Statements may write at cs@torrentpower.com. The Integrated Annual Report of the Company and Audited Financial Statements of

the Company for the year ending May 21, 2022 (both days inclusive), not liable to retire by rotation.

The Board, at its Meeting held on August 06, 2021, appointed Radhika Haribhakti (DIN: 02409519) as an Additional Director (Non-Executive Independent) of the Company w.e.f. August 07, 2021 till the commencement of the ensuing AGM. The Board hereby recommends her appointment as an Independent Director for a period of 5 consecutive years from August 07, 2021 till August 06, 2026 (both days inclusive), not liable to retire by rotation. In the opinion of the Board, she possesses requisite expertise, integrity and experience (including proficiency) for appointment as an Independent Director of the Company.

Bhavna Doshi (DIN: 00400508) and Dharmishta N. Raval (DIN: 02792246) completed their second and final term as an Independent Directors of the Company on September 30, 2021. The Board placed on record its appreciation for their valuable contribution during their tenure as Independent Directors of the Company.

The Board, at its Meeting held on May 10, 2022, appointed Ketan Dalal (DIN: 00003238) as an Additional Director (Non-Executive Independent) of the Company w.e.f. May 11, 2022 till the commencement of the ensuing AGM. The Board hereby recommends his appointment as the Independent Director for a period of 5 consecutive years from May 11, 2022 till May 10, 2027 (both days inclusive), not liable to retire by rotation. In the opinion of the Board, he possesses requisite expertise, integrity and experience (including proficiency) for appointment as an Independent Director of the Company.

CoD is a Board Committee to facilitate routine executive decisions and exercise of authority granted by the Board in various matters. The Minutes of the Committee Meetings are reviewed at by the Board at the Board Meeting.

- f. the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

12. AUDITORS

STATUTORY AUDITORS

The Members at 13th AGM of the Company had appointed M/s. Price Waterhouse Chartered Accountants LLP (PWC) as the Statutory Auditors of the Company to hold office from the close of 13th AGM till conclusion of 18th AGM.

The first term of five years of PWC as Statutory Auditors of the Company will be completed at the ensuing AGM and they are eligible for re-appointment. They have furnished a certificate regarding their eligibility for re-appointment as Statutory Auditors of the Company, pursuant to Section 139(1) of the Act read with relevant Rules. The Board of Directors recommends their re-appointment for another five years i.e. from conclusion of 18th AGM till the conclusion of 23rd AGM.

The Auditors' Report for FY22 forms part of the Integrated Annual Report and does not contain any qualification, reservation or adverse remark.

Statements and the Consolidated Financial Statements which forms part of the Integrated Annual Report.

14. CORPORATE GOVERNANCE

In compliance with Regulation 34 read with Schedule V of the Listing Regulations, the Report on Corporate Governance forms part of the Integrated Annual Report. Certificate of the Auditors regarding compliance with the conditions of Corporate Governance is annexed to the Board's Report as **Annexure B**.

15. CORPORATE SOCIAL RESPONSIBILITY (CSR)

During the year, the Company was required to spend ₹28.80 crore (2% of the average net profit of the past three financial years and surplus arising at implementing agency level from temporary investment of funds for FY21). The Company contributed to implementing agency ₹28.60 Crore during the year. The total amount spent during the year was ₹19.66 Crore. Further, unspent amount of at the end of the year at the implementing agency level was transferred to "Unspent CSR Account" of related ongoing project. The CSR Activities undertaken by the Company were under the thrust areas of Community Healthcare, Sanitation & Hygiene, Education & Knowledge Enhancement and Social Care & Concern. The brief details of the major CSR activities are described hereunder:

REACH: Driven by the belief of Chairman Emeritus, Sudhir Mehta '**Children are the future of our nation and this future must be well preserved**', the flagship CSR program of the Group "REACH" – Reach EAch CHILd was initiated in the year

- **Greenfield Actions:** Healthcare services are provided to children up to 18 years. There are three Primary Pediatric Health Centers (PPHCs) with basic laboratory and day care facility at Dahej, Balasinor and Indrad, while fourth major center near SUGEN Power Plant has a 150 bed pediatric hospital 'Balsangam' which is part of 'Rangtarang' hospital complex started in FY20. Till Date more than 3,25,000 patients have been treated under OPDs across all four centers since its inception in 2017. More than 40,000 OPD cases have been handled across all Locations in FY22.

Balsangam, a 150-bed state-of-the-art paediatric hospital is fully operational within the Rangtarang complex which also has Sumangal, a multi-disciplinary clinic for patients of all age groups. Activities at Balsangam, which were, affected during covid period, have been scaled up post pandemic at a fast pace from June, 2021.

Additionally, two more multi-purpose Satellite centers have been started at Waghai and Chhappi in Gujarat and three more would be started at Radhanpur, Naswadi and Dediapada, Gujarat. These multi-purpose Satellite centers will be set up appropriately in future depending on feedback as well as demand of healthcare services from the respective local population.

- **Other Allied Initiatives:** Counseling and Support was provided to rural adolescent girls around SUGEN, Dahej & Indrad centers covering menstrual hygiene and sanitation, by providing free health and hygiene kits. This has resulted in reducing prevalent social

10th examination through National Institute of Open School out of which more than 70% students passed.

During the year "Vocational Skills Development Programme" was initiated at Chhatral cluster in Mehsana District of Gujarat to enhance employable skills of Women and Youth. The Programme aims at enhancing employable skills of 300+ Women and Youth and providing them employment opportunities. Total 100 Women and Youth were mobilized and trained on various skills viz. Sewing machine operator, Data entry operator, General duty assistant etc.

Prati-Development and Maintenance of Public Parks: The Company along with one of India's best known landscape design firm developed an approach for development of urban public parks. In Ahmedabad, six small sized parks measuring approx. 33,000 sq. mt. have been fully developed and opened for public use during FY19, one small sized park admeasuring 740 sq. mt was fully developed and opened for public use in FY21 and one large sized park measuring approx. 28,300 sq. mt. was fully developed and opened for public use in FY22. One more large sized park measuring approx. 36,700 sq. mt. is at advance stage of completion and will be opened for public in FY23 in Ahmedabad.

Moreover, three large sized parks measuring approx. 63,300 sq. mt. situated in the heart of Surat, Gujarat is under redevelopment. Presently, all three public parks are open for public use and maintenance of these public parks is also funded from CSR Contribution of the Company.

Community Healthcare: Post Covid-19, the day care clinic "Sumangal" which is a community health care clinic under the "Rangtarang" hospital complex, has also been scaled up and caters to the communities and villages around. The footfalls at "Sumangal" are now about 150 patients per day. Services being provided include ENT, Dental Care, Physiotherapy, Pathology and Radiology facilities and special consultations in ophthalmology, dermatology, gynaecology etc.

The Report on CSR activities is annexed herewith as **Annexure C.**

Donations

The Company has made donations amounting to ₹27.30 Crore toward various social causes as detailed below:

- ₹15.75 Crore to various organisations engaged in activities related to healthcare, education, arts & culture, science, sports, relief to disaster victims; socio-economic development including skill development, self-help groups, upliftment of women, integrated development of tribes, protection of consumer rights, building of toilets etc.
- ₹11.55 Crore to various charitable organizations to fight effects of COVID -19 pandemic and its fallout on poorer sections of the society.

with surveillance audit by TUV India.

- SUGEN Mega Power Project continued to excel, demonstrating an outstanding performance and commitment towards Health and Safety Management and has received Five Star rating under British Safety Council Five Star Occupational Health and Safety Audit and won "Sword of Honor" from British Safety Council. SUGEN also added several feathers in its cap for Health and Safety Management by receiving certificates from National Safety Council, India; FICCI, India; and International Safety Award, BSC.
- SUGEN & DGEN Mega Power Project were awarded Gold Trophies for FY22 by Quality Circle Forum of India (QCFI) under Ankleshwar Chapter Convention of Quality Concept (ACCQC) for Kaizen and Five-S categories with implementation of Five S (Workplace Management System) respectively.
- SUGEN and DGEN power plants have maintained 'no reportable Lost Time Accident free' as on March 31, 2022.
- Residential townships: Shardashish at SUGEN power plant and Meghdhanush at DGEN power plant have implemented and maintained township Management systems with International Standards of Environment Management System (EMS) (ISO 14001:2015) and Occupational Health and Safety Management Standard (ISO 45001:2018) and were periodically certified with surveillance audit. Indian Green Building Council

and Risk Assessment (HIRKA), Environmental Aspect and Impact Assessment of all the departmental operations, devising respective control measure, exploration of opportunities for further Enhancement Occupational Health and Safety and Environmental Sustainability Management System at Surat and Dahej distribution units.

- Safety initiatives like workplace safety awareness, safety quiz, competition for Employees and Vendors, tackles for positive engagement of work force in safety, periodic inspection of tools and tackles, internal / external mock drills for strengthening emergency preparedness, campaign for encouraging near-miss-reporting, basic training on electric safety and its hazards were taken throughout the year to further enhance safety culture.
- Precautionary measures during Monsoon, Diwali & other festivals were published in local newspapers of the Distribution units and relayed on FM radio for public awareness. Public awareness and campaigns for safety measures to be taken by the consumers was organised.
- Safety improvement initiatives such as use of immobilizer for Confined space work and tripod arrangement for rescue, Tower fall-arrest system, Work at height for LA installation, UG cable laying through HDD, enhancement of PPE like HT face visor, protective eye-wear, Class E safety helmet and rubber hand gloves at Ahmedabad Distribution Unit.

During the year under review, the Company has also credited following dividend to IEPF Authority against equity shares already transferred:

Financial Year	Dividend (in ₹)	Amount credited to IEPF* (in ₹)	No. of equity shares already transferred
2020-21 (Final dividend)	5.50 per share	85,73,672.50	19,82,273
2021-22 (Interim dividend)	9.00 per share	1,43,71,293.00	20,30,188

* Net of Tax Deducted at Source (includes Tax + Surcharge + Cess as applicable) which was ₹62,29,228/-.

The Members whose shares and unclaimed dividend have been transferred to the IEPF Demat Account and IEPF account respectively, may claim the shares or apply for refund of dividend by making an application to the IEPF Authority in web Form IEPF-5 (available on <http://www.iepf.gov.in>). The details of Members whose dividend remained unpaid / unclaimed for 7 consecutive years or more may be accessed at Company's website at www.torrentpower.com.

The details of unpaid / unclaimed dividend lying in unpaid Dividend accounts as on March 31, 2022, are mentioned below:

Sr. No.	Dividend for Financial Year	Due date for transfer to IEPF	Amount of Unpaid / Unclaimed Dividend (in ₹)
1.	2014-15 (Final) of erstwhile Torrent Cables Ltd.	September 02, 2022	3,08,387.00
2.	2014-15 (Final) of Torrent Power Ltd.	September 09, 2022	51,36,352.50
3.	2015-16 (Interim) of Torrent Power Ltd.	April 15, 2023	1,58,06,659.50
4.	2016-17 (Final) of Torrent Power Ltd.	September 06, 2024	1,16,56,114.80
5.	2017-18 (Final) of Torrent Power Ltd.	September 06, 2025	1,50,27,060.00

The Company has in place a Risk Management framework for a systematic approach to control risks. The Risk Management Policy of the Company lays down procedures for risk identification, assessment, monitoring, review and reporting. The Policy also lists the roles and responsibilities of the Board, Risk Management Committee, Chief Risk Officer, Risk Champions and Risk Co-ordinators. The Risk Management process is reviewed and monitored by the functional heads.

Management Discussion and Analysis Report which forms part of the Integrated Annual Report identifies key risks, which can affect the performance of the Company.

21. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

The particulars of contracts or arrangements with the related parties are given in the prescribed Form AOC2, annexed herewith as **Annexure D** and in the section on the Related Party Transactions in the Report on Corporate Governance.

22. PARTICULARS OF EMPLOYEES AND RELATED DISCLOSURES

The details in terms of Section 197(12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 as amended from time to time, are forming part of this Report as **Annexure E**.

24. THE EXTRACT OF THE ANNUAL RETURN

In terms of Section 92(3) of the Act and Rule 12 of the Companies (Management and Administration) Rules, 2014, the Annual Return of the Company is available on the website of the Company <https://www.torrentpower.com/index.php/investors/annualreturn>.

25. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

The details relating to conservation of energy, technology absorption, foreign exchange earnings and outgo prescribed under Section 134(3)(m) of the Act read with Companies (Accounts) Rules, 2014 are given in the **Annexure F**, which forms part of this Report.

26. OTHER DISCLOSURES

- During the year under review, the Company has neither accepted nor renewed any fixed deposits.
- During the year under review, there are no changes in the nature of business.
- There are no material changes and commitments affecting the financial position of the Company, which has occurred between end of Financial Year i.e. March 31, 2022 and the date of Directors' Report i.e. May 10, 2022.
- No significant and material orders were passed by the regulators or courts or tribunals impacting the going concern status and the Company's operation in future.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on March 31, 2022 according to the provisions of:

- i. The Companies Act, 2013 ('the Act') and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not applicable to the Company during the Audit Period)**
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; **(Not applicable to the Company during the Audit Period)**
 - (e) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (upto August 09, 2021) and Securities and Exchange Board of India (Issue and Listing of Non - Convertible Securities) Regulations, 2021 (w.e.f. August 10, 2021);
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 **(Not applicable to the Company during the Audit Period)**; and
 - (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **(Not applicable to the Company during the Audit Period)**.

on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. except the following:

1. The Company has issued Secured, Listed, Rated, Taxable, Non-Cumulative, Redeemable, Non-Convertible Debentures aggregating to ₹250 Crore through Private Placement basis.
2. During the year under review, Commercial Papers aggregating to ₹350 Crore were issued.
3. The 17th Annual General Meeting of the Members of the Company was held on August 06, 2021 through VC / OAVM in terms of MCA General Circular nos. 14/2020 dated April 08, 2020, 17/2020 dated April 13, 2020, 20/2020 dated May 05, 2020 and 02/2021 dated January 13, 2021.
4. During the year under review, the Company has acquired 100% Equity Share Capital each of Visual Percept Solar Projects Private Limited and of Surya Vidyut Limited, 51% Equity Share Capital of Dadra and Nagar Haveli and Daman and Diu Power Distribution Corporation Limited and 100% of the share capital and all securities of LREHL Renewables India SPV 1 Private Limited.

Samir Mehta
Chairperson
DIN: 00061903

- Rain water harvesting for FY22 was ~50,000 lit. Existing rainwater collection systems have rainwater collection potential to the tune of ~20%.
 - Operation optimization and replacement of conventional light fittings with LED in FY22 will lead to energy conservations of approx. 1 lakh kWh annually.
- C. AMGEN Power Plant:**
- Computational Flow Dynamics (CFD) and Cold Air Velocity Test (CAVT) based rectification carried out in boiler second pass and flue gas ducting at D Unit.
 - Replacement of old conventional lights with energy efficient LED lamps at MCC rooms, CHP area, stores & training center.
- D. AHMEDABAD, SURAT, DAHEJ, DHOLERA, BHIWANDI, AGRA AND SHIL-MUMBARA-KALWA Distribution Units:**
- Replacement of High energy consuming conventional light fittings (HPSV/HPMV/Fluorescent tubelights) with energy efficient LED light fittings at old office and EHV sub-stations at Ahmedabad office, Surat and Dahej distribution unit and sub-stations at Bhiwandi and SMK.
 - Monitoring of network loading and carrying out outage analysis to design improvement schemes to reduce technical losses and enhanced reliability by laying of new feeders, bifurcation/upgradation of existing feeders and augmentation of Distribution transformers at Ahmedabad distribution.
 - Carrying out Automation in Distribution network by using Automated switchgears to facilitate remote operations of the feeders which reduces transportation requirement and saving fuel at Ahmedabad distribution.
 - All new buildings are provided green cover to reduce impact of direct sun light and are equipped with double glazed widows to reduce external heat load on air conditioning system and energy consumption in air conditioning system, and thereby reducing energy consumption. Sensor-based lighting system installed in offices at new Power Supply Centers and design of new buildings is done to facilitate maximum use of natural lights to reduce energy consumption at Ahmedabad office.
 - Installation of APFCs to improve PF at LT side of DTCs at Bhiwandi, Surat and Dahej distribution units.

