The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy).

Notes to Standalone Financial Statements

for the year ended March 31, 2024

55 (a) Defined Benefit Plan (Contd...)

The policy thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate, which can result in a increase in liability without corresponding increase in the funded asset wherever applicable.

x. Effect of Plan on Entity's Future Cash Flows

a) Funding arrangements and Funding Policy

The Company have purchased an insurance policies to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by these Companies. Any deficit in the assets arising as a result of such valuation is funded by these Companies.

Based on such reassessment, the Company has fully reversed the recoverable amount of ₹ 215.43 crore during the year ended March 31, 2023 as corresponding deferred tax liabilities is also reversed.

Notes to Standalone Financial Statements

for the year ended March 31, 2024

- 61** (a) During the year ended March 31, 2024, the resolution plan to acquire Coastal Energen Private Limited ("CEPL") through Insolvency and Bankruptcy Code, by the Consortium of applicants of which the Company is a part, has been approved by the Committee of Creditors ("CoC") of CEPL. CEPL has capacity of 1,200 MW (2x600 MW) coal fired power plant in the state of Tamil Nadu. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated December 23, 2023, in favour of the Consortium and in terms of such LoI, a bank guarantee of ₹ 100 crore as performance security has been submitted.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

- (b) During the year ended March 31, 2024, the resolution plan of the Company to acquire Lanco Amarkantak Power Limited ("LAPL") through Insolvency and Bankruptcy Code, has been approved by the Committee of Creditors ("CoC") of LAPL. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated March 04, 2024, in favour of the Company and in terms of such LoI, a bank guarantee of ₹ 100 crore as performance security has been submitted. LAPL has capacity of 600 MW (2x300 MW) coal fired power plant and is also setting up 1,320 MW (2x660 MW) coal fired power plant in the state of Chhattisgarh.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

- 62** No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). Further, No funds have been received by the Company from any parties (Funding Parties) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the funding party or provide any guarantee, security or the like on behalf thereof.

- 63** During the year ended March 31, 2023, a short seller report ("SSR") was published in which certain allegations were made involving Adani Group Companies, including on certain entities of the Group, which comprises Adani Power Limited ("APL") and its subsidiaries. In this regard, certain writ petitions were filed with the Hon'ble Supreme Court ("SC"), seeking independent investigation of the allegations in SSR, and the Securities and Exchange Board of India ("SEBI") also commenced investigating the allegations made in the SSR for any violations of the various SEBI Regulations. The SC also constituted an expert committee to investigate and also advise into the various aspects of existing laws and regulations, and also directed the SEBI to consider certain additional aspects in its scope. The Expert committee submitted its report dated May 06, 2023, finding no regulatory failure, in respect of applicable laws and regulations. The SEBI also concluded its investigations in twenty-two of the twenty-four matters as per the status report dated August 25, 2023 to the SC.

The SC by its order dated January 03, 2024, disposed off all matters of appeal relating to the allegations in the SSR (including other allegations) in various writ petitions including those relating to separate independent investigations. However, the SC concluded that the SEBI should complete the pending two investigations, preferably within 3 months, and take its investigations (including the twenty-two investigations already completed) to their logical conclusion in accordance with law.

During the year ended March 31, 2024, the Company has received two show cause notices ("SCN") from the SEBI alleging non-compliance of provisions pertaining to related party transactions in the Listing Agreement and LODR Regulations with regard to certain transactions by the Company with third parties in earlier financial years, from a substance-over-form perspective, which were fully settled during the year ended March 31, 2023. As a consequence, the SCNs allege that the said transactions are not reported in the relevant years' financial statements / annual report, and requisite review / approvals for such transactions is not taken, as

for the year ended March 31, 2024

applicable. Subsequent to year end, the Company has responded to SEBI on both SCNs. Based on legal advice obtained, management believes that considering that alleged transactions with third parties were undertaken in compliance with applicable law at the relevant time, at terms comparable to market rates, and accordingly, there is no non-compliance of applicable laws and regulations as alleged by the SCNs, and the SCNs have no material consequential effects to the relevant years' financial statements.

In April 2023, the Company had obtained a legal opinion by independent law firm, confirming (a) none of the alleged related parties mentioned in the short-seller report were related parties to the Company or its subsidiaries, under applicable frameworks; and (b) the Company is in compliance with the requirements of applicable laws and regulations. Subsequent to the SC order dated January 03, 2024, to uphold the principles of good governance, the Adani Group has also initiated an independent legal and accounting review of the allegations in the SSR and other allegations (including any allegations related to the Company) to reassert compliance of applicable laws and regulations. Such independent review also did not identify any non-compliances or irregularities by the Company, and management has noted on record, the results of this review.

Based on the legal opinions obtained, subsequent independent review referred to above, the SC order and the fact that there are no pending regulatory or adjudicatory proceedings as of date, except relating to the SCNs as mentioned above, management of the Company concludes that there are no material consequences of the allegations mentioned in the SSR and other allegations on the Company, and accordingly, no adjustments have been made in these financial statements in this regard.

- 69** The Company uses an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled for certain direct changes to data when using certain privileged / administrative access rights to the SAP application and the underlying HANA database. Further no instance of audit trail feature being tampered with was noted in respect of the accounting software. Subsequently to the year end, the log has been activated at the SAP application and the privileged access to HANA database has been restricted to limited set of users who necessarily require this access for maintenance and administration of the database.
- 70** The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

Independent Auditor's Report

To the Members of **Adani Power Limited**

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of Adani Power Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate comprising of the consolidated Balance sheet as at March 31 2024, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the 'Basis for Qualified Opinion' section of our report and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2024, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 68 of the consolidated financial statements. Pending adjudications / outcome of the investigations by the Securities and Exchange Board of India as stated therein, we are unable to comment on the possible consequential effects thereof, if any, on the consolidated financial statements. Our audit opinion for the year ended March 31, 2023 was also modified for the above and other matters.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and an associate in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' section we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition and assessment of recoverability of receivables related to change in law claims (Also refer Notes 3(vi), 11 and 33 to the consolidated financial statements)	
The Group, having Power Purchase Agreements (PPA) are eligible for compensation claims against various Change in Law events having cost implications on generation and supply of power such as additional duties and taxes, increased cost of power generation, etc., due to purchase of alternative coal in terms of the framework of supply of power as per PPA entered by the respective Thermal Power Plant/ Units with the various Discoms. The compensation claims (invoices) are raised by the Group upon approval of change in law event by the relevant Regulatory Authorities. The invoices for change in law claims are raised considering operational / cost parameters based on qualitative parameters approved in terms of the relevant Regulatory Authorities Orders and are subject to partial/ final acceptance of the claims by the respective Discoms. Considering that the methodology and the parameters of claims are subject to final acceptance by the respective Discoms, the revenue is recognised in the books of account based on the prudent parameters and methodology, till the respective matters are accepted / settled with the Discoms. Thus, the revenue/ receivables from Discoms are subject to adjustments to the extent there may be adverse impact on account of appeals with the regulatory authorities. In certain cases where the regulatory order(s) are subject matter of appeal with higher appellate forums / authorities, and the amount of claims are not ascertainable, revenues for change in law claims are not recognised, pending outcome of the final decision. In view of the complexity and judgement involved in estimation of the amounts of such claims and recoverability thereof, the same is considered as a key audit matter.	Our audit procedures in response to this key audit matter included, but not limited to, the following: - Examined the Group's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers". - Obtained understanding of the key controls that management has in place to monitor change in law events and related claims, status of various pending claims including under appeals and orders passed by various regulatory authorities. - Inspected the relevant state regulatory commission, CERC, appellate tribunal and court rulings and examined management assumptions / judgement relating to various parameters in terms of regulatory orders, for measuring / estimating the amount of such claims. - Examined the underlying parameters and assumptions / judgement used for measuring / computing the amounts of compensation claims as per regulatory orders through verification of historical information and other available internal and external data. - Tested on sample basis, the accuracy of the underlying data used for computation of such claims. - Tested the joint reconciliations for trade receivables performed by the Group with the respective Discoms, wherever available with underlying records. - Tested the status of the outstanding receivables and recoverability of the overdue / aged receivables through inquiry with management, and collection trends in respect of receivables. - Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".