- E. RENEWABLE SITE:**
- Energy conservation initiatives implemented have resulted in annual energy savings to the tune of 36,500 kWh in FY22.
 - Azimuth Sensors were installed and software upgradation have been done in Wind turbines to improve power curve performance and generation.
 - Wind Turbine Blades are cleaned at Dayapar Site to improve generation.
 - Module cleaning cycle has been optimized to improve generation and reduce soiling loss.
 - All lesser performing modules have been reshuffled to one location/string to improve generation. This has been done based on analysis of inverter and string generation data.
 - At Solar plants, proactively string issues were identified and rectified to avoid fault/outage and also hotspot and lower performing modules were identified and replaced to improve generation.

The steps taken by the Company for utilising alternate sources of energy:

- A. SUGEN, UNOSUGEN & DGEN Power Plants:**
- 50 kW solar roof top installed on the common buildings at Shardashish township at SUGEN power plant generated 60,922 kWh in FY22.
 - 6.30 kW floating solar installed inside water reservoir at SUGEN power plant generated 6,271 kWh in FY22.
 - 42.70 kW solar roof top installed on office administration building at SUGEN power plant generated 57,169 kWh in FY22.
 - Solar power to the tune of 11,703 kWh generated and utilized at the Meghdhanush housing colony at DGEN power plant.

B. AHMEDABAD, SURAT and AGRA Distribution Units:

- ₹4.86 Crore spent for energy efficient 2 stage Air conditioning system, energy efficient and sensor-based lighting in newly constructed Power Supply centers at Ahmedabad distribution.
- ₹2.95 Crore spent on Vermiculite Terrace Insulation and Vertical Garden System at Ahmedabad distribution.
- ₹0.12 Crore incurred on Waterless Urinal at Ahmedabad distribution.
- ₹0.07 Crore spent on LED Lighting conversion at Surat distribution unit.
- ₹0.11 Crore spent on AC replacement at Surat distribution unit.
- ₹0.005 Crore incurred on account of DSM expenses at Surat distribution unit.
- ₹1.22 Crore incurred on account of installation of various APFC panel at Surat & Dahej Distribution Unit.
- ₹4.14 Crore were spent on conversion of HV overhead lines to underground cables at Bhiwandi Distribution Unit.
- ₹0.31 Crore were spent on Automation in Bhiwandi Distribution Unit.
- ₹26.52 Crore spent on conversion of HT (33 and 11 KV) overhead network into underground network at Agra distribution unit.
- ₹10.09 Crore spent on Automation of 33/11 KV sub-stations at Agra distribution unit.
- ₹14.68 Crore spent on conversion of LT overhead network into underground network at Agra distribution unit.

C. RENEWABLE SITE (SOLAR CHARANKA):

- RE Sites generates energy using wind and solar resources which are already renewable source. Significant capital investment is not required for conservation of energy as RE sites consume very less energy and energy consumption is optimized across the site.

- Solar module Voc checking carried out for entire plant has resulted in identifying 44 nos. of poor performing solar modules having defects of Dry Soldering / Diode Open issue. All 44 nos. defective modules repaired by our inhouse team. Required material received from M/S Canadian Solar under module warranty.
- RCFA done for IGBT Stack failure of Tmeic 1MW Central Inverter. Action taken on major two observations as outcome of RCFA. 1). Full cleaning of all 60 nos Inverters IGBT Stack by removing from inverter. 2). Gate drive PCB cleaning and applied Insulated coating Spray on PCB. Both activities Completed before winter season Oct-2021 and no failure observed thereafter.
- Demonstration of Module cleaning using robotic machine done at Gensu site to save water and reduce cost for module washing. Further analysis regarding purchase of robotic machine is in progress.

C. DGEN Power Plant:

- Existing connection of plant air to N2 interconnection changed from compressed air receiver tank to outlet of ACF tank, to avoid oil carry over towards plant side and EDG underground diesel storage tank selection to utilize standby tank stagnant diesel.
- DM Plant SOV junction boxes modified by installing Namur type SOV. Also PVC tubing replaced with copper tubing. This led to reduction in air leakages and ultimately reduction in compressor power consumption and also arrangement prepared for ease of lube oil top up in MOT from oil drum adding with a Pressure transmitter provided in DC Emergency Lube oil line for monitoring.
- Inhouse fabrication of Solar heater for regeneration of silica gel to reduce electricity consumption and also Exciter compartment temperature and pressure measurement instruments installed in all three units for identification of proper cooling of excitation slip rings.
- Implementation of auto re-closure function for DGEN-Navsari Lines and redundant communication based on GPRS connectivity is established between DGEN & PLL.

D. AMGEN Power Plant:

- Old and obsolete Coal conveyor belt weigher replaced with latest electronics units – 12 nos.
- Old and obsolete electronic drum level state indicators replaced in D station.
- Station Service Switchgear MCC and Turbine valve MCC panels replaced with latest IEC-61439 standard at D unit for safety.
- Old and obsolete 24 V DCS Charger Panel-1 & 2 has been replaced at D station.

- Implementation of SMC box in place of OTTP / OTDP to enhanced safety at as distribution points, implementation of HDPE muff in place of RCC muff for ease of operation and reduce wastage and also implementation of SAP & FFA (for meter reading) at Shil- Mumbra-Kalwa and Bhiwandi Distribution units.
 - Installation and extension of SCADA and addition of automated RMUs at 22 kV and 11 kV feeders in Bhiwandi and SMK distribution units and introduced intimation to inform consumers through SMS for power failure / shutdown before 10 mins with the reason and the tentative restoration time at Bhiwandi and SMK distribution units.
 - Fuse type MSP introduced for faster fault restoration and to enhance safety at SMK distribution units. It will be helpful in fault grading and local isolation.
- F. RENEWABLE SITES (SOLAR CHARANKA, LALPUR, MAHIDAD, JAMANWADA, NAKHATRANA and MAHUVA):**
- Fire ball installation has been done in Suzlon Wind turbines at to minimize fire risk.
 - Installed meters to improve accuracy of scheduling & forecasting of power at renewable sites.
 - Improvements such as replacement of connector, using insulated connector are done in 33 KV internal transmission to improve reliability, stability and to improve generation at Wind sites.
 - Design improvement have been done in USS equipment to improve reliability and availability.
 - Identified low performing modules by thermal imaging (100% module thermography through drone) and shuffled underperforming modules at single location/string which has resulted in improvement generation at Solar sites.
 - Various modification drainage sleeve, Power cabinet Hygrostat wiring, blade skirt sealing and PCB coating were done to improve reliability and availability of WTGs at Lalpur and Mahidad site.
 - Shielded sensors have been used in the Wind Turbine to improve availability during lightning at Zalki and Gudadanal.
 - Remote monitoring of Renewable portfolio is being established to improve availability and generation.

- T3000 Plant DCS Systems alongwith SFC & SEE controls, Asset Management software Web BFS with cyber security compliance for SUGEN Mega Power Project.
 - Meter Testing Bench- Three phase (ZERA Germany make, 10 position with reference meter accuracy class 0.02)
 - Old and obsolete SCADA Infrastructure upgraded which includes replacement of Servers, Storage, Backup System, UI (Desktops) Network Switches (Layer-3), Operating Systems and SCADA application Software to meet technology enhancements and cyber security requirements.
- II. The year of import:** a. & c. in FY22, b. in FY20
- III. Whether the technology been fully absorbed:** Yes
- IV. If not fully absorbed, areas where absorption has not taken place, and the reasons thereof:** Not Applicable.

iv) The expenditure incurred on Research and Development: No expenditure has been incurred on R&D.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO:

Description	₹ in Crore
Foreign Exchange Earned (Actual Inflow)	-
Foreign Exchange Used (Actual Outflow)	1264.47

For and on behalf of the Board of Directors

Ahmedabad
May 10, 2022

Samir Mehta
Chairperson
DIN: 00061903

Fuel prices further rose due to ongoing Russia-Ukraine conflict & resultant sanctions against Russia by US & other western countries. Imported coal prices remained at nearly 150% premium over notified prices, while prices at CIL's (Coal India Limited) e-auction also touched a new ceiling. Similarly, LNG prices in international markets remained highly volatile; the WIM (West India Marker) averaged - \$ 30.85 per mmbtu in Q4 FY22, compared to - \$ 8.57 per mmbtu in Q4 previous year.

The resultant effect of demand outpacing supply was seen on power sold on exchanges where the power traded at its capped limit of ₹20/unit during March'22. Considering the profiteering by the generators, timely intervention was undertaken by the Union of India (UoI) through the regulators to revise ceiling at ₹12/unit in Day Ahead Market (DAM) of power exchange from April 2, 2022. On May 6, 2022 the price cap was made applicable to all market segments as many generators moved from DAM to other markets like TAM (Term Ahead Market) post imposition of ceiling in DAM.

Amongst this crisis, the Government remains focused on Climate Change Management. India made a commitment towards climate change at United Nations Climate Change Conference (COP26)-Glasgow to achieve "net zero" by 2070 backed by increasing the non-fossil power capacity to

500 GW by 2030 and thereby aiming to meet 50% of energy requirement from renewable sources. Similarly, countries across the world are giving primacy to Renewable Energy and thus, renewable energy has become a hope for the world to preserve the pristine environment and resources for the future generations.

India is leading on this front and has already reached a milestone of 150+ GW total installed renewable capacity in FY22. The renewable capacity addition increased by 15.5 GW [Solar - 14 GW and Wind - 1 GW] during FY22 against 7.4 GW [Solar - 5.5 GW and Wind - 1.6 GW] during the previous year as the sector revived post Covid. The solar capacity addition was infact moderate in view of module prices aggravated by hike in GST rate for solar power equipment along with supply chain issues. On the other hand, the wind segment continues to witness subdued capacity addition owing to execution headwinds, financing challenges for few developers and weak financial profile of some of the Original Equipment Manufacturers (OEMs) leading to supply side constraints. Slow renewable capacity addition and consistent growth in power demand have continued our dependence on coal-based generation leading to improved thermal Plant Load Factor (PLF) of 59% in FY22 against 53% in PY.

of Green Energy Corridor involving laying of 10,750 circuit kilometres (ckm) of transmission lines by 2026 to facilitate grid integration and power evacuation of around 20 GW of renewable power projects.

BUSINESS MODEL

The Company is an integrated power utility engaged in the businesses of electricity generation, transmission and distribution with operations spread across the states of Gujarat, Maharashtra, Rajasthan, Madhya Pradesh, Uttar Pradesh, Karnataka and UT of Dadra & Nagar Haveli and Daman & Diu.

1. GENERATION

The Company has total generation capacity of 4,675 MW spread across thermal and renewable generating assets (including capacity in pipeline of 565 MW).

A. 3,092 MW Thermal Generation

i. 362 MW Coal-fired Thermal Generation

The 362 MW AMGEN Power Plant at Ahmedabad in Gujarat is an embedded generation unit for the licensed distribution area of Ahmedabad. It is regulated by Gujarat Electricity Regulatory Commission (GERC) which allows cost plus post-tax Return on Equity (RoE) of 14% as part of the regulated tariff.

ii. 2,730 MW Gas-fired Thermal Generation

The Company has three gas-based plants namely 1,147.5 MW SUGEN Mega Power Plant, 382.5 MW UNOSUGEN Power Plant and 1,200 MW DGEN Mega Power Plant which are built with highly efficient power generation technologies. SUGEN and UNOSUGEN are regulated by Central Electricity Regulatory Commission (CERC) which allows cost plus post-tax RoE of 15.5% as part of the regulated tariff structure. 76% of SUGEN and UNOSUGEN capacities are tied up under long term Power Purchase Agreements (PPAs). 1,200 MW DGEN Power Plant is stranded for want of demand.

B. 1,583 MW Renewable Generation

i. 1,018 MW Operational Projects

During the reporting year, the Company expanded its operational renewable portfolio by 231 MW by acquisition of new projects. The total operational renewable generation capacity of 1,018 MW (213 MW Solar and 805 MW Wind)

ii. 565 MW upcoming Projects

• 100 MW Solar Power Project

The Project was won by the Company in an auction conducted by GUVNL in FY21 at a tariff of ₹1.99 per kWh for a period of 25 years. The scheduled commissioning date has been extended till October'22 due to COVID-19. The Project is being implemented by Torrent Solar Power Private Limited, a wholly owned subsidiary of the Company.

• 300 MW Solar Power Project

The Company won 150 MW in reverse auction and further 150 MW of capacity was awarded under green-shoe option in auction conducted by distribution arm of the Company in FY21 to service Renewable Purchase Obligations (RPO) at a tariff of ₹2.22 per kWh for a period of 25 years. The scheduled commissioning date has been extended till February'23 and April'23 for each project of 150 MW in view of force majeure situation arising on account of non-availability of transmission. The project is being implemented by Torrent Saurya Urja 2 Private Limited, a wholly owned subsidiary of the Company.

• 115 MW Wind Power Project

Torrent Solargen Limited, a wholly owned subsidiary of the Company has entered into an agreement with developer and

business, the Company has completed the acquisition of 51% of equity share capital of Dadra and Nagar Haveli and Daman and Diu Power Distribution Corporation Limited. The operations have been taken over with effect from April 1, 2022.

As a distribution licensee of Union Territory of Dadra & Nagar Haveli and Daman & Diu (DNH & DD), the Company is responsible for electricity supply in approx. 603 sq. kms with annual demand of around 9,000 MUs and serving around 1.5 Lakh customers for a term of 25 years. The business is regulated by Joint Electricity Regulatory Commission (JERC) which allows post-tax RoE of 15.5% for wires business and 16% for retail business as part of the regulated tariff.

The Company is also the licensed operator for electricity distribution in the cities of Ahmedabad, Gandhinagar, Surat and Dahej SEZ, aggregating to 425 sq kms of area. It is also developing a state-of-the-art distribution network as a licensee in Dholera Special Investment Region (DSIR) spanning 920 sq kms area. DSIR is part of the prestigious Delhi-Mumbai Industrial Corridor (DMIC) Project and is being developed in phases as a manufacturing hub on the concept of plug-and-play model. DSIR will have infrastructure facilities comparable to any smart industrial city in the world. DSIR represents a long term growth opportunity for the Company. The licensed distribution businesses of the Company in Gujarat are regulated by GERC, which allows cost plus post-tax RoE of 14% as part of a regulated tariff structure.

With the addition of Dadra & Nagar Haveli (including Silvassa) and Daman & Diu, Torrent will distribute nearly

During the year, AMGEN PLF improved substantially to reach nearly pre-Covid levels due to rise in demand and higher take-off by long term beneficiaries. Despite acute coal shortages throughout India, AMGEN managed to get allocated domestic coal as per Fuel Supply Agreement (FSA).

Plant Availability Factor (PAF) was lower at SUGEN and UNOSUGEN gas-based plants due to major overhauls. The same were completed successfully along with system upgrades. The regular major overhauls revitalize the units and improve the performance.

Further, the gas-based operations of the Company were mainly affected in second half of the year due to unprecedented high LNG prices in the international

markets leading to a significant decline in PLF levels. The impact continues with ongoing Russia-Ukraine conflict leading to an exorbitant increase in LNG prices. This made the gas-based power unaffordable and forced the buyers to reduce the offtake from these plants.

Tender to procure LNG was issued in August'21 with an intention to procure 34 cargoes spread over 5 year period from CY 22 till CY 26. As prices quoted were on a higher side, it was decided to optimize the procurement and 12 cargoes were tied up. With this tie-up, 25% of annual gas requirement has been tied-up (CY 23 – CY 26); another 25% coming from IOCL and RIL for serving long term PPA. For balance requirement, tenders will be floated at an opportune time.

B. Renewables

Operational Projects*	Solar		Wind	
	FY22	FY21	FY22	FY21
Capacity (MW)	138	138	648.5	648.5
PLF (%)	16.82	17.61	27.12	24.99
Net Generation (MUs)	203	213	1,541	1,420

*New renewable acquisitions have not been considered as the plants were acquired towards the end of financial year.

growth of ~37% from the pre-Covid level in FY20. The rise was mainly driven by demand from new customers and increased demand from existing commercial and industrial customers on the back of normalisation of manufacturing activities.

Distribution losses at Ahmedabad and Surat licensed distribution operations for FY22 marked significant reduction as compared to FY21 due to higher sales to all segment of consumers. Company was not only able to limit the distribution losses way below normative levels but also managed to record reduction in losses beyond the pre-pandemic level of FY20.

Tariff for FY23 (including true-up for FY21) was determined by GERC vide order dated March 31, 2022 for Ahmedabad and Surat licensed areas. No tariff hike has been allowed for Ahmedabad and Surat. However, the Hon'ble Commission has approved rise in base FPPA for Ahmedabad from ₹1.82/unit to ₹2.02/unit and for Surat from ₹1.38/unit to ₹1.48/unit. The Company's profits are not directly impacted by the tariff order, as its returns in licensed distribution businesses are determined by 14% post-tax RoE prescribed in the tariff regulations. The

The aggregate amount of regulatory gap of past periods approved and expected to be approved by GERC as on March 31, 2022 is ₹1,344 Crore and the same is appropriately accrued in the financial statements. In addition, aggregate amount of regulatory gap of ₹604 Crore is under dispute at various forums (primarily comprising of claims on account of carrying costs) and is not accrued in the financial statements; the same will be accrued in the financial statements of the period in which such disputes are determined by the appropriate statutory authorities in favour of the Company.

During FY22, a detailed Customer Survey was conducted at Ahmedabad, Surat and Dahej operations to measure the stringent Overall customer satisfaction score, Loyalty Score and Net Promoter Score across these cities. Survey covering over 5,000 customers, across geographies, was executed by an independent professional market research agency and included all customer segments. The Customer Satisfaction score of 80%, Loyalty score of 93% and Net Promoter score of 57 are amongst the best globally.

Peak Demand (MVA)	566	574	472	449	132	126
-------------------	-----	-----	-----	-----	-----	-----

The Franchised Distribution sales for FY22 were higher as compared to FY21 which was affected by COVID-19 restrictions. The sales reached nearly pre-Covid level in FY20 during the current year despite the second wave in FY22.

As compared to the pre-Covid level sales in FY20, sales at Bhiwandi and Agra were marginally lower by 4.6% and 0.94% respectively. Maximum recovery was seen in industrial and commercial category of consumers.

Bhiwandi operations were able to successfully reduce distribution losses beyond pre-pandemic level of FY20 through surveillance and vigilance, theft deterrent systems, distribution transformer cleaning, law enforcement against illegal connections, etc. Agra distribution area also marked reduction in distribution losses for FY22 as compared to FY21 through various efforts focusing distribution loss reduction.

FY22 was the 2nd year of operations at Shil, Mumbra & Kalwa (SMK). The focus remained on reducing the losses through various capital projects such as HT/LT network revamping, meter replacement, service revamping and DT clean up, etc. Despite operational challenges and second wave of Covid in H1 FY22, SMK franchised distribution area was able to reduce distribution losses by 4.4% as compared to FY21.

The collection efficiency is showing continuous improvement due to revival of vigilance activities, disconnection drives and pick up in economic activities. The Company was thus able to reverse higher provisions made in previous years in view of the lower collections. Bhiwandi achieved collection efficiency of 102.01% and Agra achieved collection efficiency of 98.61%. Despite challenges, SMK also achieved the collection efficiency of 102.67% and led to a downward trend in AT&C loss.

The key operating drivers of distribution business namely higher volumes, lower distribution losses and increased RoE on account of new Capex were positive and contributed to the increase in contribution. Renewable portfolio contribution increased mainly on account of new acquisitions and better wind PLFs. On the other hand, reduced demand from long term beneficiaries as well as merchant power mainly due to high gas cost, led to a drag on the contribution levels. Finance cost decreased on account of lower interest rate by approx. 0.63% coupled with reduction in loan balance. The reduction in tax expenses was mainly due to reversal of deferred tax liability arising from DGEN impairment.

The bottom line of the Company took a hit due to one-time charge on account of an impairment loss on carrying amount of DGEN power plant by ₹1,300 Crore. It should be noted that DGEN impairment is a non-cash charge and will not impact the cashflows of the Company. The impairment charge will reduce depreciation charge in balance years of useful life.

Liquidity, Capex and Debt Positions

The Company's liquidity, including mutual fund investments and deposits with banks/financial institution, was ₹917 Crore at the beginning of the year. Liquidity as at the end of the year was ₹883 Crore, a decrease of ₹34 Crore. For the year:

- » net cash generated from operating activities was ₹2,648 Crore

- » borrowings including short term debt net of repayment was ₹694 Crore and

- » net cash utilised for (a) capital expenditure ₹1,604 Crore; (b) dividend distribution ₹702 Crore; (c) payment for acquisition of subsidiaries ₹515 Crore and (d) advance against equity investment ₹555; leaving a closing liquidity balance of ₹883 Crore.

During the year, the Company incurred capital expenditure (i.e. capitalisation, capital work-in-progress and capital advances) of ₹1,906 Crore as under:

Particulars	Amount (₹ in Crore)
Licensed Distribution	1,254
Franchised Distribution	316
Renewable Generation	256
Thermal Generation	76
Others	4
Total	1,906

The long term debt of the Company at the year-end was ₹8,414 Crore, net increase of ₹605 Crore over the previous year (new debt raised ₹1,125 Crore, loan balance of acquired subsidiaries ₹605 Crore less repayment of debt ₹1,125 Crore). The weighted average rate of interest at the year-end was 7.45% with repayment profile as under:

Net Profit Margin	9.13%*	10.65%	Net Profit Margin for FY22 works out to 3.22% after considering exceptional item pertaining to DGEN plant impairment in FY22.
Return on Net Worth	13.20%*	12.68%	Return on Net Worth for FY22 works out to 4.37% after considering exceptional item pertaining to DGEN plant impairment in FY22.

*Excluding exceptional item pertaining to DGEN plant impairment in FY22

RISKS AND CONCERNS

Key risks and concerns in the businesses of the Company are briefly explained below:

- » The Company has operational gas-based power generation capacity of 2,730 MW, out of which 1,163 MW is tied up as on March 31, 2022 under long term PPAs and balance 1,567 MW untied capacity is dependent on short term power contracts for their operation. During the year, certain portion of such capacity remained unutilised for want of short term power contracts or unavailability of prices in the short term power market and high gas prices.

The Company has built capabilities to import LNG from international markets at efficient prices to operate its power plants. However, such prices are subject to fluctuations and associated foreign exchange

risks, geopolitical & supply-demand mismatch risks, consequent to which, there would be periods during which power from these plants would be uncompetitive.

The fuel contracts of the Company contain Take or Pay/ Use or Pay/ Ship or Pay obligations. There could be a potential liability on the Company to pay the obligation charges as defined in the contracts. Similarly for CY 2022, such liability could arise if the Company is not able to tie-up adequate quantity of fuel. Mitigation efforts are being made to reduce the impact of these adverse implications which are common to all gas users across the country.

The Company is making efforts to get long term PPAs for its unutilised gas power capacity. However, large stranded coal-based capacities, Government's thrust

The Company's licensed distribution business faces the risk of delay in recovery of some part of cost of supply due to regulatory stipulations. The unrecovered and undisputed regulatory claim as at year end was ₹1,344 Crore, recognised in the financial statements for the year. While such recoveries are permitted with carrying costs for delayed recovery, the same may affect the cash flows of the Company.

In addition, regulatory disputes also cause delay in recovery of some part of the cost of supply. Such disputed regulatory claim as at the year end was ₹604 Crore, which is not recognised in the financial statements for the year.

The Power Ministry came out with "Automatic Pass through Model" during the year to address the above concerns and directed the State regulators to adopt this model. GERC is yet to come out with guidelines on adoption of this model. The model if adopted, may help the generating companies on an immediate basis as discoms will have to pay as soon as their fuel costs rises, however, if timely pass on to consumers is not allowed due to political pressures, it may lead to greater under-recovery for discoms.

department lead by Chief Information Security Officer being responsible for governance, coordination and control of cyber security issues, policies and guidelines in accordance with national and international standards. The Company has set up specific cyber security framework for Information Technology (IT) and Operational Technology (OT) network. Company has created CCMP (Cyber Crisis Management Plan) and undertook Vulnerability Assessment and Penetration Testing program for proactive management and response to cyber incidents. In addition, Company has also implemented various technological solutions and is in the process of implementing various other solutions as a part of Zero Trust Network Architecture. All IT policies and risk governance are as per ISO 27001 standard.

The constantly evolving threat, cybercrime is one of the biggest threats to businesses. As a measure to counter/reduce cybercrime incidents Company has taken up user awareness as one of the key activities. The Company has availed cyber insurance in order to combat any financial loss arising due to a cyber attack.

2. RENEWABLES

The Company expects its renewable power assets to operate efficiently in the coming years. With focus of the Government on renewable power generation, and with the Company's experience of executing and operating renewable projects, it intends to grow further its renewable energy portfolio with focus on solar. The Company has recently acquired 231 MW of renewable assets; 75 MW Solar and 156 MW Wind.

The Company intends to grow by way of bidding for new projects and acquiring new projects. The Company is also actively procuring land for renewable power project development and putting in efforts to explore and seize opportunities as they come up. In addition, Company is also actively pursuing upcoming opportunities in the space of Green Hydrogen and Energy Storage technologies.

coal-based generation looks unavoidable for 24x7 reliable power. Coal-based power plant's ability to supply power during peak power demand either as base power or as off-peak power is greatly valued. Thus, the coal-based plants are expected to operate at better PLF as compared to FY22 despite growing renewable power sector and stringent environment norms.

It is expected that other UTs such as Puducherry, Jammu & Kashmir, State of Goa may announce privatisation. The Purvanchal DISCOM and other DISCOMs in the state of Uttar Pradesh may also come up for privatisation.

The stringent operational norms proposed for DISCOMs will also lead to greater franchise opportunities for the Company in the near to medium term.

4. TRANSMISSION

Currently, the Company has limited investments in the transmission segment; however, given the huge investment opportunity available in this segment, robust regulatory mechanisms, limited counter-party risks and the Company's strengths in financing and executing large projects, this is an area earmarked for future growth. The Company intends to selectively participate in tariff based competitive bidding for transmission projects (inter-state and intra-state) at attractive returns.

	then indicate the number of such Subsidiary Company(s)	initiatives of the Company.
3.	Do any other entity/ entities (e.g. suppliers, distributors etc.) that the Company does business with, participate in the BR initiatives of the Company? If yes, then indicate the percentage of such entity/ entities? [Less than 30%, 30-60%, More than 60%]	Yes, the Company's contractors and suppliers are required to participate in some of the BR initiatives of the Company.

SECTION D : BR INFORMATION

1. Details of Director/ Directors responsible for BR

(a) Details of the Director responsible for implementation of the BR policy/ policies

Sr. No.	Particulars	Details
1.	DIN	02685284
2.	Name	Shri Jinal Mehta
3.	Designation	Managing Director

4	Has the policy been approved by the Board? If yes, has it been signed by MD/ owner/ CEO/ appropriate Board Director?	Yes, all the policies have been approved by the Board, except the Human Resource policies and Integrated Management System (IMS) policies, which have been approved by Chairperson or MD.									
5	Does the Company have a specified committee of the Board/ Director/ Official to oversee the implementation of the policy?	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
6	Indicate the link for the policy to be viewed online.	All policies can be accessed at www.torrentpower.com									
7	Has the policy been formally communicated to all relevant internal and external stakeholders?	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
8	Does the Company have in-house structure to implement the policy/ policies?	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
9	Does the Company have a grievance redressal mechanism related to the policy/ policies to address stakeholders' grievances related to the policy/ policies?	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
10	Has the Company carried out independent audit/ evaluation of the working of this policy by an internal or external agency?	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes

(b) If answer to the question at serial number 1 against any principle is 'No', please explain why:

Not applicable

- 12 How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

Shareholder Complaints:

The Company received 19 shareholder complaints during FY22. 100% of such complaints were satisfactorily resolved.

Other Stakeholder Complaints:

The Company received 2 complaints from other stakeholders (i.e. employees and contractors) during FY22 via the Whistle Blower Mechanism. 100% of such complaints were satisfactorily resolved.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

- 21 List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Company's business activities comprise of Generation, Transmission & Distribution of Electricity and Cables manufacturing. It has incorporated measures covering social as well as environmental concerns, risks and/or opportunities in each of these as under:

- Most of the units of the Company are IMS certified

of Honour" and "Globe of Honour" awards. SUGEN plant has received five star rating for the second time under BSC Five Star Health and Safety Audit and has won the prestigious "Sword of Honour" during FY22. Generation plants have also implemented Five-S (Workplace Management System) and have been certified by Quality Circle Forum of India (QCFI) and Union of Japanese Scientists and Engineers (JUSE). Moreover, health and safety systems at SUGEN have been appreciated by National Safety Council of India with Prashansa Patra award.

- Principles of circular economy have been adopted to reduce, reuse and recycle resources to the extent possible at various units.
- State-of-the-art technologies in gas based plants, viz., installation of advanced class Gas Turbines with lower carbon footprint, dry low NOx burners (with emissions well below Indian standards), Combined Cycle Power Plants (CCPPs) in single shaft configuration to reduce footprint etc. have been resorted to, duly taking into consideration societal and environmental sustainability. Such CCPPs are also registered under Clean Development Mechanism (CDM).
- The effluent water generated from the generating plants as well as sewage treatment plants is utilised in horticulture thus avoiding/ minimizing discharge outside plant premises.
- The Company has established systems and

the Company's distribution losses have been reduced to one of the lowest in the country in the Company's licensed areas, thus saving on energy. The Company has undertaken implementation of smart grid technology including automatic meter reading and distribution automation to remotely monitor the assets and reading of meters. As part of the objective of going paperless, mobile based Field Force Application has been developed for all field activities to reduce paper consumption.

- The Company's Distribution units have installed more than 7,000 state-of-the-art technology SF6 gas insulated switchgears for protection and operation of 11KV/ 22KV distribution network. Such units undertake activity of earthing reactivation of DSS equipment and MSPs for safety of public and other stakeholders. Distribution units also undertake installation of dry type transformers, hermetically sealed and ester filled distribution transformers located in crowded and densely populated areas including pole mounted transformers for enhancement of public safety and environment protection. Some of the distribution units have also replaced substation focus lights with LED lights. The Company has installed Very Early Smoke Detection and Alarm (VESDA) system for its major stores.
- Use of compact substations in place of conventional substations in distribution enables conservation of land resources and reduces usage of construction material. Ultra-compact substations are also designed for specific areas to further reduce the

- Installation of Solar rooftop amongst its customers to contribute to increase in share of renewables in the country.
- New distribution offices and substations are designed to ensure maximum use of natural light and to the extent possible, are equipped with contact less water taps, waterless urinals, motion sensor based lighting systems and star rated air conditioners. Further, Indian Green Building Council's (IGBC) guidelines have been implemented while construction of new buildings and aiming for platinum certification. This not only conserves natural resources while construction but also enables substantial energy saving in air-conditioning and lighting system. Rain-water harvesting & recharge wells have been developed in new buildings.
- Products at cables unit include 132 KV cables with aluminum corrugation (in place of lead sheath); 66 KV cables with HDPE outer sheath in place of PVC outer sheath which is less environment friendly, wooden drum using reusable PP sheet in place of wooden planks and returnable steel drums in place of wooden drums. Use of steel drums instead of wooden drums resulted in reduction of consumption of wooden drums by 25%. Further, the same out bound vehicle, which is sent for dispatching the finished cable, is arranged to bring back the empty drums thereby reducing carbon emissions during transportation.

- out. The Company has conducted various in-house surveys i.e. noise, vibration, stress monitoring, Display Screen Equipment (DSE), asbestos, fragile roof, legionella and safety culture to foster safety culture and enhance safety standards based on outcome of the surveys.
- The Company has established various policies like OH&S, Road Safety, Fire Safety and Health & Wellbeing. The Company has arranged various trainings on OH&S topics for relevant stakeholders. The Company celebrates the National Safety Week with an objective to spread and enhance the desired safety culture across the organization. The Company also celebrates Environment Day to re-emphasize its concern for environment while carrying out various activities. Further, the Company celebrates the National Energy Conservation Day to spread awareness amongst the customers, employees, their family members and contractual workforce regarding energy conservation, demand side management and use of energy efficient appliances. Energy conservation and safety awareness campaigns are conducted for awareness of consumers through customer meets and booklets.
- Further, the Company is engaged with its neighborhood by providing employment opportunities, skill development and health care facilities. The Company has set up an ultra-modern health care facility near SUGEN, named Rangtarang, Balsangam, a specialty child care hospital and Sumangal, a day care medical clinic is in operation

- Some of the initiatives undertaken by the Company include large scale replacement of conventional luminaires with LED devices, replacement of air conditioners with star rated air conditioners, installation of rooftop solar panels and solar water heaters, installation of Air Turbo Ventilator at rooftop for air ventilation, recycling waste water, segregation of lighting circuits for reducing power consumption, rainwater harvesting, use of recycled paper and packaging material, recycling of the paper consumed, etc. Solar power is being used for common facilities of townships.
- As part of DSM Scheme, Energy Audits as well as Peak Load shifting programs have been carried out for the benefit of consumers. In addition, the Company took all necessary steps to operationalize the Net Metering arrangement for Rooftop Solar PV system at the premises of consumers.
- Water consumption is recorded and optimized to reduce wastage.
- Material of construction (MoC) has been changed for distribution boxes and feeder pillars to improve the life cycle of the product. Surface treatment and painting procedures have been improved to enhance the life cycle of the feeder pillars, distribution boxes and other enclosures installed onsite.