Key audit matters	How our audit addressed the key audit matter
Revenue recognition for regulated power generation business (Also refer Note 33 to the consolidated financial statements)	
In the regulated power generation business of Udupi Thermal Power Plant (Udupi TPP), the tariff is determined by the regulator based on cost plus return on equity basis wherein cost is subject to prudential norms. The Company invoices its customers on the basis of provisional approved tariff which was based on Tariff Regulation and is subject to true up adjustment. As the Company is entitled to tariff based on actual cost incurred for the year, at point of revenue recognition it recognises adjustments for the escalation/ de-escalation in the various parameters compared to the entitled parameters. Accruals are determined based on tariff regulations and past tariff orders and are subject to verification and approval by the regulators. Further the costs incurred are subject to prudential checks and the prescribed norms. Significant judgements are made in determining the accruals including interpretation of tariff regulations. Further certain matters for disallowance of claims have been litigated by the Company before higher authorities. Revenue recognition and accrual of regulatory claims is a key audit matter considering the significant judgements involved in the determination thereof.	Our audit procedures in response to this key audit matter included, but not limited to, the following: - Examined the Company's accounting policies with respect to assessing compliance with Ind AS 115 "Revenue from Contract with Customers". - Performed test of controls over revenue recognition and accruals through inspection of evidence of performance of these controls. - Performed the tests of details, on sample basis, including the following key procedures: • Evaluated the key assumptions used by the Company by comparing it with the assumptions in provisional approved tariff order. • For tariff orders (including updated tariff order) received by the Company, assessed the impact recognised by the Company and for matters litigated by the Company, also assessed the management's evaluation of the likely outcome of the dispute based on past precedents. • Examined the underlying parameters for measuring / computing the claims and verified the working as per CERC regulatory orders. - Tested the status of the outstanding receivables and recoverability of the overdue / aged accruals through inquiry with management, and collection trends in respect of receivables. - Assessed the disclosures in accordance with the requirements of Ind AS 115 "Revenue from Contract with Customers".

Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge

obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated

statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the company (ies) included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective company (ies) and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of their respective company (ies) to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the respective company (ies) or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the respective companies included in the Group and of its associate are also responsible for overseeing the financial reporting process of their respective company (ies).

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably

be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of ten subsidiaries, whose financial statements include total assets of ₹ 23,359.52 crores as at March 31, 2024, and total revenues of ₹ 7,636.56 crores and net cash outflows of ₹ (6.79) crores for the year ended on that date. These financial statement and other financial information have been audited by other

auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

- (b) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of

Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.
 - ii. One associate, in respect of which the Group's share of net profit for the year ended March 31, 2024, as considered in the consolidated financial statements is ₹ Nil. The unaudited financial statements and other unaudited financial information of such associate have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of this associate, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid associate, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements

and other financial information certified by the Management.

Annexure 2 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Adani Power Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Adani Power Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associate which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform

the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management

and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associate which are companies incorporated in India whose financial statements are audited, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and

such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these ten subsidiaries which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

1 Corporate information

Adani Power Limited (the "Company" or "APL" or "Parent Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India having its registered office at "Adani Corporate House", Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad-382421, Gujarat, India (CIN:L40100GJ1996PLC030533). Its shares are listed on two recognised stock exchanges in India.

The Company, together with its subsidiaries, currently has multiple power projects located at various locations with a combined installed and commissioned capacity of 15,250 MW and another 1,600 MW under construction phase as of year end. The parent company, Adani Power Limited and the subsidiaries (together referred to as "the Group") sell power generated from these projects under a combination of long term Power Purchase Agreements ("PPAs"), Supplemental Power Purchase Agreement ("SPPAs"), Medium term PPA, Short term PPA and on merchant basis and also engaged in trading, investment and other business activities. Information on the Group's structure is provided in Note 41.

The consolidated financial statements were approved for issue in accordance with a resolution of the directors on May 01, 2024.

2 Material accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of Companies Act, 2013 and presentation requirements of Division II of schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The Group's consolidated financial statements are presented in INR (₹), which is also the parent Company's functional currency and all values

are rounded to the nearest crore, except when otherwise indicated.

2.2 Basis of consolidation

Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries, being the entities controlled by it as at March 31, 2024. Control is achieved when the Company :

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- The contractual arrangement with the other vote holders of the investee.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income or loss are attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e. year ended on March 31.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group's losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary

and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS).

2.3 Summary of material accounting policies

a Property, plant and equipment

Property, plant and equipment are stated at original cost grossed up with the amount of tax / duty benefits availed, less accumulated depreciation and accumulated impairment losses, if any. Other Indirect expenses relating to the project activities, incurred during the project development period, net of income earned during the period till commercial operation date of the project, are recorded as indirect project expenses and disclosed as a part of Capital Work-in-Progress. Properties / projects in the course of construction are carried at cost, less any recognised impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalised along with respective asset.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Items of stores and spares that meet the definition of property, plant and equipment are capitalised at cost and depreciated over their useful life.

In respect of Property, Plant and Equipments covered under part A of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset. The useful life of property, plant and equipment is considered

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

based on life prescribed in schedule II to the Companies Act, 2013 except in case of power plant assets, where the life has been estimated at 25 years based on technical assessment, taking into account, the estimated usage of the assets and the current operating condition of the assets. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Major inspection / overhauling including turnaround and maintenance cost are depreciated over the period of 5 years. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss as incurred.

Assets class wise useful life of the Property, Plant and Equipments (except for Udupi Thermal Power Plant ("Udupi TPP"), as disclosed separately) are mentioned below :

Assets Class	Useful life (in years)
Land - Freehold	N.A
Right of Use Assets - over lease term	3 to 99
Buildings - Township, Hostels, Residential flats etc.	60
Buildings - Plant offices, Boundary walls, Civil works etc.	30
Buildings - Others	3 to 25
Plant and Equipment - Capital Overhauling and Others	2 to 6
Plant and Equipment - Desalination and Flue Gas Desulfurisation, Cooling Tower and Ancillary Tower	7 to 20
Plant and Equipment - Boiler, Turbine and Generators	21 to 25
Furniture and Fixtures	1 to 10
Railway Sidings	5 to 15
Computer Hardware	3 to 6

Assets Class	Useful life (in years)
Office Equipment	3 to 5
Vehicles - Four and Two Wheelers	8 to 10
Vehicles - Others	3 to 25

In respect of Property, Plant and Equipments covered under part B of Schedule II to the Companies Act, 2013, depreciation is recognised based on the cost of Property, Plant and Equipments (other than freehold land) at the rates as well as methodology notified by the Central Electricity Regulatory Commission ("CERC") (Terms and Conditions of Tariff) Regulations, 2019 in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset under construction mainly in respect of Udupi TPP. In case of assets with useful life lesser than the Power Plant project life, the useful life of these assets has been considered for the purpose of calculation of depreciation as per the provisions of the Companies Act, 2013 and subsequent amendments thereto.

In case of Udupi TPP, Property, Plant and Equipments class wise depreciation rates are mentioned below:

Assets Class	(In %)
Land - Freehold	N.A
Right of Use Assets - over lease term	5.00 to 20.00
Buildings - Temporary Structure	20.00 to 25.00
Buildings - Others	3.34
Plant and Equipment - Boiler, Turbine and Generator	5.28
Plant and Equipment - Capital Overhauling	20.00
Furniture and Fixtures	6.33
Computer Hardware	15.00
Office Equipment	6.33
Vehicles	9.50

Payments / provision towards compensation, rehabilitation and resettlement ("R&R") activities and other expenses relatable to

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

land in possession are treated as cost of land. Provision for R&R costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the land. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the R&R liability. The unwinding of the discount as well as payments made/adjustments is expensed as incurred cost and recognised in the consolidated statement of profit and loss. The estimated future costs of R&R are reviewed annually and adjusted as appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the consolidated statement of profit and loss.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Subsequent costs are depreciated over the residual life of the respective assets. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

b Investment property

Recognition and initial measurement

Investment properties are held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction

costs. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss as incurred.