- Reusable PP sheet is used instead of wooden planks in packing of finished cables.
- Other initiatives include monthly/ daily monitoring of resource consumption including paper, water, electricity, food waste, LPG & PNG, petrol and diesel, disposal of food waste for composting through authorized vendors, bill on WhatsApp and online payment promotions.

2.3 Does the Company have procedures in place for sustainable sourcing (including transportation)?

If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company has procedures in place for sustainable sourcing (including transportation). Further, sustainability is extended to suppliers/vendors. All requirements on various aspects such as Health & Safety and Environment Protection, Ethics & Compliance, and Prevention of Bribery & Corruption are in place. Counselling and monitoring of suppliers/vendors is being done regularly. Sustainable Procurement Policy has been put in place at some of the units.

The Company has recently been awarded the prestigious "Sword of Honour" and "Globe of Honour" awards from British Safety Council for its distribution licensed operations. Compliance under these recognitions extensively covers sustainability parameters for sourcing functions. Suppliers and service providers are evaluated on EHS aspects by some of the distribution units and are motivated to adopt ISO 9001 (Quality Management System), ISO 14001 (Environment Management System) and ISO 45001 (Occupational Health and Safety Management System) to achieve goal of sustainable procurement.

2.4 Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company has taken several steps to procure goods and services from local and small vendors (specially focusing on women and the weaker sections of the society, wherever possible) in order to promote entrepreneurship among them. Continuous engagement takes place with such suppliers to improve their capacity & capability. Some of these initiatives include:

- While sourcing consumables and spares, priority is given to local vendors.

Being a responsible corporate citizen, the Company believes in "Reduce-Reuse-Recycle" principle. Some of the initiatives taken as part of this principle include:

- 100% utilization of fly ash generated as waste from the coal based plant.
- Re-use of treated effluent water.
- Use of waste water for gardening, sprinkling, etc.
- Zero liquid discharge since August 2017 at SUGEN plant and since April 2016 at DGEN plant.
- Use of vegetation and food waste in making compost which in turn is used as manure.
- Sludge recovered from raw water is compacted through Chamber Filter Press and is used for landfill.
- PVC Scrap (>90%) is recycled & reused in inner sheath, outer sheath & PVC fillers at Cables unit.
- Hazardous wastes e.g. used oils, batteries, e-wastes, bio-medical wastes etc. are disposed off only to State Pollution Control Boards approved Treatment, Storage and Disposal facilities (TSDF) & recyclers.
- The distribution units undertake oil filtration activity of its power and distribution transformers for reutilization of oil and conservation of natural resources.

temporary/ contractual/ casual basis.

Total number of employees hired on temporary/ contractual/ casual basis is 10,721 as on March 31, 2022.

3.3 Please indicate the number of permanent women employees.

Total number of permanent women employees is 658 as on March 31, 2022.

3.4 Please indicate the number of permanent employees with disabilities.

Total number of permanent employees with disabilities is 22 as on March 31, 2022.

3.5 Do you have an employee association that is recognized by management?

Yes.

3.6 What percentage of your permanent employees are members of this recognized employee association?

~31% of the total permanent employees of the Company are members of such recognized employee association.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TOWARDS ALL STAKEHOLDERS, ESPECIALLY THOSE WHO ARE DISADVANTAGED, VULNERABLE AND MARGINALIZED

4.1 Has the Company mapped its internal and external stakeholders? Yes/No

Yes, the Company has mapped its various key internal and external stakeholders.

4.2 Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, the Company has identified the disadvantaged, vulnerable and marginalized stakeholders.

4.3 Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Various initiatives have been taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders at locations in and around its operations in the areas of: (i) Community Health Care, Sanitation and Hygiene (ii) Education and Knowledge Enhancement and (iii) Social Care and Concern.

The details of various CSR initiatives of the Company are part of the Board's Report included in this Integrated Annual report.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT, PROTECT AND MAKE EFFORTS TO RESTORE THE ENVIRONMENT

6.1 Does the policy related to Principle 6 cover only the Company or extends to the Group/ Joint Ventures/ Suppliers/ Contractors/ NGOs/ others.

The Environment Policy of the Company covers the Company currently. The subsidiary companies of the Company also carry out their operations in accordance with principles laid down in the said Policy. The Company promotes the adoption of environmental protection goals and practices by contractors and suppliers of the Company and strongly encourages improvements in contractors' and suppliers' practices to make them consistent with those of the Company. Further, the IMS covering ISO 14001 for Environment Management at most of the units spells out dedication to maintain the ecological balance while carrying out operations. Some of the units have also implemented Energy Policy, Sustainability Policy and Sustainable Procurement Policy.

6.2 Does the Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

Yes, the Company recognizes the value of the environment to the community and future generations and is

Solar power is installed in common facilities townships at generation plants. Further, replacement of conventional luminaires with LED devices on failure, recycling of wastewater, rainwater harvesting etc. are other successful initiatives in this direction.

Further, continuous investments in power distribution infrastructure are made and appropriate measures are taken to reduce technical losses. Power is also procured from power plants using environment friendly fuels and renewable power plants to the extent possible.

Various energy conservation initiatives taken by the Company which aid in environmental protection are part of the Board's Report included in this Integrated Annual report and is available at the following link: www.torrentpower.com.

6.3 Does the Company identify and assess potential environmental risks? Y/N

Yes, the Company believes in following world class practices in its operations. The Company has implemented ISO 14001 for Environment Management at most of the units and has established systems and processes for assessing the environmental risks arising out of various activities being carried out. Measures to minimize the environmental impact are in place and are captured in onsite/ offsite emergency plans and in risk registers, more particularly under IMS.

The Company has also acquired 231 MW of Renewable plants during FY22. The Company intends to further expand its renewable energy generation portfolio.

Further, treated effluent water is being reused, attaining Zero Liquid Discharge (ZLD) since August 2017 at SUGEN and since April 2016 at DGEN. Vegetation and food waste are used in making compost, which in turn is used as manure. Sludge recovered from raw water is compacted through Chamber Filter Press and is used as manure/ for landfill. Solar power is being used for common facilities of townships.

Hazardous wastes viz used oils, e-waste, etc. are disposed off only to authorised recyclers. Further, replacement of conventional luminaires with LED devices, installation of Air Turbo Ventilator at rooftop for air ventilation, installation of Solar Roof Top on EHV buildings, recycling wastewater, rainwater harvesting etc. have been implemented.

In order to promote clean technology and renewable energy, besides what is stated above, the Company has sourced about ~12.4% of its total power requirement of licensed distribution business from wind and solar plants. The Company has also installed Solar Rooftop system for its captive consumption. The Company strives for reduction in distribution losses by improving the network and reducing the theft of electricity. Unauthorized use of electricity has been curtailed which

7. PUBLIC RELATIONS, WHEN ENGAGED IN AN OPEN AND RESPONSIBLE MANNER

7.1 Is your Company a member of any trade and chamber or association? If Yes, name only those major ones that your business deals with:

Yes, the Company is a member of various trade associations and chambers. The major ones are as under:

- Confederation of India Industries (CII)

Fax : +91 079 26465179
E-mail: ahmedabad@linkintime.co.in

h) Share Transfer System

In terms of Regulation 40(1) of the Listing Regulations, as amended, securities can be transferred only in dematerialized form w.e.f. April 1, 2019, except in case of transmission of securities or transposition of names. The Members holding shares in physical form are requested to convert their holdings to dematerialized form. Transfer of equity shares in electronic form are effected through the depositories with no involvement of the Company.

2021 has prescribed mandatory provisions for "Common and Simplified Norms for processing Investor's Service request by RTAs and norms for furnishing PAN, KYC details and Nomination". Further, it has made mandatory for the Members holding securities in physical form to furnish PAN, KYC details and either Nomination or declaration to Opt-out to the Registrar and Transfer Agent ("RTA") of the Company. In case of failure to provide required documents and details as per the aforesaid SEBI circular, all folios of such Members shall be frozen on or after April 01, 2023 by the RTA. More details of the above are available on the website of the Company <https://www.torrentpower.com/index.php/investors/holdingshares>.

The Company obtains from a Company Secretary in Practice half-yearly certificate of compliance with the share transfer formalities as required under Regulation 40(9) of the Listing Regulations and files a copy of the certificate with the Stock Exchanges.

Powers to approve share transfers and related requests have been delegated by the Stakeholders Relationship Committee to the Senior Officials of the Company for expeditious disposal of the Members' requests and complaints. Details of transfers/ transmission approved by the delegates were noted by the Stakeholders Relationship Committee at its meeting once in a quarter, which were subsequently noted by the Board of Directors.

j) Dematerialisation and Liquidity of shares

Equity Shares of the Company can be traded only in dematerialised form by the investors. The Company has established connectivity with National Securities Depository Ltd. ("NSDL") and Central Depository Services (India) Ltd. ("CDSL"). Demat security (ISIN) code for the equity shares of the Company is INE813H01021. As on March 31, 2022, 97.57% of the equity shares have been dematerialised. The shares of the Company are frequently traded on both the Stock Exchanges and hence, the equity shares of the Company are liquid.

k) Outstanding GDRs/ ADRs/ Warrants/ any other convertible instruments

The Company has not issued any GDRs/ ADRs/ warrants or any convertible instruments as on date.

l) Disclosure of commodity price risk/ foreign exchange risk and hedging activities

The Company has exposure to US\$ / INR exchange rate arising principally on account of import of LNG and import of coal. The extant tariff regulations do not permit the cost of hedging such exposure as a cost to be passed through to the off-takers / beneficiaries. As a result, the Company does not follow a policy of hedging such exposures and actual rupee costs of import of fuel are substantially passed on to the off-takers / consumers, because of which such exposures are not likely to have material financial impact on the Company.

p) Credit Rating

During the year, CRISIL upgraded the long-term rating of the Company from AA/Positive to AA+/Stable and reaffirmed the short-term credit rating of A1+. India Ratings has reaffirmed short term rating at IND A1+ to the Commercial Paper Programme of the Company. CRISIL has also upgraded long term rating of the non-convertible debentures issued by Jodhpur Wind Farms Private Limited and Latur Renewable Private Limited, wholly owned subsidiaries of the Company, from AA(CE)/Positive to AA+(CE)/Stable, which has resulted in decrease in Coupon rate from 7% to 6.75% from the date of rating upgrade.

Statements forming part of this Integrated Annual report.

b) Legal Compliances

The Company has formalised a system to track, monitor and document legal compliances applicable to the Company. The Board periodically reviews compliance reports (of all the laws applicable to the Company), prepared by the management. There were no instances of material non-compliances during the year under review. No strictures were passed or penalties imposed on the Company by SEBI, Stock Exchanges or any statutory authority on any matter related to capital markets during the last three years.

c) Vigil Mechanism /Whistle Blower Policy

The Board has adopted Vigil Mechanism/ Whistle Blower Policy for the Company, under which the Company has institutionalised a mechanism for the stakeholders to disclose their concerns and grievances on unethical behaviour and improper/

Allocation of Qualified Institutions Placement

During the year under review, the Company did not raise any funds through preferential allotment or qualified institutions placement as specified under Regulation 32(7A) of the Listing Regulations. However, during the year under review, the Company has issued NCDs on private placement basis, listed on debt market segment of National Stock Exchange Limited. The Company affirms that there has been no deviation or variation in utilisation of proceeds of the listed NCDs of the Company.

g) Certificate of Practicing Company Secretary

The Company has obtained a certificate from M/s Rajesh Parekh & Co., Practicing Company Secretary, Ahmedabad stating that none of the Directors on the Board of the Company have been debarred/ disqualified from being appointed/ continuing as Directors of any company, by the SEBI and the Ministry of Corporate Affairs or any such Statutory authority.

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

of DGEN at March 31, 2022 is significant to the Company's balance sheet and there is significant judgement and estimation involved in the discounted cash flow (DCF) model used by the management to assess the value in use of DGEN.

ii. Assessment of recoverability of Deferred tax assets on unutilised tax credits (Refer to note 43 to the standalone financial statements)

The Company has recognised deferred tax assets on the unutilised tax credits amounting to ₹ 1,474.20 Crore as at March 31, 2022, representing Minimum Alternate Tax (MAT) paid on the accounting profit in the earlier years in which the Company did not have normal taxable profit due to availment of tax holiday. The asset has been recognised on the basis of Company's assessment of availability of future taxable profits to offset the accumulated deferred tax assets on the unutilised tax credits.

The future taxable profit projections involve several key assumptions including expected demand of electricity, future prices of fuel, expected tariff rates of electricity and foreign exchange rate, covering the period over which MAT Credit can be claimed as per the Income-tax Act, 1961. In preparing the profit projections, management has considered past trends, applicable tariff regulations/ agreements and current and likely future state of the industry.

We considered this a key audit matter as the amount of deferred tax assets on unutilised tax credits is material to the standalone financial statements and significant management judgement is required in assessing the recoverability of accumulated deferred tax assets on unutilised tax credits based on significant assumptions underlying the forecast of future taxable profits. Further, recoverability of deferred tax assets depends on the achievement of Company's future business plans.

Based on the above procedures performed, we considered management's assessment of impairment of DGEN to be reasonable.

Our audit procedures in relation to management's assessment of recoverability of Deferred tax assets on unutilised tax credits included the following:

- Assessed and tested the design and operating effectiveness of the Company's controls over recognition and assessment of recoverability of deferred tax assets on unutilised tax credits.
- Assessed the Company's accounting policy in respect of recognizing deferred tax assets on unutilised tax credits.
- Enquired with senior management personnel, the justification for the key assumptions underlying the projections and assessed the reasonableness of the assumptions underlying profit projections made by management, by verifying the past trends, available tariff orders and relevant economic and industry indicators. Further, performed sensitivity analysis over the assumptions used in determining the projected taxable profits, within a reasonable range.
- Evaluated whether the tax credit entitlements are legally available to the Company for the forecast recoupment period, considering the provisions of Income-tax Act, 1961.
- Checked the arithmetic accuracy of the underlying calculations of the profit projections.
- Assessed the adequacy of disclosures made in the standalone financial statements with regard to deferred taxes.

Based on the above procedures performed by us, we considered the management's assessment of recoverability of deferred tax assets in respect of accumulated deferred tax assets on unutilised tax credits to be reasonable.

the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the standalone financial statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

13. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

- (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 46(c) to the standalone financial statements); and
- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.
15. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

- d. The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets) and intangible assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.
- e. Based on the information and explanations furnished to us, no proceedings have been initiated or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statements does not arise.

Balance outstanding as a balance sheet date in respect of the above case

Subsidiaries	700.00*	98.79	419.18
Associate	-	-	7.95
Others	-	-	0.14

*As at March 31, 2022 amount aggregating to ₹ 25.48 Crore has been utilized by the subsidiaries. (Also refer note 56(d) to the standalone financial statements)

- b. In respect of the investments/guarantees/securities/loans, the terms and conditions under which such loans were granted/investments were made/guarantees provided/security provided are not prejudicial to the Company's interest. (Also refer note 56(e) to the standalone financial statements)
- c. In respect of the loan aggregating to ₹ 231.37 Crore the schedule of repayment of principal and payment of interest has been stipulated, and the party is repaying the principal amounts, as stipulated, and is also regular in payment of interest as applicable. In respect of the loans aggregating to ₹ 1,149.63 Crore, no schedule for repayment of principal and payment of interest has been stipulated by the Company. Therefore, in the absence of stipulation of repayment terms we are unable to comment on the regularity of repayment of principal and payment of interest.
- d. In respect of the aforesaid loans, there is no amount which is overdue for more than ninety days.
- e. There were no loans which fell due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.

under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

- vii. a. According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and services tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Also refer note 45(a) to the standalone financial statements regarding management's assessment on certain matters relating to provident fund.

- f. According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate company.
- x. a. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- b. The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. a. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- b. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- c. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, the Company has received whistle-blower complaints during the year which have been considered by us for any bearing on our audit and reporting.

c. The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xv)(c) of the Order is not applicable to the Company.

d. Based on the information and explanations provided by the management of the Company, the Group has one CICs as part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.

xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause (xviii) is not applicable.

xix. According to the information and explanations given to us and on the basis of the financial ratios, (Also refer Note 66 to the standalone financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. a. In respect of other than ongoing projects, as at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable.

received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Ind AS 37, "Provisions, Contingent Liabilities and Contingent Assets", onerous contracts – cost of fulfilling a contract

The amendment explains that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Ind AS 103, "Business combinations", References to the conceptual framework

The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

Ind AS 109, "Financial Instruments", Fees included in the 10% test for derecognition of financial liabilities

The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Ind AS 101, "First-time adoption", subsidiary as a first-time adopter

Simplifies the application of Ind AS 101 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences.

Note 1D: Reclassifications consequent to amendments to Schedule III:

The Ministry of Corporate Affairs amended the Schedule III to the Companies Act, 2013 on March 24, 2021 to increase the transparency and provide additional disclosures to users of financial statements. These amendments are effective from April 01, 2021.

Consequent to above, the Company has changed the classification/presentation as per below in the current year:

- Current maturities of long-term borrowings have now been included in the "Current borrowings" line item as compared to previous disclosure under the line item 'other financial liabilities'.
- Security deposits (which meet the definition of a financial asset as per Ind AS 32) have been included in 'other financial assets' line item as compared to previous disclosure under the line item 'loans'.

As prescribed by the Ind AS, if the particular Ind AS is not in conformity with the applicable laws, the provisions of the said law shall prevail and financial statements shall be prepared in conformity with such laws. Consequently, the Company has applied this norm while preparing the financial statements.

Historical cost convention

The financial statements have been prepared on an accrual basis under the historical cost convention except for following which have been measured at fair value;

- Defined benefit plan assets

All assets and liabilities have been classified as current or non-current as set out in the Schedule III (Division II) to the Companies Act, 2013.

2.2 Business combinations and Goodwill:

Business combination - acquisition

Acquisitions of businesses are accounted for using the acquisition method. In determining whether a particular set of activities and assets is a business, the Company assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred, liabilities incurred to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

The excess of the

- consideration transferred; and
- acquisition date fair value of any previous equity interest in the acquired entity

- The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

Business combination-related costs are generally recognised in statement of profit and loss as incurred.

Acquisition of an asset or a group of assets

In case of acquisition of an asset or a group of assets that does not constitute a business, the Company identifies and recognises individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets under Ind AS 38, Intangible Assets) and liabilities assumed. The Purchase Consideration shall be allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction or event does not give rise to goodwill or gain on bargain purchase.

Goodwill

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of a business include the carrying amount of goodwill relating to such business.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units that are expected to benefit from the business combination in which the goodwill arose.

2.3 Investments in subsidiaries, joint ventures and associates:

Investments in associates, joint ventures and subsidiaries are measured at cost less provision for impairment, if any.

2.4 Government grants:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.

Government grants relating to income are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Government grants relating to purchase of property, plant and equipment whose primary condition is that the Company should pur-

property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation methods, estimated useful lives and residual value

Depreciation commences when the assets are ready for their intended use. Depreciation for the year is provided on additions / deductions of the assets during the period from / up to the month in which the asset is added / deducted. Depreciation on property, plant and equipment which are governed as per the provisions of Part B of Schedule II of the Companies Act, 2013 is provided on straight line basis using the depreciation rates, the methodology and residual value as notified by the respective regulatory bodies in accordance with the Electricity Act, 2003. For other property, plant and equipment in non-regulated business, depreciation is provided on a straight line basis over the estimated useful lives.

The estimated useful life, residual values and depreciation method are reviewed at the end of each reporting period in respect of property, plant and equipment of non-regulated business. The effect of any such change in estimate in this regard is accounted for on a prospective basis.

The range of depreciation rates of property, plant and equipment are as follows:

Class of assets	Rate of depreciation		
	Regulated business	Franchisee business @	Other business
Buildings	1.80% to 6.00%	3.34%	3.34%
Railway siding	1.80% to 5.28%	-	-
Leasehold improvement	-	11.65% to 17.65%	-
Plant and machinery	1.80% to 7.00%	5.28%	3.60%
Electrical fittings and apparatus	5.28% to 19.00%	6.33%	6.33%
Furniture and fixtures	5.28% to 15.00%	6.33%	6.33%
Vehicles	9.50%	9.50%	9.50%
Office equipment	3.60% to 19.00%	5.28% to 15.00%	6.33% to 15.00%

@ governed by the applicable regulations of U. P. Electricity Regulatory Commission (UPERC) / Maharashtra Electricity Regulatory Commission (MERC) for this purpose.

Expenditure incurred on acquisition of intangible assets which are not ready to use at the reporting date is disclosed under "Intangible assets under development".

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

2.8 Impairment of assets:

Property, plant and equipment and intangible assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the assets exceeds its recoverable amount, which is the higher of an asset's fair value less costs of disposal and value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit. An impairment loss is recognised immediately in profit or loss.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.9 Borrowing costs:

Borrowing costs that are directly attributable to the acquisition and construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, such as new projects and / or specific assets created in the existing business, are capitalized up to the date of completion and ready for their intended use.

Income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are charged to the statement of profit and loss in the period of their accrual.

- i) Revenue from power supply is accounted for in accordance with the principles laid down under the relevant Tariff Regulations / Tariff Orders notified by the Electricity Regulator. Revenue recognised includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff and adjustments in respect of unbilled amounts towards revenue gaps / unapproved FPPPA which are recognised considering applicable tariff regulations / tariff orders, past trends of approval, management's probability estimate and when no significant uncertainty exists in such determination. Revenue from power supply exclude taxes and duties.

These adjustments / accruals are carried forward as 'Unbilled revenue' under "Other current financial assets" in Note 21, which would be adjusted through future billing based on tariff determination by the regulator in accordance with the electricity regulations.

- ii) Trading of RLNG are recognised, net of returns and rebates, on transfer of control of ownership to the buyer. Sales exclude Goods and Services Tax.
- iii) Income from Generation Based Incentive is accounted on accrual basis considering eligibility of project for availing incentive.
- iv) Contributions by consumers towards items of property, plant and equipment, which require an obligation to provide electricity connectivity to the consumers, are recognised as a credit to deferred revenue. Such revenue is recognised over the useful life of the property, plant and equipment.

2.13 Foreign currency translation:

Functional and presentation currency

The financial statements are prepared in Indian rupee (₹) which is functional as well as presentation currency of the Company.

Transactions and balances

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

the terms of the related obligations.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets. This cost is included in the employee benefit expense in the statement of profit and loss.

Remeasurements, comprising actuarial gains and losses and the effect of the changes to the asset ceiling (if applicable), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur and consequently recognised in retained earnings and is not reclassified to profit or loss.

The retirement benefit recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The said obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.15 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on estimated taxable income for the year in accordance with the provisions of the Income Tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expenses that are taxable or deductible in other years and items that are never taxable or deductible. Management periodically evaluates positions taken in the tax returns with respect to situations for which

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

2.16 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by adjusting the figures used in the determination of basic EPS to take into account:

- After tax effect of interest and other financing costs associated with dilutive potential equity shares.
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.17 Provisions, contingent liabilities and contingent assets:

Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

ii) Initial measurement

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

iii) Subsequent measurement

There are three measurement categories into which the debt instruments can be classified:

- **Amortised cost**
Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI)**
Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains and losses and impairment expenses in other expenses.
- **Fair value through profit or loss (FVTPL)**
Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not

- The Company has transferred its rights to receive cash flows from the asset

When the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of financial asset, the financial asset is derecognised if the Company has not retained control over the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

vi) Income recognition

Dividend is accounted when the right to receive payment is established.

Interest income on financial assets at amortised cost is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest on overdue receivables of energy bills and claims including insurance claims, coal cost variation and other claims etc. are accounted as and when recovered.

Financial liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings.

i) Classification

All the Company's financial liabilities are measured at amortized cost.

ii) Initial measurement

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the issue of financial liabilities are deducted from the fair value of the financial liabilities, as appropriate, on initial recognition.

iii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate Method.

2.20 Leases:

Company as a lessee:

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components.

Lease liabilities:

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the lessee's incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets:

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated over the asset's lease term on a straight-line basis.

Such estimates and associated assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

3.1 Revenue recognition:

The Company has recognised revenue (including the adjustment in respect of unapproved FPPPA claims and other true up adjustment claims) as per the applicable tariff regulations / tariff orders, management's probability estimate and the past trends of approval. The company has not recognized those true up adjustment claims which are disputed and for which the company is in appeal with regulatory authorities. These are recognised on receipt of final orders of respective regulatory authorities. [Refer note 35 & 44]

3.2 Property, plant and equipment:

i) Service concession arrangements

The Company has assessed applicability of Appendix D of Ind AS 115 "Service Concession Arrangements" with respect to its Property, plant and equipment. In assessing the applicability, the Company has exercised judgment in relation to the provisions of the Electricity Act, 2003, conditions provided under transmission and distribution license and / or agreements. Further, the Company has ability to pledged the assets pursuant to which it has control and ability to direct the use of assets. Based on such assessment, it has concluded that Appendix D of Ind AS 115 is not applicable.

ii) Impairment of property, plant and equipment

Determining whether property, plant and equipment are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the property, plant and equipment. Further, the cash flow projections are based on estimates and assumptions relating to expected demand, future price of fuel, expected tariff rates for electricity, discount rate, exchange rate and electricity market scenario, based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would not lead to a material change to the amount of impairment. [Refer note 42(1)]

Contingent liabilities

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management judgement is involved in classification under 'remote', 'possible' or 'probable' which is carried out based on expert advice, past judgements, experiences etc. [Refer note 45(a)]

3.6 Employee benefit plans:

Defined benefit plans and other long-term employee benefits

The present value of obligations under defined benefit plan and other long term employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in the future. These include the determination of the discount rate, future salary escalations, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long term nature, these obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining present value of defined benefit obligation are disclosed in note 49.2

@ The Company has, jointly with Torrent Pharmaceuticals Limited, promoted section 8 company, i.e UNM Foundation (formerly known as Tornascent Care Institute), under the Companies Act, 2013 for the purpose of carrying out charitable activities.

The National Company Law Tribunal (NCLT) has approved a Scheme of Arrangement ("Scheme") in the nature of Amalgamation of UNM Foundation with Tornascent Care Institute vide order dated March 23, 2021. The Scheme is effective from April 01, 2020 ("Appointed Date"). The name "Tornascent Care Institute" changed to "UNM Foundation" w.e.f. July 20, 2021.

\$ Investment in Government of India bonds have been made in terms of Gujarat Electricity Regulatory Commission (GERC) Multi-Year Tariff (MYT) Regulations, which can be utilised only for the purposes mentioned therein. [Refer note 24 - Contingency reserve]

Footnotes:

- The Hon'ble Administrator of the Union Territory of Dadra and Nagar Haveli and Daman and Diu (the "Holding Entity") has issued a Letter of Intent ("LOI") dated February 07, 2022 to the Company as a successful bidder, pursuant to its Bid, to purchase 51 % shares in Dadra and Nagar Haveli and Daman and Diu Power Distribution Corporation Limited (the "Distribution company"), (a company incorporated for holding assets of the Electricity Department, Daman and Diu and DNH Power Distribution Corporation Limited (DNH PDCL) related to electricity distribution business), which shall be responsible for distribution and retail supply of electricity and shall hold distribution license in the Union Territory of Dadra and Nagar Haveli and Daman and Diu.

On March 15, 2022, the Company entered into a Share Purchase Agreement (SPA) and Shareholders Agreement (SHA) with the Holding Entity and the Distribution company for purchase of 51% shares of the Distribution company from the Holding Entity.

Basis the Share Purchase Agreement read with The Dadra and Nagar Haveli and Daman and Diu Electricity (Reorganisation and Reforms) Transfer Scheme, 2022 (the "transfer scheme"), the effective date of transfer has been notified by the UT Administrator, Union Territory of Dadra and Nagar Haveli and Daman and Diu as April 1, 2022 for the purpose of implementing the transfer scheme.

As per the transfer scheme, the electricity distribution and retail supply undertakings of the Electricity Department and DNH PDCL including the assets, proceedings and liabilities shall stand transferred to and vested in the distribution company, thereby acquiring control of the electricity distribution business, with effect from the notified transfer date i.e., April 1, 2022. The decisions over the relevant activities of the electricity distribution business shall continue to be taken by the Electricity Department and DNH PDCL until March 31, 2022.

Accordingly, the amount of purchase consideration transferred for acquiring the shares of the distribution company has been shown as "Advance against equity investment" as at March 31, 2022 in the standalone financial statements which shall be reclassified to "investment in subsidiary" on the date of acquisition i.e April 1, 2022.

2. 25,74,22,311 equity shares (25,74,22,311 equity shares as at March 31, 2021) of ₹10 each fully paid up are held by the Parent Company - Torrent Investments Private Limited (Formerly known as Torrent Private Limited).

3. Terms / Rights attached to equity shares :

The Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend, if any, proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

4. Details of shareholders holding more than 5% shares in the Company :

Name of the Shareholder	As at March 31, 2022		As at March 31, 2021	
	No. of shares	% holding	No. of shares	% holding

Axis Mutual Fund Trustee Limited	4,08,34,428	8.50%	3,75,81,431	7.82%

The Company was required to create a Debenture Redemption Reserve (DRR) out of the profits which are available for payment of dividend for the purpose of redemption of debentures. Pursuant to Companies (Share Capital and Debentures) Amendment Rules, 2019 dated August 16, 2019, the Company is not required to create DRR. Accordingly, the Company has not created DRR during the year and DRR created till previous years will be transferred to retained earnings on redemption of debentures.

3. Contingency reserve:

As per the provisions of GERC MYT Regulations read with Tariff orders passed by GERC, the Company being a Distribution Licensee makes an appropriation to the contingency reserve to meet with certain exigencies. Investments in Bonds issued by Government of India have been made against such reserve.

4. Special reserve:

As per MYT Regulations (2007), the Company has created a reserve in FY 2011-12 and FY 2012-13, which represents one third amount of controllable gain shall be retained in a special reserve by the Generating Company or Licensee for the purpose of absorbing the impact of any future losses on account of controllable factors.

5. General reserve:

General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. The general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

6. Retained earnings:

The retained earnings reflect the profit of the company earned till date net of appropriations. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve, after considering the requirements of the Companies Act, 2013.

Torrent Pipavav Generation Limited ("TPGL"), a subsidiary of the Company and a joint venture between the Company and Gujarat Power Corporation Limited ("GPCL"), had made payments in nature of compensation for acquisition of private land as per the court orders in Amreli, Gujarat for the purpose of developing a coal-based power plant of 1,000+ MW. Due to non-availability of fuel linkage, Government of Gujarat ("GoG") vide its letter dated December 06, 2017, communicated that the said project may not be developed and accordingly, the joint venture is intended to be dissolved. Further, as per the said letter, the cost of land would be reimbursed after the disposal of land. With reference to this, in the month of March 2019, GPCL has written a letter to Collector, Amreli stating that the land is surrendered to the Government of Gujarat and requested Energy and Petroleum Department, GoG to take further action in the matter. It is learnt that the Government of Gujarat is exploring the possibility of usage of Land for industrial purpose. The management has made an impairment assessment of the amount recoverable from Government of Gujarat and concluded that there is no impairment in the carrying amount of the land. The timing of the recoverability of the amounts invested in land would depend upon the availability of the buyer. Considering the above facts, assets and liabilities are reflected at their net realisable values or cost whichever is lower and the financial statements of TPGL for the year ended March 31, 2022 have been prepared on a non-going concern basis. The recovery of carrying amount of equity and loan ₹ 93.29 Crore (March 31, 2021 ₹ 92.53 Crore) is also dependent on the availability of buyer for above mentioned land. The Company has invested equity and loan aggregating to ₹ 110.84 Crore (March 31, 2021 ₹ 108.48 Crore) in TPGL and impairment in value of investment is of ₹ 17.55 Crore as at March 31, 2022 (March 31, 2021 ₹ 15.95 Crore).