Though the Group measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual valuation performed by an accredited external independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

Subsequent measurement (depreciation and useful lives)

Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013. In case of leasehold properties, the same is depreciated over the lease period.

De-recognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised as other operating income in the consolidated statement of profit and loss in the period of de-recognition.

c Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

The Group has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the Balance sheet.

Deferred Tax Assets and liabilities are classified as non-current assets and liabilities.

d Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value with the exception of trade receivables that do not contain significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, the transaction cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit and loss.

e Financial assets

Initial recognition and measurement

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis i.e. the date that the Group commits to purchase or sell the assets. Purchases or sales of financial assets that require delivery of assets within a timeframe established by regulation or convention in the market place (regular way trades).

Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised

cost or fair value, depending on the classification of the financial assets.

Classification of Financial assets

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest method ("EIR") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition).

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss.

Impairment of Financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

The Group measures the loss allowance for a Trade Receivables and Contract Assets by following 'simplified approach' at an amount equal to the lifetime expected credit losses ("ECL"). In case of other financial assets 12-month ECL is used to provide for impairment loss and where credit risk has increased significantly, lifetime ECL is used.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in consolidated other comprehensive income and accumulated in equity, is recognised in the consolidated statement of profit and loss if such gain or loss would have otherwise been recognised in the consolidated statement of profit and loss on disposal of that financial asset.

f Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. Compound financial instruments are separated into liability and equity components based on the terms of the contract.

Instrument entirely Equity in nature

Unsecured perpetual securities ("securities") are the securities with no fixed maturity or redemption and the same are callable only at the option of issuer. These securities are ranked senior only to the equity share capital of the Company and the issuer does not have any redemption obligation hence these securities are recognised as equity as per Ind AS 32.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

Subsequent Measurement

For purposes of subsequent measurement, financial liabilities are classified under two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

Classification of Financial liabilities

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value of liabilities are recognised in the consolidated statement of profit and loss.

Fair values are determined in the manner described in note 'n'.

Financial liabilities measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the consolidated statement of profit and loss.

Derecognition of financial liabilities

On derecognition, the difference between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in the consolidated statement of profit and loss. In case of derecognition of financial liabilities relating to promoters contribution, the difference

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in other equity.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a legally enforceable right (not contingent on future events) to off-set the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value through profit or loss, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

g Derivative financial instruments

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks on borrowings / purchases, including foreign exchange forward contracts, interest rate swaps and cross currency swaps, Principal only Swap, coupon only swap etc. Further details of derivatives financial instruments are disclosed in note 52.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The resulting gain or loss is recognised in the consolidated statement of profit and loss

immediately, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to the consolidated statement of profit and loss.

h Hedge Accounting

The Group designates certain hedging instruments, which mainly includes derivatives in respect of foreign currency risk, as cash flow hedges.

At the inception of the hedge relationship, the Group formally designates and documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The Group designates only the spot element of a forward contract as a hedging instrument. The forward element is recognised in OCI. The ineffective portion relating to foreign currency contracts is recognised in finance costs.

i Investments in associates

The financial statements of associates are prepared for the same reporting period as the Group. The accounting policies of both companies are aligned with those of the Group. Therefore, no adjustments are made when measuring and recognising the Group's share of the profit or loss of the investees after the date of acquisition.

The Group's investments in its associate is accounted for using the equity method of accounting as per Ind AS 28 "Investments in Associates and Joint Ventures". Under the equity method, on initial recognition, the investment in an associate is recognised at cost and the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

carrying amount is increased or decreased to record the Group's share of net assets of the associate since the date of acquisition.

The Group's share in the Associate's profit or loss is recognised in the Group's consolidated statement of profit and loss.

j Inventories

Inventories are stated at the lower of cost or net realisable value after providing for obsolescence and other losses where considered necessary. Costs include all non-refundable duties and all charges incurred in bringing the goods to their present location and condition. Cost is determined on First in First out (FIFO) for coal inventory and on weighted average basis for other than coal inventory. Net realisable value represents estimated selling price of inventories and in case of coal inventory, it also includes the tariff price recoverable from supply of power generated from usage of coal less all estimated cost necessary to make the sale.

k Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

l Business combinations and Goodwill

Acquisitions of business are accounted for using the acquisition method except business combination under common control. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of control of the acquiree. Acquisition related costs are

charged to the consolidated statement of profit and loss for the periods in which the costs are incurred and the services are received, with the exception of the costs of issuing debt or equity securities that are recognised in accordance with Ind AS 32 and Ind AS 109.

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the Company's financial statements. No adjustments are made to reflect fair values or recognise any new assets or liabilities. The components of equity of the acquired companies are added to the same components within the Company's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves. The Company's shares issued in consideration for the acquired companies are recognised from the moment the acquired companies are included in these financial statements and the financial statements of the commonly controlled entities would be combined, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented.

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively, except in case where different accounting treatment is specified in the court / National Company Law Tribunal ("NCLT") approved scheme.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and liabilities or assets related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively.
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

m Foreign currency translations and transactions

In preparing the financial statements of the Group, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of

the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit and loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

The Group has elected to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding and recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period i.e. March 31, 2016 as per the previous GAAP.

n Fair value measurement

The Group measures financial instruments, such as, derivatives and mutual funds at fair value at each balance sheet date.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole :

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

- External valuers are involved for valuation of significant assets, such as unquoted financial assets and financial liabilities and derivatives.
- For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

o Government grants

The Group recognises government grants only when there is reasonable assurance that grant will be received, and all the attached conditions will be complied with. Where Government grants relates to non-monetary assets, the cost of assets is presented at gross value and grant significantly complied thereon is recognised as income in the consolidated statement of profit and loss over the useful life of the related assets in proportion in which depreciation is charged.

Grants related to income are recognised in the consolidated statement of profit and loss in the same period as the related cost which they are intended to compensate are accounted for.

p Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable. (refer note 3(vii))

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer. Contract liabilities are recognised as revenue when the Group performs obligations under the contract.

q Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers.

The disclosure of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3 (vi).

The specific recognition criteria described below must also be met before revenue is recognised.

i) Revenue from Power Supply

The Group's contracts with customers for the sale of electricity generally include one performance obligation. The Group has concluded that revenue from sale of electricity should be recognised at the point in time when electricity is transferred to the customer.

Revenue from operations on account of Force Majeure events / change in law events in terms of PPAs / SPPAs with customers (Power Distribution Utilities) is

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

accounted for by the Group based on the orders / reports of Regulatory Authorities, best management estimates, wherever needed and reasonable certainty to expect ultimate collection.

In case of PPA under section 62 of Electricity Act, 2003, revenue from sale of power is recognised based on the most recent tariff order approved by the CERC, as modified by the orders of Appellate Tribunal for Electricity ("APTEL"), to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the customers. Where the tariff rates are yet to be approved, provisional rates are adopted considering the applicable CERC Tariff Regulations.

ii) Sale of traded goods

Revenue from the sale of traded goods is recognised at the point in time when control of the goods is transferred to the customers, which generally coincides with the delivery of goods.

iii) Carrying cost in respect of claims for change in law of taxes and duties, additional cost incurred on procurement of alternative coal and on other claims are recognised upon approval by relevant regulatory authorities, best management estimates and based on reasonable certainty to expect ultimate collection.

iv) Interest income is recognised on time proportion basis at the effective interest rate ("EIR") applicable.

v) Late payment surcharge on delayed payment for power supply is recognised based on receipt/collection from customers or on acceptance / acknowledgement by the customers whichever is earlier.

r Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of

the cost of the asset, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the consolidated statement of profit and loss in the period in which they are incurred. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

s Employee benefits

i) Defined benefit plans:

The Group has obligations towards gratuity, a defined benefit retirement plan covering eligible employees (in some cases funded through Group Gratuity Scheme of Life Insurance Corporation of India). The Group accounts for the liability for the gratuity benefits payable in future and its classifications between current and non-current liabilities are based on an independent actuarial valuation carried out using Projected Unit Credit Method.

Defined benefit costs in the nature of current and past service cost and net interest expense or income are recognised in the consolidated statement of profit and loss in the period in which they occur. Remeasurement, comprising of actuarial gains and losses, the effect of changes to the asset ceiling (excluding amounts included in net interest or the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with corresponding debit or credit to retained earnings through OCI in the period in which it occurs. Remeasurement are not classified to the consolidated statement of profit and loss in subsequent periods. Past service

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

cost is recognised in the consolidated statement of profit and loss in the period of a plan amendment.

ii) Defined contribution plan:

Retirement Benefits in the form of Provident Fund and Family Pension Fund which are defined contribution schemes are charged to the consolidated statement of profit and loss for the period in which the contributions to the respective funds accrue as per relevant statutes.

iii) Compensated Absences:

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method as at the reporting date.

iv) Short term employee benefits:

These are recognised at an undiscounted amount in the consolidated statement of profit and loss for the year in which the related services are rendered.

t Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as lessor

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to

the lessee. All other leases are classified as operating leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Group as lessee

The Group recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Group applies the available practical expedients wherein it:

- Uses a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relies on its assessment of whether leases are onerous immediately before the date of initial application
- Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application
- Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease. (i.e., the date the underlying asset is available for use)

The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

lease incentives received. refer note (a) for useful life of right of use assets.

The right-of-use assets are also subject to impairment. refer note (y) for impairment of non-financial assets.

Lease Liability

The Group records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Subsequent measurement of lease liability

The lease liability is remeasured when there is change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is measured, the corresponding adjustment is reflected in the right-of-use assets.

u Taxes on Income

Tax expense comprises current tax and deferred tax. These are recognised in the consolidated statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss. Deferred tax assets are generally recognised for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when the deferred tax asset relating to temporary differences arising at the time of transaction affects neither the accounting profit or loss nor the taxable profit or loss. The carrying amount of deferred

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax relating to items recognised outside the consolidated statement of profit and loss is recognised outside the consolidated statement of profit and loss (either in other comprehensive income or directly in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

When there is uncertainty regarding income tax treatments, the Group assesses whether a tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognised. The effect of the uncertainty is recognised using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Group evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

v Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (net off distribution on Perpetual Securities whether declared or not) as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

w Provisions, Contingent Liabilities and Contingent Assets

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of amount cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Group. The contingent liabilities are disclosed where it is management's assessment that the outcome of any litigation and other claims against the Group is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

A contingent liability recognised in a business combination is initially measured at its fair value. Subsequently, it is measured at the higher of the amount that would be recognised in accordance with the requirements for

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

provisions above or the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the requirements for revenue recognition.

x Provision for obligations incidental to land acquisition

Provision for obligations incidental to land acquisition includes expenditure on rehabilitation & resettlement (R&R) including the expenditure for providing community facilities, annuity, old age pension. The Group estimated the provision based on agreements with local / government authorities and are updated based on actuarial valuation.

y Impairment of non-financial assets

The Group assess, at each reporting date whether there is any indication that assets may be impaired. If any such indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit ("CGU")'s fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group enters into transaction with suppliers that involves prepayment in conjunction with advances for goods and services wherein Group assesses at each reporting date whether goods

against the advance is recoverable and if there is any indication, the asset may be provided.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

The Group bases its impairment calculation on detailed budget and forecast calculations, which are prepared separately for each of the Group's cash-generating unit to which the individual assets are allocated. For longer periods, a long term growth rate is calculated and applied to project future cash flows. To estimate cash flow projections beyond periods covered by the most recent budget / forecasts, the Company estimates cash flow projections based on estimated growth rate.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the consolidated statement of profit and loss.

z Mine Development Expenditure :

- i) Expenditure incurred towards coal mines under construction are capitalised to 'Coal Mines under construction' as long as they meet the capitalisation criteria and is presented as capital work-in-progress. Upon commencement of production stage, the 'Coal Mines under construction' is capitalised and presented as 'Mining Rights' under Intangible Assets except in situation when the Group decide to surrender its rights in mine and amount is classified as recoverable from Nominated Authorities.
- ii) Mining Rights are amortised using unit-of-production method on the basis of proven and probable reserves on commencement of commercial production.

Mine Closure Obligations :

The liability for meeting the mine closure has been estimated based on the mine closure plan in the proportion of total area exploited to the total area of the mine as a whole. These costs are updated annually during the

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

life of the mine to reflect the developments in mining activities. The mine closure obligations are included in Mining Rights under Intangible assets and amortised based on unit of production method.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognised in the period of revision and future periods if the revision affects both the current and future periods. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of estimation uncertainty :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i) Useful lives of property, plant and equipment

In case of the power plant equipments, where the life of the assets has been estimated at 25 years based on technical assessment, taking into account the estimated usage of the asset and the current operating condition of the asset, depreciation on the same is provided based on the useful life of each component based on technical assessment, if materially different from that of the main asset.

ii) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 56.

iii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining the present value of defined benefit obligations are disclosed in note 58.

iv) Impairment of non financial assets

For determining whether property, plant and equipment and goodwill are impaired, it requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, change in law

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

claims, operational performance of the Plants, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management. (refer note 51).

v) Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits under the Income Tax Act, 1961. (Also refer note 7).

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

vi) Income / Revenue

Revenue from Operations on account of Force Majeure / Change in Law events or Interest Income on account of carrying cost in terms of Power Purchase Agreements / Supplemental Power Purchase Agreements with various State Power Distribution Utilities is accounted for / recognised by the Group based on best management estimates following principles of prudence, as per the orders / reports of Regulatory Authorities, the Hon'ble Supreme Court of India ("Hon'ble Supreme Court") and the outstanding receivables thereof in the books of account have been adjusted / may be subject to adjustments on account of consequential orders of the respective Regulatory Authorities, the Hon'ble Supreme Court and final closure of the matters with the respective Discoms. (refer note 33 and 34).

In certain cases, the Group has claimed compensation from the Discoms based on management's interpretation of the regulatory orders and various technical parameters including provisional methodology for coal cost

recovery, which are subject to final verification and confirmation by the respective Discoms, and hence, in these cases, the revenues have been recognised during various financial years / periods, on a prudent basis with conservative attributable parameters in the books. The necessary true-up adjustments for revenue claims (including carrying cost / delayed payment surcharge) are made in the books on final acknowledgement / regulatory orders / settlement of matters with respective Discoms or eventual recovery of the claims, whichever is earlier.

In case of Udupi TPP, Revenue from sale of power and other income is recognised upon judgement by the management for recoverability of the claims based on the relevant contractual terms / provisional tariff rates as provided by the regulator / governing tariff regulations, to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangement with the customers, which may be subject to adjustments in future years, on receipt of final orders of the respective Regulatory Authorities or final closure of the matter with the customers. (refer note 33 and 34).

vii) Classification of Trade Receivables :

In cases of circumstances / matters where there are pending litigations on regulatory matters / change in law claims, the classification of disputed / undisputed trade receivables is a matter of judgement based on facts and circumstances. The Group has evaluated the fact pattern and circumstances, including ongoing discussions with the Discoms, for each such regulatory matter pending to be adjudicated by the relevant authority.

In cases, where rule of law and principles of economic restitution have already been established by APTEL / Supreme Court in similar matters, the revenues are recognised on prudent and conservative technical parameters, significant amounts have been recovered already and the management does not perceive any downside risks in future on final adjudication by Supreme Court and

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

settlement of matter with Discoms, the related receivables are classified as undisputed.

In cases, where discussions with Discoms have not made reasonable progress and matters are sub-judice, the related receivables are classified as disputed, even though the management is reasonably confident of recovering the dues in full, backed by the regulatory orders in favour of the Group.