(Previous year - 34.944%)

Adjustment to reconcile expected income tax expense to reported income tax expense:		
Effect of:		
Expenditure not deductible under Income Tax Act	28.52	15.89
Income not taxable under Income Tax Act	-	(2.54)
Tax incentives / deductions	(207.31)	(331.64)

Allowance for doubtful debts	33.29	12.92	-	-	46.21
MAT credit entitlement	1,430.77	99.23	-	-	1,530.00
Others	(1.55)	5.63	-	(1.79)	2.29
	(542.51)	26.15	-	(1.79)	(518.15)

3. Unrecognised deferred tax assets

(₹ in Crore)

	As at March 31, 2022	As at March 31, 2021
Accumulated MAT credit entitlement	-	-
	-	-

Management has made an assessment of the amount of taxable income that would be available in future to offset the Accumulated MAT credit entitlement available to the Company.

The assessment of taxable income involved several key assumptions including expected demand, future price of fuel, expected tariff rate for electricity, exchange rate and electricity market scenario, which the management considered reasonable based on past trends, applicable tariff regulations / agreements and current and likely future state of the industry.

Sundry payables [Refer note 27 & note 31]	(11.11)	(21.97)
	1,903.53	1,651.83

B. Contribution received from consumers

1. Nature of contribution received from consumers

Contributions received from consumers towards property, plant and equipment has been recognised as deferred revenue over its useful life.

2. Movement of contribution received from consumers

(₹ in Crore)

	As at March 31, 2022	As at March 31, 2021
	1,168.54	1,131.98
Add: Contribution received during the year	200.41	116.04
Less: Amortisation of contribution transferred to statement of profit and loss [Refer note 35]	(87.41)	(79.48)
Closing balance	1,281.54	1,168.54
Non-current portion [Refer note 28]	1,189.80	1,058.69
Current portion [Refer note 32]	91.74	82.85
	1,281.54	1,168.54

Add / (less) : Adjustment to current billing (net)	15.01	2.79
Closing balance [Refer note 32]	99.48	84.47

Footnotes:

1. Management believes that its position on the aforesaid direct and indirect tax demands and other claims against the company will likely be upheld in the appellate process and accordingly no provision has been made in the standalone financial statements for such demands.
2. In respect of the above, the expected outflow will be determined at the time of final resolution of the dispute / matters. No reimbursement is expected.
3. Break up of claims against the Company not acknowledged as debt as under:

	(₹ in Crore)	
	As at March 31, 2022	As at March 31, 2021
Claim of regulatory surcharge including interest in franchise distribution business	77.27	68.59
Penalty order issued by Directorate General of Foreign Trade (DGFT) in distribution business	50.53	50.53
Demand including interest for Tariff Indexation for excess energy withdrawn in franchise distribution business	18.31	15.35
Compensation payable for short lifting for material	8.46	8.46
Others	9.13	5.13
Closing balance [Refer note 32]	163.70	148.06

Footnotes:

The guarantees given to lenders of subsidiaries are unlikely to be called, as subsidiaries are in a position to service the loans and interest, covered by such guarantees.

Footnotes:

1. The Company has not given any loans or advances in the nature of loan to any firms / companies, in which Directors are interested.
2. The above loans were given to the subsidiaries and associate for their normal business activities.

The Company is engaged in the business of providing infrastructural facilities as per Section 186 (11) of the Act. Accordingly, disclosure under Section 186 (4) of the Act, is not applicable to the Company.

B. Details of Loans or Advances in the nature of loans are granted to promoters, Directors, KMPs and the related parties (as defined under Companies Act, 2013), either severally or jointly with any other person, that are:

(a) repayable on demand; or

(b) without specifying any terms or period of repayment

(₹ in Crore)

	As at March 31, 2022		As at March 31, 2021	
	Amount of Loan or advance in nature of loan outstanding	Percentage to total loans and advances in the nature of loans	Amount of Loan or advance in nature of loan outstanding	Percentage to total loans and advances in the nature of loans
Related Parties	1,149.63	83.26%	967.51	81.54%
	1,149.63		967.51	

During the year ended March 31, 2022 and March 31, 2021, the Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- provide any guarantee, security, or the like on behalf of the ultimate beneficiaries.

Note 47: Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006)

Micro and small enterprises under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006) have been determined based on the information available with the Company and the required disclosures are given below:

(₹ in Crore)

	As at March 31, 2022	As at March 31, 2021
a) Principal amount remaining unpaid [Refer notes 30 and 32]	62.80	44.31
b) Interest due thereon	-	-
c) The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year		
i) Principal amounts paid to the suppliers beyond the appointed day during the year	2.23	4.77
ii) Interest paid under section 16 of the MSMED Act, to the suppliers, beyond the appointed day during the year	0.03	*
d) The amount of interest due and payable for the year (where the principal has been paid but interest under the MSMED Act, 2006 not paid)	0.02	0.05
e) The amount of interest accrued and remaining unpaid [b+d]	0.02	0.05
f) The amount of further interest due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23.	-	-

(ii) Amounts recognised in the statement of profit and loss

The statement of profit or loss shows the following amounts relating to leases:

(₹ in Crore)

	Notes	Year ended March 31, 2022	Year ended March 31, 2021
Depreciation charge of right-of-use assets	40	11.44	11.42
Interest expense (included in finance costs)	39	3.48	3.32
Expense relating to short-term leases (included in other expenses)	41	1.98	1.55
Expense relating to leases of low-value assets that are not shown above as short-term leases (included in other expenses)	41	0.59	0.17
		17.49	16.46

(iii) Maturities of lease liabilities

As at March 31, 2022:

(₹ in Crore)

	Non-current lease liabilities	Current lease liabilities
Less than 1 year	-	7.23
Between 1 year and 5 years	29.61	-
5 years and above	24.41	-
	54.02	7.23

as mentioned in the Agreement which is linked to the number of units purchased and would distribute electricity to the Consumers at the tariff which has been approved by Maharashtra Electricity Regulation Commission (MERC).

Further as per the Agreement TPL has right to use existing assets of MSEDCL in the Franchise area provided it shall perform all the obligations and accepts all liabilities of MSEDCL on behalf of distribution licensee in Franchise area and MSEDCL shall not charge any rent for the use of such assets.

Considering the facts of the arrangement, TPL has the right to obtain substantially all of the economic benefits from use of MSEDCL assets of the Franchise area and the right to direct the use of the said assets for 20 years and accordingly it would meet the definition of Lease as per Ind AS 116. Further, for distribution of electricity, TPL would purchase power from MSEDCL for which payment would be made as per the franchise agreement which is linked to the number of units purchased. Accordingly the payments by TPL to MSEDCL is variable in nature and there are no fixed payments in the form of minimum purchase commitments, take or pay or any sort of fixed charges is required to be made.

Considering the entire payment made by TPL for this arrangement is variable in nature and there would be no lease liability required to be recognised with a corresponding right of use assets on initial recognition in accordance with Ind AS 116 and considering non-availability of relevant observable information for lease payments, management estimates and cost benefit analysis, total consideration payable to MSEDCL towards purchase of electricity has been shown as 'Electrical energy purchased' in the Financial Statements.

towards this plan and the full cost of providing these benefits are met by the Company. In case of death while in service, the gratuity is payable irrespective of vesting.

The Company makes annual contribution to the gratuity schemes administered by the Life Insurance Corporation of India through its various Gratuity Trust Funds. The liability in respect of plan is determined on the basis of an actuarial valuation.

b. Risk exposure to defined benefit plans

The plans typically expose the Company to actuarial risks such as: asset volatility, interest rate risk, longevity risk and salary risk as described below:

Asset volatility

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Indian government securities; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation was carried out at March 31, 2022. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

Following are the amounts recognised in statement of profit and loss, other comprehensive income, movement in defined benefit liability and movement in plan assets:

(₹ in Crore)

	Funded plan- Gratuity	
	As at March 31, 2022	As at March 31, 2021
1. Movements in the present value of the defined benefit obligation:		
Obligation at the beginning of the year	280.38	289.07
Transfer pursuant to scheme of arrangement [Refer note 60]	-	(7.64)
Current service cost	17.48	15.71
Interest cost	19.85	19.50
Actuarial (gains) / losses from changes in demographic assumptions	0.11	-
Actuarial (gains) / losses arising changes in financial assumptions	(2.26)	(3.61)
Actuarial (gains) / losses from experience adjustments	(2.37)	(1.31)
Liability transferred in	2.39	0.26
Liability transferred out	(2.17)	(1.39)
Benefits paid directly by employer	(2.39)	(1.57)
Benefits paid	(35.11)	(28.64)
Obligation at the end of the year	275.91	280.38

Actuarial (gains) / losses	(4.52)	(4.92)
Net (income) / expense for the period recognized in OCI	(3.03)	(5.18)

f. Category wise plan assets

Contributions to fund the obligations under the gratuity plan are made to the Life Insurance Corporation of India.

g. Sensitivity analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis given below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Change in assumptions

(₹ in Crore)

	As at March 31, 2022	As at March 31, 2021
Increase / (decrease) in defined benefit obligation of gratuity		
50 basis points increase in discount rate	(11.88)	(11.40)
50 basis points decrease in discount rate	12.95	12.42
50 basis points increase in salary escalation rate	12.72	12.19
50 basis points decrease in salary escalation rate	(11.79)	(11.30)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

49.3 Other long-term employee benefit obligations

The leave obligation covers the Company's liability for sick and earned leave. Under these compensated absences plans, leave encashment is payable to all eligible employees on separation from the Company due to death, retirement or resignation; at the rate of daily last drawn salary, multiplied by leave days accumulated as at the end of relevant period. Refer notes 33 and 38 for the leave encashment provision / change in the balance sheet and statement of profit and loss.

Note 50: Auditors Remuneration (Including Taxes)

	(₹ in Crore)	
	Year ended March 31, 2022	Year ended March 31, 2021
As audit fees	1.21	1.30
For other services	0.46	0.52
For reimbursement of expenses	0.02	0.03
	1.69	1.85

Note 52: Donations Include Political Contributions as under

	(₹ in Crore)	
	Year ended March 31, 2022	Year ended March 31, 2021
Electoral Bonds	27.50	-
Prudent Electoral Trust	3.50	10.00
	31.00	10.00

Note 53: Earnings Per Share

	Year ended March 31, 2022	Year ended March 31, 2021
Basic earnings per share (₹)	8.52	27.57
Diluted earnings per share (₹)	8.52	27.57

Basic and diluted earnings per share

The earnings and weighted average number of equity shares used in the calculation of basic earnings per share are as follows:

	Year ended March 31, 2022	Year ended March 31, 2021
Profit for the year used in calculation of basic earning per share (₹ in Crore)	409.71	1,324.91
Weighted average number of equity shares	48,06,16,784	48,06,16,784

The company does not have any dilute potential ordinary shares and therefore diluted earnings per share is the same as basic earnings per share

Sitting fees and Commission of Sunaina Tomar and Mamta Verma (nominee of the Government of Gujarat) is payable

* Interest free loan has been provided.

\$ Utilised as at March 31, 2022 was ₹25.48 Crore (March 31, 2021- Nil).

The Company is a public utility, being engaged in distribution of electricity. Transactions entered with the above named customers are determined by an independent rate-setting authority.

Footnotes:

1. Debt is defined as all long term debt outstanding (including unamortised expense) + contingent liability pertaining to corporate / financial guarantee given (to the extent utilised) + short term debt outstanding in lieu of long term debt.
2. Total equity is defined as equity share capital + all reserve (excluding revaluation reserve) + deferred tax liabilities deferred tax assets – intangible assets – Intangible assets under development.

Loan Covenants

The company has complied with financial covenants specified as per the terms of borrowing facilities.

Financial liabilities	253.32	253.32	241.68	241.68
Measured at amortised cost				
Borrowings	7,865.92	7,902.19	7,164.11	7,238.84
Trade payables	1,258.07	1,258.07	1,086.88	1,086.88
Other financial liabilities	1,903.17	1,903.17	1,679.30	1,679.30
	11,027.16	11,063.43	9,930.29	10,005.02

Footnotes:

- The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.
- Non current loan and Inter corporate Deposits carries the interest rates that are variable in nature and hence carrying value is considered as same as fair value.

C. Fair value measurement

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: Inputs are Quoted (unadjusted) market prices in active markets for identical assets or liabilities. This includes quoted equity instruments, investments in mutual funds that have quoted price.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable. This includes unquoted floating and fixed rate borrowing.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. This includes unquoted equity shares, loans, security deposits, investments in Debentures, floating rate borrowings.

Fixed rate borrowings (Non-convertible debentures)	1,404.64	1,556.42	Level 2	Inputs other than quoted prices that are observable based on yields provided by FIMMDA
	1,404.64	1,556.42		

D. Financial risk management objectives

The Company's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations, routine and projects capital expenditure. The Company's principal financial assets include loans, advances, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to a variety of financial risks viz foreign currency risk, commodity price risk, interest rate risk, credit risk, liquidity risk etc. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's senior management over-views the management of these risks. It advises on financial risks and the appropriate financial risk governance framework for the Company.

Foreign currency risk

The Company is exposed to foreign currency risks arising from various currency exposures, primarily with respect to the USD and EURO. Foreign currency risks arise from future commercial transactions and recognized assets and liabilities, when they are denominated in a currency other than Indian Rupee.

The Company's exposure with regards to foreign currency risk which are not hedged are given below. However, these risks are not significant to the company's operation and accordingly sensitivity analysis is not given.

sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like non-convertible debentures and short term credit lines besides internal accruals.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

	(₹ in Crore)	
	As at March 31, 2022	As at March 31, 2021
Fixed rate borrowings [^]	1,731.36	1,498.50
Floating rate borrowings [^]	6,159.65	5,689.42
	7,891.01	7,187.92

[^] Transactions cost reduced from the borrowing is excluded.

Interest rate risk sensitivity:

The below mentioned sensitivity analysis is based on the exposure to interest rates for floating rate borrowings. For this it is assumed that the amount of the floating rate liability outstanding at the end of the reporting period was outstanding for the whole year. If interest rates had been 50 basis points higher or lower, other variables being held constant, following is the impact on profit before tax .

	(₹ in Crore)	
	Year ended March 31, 2022	Year ended March 31, 2021
Impact on profit before tax - increase in 50 basis points	(30.80)	(28.45)
Impact on profit before tax - decrease in 50 basis points	30.80	28.45

4. Age of receivables and expected credit loss

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experienced and adjusted for forward - looking information. The expected credit loss allowance is based on ageing of the days the receivables are due.

The age of receivables and provision matrix at the end of the reporting period is as follows.

As at March 31, 2022

	(₹ in Crore)	
	Gross trade receivables	Allowance for doubtful debt
Less than or equal to 6 months	1,282.57	43.83
More than 6 months but less than or equal to 1 year	73.17	29.76
More than one year	216.06	134.58
	1,571.80	208.17

As at March 31, 2021

	(₹ in Crore)	
	Gross trade receivables	Allowance for doubtful debt
Less than or equal to 6 months	1,243.21	80.20
More than 6 months but less than or equal to 1 year	99.55	62.79
More than one year	181.83	106.08
	1,524.59	249.07

lays down guidelines with respect to exposure per counterparty, rating, processes in terms of control and continuous monitoring. The Company therefore considers credit risks on such investments to be negligible. Loans receivable from related parties have negligible credit risk and hence no risk of default is perceived on them.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are required to be settled by delivering the cash or another financial asset. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and unused borrowing facilities, by continuously monitoring projected / actual cash flows.

Maturities of financial liabilities:

The Company's remaining contractual maturity for its financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

As at March 31, 2021

Note 60: Scheme of Arrangement

During the previous year, The National Company Law Tribunal (NCLT) vide its Order dated December 17, 2020, has sanctioned the Scheme of Arrangement (the Scheme) for transfer and vesting of Cable Business Undertaking (CBU) of the Company, on a going concern basis by way of slump sale, to TCL Cables Private Limited a wholly owned subsidiary of the Company, under sections 230 to 232 and other applicable provisions of the Companies Act, 2013. The certified copy of the said order has been filed with Registrar of Companies on January 15, 2021 (Effective Date) and the Scheme is legally effective from April 01, 2020 (Appointed Date). Accordingly, the effect of the Scheme has been given in the financial statements for the year ended March 31, 2021 with effect from the Appointed Date instead of Effective date, the date on which the control is transferred by Company, as required under Ind AS 110. Further as per Guidance note issued by Institute of Chartered Accountants of India (ICAI), where a law requires a different treatment, accounting standards are considered to be overruled to that extent.