The management will continue to monitor the developments on regulatory claims.

viii) Mega Power Status :

One of the thermal power plant has availed exemption of customs / excise duty in pursuance to terms of the provisional mega

power policy as notified by the Government of India. The Group has not recognised for the reduction in cost to property, plant and equipment as a grant, pending compliance of terms of Mega Power Status which needs to be attained within 156 months, from the date of import of plant and equipment as per approval by the Ministry of Power ("MoP"), Government of India vide amendment dated April 07, 2022. The management is of the view that the Group will comply with the grant conditions within the specified time. The Group will recognise grant to the extent of the duty waiver availed in the year of receipt of final mega power status to said thermal power plant or corresponding liability if any on expiry of the timelines specified in the MoP approval.

i) For charge created on aforesaid assets, refer note 20 and 26.

ii) Certain projects of ₹ 31.44 crore (Previous year ₹ 33.97 crore) were provided for by the Group on account of impairment.

iii) The Group in respect of Mundra thermal power plant ("Mundra TPP") has availed tax and duty benefit in the nature of exemptions from Custom Duty, Excise Duty, Service Tax, VAT and CST on its project procurements. The said benefits were availed by virtue of SEZ approval granted to the Power Plant in December 2006, in terms of the provisions of the Special Economic Zones Act, 2005 (hereinafter referred to as the 'SEZ Act') and the Special Economic Zone Rules, 2006 which entitled the Power Plant to procure goods and services without payment of taxes and duties as referred above.

The Group in respect of Tiroda thermal power plants ("Tiroda TPP"), Kawai thermal power plants ("Kawai TPP") and Adani Power (Jharkhand) Limited ("APJL") have availed tax and duty benefit in the nature of exemptions from Custom Duty and Excise Duty on its project procurements. The said benefits were availed by virtue of power plants being designated as Mega Power Project in accordance with the policy guidelines issued in this regard by the Ministry of Power, Government of India which entitled Tiroda TPP, Kawai TPP and APJL to procure goods and services without payment of taxes and duties as referred above.

Since, the procurement of goods and services during the project period were done by availing the exemption from payment of aforesaid taxes and duties, the amount capitalised for these power plant as on the capitalisation date, is cost of property, plant and equipment (PPE) net off tax and duty benefit availed. However, on transition to IND - AS w.e.f. April 01, 2015 in compliance with Ind AS 20 - "Government Grant", the value of PPE of Mundra TPP, Kawai TPP, Tiroda TPP and APJL have been grossed up by the amount of tax and duty benefit / credit availed after considering such benefits as government grant. The amount of said government grant (net off accumulated depreciation) as on the transition date has been added to the value of PPE with corresponding credit made to the deferred government grant. The amount of grant is amortised over useful life of PPE along with depreciation on PPE. The amount of deferred liability is amortised over the useful life of the PPE with credit to statement of profit and loss classified under the head "Other Income".

The Group has Government grant balance (net) of ₹ 6,499.22 crore till March 31, 2024 (Previous year ₹ 4,487.33 crore).

iv) In case of the Company, APJL and Pench Thermal Energy (MP) Limited ("PTEML"), Depreciation of ₹ 3.71 crore, ₹ Nil and ₹ 1.54 crore (Previous year ₹ Nil, ₹ 2.67 crore and ₹ 0.88 crore) respectively relating to qualifying assets have been allocated to Capital Work in Progress.

v) Cost of Property Plant and Equipment includes carrying value recognised as deemed cost as of April 01, 2015, measured as per previous GAAP and cost of subsequent additions.

Note:

The capital assets in the nature of Railway Siding for Raigarh TPP forming part of Capital Work-In-Progress have become overdue compared to the original completion plan. The Company is in the process of acquiring additional land for completing the asset under development. The Management expects to acquire additional land from the government authorities and has already obtained in principle approval from railway authorities for the said project. Post acquisition of the additional land, the management will update the estimate and assumption of the original completion plan of the assets. Further, given that demand of power is expected to be higher compared with generation capacity available in the industry, the development of asset forming part of Capital Work-In-Progress will have economic viability for the Company. Further, in Current year the company is in advance stage in obtaining final approval of South East Central Railways to carry out development activities for the siding project. Also, the Company has paid advance of ₹ 37.60 crore to CSIDC for allotment of land.

Notes:

(i) In respect of Tiroda TPP

- (a) In the matter of non-availability of coal due to cancellation of Lohara coal block for the Company's 800 MW power generation capacity at Tiroda thermal power plant ("Tiroda TPP"), the Hon'ble Supreme Court vide its order dated April 20, 2023, upheld the orders of Maharashtra Electricity Regulatory Commission ("MERC") dated September 06, 2019 and the Appellate Tribunal for Electricity ("APTEL") dated October 05, 2020, respectively granting compensation (including carrying costs thereon) towards additional coal cost for the use of alternative coal.
- (b) Similarly, in a matter relating to shortfall in availability of domestic coal under New Coal Distribution Policy ("NCDP") and Scheme of Harnessing and Allocating Koyala (Coal) Transparently in India ("SHAKTI") policy of the government, for the Company's 2500 MW power generation capacity at Tiroda TPP, Hon'ble Supreme Court vide its orders dated March 03, 2023 and April 20, 2023, upheld the MERC's orders dated March 07, 2018 and February 07, 2019, and the APTEL's orders dated September 14, 2020 and September 28, 2020 respectively granting compensation (including carrying costs thereon) towards additional coal cost for the use of alternative coal.
- (c) Pursuant to the said Hon'ble Supreme Court order, in respect of matters stated in (a) and (b) above, the Company has completed provisional reconciliation of claims from April 2013 to February 2023, with Maharashtra State Electricity Distribution Company Limited ("MSEDCL") based on various regulatory orders and accordingly, reassessed the compensation claims (including carrying cost thereon) recognised in the books of account since earlier periods and recognised certain additional claims on account of reconciliation / realisation with / from MSEDCL.

The Company has recognised tariff compensation claims towards additional coal cost of ₹ 4,282.15 crore and carrying cost of ₹ 190.49 crore during the year ended March 31, 2024 (includes tariff compensation claims of ₹ 290.19 crore (net of credit of ₹ 115.72 crore) and carrying cost of ₹ 190.49 crore pertaining to earlier years) after initial estimation of claims made by the Company during the year ended March 31, 2023.

Further, during the year ended March 31, 2024, the Company has also accounted late / delayed payment surcharge ("LPS") of ₹ 5,870.81 crore from MSEDCL, disclosed as other income, based on Company's policy relating to recognition of late/delayed payment surcharge on acknowledgement or receipt whichever is earlier.

- (d) Apart from above, in one of the matter relating to cost factor for computation of tariff compensatory claim, on account of consumption of alternate coal, based on the claim amount billed by the Company, MSEDCL is in appeal with APTEL although the Company has favorable tariff compensation order from

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

MERC dated September 11, 2021 in the matter. Further, during the year ended March 31, 2024, MSEDCL has also filed a petition with MERC w.r.t. the interpretation of its earlier order relating to compensation for in-land transportation cost factor for transfer of domestic coal. During the year ended March 31, 2024, the Company has recognised additional tariff compensation claim of ₹ 1,239.95 crore, carrying cost of ₹ 303.18 crore and late payment surcharge of ₹ 709.04 crore (including recognition of tariff compensation claim of ₹ 1,364.44 crore, carrying cost ₹ 303.18 crore and late payment surcharge of ₹ 709.04 crore pertaining to prior years) on account of acknowledgement / realisation of claims in the matter from MSEDCL. The management does not expect any adverse impact of the matter. Currently, the Company has recognised the compensation claim in the matter on the best estimate basis pending settlement of appeal.

(ii) In respect of Udupi TPP

For power supplied from Udupi thermal power plant ("Udupi TPP"), the Company raises invoices on its customers ("Karnataka Discoms") based on the most recent tariff order / provisional tariff approved by the Central Electricity Regulatory Commission ("CERC"), as modified by the orders of Appellate Tribunal for Electricity ("APTEL") / CERC to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the Discom. Such tariff order is subject to conclusion of final tariff order in terms of Multiyear Tariff ("MYT") Regulations at end of tariff period of every 5 years. During the year, the CERC has issued tariff order dated January 04, 2024 in respect of MYT period 2019-24 and true up order in respect of MYT period 2014-19. Accordingly, the Company has revised the revenue recognition, reversed the revenue of ₹ 16.81 crore for the year ended March 31, 2024.