The CBU had a book value (net of related liabilities) of ₹ 249.68 Crore (Refer point (b) below) which has been transferred under the Scheme for a lump sum consideration of ₹ 256.95 Crore based on the report of independent valuer, adjusted for working capital adjustments as per the Scheme. The surplus of consideration over book value of ₹ 7.27 Crore has been included in Other Income for the financial year ended March 31, 2021.

Note 68: Registration of Charges

- The Company has filed Form CHG-4 dated May 26, 2021 for satisfaction of charge with Registrar of Companies - Gujarat, pursuant to repayment of loan for Mahidad project which was required to be filed on October 29, 2019 i.e., delay of approximately 19 months. The reason for the delay was on account of late receipt of No Dues Certificate (NDC) due to restrictions and disruption of operations during COVID – 19 pandemic.
- The Company has filed Form CHG-1 dated November 25, 2021 for creation of Charge with Registrar of Companies pursuant to fixed deposit overdraft facility which was required to be filed on November 20, 2021 i.e. delay of 5 days. The reason for delay was on account of delay in receipt of fixed deposit overdraft letter from bank.
- The Company has filed Form CHG-1 dated November 26, 2021 for creation of Charge with Registrar of Companies pursuant to fixed deposit overdraft facility which was required to be filed on November 20, 2021 i.e. delay of 6 days. The reason for delay was on account of delay in receipt of fixed deposit receipts from bank.

Other than those mentioned above, there are no charges or satisfactions which are yet to be registered with the Registrar of Companies beyond the statutory period.

Note 69: Events Occurring after the Balance Sheet Date

Subsequent to year end, on April 23, 2022, the Company has entered into a Share Purchase Agreement (SPA) with SkyPower Southeast Asia III Investments Limited, SkyPower Southeast Asia Holdings 2 Limited (the Sellers) for the acquisition of 100% of the share capital of Sunshakti Solar Power Projects Private Limited, which operates 50 MW solar power plant, situated in the state of Telangana. Enterprise value estimated for this acquisition is approx ₹ 417 Crore subject to closing price adjustments. The acquisition is subject to customary conditions for transaction closure. This is non adjusting event after the balance sheet date.

Ahmedabad, May 10, 2022

Financial Statements" section of our report. We are independent of the Group and its associate company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 14 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We considered this to be a key audit matter as the carrying value of DGEN at March 31, 2022 is significant to the Holding Company's balance sheet and there is significant judgement and estimation involved in the discounted cash flow (DCF) model used by the management to assess the value in use of DGEN.	Assessed the adequacy of disclosure in the consolidated financial statements.	Based on the above procedures performed, we considered management's assessment of impairment of DGEN to be reasonable.	- Evaluated the management's assessment for determining whether the acquisitions represent an 'asset acquisition' or a 'business combination'; - Perused the report issued by the external valuers engaged by the management and conducted enquiries with them to understand the assumptions considered by them. - Evaluated independence, competence, capability, and objectivity of the external valuers. - Assessed the appropriateness of identification of individual assets acquired and liabilities assumed. - With the involvement of auditor's experts, assessed the reasonableness of the assumptions underlying measurement of fair values of identified assets and liabilities. - Enquired with senior management personnel, the justification for the key assumptions used in determining the fair values of assets and liabilities as at the acquisition date. - Assessed the adequacy of disclosures made in the consolidated financial statements in accordance with the requirements of relevant Indian accounting standards.	Sustainable Value
ii. Assessment of recoverability of Deferred tax assets on unutilised tax credits (Refer to note 44 to the consolidated financial statements) The Holding Company has recognised deferred tax assets on the unutilised tax credits amounting to ₹ 1,474.20 Crore as at March 31, 2022, representing Minimum Alternate Tax (MAT) paid on the accounting profit in the earlier years in which the Holding Company did not have normal taxable profit due to availment of tax holiday. The asset has been recognised on the basis of Holding Company's assessment of availability of future taxable profits to offset the accumulated deferred tax assets on the unutilised tax credits. The future taxable profit projections involve several key assumptions including expected demand of electricity, future prices of fuel, expected tariff rates of electricity and foreign exchange rate, covering the period over which MAT Credit can be claimed as per the Income-tax Act, 1961. In preparing the profit projections, management has considered past trends, applicable tariff regulations/ agreements and current and likely future state of the industry.	Our audit procedures in relation to management's assessment of recoverability of Deferred tax assets on unutilised tax credits included the following: - Assessed and tested the design and operating effectiveness of the Holding Company's controls over recognition and assessment of recoverability of deferred tax assets on unutilised tax credits. - Assessed the Holding Company's accounting policy in respect of recognizing deferred tax assets on unutilised tax credits. - Enquired with senior management personnel, the justification for the key assumptions underlying the projections and assessed the reasonableness of the assumptions, underlying profit projections made by management, by verifying the past trends, available tariff orders and relevant economic and industry indicators. Further, performed sensitivity analysis over the assumptions used in determining the projected taxable profits, within a reasonable range.	The management also engaged external valuers for identification of the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets) and liabilities assumed, in each of the acquisitions and allocation of the purchase price based on the fair values of the assets and liabilities. We considered this as a key audit matter, as the above assessment and allocation of the purchase consideration involves significant assumptions and management judgement in: - determination of whether the said acquisitions meet the definition of "Business"; - identification of the identifiable assets acquired and liabilities assumed; and measurement of their fair values using appropriate valuation methods, for allocation of the purchase price to the identifiable assets and liabilities assumed.	Based on the above procedures performed, we considered the management's assessment of the classification and allocation of the purchase price to be reasonable.	Statutory Reports Financial Statements

the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate company are responsible for assessing the ability of the Group and of its associate company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The respective Board of Directors of the companies included in the Group and of its associate company are responsible for overseeing the financial reporting process of the Group and of its associate company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
11. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and associate company, none of the directors of the Group companies, its associate company is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

audited under the Act have represented to us and the other auditors of such associate company respectively that, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries and associate company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries and associate company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us and those performed by the auditor of the associate company whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- v. The dividend declared and paid during the year by the Holding Company and its subsidiary company, is in compliance with Section 123 of the Act.
17. The Group has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financials control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Ind AS 16, "Property, Plant and Equipment", proceeds before intended use of property, plant and equipment

The amendment clarifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Ind AS 37, "Provisions, Contingent Liabilities and Contingent Assets", onerous contracts – cost of fulfilling a contract

The amendment explains that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Ind AS 103, "Business combinations", References to the conceptual framework

The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

Ind AS 109, "Financial Instruments", Fees included in the 10% test for derecognition of financial liabilities

The amendment clarifies which fees an entity includes when it applies the "10%" test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Ind AS 101, "First-time adoption", subsidiary as a first-time adopter

Simplifies the application of Ind AS 101 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences.

Note 2: Significant Accounting Policies

2.1 Basis of preparation:

Compliance with Ind AS

The financial statements are in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act and rules made thereunder.

As prescribed by the Ind AS, if the particular Ind AS is not in conformity with the applicable laws, the provisions of the said law shall prevail and financial statements shall be prepared in conformity with such laws. Consequently, the Group has applied this norm while preparing the financial statements.

Historical cost convention

The financial statements have been prepared on an accrual basis under the historical cost convention except for following which have been measured at fair value;

- Defined benefit plan assets

All assets and liabilities have been classified as current or non-current as set out in the Schedule III (Division II) to the Companies Act, 2013.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated balance sheet, consolidated statement of profit and loss and consolidated statement of changes in equity respectively.

Associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties, that have joint control of the arrangement, have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in the consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105 "Non-current Assets Held for Sale and Discontinued Operations". Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture, the Group discontinues recognising its share of further losses. Additional losses are recognized to the extent that the Group has incurred legal or constructive obligation or made payment on behalf of the associate or joint venture.

2.3 Business combinations and Goodwill:

Business combination - acquisition

Acquisitions of businesses are accounted for using the acquisition method. In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred, liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree.

- No adjustments are made to reflect fair values, or recognise any new assets or liabilities. Adjustments are only made to harmonise accounting policies.
- The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against general reserve.
- The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.
- The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

Business combination-related costs are generally recognised in consolidated statement of profit and loss as incurred.

Goodwill

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of a business include the carrying amount of goodwill relating to such business.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose.

accumulated depreciation and accumulated impairment losses, except that on adoption of Ind AS, property, plant and equipment had been measured at deemed cost, using the net carrying value as per previous GAAP as at April 01, 2015.

Capital work in progress in the course of construction for production, supply or administrative purposes is carried at cost, less any recognised impairment loss. Cost includes purchase price, taxes and duties, labour cost and other directly attributable costs incurred upto the date the asset is ready for its intended use. Such property, plant and equipment are classified to the appropriate categories when completed and ready for intended use.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. Subsequent costs relating to day to day servicing of the item are not recognised in the carrying amount of an item of property, plant and equipment; rather, these costs are recognised in profit or loss as incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation methods, estimated useful lives and residual value

Depreciation commences when the assets are ready for their intended use. Depreciation for the year is provided on additions / deductions of the assets during the period from / up to the month in which the asset is added / deducted. Depreciation on property, plant and equipment which are governed as per the provisions of Part B of Schedule II of the Companies Act, 2013 is provided on straight line basis using the depreciation rates, the methodology and residual value as notified by the respective regulatory bodies in accordance with the Electricity Act, 2003. For other property, plant and equipment in non-regulated business, depreciation is provided on a straight line basis over the estimated useful lives.

The estimated useful life, residual values and depreciation method are reviewed at the end of each reporting period in respect of property, plant and equipment of non-regulated business. The effect of any such change in estimate in this regard is accounted for on a prospective basis.

probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from its current use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Investment properties, other than free hold land, are depreciated using straight line method over their estimated useful lives.

2.7 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over its estimated useful life. The range of estimated useful lives of the intangible assets are as follows:

- Computer software – 3 years
- Customer Contracts – 15 to 21 years

The estimated useful lives and amortisation method are reviewed at the end of each reporting period and the effect of any changes in such estimate is accounted for on a prospective basis.

Expenditure incurred on acquisition of intangible assets which are not ready to use at the reporting date is disclosed under "Intangible assets under development".

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

2.8 Impairment of assets:

Property, plant and equipment and intangible assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the assets exceeds its recoverable amount, which is the higher of an asset's fair value less costs of disposal and value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit. An impairment loss is recognised immediately in profit or loss.

2.11 Inventories:

Raw materials, fuel, stores and spares, packing materials, loose tools, work in progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of inventories includes purchase price and all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the weighted average basis except for inventory of Regasified Liquefied Natural Gas (RLNG) which is valued using specific identification method considering its procurement for beneficiary usage or others. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.12 Revenue recognition:

Revenue is recognized, when the control of the goods or services has been transferred to consumers, net of discounts and other similar allowances.

- (i) Revenue from power supply and transmission charges is accounted for in accordance with the principles laid down under the relevant Tariff Regulations / Tariff Orders notified by the Electricity Regulator. Revenue recognised includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff and adjustments in respect of unbilled amounts towards revenue gaps / unapproved FPPPA which are recognised considering applicable tariff regulations/ tariff orders, past trends of approval, management's probability estimate and, when no significant uncertainty exists in such determination. Revenue from power supply exclude taxes and duties.

These adjustments / accruals are carried forward as 'Unbilled revenue' under "Other current financial assets" in Note 19, which would be adjusted through future billing based on tariff determination by the regulator in accordance with the electricity regulations.

- (ii) Sales of cables and trading of RLNG are recognised, net of returns and rebates, on transfer of control of ownership to the buyer. Sales exclude Goods and Services Tax.
- (iii) Income from Generation Based Incentive is accounted on accrual basis considering eligibility of project for availing incentive.

2.14 Employee benefits:

Defined contribution plan

Contributions retirement benefit plans in the form of provident fund, employee state insurance scheme, pension scheme and superannuation schemes as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Group has no further payment obligations once the contributions have been paid.

Defined benefits plans

The liability or asset recognised in the consolidated balance sheet in respect of the retirement benefit plan i.e. gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated by an actuary using projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets. This cost is included in the employee benefit expense in the consolidated statement of profit and loss.

Remeasurements, comprising actuarial gains and losses and the effect of the changes to the asset ceiling (if applicable), is reflected immediately in the consolidated balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur and consequently recognised in retained earnings and is not reclassified to profit or loss.

The retirement benefit recognised in the consolidated balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise are disclosed as contingent liability and not provided for. Such liability is not disclosed if the possibility of outflow of resources is remote.

Contingent assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Contingent assets are not recognised but disclosed only when an inflow of economic benefits is probable.

2.18 Financial instruments:

Financial assets

i) Classification of financial assets (including debt instruments)

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

ii) Initial measurement

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss (FVTPL). A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the consolidated statement of profit and loss within other gains / (losses) in the period in which it arises. Net gains / (losses) from these financial assets is included in other income.

iv) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115 only, the Group follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses.

The Group applies the Ind AS 109 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on days past due. The Group recognises expected loss rates in case of unbilled revenue after considering applicable tariff regulations / tariff orders, management's probability estimate and the past trends of approval.

v) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset

When the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the issue of financial liabilities are deducted from the fair value of the financial liabilities, as appropriate, on initial recognition.

iii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate Method.

The Effective Interest Rate Method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including transaction costs and other premiums or discounts) through the expected life of the financial liability.

iv) Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or waived off or have expired. An exchange between the Group and the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.19 Contributed equity:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Transaction costs of an equity transaction shall be accounted for in other equity.

2.20 Leases:

The Group as a lessee:

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group. Contracts may contain both lease and non-lease components.

Lease liabilities:

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise small items of office equipment including IT equipment.

2.21 Exceptional Items:

When items of income or expense are of such nature, size and incidence that their disclosure is necessary to explain the performance of the Company for the year, the company makes a disclosure of the nature and amount of such items separately under the head "Exceptional items."

2.22 Amount presented and rounding off:

All amounts in the financial statements and notes have been presented in ₹ Crore (except for share data) rounded to two decimals as per the requirement of Schedule III of the Companies Act, 2013, unless otherwise stated. Figures below ₹ 50,000 are denoted by "".

Note 3: Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the course of applying the policies outlined in all notes under note 2 above, the management of the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Such estimates and associated assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

3.1 Revenue recognition:

The Group has recognised revenue (including the adjustment in respect of unapproved FPPPA claims and other true up adjustment claims) as per the applicable tariff regulations / tariff orders, management's probability estimate and the past trends of approval. The Group has not recognized those truing up adjustment claims which are disputed and for which the group is in appeal with regulatory authorities. These are recognised on receipt of final orders of respective regulatory authorities. [Refer note 33 & 45]

3.3 Taxes:

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Management judgement is required to determine the amount of deferred tax assets for unused tax credits that can be recognised, based upon the likely timing and the level of future taxable profits. [Refer note 44(d)]

3.4 Contingencies:

Contingent liabilities

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management judgement is involved in classification under 'remote', 'possible' or 'probable' which is carried out based on expert advice, past judgements, experiences etc. [Refer note 46(a)]

3.5 Employee benefit plans:

Defined benefit plans and other long-term employee benefits

The present value of obligations under defined benefit plan and other long term employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in the future. These include the determination of the discount rate, future salary escalations, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long term nature, these obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining present value of defined benefit obligation are disclosed in note 48.2.

3. Terms / Rights attached to equity shares :

The Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend, if any, proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

4. Details of shareholders holding more than 5% shares in the Company :

- Securities premium reflects issuance of the shares by the Company at a premium, whether for cash or otherwise i.e. a sum equal to the aggregate amount of the premium received on shares is transferred to a "securities premium account" as per the provisions of the Companies Act, 2013. The reserve can be utilised in accordance with the provisions of the Act.
2. **Debt redemption reserve:**
The Company was required to create a Debt Redemption Reserve (DRR) out of the profits which are available for payment of dividend for the purpose of redemption of debentures. Pursuant to Companies (Share Capital and Debentures) Amendment Rules, 2019 dated August 16, 2019, the Company is not required to create DRR. Accordingly, the Company has not created DRR during the year and DRR created till previous years will be transferred to retained earnings on redemption of debentures.
3. **Contingency reserve:**
As per the provisions of GERC MYT Regulations read with Tariff orders passed by GERC, the Company being a Distribution Licensee makes an appropriation to the contingency reserve to meet with certain exigencies. Investments in Bonds issued by Government of India have been made against such reserve.
4. **Special reserve:**
As per MYT Regulations (2007), the Company has created a reserve in FY 2011-12 and FY 2012-13, which represents one third amount of controllable gain shall be retained in a special reserve by the Generating Company or Licensee for the purpose of absorbing the impact of any future losses on account of controllable factors.
5. **General reserve:**
General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. The general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.
6. **Retained earnings:**
The retained earnings reflect the profit of the Group earned till date net of appropriations. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve, after considering the requirements of the Companies Act, 2013.

Total Liabilities Assumed	7.26	450.06	217.77
Net Assets Acquired	162.62	304.73	98.79

2. Investment in Torrent Pipavav Generation Limited

Torrent Pipavav Generation Limited ("TPGL"), a subsidiary of the Company and a joint venture between the Company and Gujarat Power Corporation Limited ("GPCL"), had made payments in nature of compensation for acquisition of private land as per the court orders in Amreli, Gujarat for the purpose of developing a coal-based power plant of 1,000+ MW. Due to non-availability of fuel linkage, Government of Gujarat ("GoG") vide its letter dated December 06, 2017, communicated that the said project may not be developed and accordingly, the joint venture is intended to be dissolved. Further, as per the said letter, the cost of land would be reimbursed after the disposal of land. With reference to this, in the month of March 2019, GPCL has written a letter to Collector, Amreli stating that the land is surrendered to the Government of Gujarat and requested Energy and Petroleum Department, GoG to take further action in the matter. It is learnt that the Government of Gujarat is exploring the possibility of usage of Land for industrial purpose. The management has made an impairment assessment of the amount recoverable from Government of Gujarat and concluded that there is no impairment in the carrying amount of the land. The timing of the recoverability of the amounts invested in land would depend upon the availability of the buyer. Considering the above facts, assets and liabilities are reflected at their net realisable values or cost whichever is lower and the financial statements of TPGL for the year ended March 31, 2022 have been prepared on a non-going concern basis.

Income tax expense calculated using tax rate at 34.944% (previous year: 34.944%)	19.57	54.23
Adjustment to reconcile expected income tax expense to reported income tax expense:		
Effect of:		
Expenditure not deductible under Income Tax Act	28.54	16.33
Tax incentives / deductions	(214.02)	(327.57)
Impairment loss of DGEN unit	82.64	-
Unabsorbed depreciation / tax credits and other items	11.03	24.88
Total	105.27	255.89
Adjustment for current tax of prior periods	-	0.01
Total expense as per statement of profit and loss	105.27	255.90

The tax rate used for the reconciliations given above is the actual / enacted corporate tax rate payable by corporate entities in India on taxable profits under the Indian tax law.

C. Income tax recognised in other comprehensive income

	(₹ in Crore)	
	Year ended March 31, 2022	Year ended March 31, 2021
Deferred tax		
Re-measurement of defined benefit obligation (Items that will not be reclassified to profit or loss)	2.89	6.13
Income tax expense / (income) recognised in other comprehensive income	1.04	2.02

Provision for onerous contracts	56.89	(9.45)	-	-	-	47.44
Allowance for doubtful debts	46.21	(13.56)	-	-	-	32.65
Unabsorbed depreciation / MAT credit entitlement	1,687.30	82.40	22.34	(61.36)	-	1,730.68
Others	0.67	37.22	-	-	(1.04)	36.85
	(503.01)	267.21	(11.89)	(61.36)	(1.04)	(310.09)

Deferred tax assets / (liabilities) in relation to the year ended March 31, 2021

	Opening balance	Recognised in profit or loss	Transfer on acquisition	Utilisation	Recognised in OCI	Closing balance
Property, plant and equipment	(2,138.73)	(199.01)	-	-	-	(2,337.74)
Provision for compensated absences	41.59	2.07	-	-	-	43.66
Provision for onerous contracts	56.53	0.36	-	-	-	56.89
Allowance for doubtful debts	33.29	12.92	-	-	-	46.21
Unabsorbed depreciation / MAT credit entitlement	1,477.02	210.28	-	-	-	1,687.30
Others	(2.64)	5.33	-	-	(2.02)	0.67
	(532.94)	31.95	-	-	(2.02)	(503.01)

Management has made an assessment of the amount of taxable income that would be available in future to offset the Accumulated MAT credit entitlement available to the Company.

The assessment of taxable income involved several key assumptions including expected demand, future price of fuel, expected tariff rate for electricity, exchange rate and electricity market scenario, which the management considered reasonable based on past trends, applicable tariff regulations / agreements and current and likely future state of the industry.

Disputed value added tax matters	3.36	3.36
Disputed central sales tax matters	4.09	4.78
Claims against the Group not acknowledged as debt [Refer footnote 3]	164.04	148.36

The Group has evaluated the impact of Supreme Court ("SC") judgement dated February 28, 2019 in the case of Regional Provident Fund Commissioner (II) West Bengal v/s Vivekananda Vidyamandir and Others, in relation to exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to Provident Fund ("PF") under the Employees' Provident Fund & Miscellaneous Provisions Act, 1952. There are interpretation issues relating to the said SC judgement. Based on such evaluation, management has concluded that effect of the aforesaid judgement on the Group is not material and accordingly, no provision has been made in the financial statements.

B. Contingent assets

	(₹ in Crore)	
	As at March 31, 2022	As at March 31, 2021
Claim for coal grade slippage	6.35	9.39
Claim of compensation for short lifting of material	8.46	8.46
	14.81	17.85

C. Capital and other commitments

	(₹ in Crore)	
	As at March 31, 2022	As at March 31, 2021
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)		
Property, plant and equipment	1,317.92	455.19

(ii) **Amounts recognised in the statement of profit and loss**

The statement of profit or loss shows the following amounts relating to leases:

		(₹ in Crore)	
	Notes	year ended March 31, 2022	year ended March 31, 2021
Depreciation charge of right-of-use assets	39	12.16	11.42
Interest expense (included in finance costs)	38	3.59	3.32
Expense relating to short-term leases (included in other expenses)	40	1.98	1.55
Expense relating to leases of low-value assets that are not shown above as short-term leases (included in other expenses)	40	0.88	0.17
Total		18.61	16.46

(iii) **Maturities of lease liabilities**

As at March 31, 2022:

	(₹ in Crore)	
	Non-current lease liabilities	Current lease liabilities
Less than 1 year	-	8.69
Between 1 year and 5 years	30.44	-
5 years and above	29.22	-
Total	59.66	8.69

to the Consumers at the tariff which has been approved by Maharashtra Electricity Regulation Commission (MERC). Further as per the Agreement TPL has right to use existing assets of MSEDCL in the Franchise area provided it shall perform all the obligations and accepts all liabilities of MSEDCL on behalf of distribution licensee in Franchise area and MSEDCL shall not charge any rent for the use of such assets.

Considering the facts of the arrangement, TPL has the right to obtain substantially all of the economic benefits from use of MSEDCL assets of the Franchise area and the right to direct the use of the said assets for 20 years and accordingly it would meet the definition of Lease as per Ind AS 116. Further, for distribution of electricity, TPL would purchase power from MSEDCL for which payment would be made as per the franchise agreement which is linked to the number of units purchased. Accordingly the payments by TPL to MSEDCL is variable in nature and there are no fixed payments in the form of minimum purchase commitments, take or pay or any sort of fixed charges is required to be made.

Considering the entire payment made by TPL for this arrangement is variable in nature and there would be no lease liability required to be recognised with a corresponding right of use assets on initial recognition in accordance with Ind AS 116 and considering non-availability of relevant observable information for lease payments, management estimates and cost benefit analysis, total consideration payable to MSEDCL towards purchase of electricity has been shown as 'Electrical energy purchased' in the Financial Statements.

while in service, the gratuity is payable irrespective of vesting.

The Group makes annual contribution to the gratuity schemes administered by the Life Insurance Corporation of India through its various Gratuity Trust Funds. The liability in respect of plan is determined on the basis of an actuarial valuation.

b. Risk exposure to defined benefit plans

The plans typically expose the Group to actuarial risks such as: asset volatility, interest rate risk, longevity risk and salary risk as described below :

Asset volatility

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Indian government securities; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation was carried out at March 31, 2022. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

Following are the amounts recognised in statement of profit and loss, other comprehensive income, movement in defined benefit liability and movement in plan assets:

	Funded plan- Gratuity	
	As at	As at
	March 31, 2022	March 31, 2021
1. Movements in the present value of the defined benefit obligation:		
Obligation at the beginning of the year	288.99	289.52
Current service cost	18.04	16.18
Past service cost	0.02	-
Interest cost	20.54	20.06
Actuarial (gains) / losses from changes in demographic assumptions	0.10	-
Actuarial (gains) / losses arising changes in financial assumptions	(2.25)	(3.72)
Actuarial (gains) / losses from experience adjustments	(2.34)	(2.15)
Liability transferred in of employees / due to acquisition of entities	2.84	0.23
Liability transferred out of employees	(2.17)	(0.66)
Benefits paid directly by employer	(2.71)	(1.57)
Benefits paid	(35.39)	(28.90)
Obligation at the end of the year *	285.67	288.99
* includes ₹ 0.23 Crore (March 31, 2021 ₹ Nil) related to acquired entities during the year.		
2. Movements in the fair value of the plan assets:		
Plan assets at the beginning of the year, at fair value	276.74	235.02
Interest income	19.59	16.28
Return on plan assets (excluding interest income)	(1.60)	0.26
Contributions received	12.31	54.08
Benefits paid	(35.39)	(28.90)
Plan assets at the end of the year, at fair value \$	271.65	276.74

\$ Includes ₹ Nil (March 31, 2021 Nil) related to newly acquired entities during the year as it is unfunded.

the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Change in assumptions

(₹ in Crore)

	As at March 31, 2022	As at March 31, 2021
Increase / (decrease) in defined benefit obligation of gratuity		
50 basis points increase in discount rate	(12.42)	(11.73)
50 basis points decrease in discount rate	13.55	12.78
50 basis points increase in salary escalation rate	13.29	12.53
50 basis points decrease in salary escalation rate	(12.30)	(11.62)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

- h. The weighted average duration of the gratuity plan based on average future service is 19 years (Previous year - 19 years).
- i. Expected contribution to the plan for the next annual reporting period is ₹ 14.02 Crore (March 31, 2021 ₹ 12.25 Crore).

period. Refer notes 31 and 37, for the leave encashment provision / change in the balance sheet and statement of profit and loss.

Note 49: Auditors Remuneration (Including Taxes)

(₹ in Crore)

	Year ended March 31, 2022	Year ended March 31, 2021
As audit fees	1.64	1.53
For other services	0.54	0.57
For reimbursement of expenses	0.02	0.03
	2.20	2.13

Note 50: Donations Include Political Contributions as Under

(₹ in Crore)

	Year ended March 31, 2022	Year ended March 31, 2021
Electoral Bonds	27.50	-
Prudent Electoral Trust	3.50	10.00
	31.00	10.00

Note 52: Operating Segment

The Chief Operating Decision Maker (CODM) evaluates the Group's performance and applies the resources to whole of the Group's business viz. "Generation, Transmission and Distribution of Power" as an integrated utility. Further, the Group's cable business is not a reportable segment in terms of revenue, profit, assets and liabilities. Hence the Group does not have any reportable segment as per Ind AS - 108 "Operating Segments".

The Group's operations are wholly confined within India and as such there is no reportable geographical information.

Note 53: Certified Emission Reduction (CERs)

	As at March 31, 2022	As at March 31, 2021
No. of CERs inventory	-	3,91,411
No. of CERs under certification	71,71,099	52,04,387

Inventories of CERs are valued at cost or market price whichever is lower.

6. Relatives of key management personnel*	Varun Mehta

	2,008.84	2,161.55		

D. Financial risk management objectives

The Group's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations, routine and projects capital expenditure. The Group's principal financial assets include loans, advances, trade and other receivables and cash and cash equivalents that derive directly from its operations.

Capital payable	EURO	0.06	0.06
-----------------	------	------	------

Commodity price risk

The commodity exposure is mainly on account of fuel, a substantial part of which is a pass through cost and hence the commodity price exposure is not likely to have a material financial impact on the Group.

The Group has exposure to USD / INR exchange rate arising principally on account of import of LNG and import of coal. The extant tariff regulations do not permit the cost of hedging such exposure as a cost to be passed through to the off-takers / beneficiaries. As a result, the Group does not follow a policy of hedging such exposures and actual rupee costs of import of fuel are substantially passed on to the off-takers / consumers, because of which such commodity price exposure is not likely to have a material financial impact on the Group.

Interest rate risk

Most of the Group's borrowings are on a floating rate of interest. The Group has exposure to interest rate risk, arising principally on changes in Marginal Cost of Funds based Lending Rate (MCLR). The Group uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like non-convertible debentures and short term credit lines besides internal accruals.

The following table provides a break-up of the Group's fixed and floating rate borrowings:

	As at	
	March 31, 2022	March 31, 2021
Fixed rate borrowings [^]	2,345.86	2,098.50
Floating rate borrowings [^]	6,785.03	5,710.00
	9,130.89	7,808.50

[^] Transactions cost reduced from the borrowing is excluded.

2. Credit risk management

Credit risk is managed and limited in accordance with the type of transaction and the creditworthiness of the counterparty. The Group has established criteria for admission, approval systems, authorisation levels, exposure measurement methodologies, etc. The concentration of credit risk is limited due to the fact that the customer base is large. None of the customers accounted for more than 10% of the receivables and revenue for the year ended March 31, 2022 and March 31, 2021. The Group is dependent on the domestic market for its business and revenues.

The Group's credit policies and practices with respect to distribution areas are designed to limit credit exposure by collecting security deposits prior to providing utility services or after utility service has commenced according to applicable regulatory requirements. In respect to generation business, Group generally has letter of credits / bank guarantees to limit its credit exposure.

3. Other credit enhancements

The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

4. Age of receivables and expected credit loss

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experienced and adjusted for forward- looking information. The expected credit loss allowance is based on ageing of the days the receivables are due.

5. Movement in the expected credit loss allowance

	₹ in Crore	
	Year ended March 31, 2022	Year ended March 31, 2021
Opening balance	250.42	235.80
Movement in expected credit loss allowance on trade receivable calculated, net [Refer note 4a]	(32.71)	14.62
Closing balance [Refer note 15]	217.71	250.42

The concentration of credit risk is very limited due to the fact that the large customers are mainly government entities and remaining customer base is large and widely dispersed and secured with security deposit.

Other financial assets:

The Group is having balances in cash and cash equivalents, term deposits with banks, Inter corporate deposits, Loans to related parties, investments in government securities and investment in mutual funds. With respect to investments, the Group limits its exposure to credit risk by investing in liquid securities with counterparties depending on their Composite Performance Rankings (CPR) published by CRISIL. The Group's investment policy lays down guidelines with respect to exposure per counterparty, rating, processes in terms of control and continuous monitoring. The Group therefore considers credit risks on such investments to be negligible. Loans receivable from related parties have negligible credit risk and hence no risk of default is perceived on them.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are required to be settled by delivering the cash or another financial asset. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and unused borrowing facilities, by continuously monitoring projected / actual cash flows.

Other financial liabilities	2,021.51	-	-	2,021.51

- c. No proceedings have been initiated on or are pending against the Group for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder during the year ended March 31, 2022 and March 31, 2021.
- d. The Group has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority during the year ended March 31, 2022 and March 31, 2021.
- e. During the year ended March 31, 2022 and March 31, 2021, the Group has not surrendered or disclosed as income any transactions not recorded in the books of accounts in the course of tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
- f. During the year ended March 31, 2022 and March 31, 2021, the Group has not advanced or loaned or invested funds (either borrowed funds or share premium or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:
 - a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

During the year ended March 31, 2022 and March 31, 2021, the Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:

- a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- b) provide any guarantee, security, or the like on behalf of the ultimate beneficiaries.