(lii) In respect of Kawai TPP

In the matter relating to shortfall in availability of domestic linkage coal Hon'ble Supreme Court vide its order dated August 31, 2020 has admitted all tariff compensation claims for additional coal costs incurred for power generation and the Company continues to realise the claim amount towards compensation based on the methodology for change in law compensation approved by Rajasthan Electricity Regulation Commission ("RERC"), APTEL and the Hon'ble Supreme Court. During the year ended March 31, 2022, the Company had recognised additional tariff compensation claims on account of realisation of ₹ 5,996.44 crore from Discoms and continued to recognise the tariff compensation claims based on the methodology upheld by the Hon'ble Supreme court vide aforesaid order during the subsequent period till date and it has been able to realise such claims from Discoms.

During the year ended March 31, 2024, Rajasthan Urja Vikas and IT Services Limited ("RUVITL") (formerly known as Rajasthan Urja Vikas Nigam Limited) had filed a fresh petition before RERC primarily challenging the methodology and operating parameters considered while arriving at the tariff compensation claim for additional coal cost incurred for power generation by the Company which had earlier been settled by RUVITL in March, 2022 based on Hon'ble Supreme Court order dated August 31, 2020. The RERC vide its order dated September 01, 2023 dismissed the petition of RUVITL and giving RUVITL the liberty to raise the issue before appropriate legal forum in terms of order passed by Hon'ble Supreme Court dated April 19, 2022 in the contempt petition. Subsequent to the order of RERC, RUVITL has preferred an appeal with APTEL against the ruling of RERC. Pending conclusion of the matter with APTEL, the Company continues to recognise the revenue based on the principle as approved in the order passed by the Hon'ble Supreme court.

(iv) In respect to Mundra TPP

(a) The Company and Gujarat Urja Vikas Nigam Limited ("GUVNL") had entered into an additional Supplemental Power Purchase Agreements ("SPPAs") dated March 30, 2022 to resolve all pending matter / dispute relating to Bid 1 and Bid 2 Power Purchase Agreement ("PPA / SPPA"), towards supply of 2434 MW of power and thereby approached CERC to determine the base energy tariff rates for power

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

33 Revenue from Operations (Contd...)

sales under Bid 1 & Bid 2 SPPAs, with retrospective effect from October 15, 2018, for further submission to the Government of Gujarat ("GoG"). CERC vide its order dated June 13, 2022 recommended the base energy tariff rates for final approval of GoG which is still pending as on reporting date. CERC order allows the Company and GUVNL to mutually agree on adoption of six monthly or monthly CERC escalation index to apply over base energy tariff rate as on October 2018 as per the provisions of earlier SPPA dated December 05, 2018 having impact on determination of subsequent period energy rates.

- (b) Pending approval of the base energy tariff rate by GoG and also the mutual agreement between the Company and GUVNL as regards adoption of monthly / six-monthly CERC escalation index, the Company has been supplying power to GUVNL based on certain mechanism whereby actual fuel cost incurred gets pass through in the billing of energy charges, during March 01, 2022 to March 31, 2024 as per understanding with GUVNL for the purpose of additional Supplemental PPA dated March 30, 2022. The Company also realised significant amounts of invoices billed to GUVNL, although there are certain deductions of ₹ 406.74 crore (net of provisions) made by GUVNL are pending reconciliation / settlement which management expects to be settled after conclusion of base energy tariff rate with GUVNL covering period since 2018. Apart from this, during the year, the Company has received a communication from GUVNL seeking refund of ₹ 1,172.69 crore from the Company towards energy charges on account of adjustment of coal cost in respect of power supplied during October 15, 2018 to March 31, 2023 considering CERC base rate order of June 13, 2022.

The Company has not accepted the GUVNL claim but based on conservative parameters made one time provisional adjustments in the revenue of ₹ 1,172.69 crore during the year ended March 31, 2024 (Including reversal of ₹ 1,222.37 crore pertaining to prior period). The Company continues to recognise energy charges revenue as per amount billed based on actual fuel costs since the date of SPPA, pending approval of base energy tariff and agreement between the Company and GUVNL regarding adoption of method of CERC escalation index. CERC escalation index impact the Company's energy charges claims, depending on the trend of coal price movement. During the current financial year the escalation index has positive impact on energy charges but Company continues to invoice energy charges on actual fuel cost basis. For the reporting period ended March 31, 2024, the company has recognised revenue on provisional basis as per amount billed (net of certain adjustments). The Company expects to settle the matter without any further recognition / derecognition in this regard.

- (c) In respect of the matter relating to shortfall in availability of domestic coal under Fuel Supply Agreement ("FSAs") with Coal India Limited's subsidiaries for supply of power against 1424 MW of PPA from Mundra TPP (reduced to 1200 MW PPA pursuant to the SPPAs dated February 28, 2023) with Haryana Discoms, the Hon'ble Supreme Court vide its order dated April 20, 2023 upheld the APTEL's orders dated November 03, 2020 and June 30, 2021, allowing the tariff compensation claims (including carrying cost thereon) relating to NCDP and SHAKTI policy, respectively.

Pursuant to the said orders, the Company has recognised additional tariff compensation claims of ₹ 393.23 crore (including carrying cost of ₹ 135.55 crore) during the year, including pertaining to earlier period on account of realisation of certain additional claims from Haryana Discoms after initial estimation of claims made by the Company during the year ended March 31, 2023.

Further, during the year ended March 31, 2024, the Company has also recognised income towards delayed payment interest of ₹ 961.89 crore (including ₹ 941.85 crore pertaining to earlier period) as other income based on realisation of such amount from Haryana Discoms based on Company's policy relating to recognition of late / delayed payment surcharge.

- v) Revenue from operations for the year ended March 31, 2024, (including the amounts disclosed separately elsewhere in other notes) includes recognition of amount of ₹ 683.43 crore, (net off reversal) recognised

pertaining to prior years upto March 31, 2023 (Previous Year - ₹ 2,377.24 crore pertaining to period upto March 31, 2022), based on the orders received from various regulatory authorities such as MERC / CERC, APTEL, Hon'ble Supreme Court and reconciliation with Discoms relating to various claims towards change in law events, carrying cost thereon and delayed payment interest.

- vi) For regulatory claims / change in law claims, the management recognises income on conservative parameters, since the same are under litigation / pending final settlement with Discoms. The differential adjustments on account of such claims are recognised on resolution of the litigation / final settlement of matter with Discoms, including carrying cost / late payment surcharge.
- vii) During the year ended March 31, 2024, the Company has disposed off its investments in the subsidiaries, Innovant Buildwell Private Limited ("IBPL") (formerly known as Eternus Real Estate Private Limited) (acquired on June 07, 2022) and Aviceda Infra Park Limited ("AIPL") (incorporated on September 05, 2022), by execution of Share Purchase Agreements with AdaniConnex Private Limited for an aggregate consideration of ₹ 536.22 crore. The net income on such sale of investments amounting to ₹ 232.90 crore is accounted as other operating revenue pertaining to trading, investment and other activities segment in the financial statements.
- viii) Similarly during the previous year, the Company has disposed off its investment held in Support Properties Private Limited ("SPPL") a wholly owned subsidiary and holding land parcel at Navi Mumbai by execution of share purchase agreement with AdaniConnex Private Limited and received a consideration of ₹ 988.97 crore which has been arrived at on arm's length basis. The net income on such sale of investment amounting to ₹ 694.45 crore was accounted as other operating revenue.

Total	1,675.54	1,679.26

Notes:

- 1) (a) In Case of Raipur TPP, the Company has opted for amnesty scheme during the current year and accordingly the matter stands settled.
- (b) In Case of Raipur TPP, The Ministry of Power, Government of India vide letter dated September 08, 2011 had granted Provisional Mega Power Status Certificate under the Mega Power Policy for construction of its 1,370 MW Thermal based Power Plant. In terms of the same, the Raipur TPP (the entity stands merged with the Company) has availed exemptions of duty of customs and excise duty upon submission of bank guarantees worth ₹ 960.01 crore and pledge of margin money deposits of ₹ 59.67 crore. The grant of final Mega power status of Raipur TPP is dependent upon plant achieving tie up for supply of power for 70% of its installed capacity through long term Power Purchase Agreements by way of competitive bidding and the balance through regulated market within stipulated time. The time period to achieve tie up for supply of power as prescribed in Mega Power Policy has been further extended to 156 months from the date of Import, till September 12, 2024, by the Ministry of Power, Government of India vide amendment dated April 07, 2022. The Management expects to comply the conditions and hence no adjustments are made in the books.
- (c) In case of Raipur TPP, the Company had entered into a bulk power transmission agreement ('BPTA') with Power Grid Corporation of India Limited ('PGCIL') dated March 31, 2010 as per which the Company was granted Long term Access ('LTA') of 816 MW. However, owing to non-availability of PPA, which as per management is beyond the control of the Company, Raipur TPP was not in a position to utilise the LTA and has accordingly sought for surrender of the LTA, for which PGCIL has raised demand of ₹ 154.50 crore towards relinquishment charges on the Company. However, the said claim will be subject to the outcome of the petition dated September 07, 2020 filed by the Company before the APTEL. Presently, the Company has taken legal opinion in the matter as per which there are force majeure events and other factors as per which it is not liable to pay charges.
- 2) For the Company's Udipi TPP and Tiroda TPP, matter on Custom Duty relating to March 2012 to February 2013 is contested at Customs, Excise and Service Tax Appellate Tribunal ("CESTAT").
- 3) The Central Sale Tax matter of Company's Mundra TPP relating to FY 2017-18, is contested at Commissioner Appeals.

43 Contingent Liabilities and Commitments (to the extent not provided for) : (Contd...)

- 4) For company's Tiroda TPP, Joint Commissioner of State Tax (Adm), Nagpur Division, has raised demand of Value added tax relating to FY 13-14 along with interest. During the current year, the Company has opted for the amnesty scheme and accordingly the matter stands settled.
 - 5) The Goods and Services Tax matters of Company's Mundra TPP and Raipur TPP relating to FY 2017-18 and Raigarh TPP relating to FY 2022-23, are contested at Commissioner Appeals
 - 6) In case of APJL, Water resource department ("WRD"), Jharkhand has charged penalty on the amount of penalty on water charges which has not been accepted by APJL as per the terms of agreement and APJL has filed Writ Petition with Hon'ble High court of Jharkhand.
 - 7) In case of MEL, the Company relinquished the long-term transmission agreement for supply of power through Mahan – Sipat transmission line in April 2017, which was accepted by Central Transmission Utility Ltd ("CTUIL"). In this regard, CERC vide its tariff determination order dated March 14, 2022 read with true up order dated November 22, 2023 imposed additional transmission charges on account of change in technical configuration of the transmission line. Subsequently, the Company filed a review petition stating that no additional charges are leviable, as the transmission line was relinquished. Moreover, the Company also filed an appeal in this matter with the APTEL. While the matter is pending final adjudication, APTEL vide its interim order dated January 24, 2023 instructed the Company to make interim payments, till the appeal is finally disposed. As per the APTEL order, the Company had made payment of ₹ 86.76 crore under protest.
- ii) In case of the Mundra TPP, apart from above, the Development Commissioner, Mundra has issued a show cause notice to the Company in case of Mundra TPP for the period FY 2009-10 to FY 2014-15 in relation to custom duty on raw materials used for generation of electricity supplied from SEZ to DTA, which amounts to ₹ 963.94 crore. The Company has contested the said show cause notice. Further, the management is of the view that such duties on raw material are eligible to be made good to Mundra TPP under the PPA with Discoms or are refundable from the Authorities. Hence, the Company has not considered this as contingent liabilities.
- iii) The Group has assessed that it is only possible, but not probable, that outflow of economic resources will be required in respect of above matters.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

- 47** The Company had sought cancellation of the Jitpur coal block and requested the Nominated Authority, Ministry of Coal, New Delhi, to cancel the Vesting Order, vide its representation dated October 31, 2020 and had also requested to authorities for refund of the costs of ₹ 138.51 crore incurred by it and for release of the performance bank guarantee of ₹ 92.90 crore given to the Nominated Authority. The Nominated Authority vide its letter dated September 17, 2021, had accepted the surrender petition by the Company and ordered for invocation of bank guarantee along with obligation to fulfil antecedent liability. On September 29, 2021, the Hon'ble Delhi High Court, in response to petition filed by the Company, has stayed the invocation of the said performance bank guarantee and restrained the Nominated Authority from taking any coercive steps in the matter. The said Writ Petition is yet to be adjudicated by the Delhi High Court. Meanwhile, the Hon'ble Delhi High Court vide its order dated March 03, 2022, had directed the Nominated authority to return the said performance bank guarantee within one week from the date of execution of Letter of Intent of "Coal Mines Production and Development Agreement" ("CMPDA") with a new bidder and to present the said CMPDA before the Delhi High Court. The Nominated Authority has concluded the fresh e-auction of Jitpur Coal Block on September 13, 2022. Pursuant to this, the CMDPA has been signed between the new bidder and the Nominated Authority, Ministry of Coal on October 13, 2022. The Nominated Authority is yet to submit CMPDA with new bidder with Delhi High Court in the matter.

Earlier, the Company has submitted the details of costs / expenditure incurred towards development of mine with Nominated Authority, and based on allotment of mine to a new bidder, the Company expects a favourable resolution relating to cost realisation of Jitpur mine with Nominated Authority and for release of Performance Bank Guarantee. The Company has also obtained legal opinion basis which it is reasonably confident to get compensation realised of the entire costs incurred towards the development of the coal mine in the subsequent period.

- 48** The Company through erstwhile subsidiary, Raipur Energen Limited ("REL") has incurred cost of ₹ 55.57 crore and ₹ 30.75 crore towards development of Talabira Coal mine and Ganeshpura Coal mine, respectively in the earlier years.

In the above matter, earlier the Company had filed two writ petitions with Hon'ble Delhi High Court requesting surrender of the said mines in view of Union of India's ("UoI") notification dated April 16, 2015 stating capping of the fixed / capacity charges and also requested to refund the costs incurred along with the release of bid security. The Hon'ble Delhi High Court vide its single order dated April 15, 2019 dismissed the petitions on the ground of delay in filing of writ petitions. Consequently, the Company filed petitions before Hon'ble Supreme Court to set aside the order of the Hon'ble Delhi High Court. Pending adjudication of the petitions, Hon'ble Supreme Court directed UoI and others vide its order dated May 30, 2019 that no coercive action to be taken in these matters.

The management expects favourable resolution of these matters and is reasonably confident to realise the entire cost spent towards these coal mines as compensation in the subsequent periods.

However, the matter has been pending for long period of time, the company based on prudence principles has fully provided the amount in the books for the purpose of financial reporting.

- 49** The Government of India conducted bidding for allocation of coal blocks, under the coal block auction process whereby the MEL acquired the rights of Tokisud Coal Block (in the state of Jharkhand) on March 18, 2015. Subsequently, in the month of April 2015, by way of a notification, Ministry of Power put cap on the fixed/capacity charges due to which MEL had filed a writ petition in the High Court of Delhi for impugning the above referred notification and also offered to return the said coal block to the Government of India against return of the performance security in the form of Bank Guarantee of ₹ 261.76 crore provided by MEL and moneys paid, without any penalty.

However, Hon'ble High Court vide its judgement dated April 15, 2019 dismissed the petition of MEL. Subsequently, MEL has filed Special Leave Petition (SLP) before the Hon'ble Supreme Court against the order of the Hon'ble High Court. Meanwhile, the bank guarantee of ₹ 261.76 crore was invoked by the Nominated Authority.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

The Union Ministry of Coal has re-allocated the said coal block to National Mineral Development Corporation (NMDC) for commercial mining. MEL had incurred a total cost of ₹ 491.62 crore towards development of tokisud coal mine. Nominated authority vide order dated March 16, 2022 determined ₹ 163.23 crore being the total compensation payable by successful allottee (NMDC) to the MEL. The said amount has been received during the year ended March 31, 2023. During the pendency of the matter in Supreme Court, the Company has fully provided for the balance receivable of ₹ 328.41 crore in the books for the purpose of financial reporting.

- 50** i) The National Green Tribunal ("NGT") in a matter relating to non-compliance of environmental norms relating to Udupi thermal power plant ("Udupi TPP") directed the Company vide its order dated March 14, 2019, to make payment of ₹ 5.00 crore as an interim environmental compensation to Central Pollution Control Board ("CPCB"), which was deposited by the Company with CPCB under protest, in April 2019 and expensed the same in the books.

NGT vide its order dated May 31, 2022 settled the matter and directed the Company to deposit an additional amount of ₹ 47.02 crore with CPCB within 3 months from the date of order. The Company has recognised expense provision of ₹ 47.02 crore in the books on a conservative basis, although, the Company has filed petition with the Hon'ble Supreme Court dated August 26, 2022 against the above referred NGT order. The Udupi TPP continues to operate in compliance with all the conditions under Environment Clearance as at reporting date.

- ii) In case of MEL, Hon'ble National Green Tribunal (NGT) vide order dated August 28, 2018 has prohibited Northern Coalfields Limited (NCL) to transport coal by road, who is the major supplier of coal to MEL. The customers of NCL (along with the Company) had requested for some time to allow till a alternative arrangement for transportation of coal is in place. The Oversight Committee of NGT (Committee) as an interim measure allowed to transportation of coal by road for two months period.

In the meantime, NCL moved application before Hon'ble NGT to review its order. However their application was rejected. Thereafter NCL moved to Hon'ble Supreme Court who stated that 'status quo as of today shall be maintained in the meantime'.

However the Committee is of the view that Status quo order was passed when NGT order on coal transportation was in operation which has prohibited NCL to transport coal by road. Consequently, a General Notice from NCL on June 22, 2019 has been served on MEL confirming the above position to stop sale of coal by road to MEL at its Power Plant at Singrauli M.P, Sonabhadra U.P.

Subsequently, NCL decided to keep the sale of coal in abeyance for the time being and to approach Hon'ble Supreme Court for further resolution of issue. The Company has also approached Hon'ble Supreme Court to obtain necessary directions which would ensure continuous operations of the Company, since its operations came to halt fully (for 7 days) after supply of coal being stopped by NCL.

Hon'ble Supreme Court vide its order dated July 01, 2019 has ordered to maintain status quo i.e. permitting the transportation of coal by road from NCL till the further order. Pending the decision of Hon'ble Supreme Court, the Company is presently getting the supply of coal through road for its operations of generation of electricity.

- 51** (a) In respect of Mundra TPP, the management believes that on account of resolution of majority of the issues relating to tariff compensation claim with GUVNL and Haryana Discoms and also on account of execution of 360 MW PPA with MPSEZ Utilities Limited ("MUL"), and certain other factors, Mundra TPP of the Company would be able to establish profitable operations over a foreseeable future and meet its performance and financial obligations. During the year, the Company has resumed supply of power to Haryana Discom and consequently has improved its operational performance in terms of achieving Higher Plant load factor (PLF) and generating positive operating cashflows, hence, based on the assessment of value in use of Mundra TPP, no provision / adjustment is considered necessary to the carrying value of its Mundra TPP related property, plant and equipment aggregating to ₹ 15,094.30 crore as at March 31, 2024.

- (b) The Company has determined the recoverable amounts of all its Thermal Power Plants (including goodwill allocated to respective Power Plants) over their useful lives based on the Cash Generating Units ("CGUs") identified, as required under Ind AS 36, Impairment of Assets on the basis of their Value in Use by estimating the future cash inflows over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, operational performance of the Plants, availability of domestic coal under fuel supply agreement / coal linkage as per the directives of Competent Authority, life extension plans, market prices of coal and other fuels, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management.

On a careful evaluation of the aforesaid factors, the Management of the Group has concluded that the recoverable value of such CGUs individually is higher than their respective carrying amounts as at March 31, 2024. However, if these estimates and assumptions were to change in future, there could be corresponding impact on the recoverable amounts of the Plants.

- 52** The Group has taken various derivatives to hedge its risks associated with foreign currency fluctuations on items including principal loan amount, Trade Credits, Letter of Credits etc. and interest thereof along with interest rate changes. The outstanding position of derivative instruments is as under :

53 Financial Risk Management Objective and Policies :

The Group's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Group through appropriate policies and procedures and the risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

The Group's financial liabilities (other than derivatives) comprises mainly of borrowings including interest accrual, leases, trade, capital and other payables. The Group's financial assets (other than derivatives) comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade and other receivables.

In the ordinary course of business, the Group is exposed to Market risk, Credit risk and Liquidity risk.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the part of Group's debt obligations with floating interest rates.

The Group manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. Significant portion of Group's borrowings is in ₹ and are borrowed at fluctuating interest rates.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuation at the end of the reporting period. The said analysis has been carried out on the amount of floating rate liabilities outstanding at the end of the reporting period. The year end balances are not necessarily representative of the average debt outstanding during the year. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points on the exposure of borrowings (having fluctuating rates i.e. exposed to changes in rates) of ₹ 28,053.90 crore as on March 31, 2024 and ₹ 21,985.47 crore as on March 31, 2023 respectively and if all other variables were held constant, the Group's profit or loss for the year would increase or decrease as follows :

Particulars	₹ In crore	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Impact on Profit or Loss before tax for the year	140.27	109.93
Impact on Equity	104.97	109.93

The Group intends to hold investment in liquid mutual fund for relatively shorter period and hence, interest rate risk is not material to that extent.

b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (Coal imports etc.) and borrowings. The Group manages its foreign currency risk by hedging transactions that are expected to realise in future.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

53 Financial Risk Management Objective and Policies : (Contd...)

The Group manages its foreign currency risk by entering into currency swap for converting ₹ loan into other foreign currency for taking advantage of lower cost of borrowing in stable currency environment. The Group also enters into various foreign exchange hedging contracts such as forward covers, swaps, options etc. to mitigate the risk arising out of foreign exchange rate movement on foreign currency borrowings or trade payables. (including Capital Creditors)

Every one percentage point depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar on the unhedged exposure of \$ 73.52 million as on March 31, 2024 and \$ 234.08 million as on March 31, 2023 would have affected the Group's profit or loss for the year as follows:

Particulars	₹ In crore	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Impact on Profit or Loss before tax for the year (Net of amounts capitalised under Property, Plant and Equipment)	6.13	19.23
Impact on Equity	4.59	16.38

c) Commodity price risk

The Group's exposure to commodity price is affected by a number of factors including the effect of regulation, the price volatility of coal prices in the market, including imported coal, contract size and length, market condition etc. which is moderated by optimising the procurement under fuel supply agreement and getting compensated under long term power purchase agreements and change in law regulation. In case, the Group anticipates non-availability of coal, the same is mitigated by sourcing imported coal in advance to meet the demand. Its operating / trading activities require the on-going purchase for continuous supply of coal and other commodities. Therefore the Group monitors its purchases closely to optimise the procurement cost.

(ii) Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

a) Trade Receivables

The Group is having majority of receivables from State Electricity Boards which are Government undertakings and have interest clause on delayed payments and hence, they are secured from credit losses in the future. The receivable against supply of Electricity to Bangladesh Power Development Board (BPDB) are secured against sovereign guarantee of Bangladesh Government.

b) Other Financial Assets

This comprises of deposit with banks, loans, investments in mutual funds, derivative assets and other receivables. The company limits its exposure to credit risks arising from these financial assets and there is no collateral held against these because counter parties are group companies, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by credit rating agencies.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with is financial liabilities.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

53 Financial Risk Management Objective and Policies : (Contd...)

The Group monitors its liquidity requirement using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Group's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through internal accruals as well as adequately adjusting the working capital cycle.

Having regard to the nature of the business wherein the Group is able to generate regular cash flows over a period of time, any surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly liquid mutual funds with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

Read with note 55, the Group expects to generate positive cash flows from operations in order to meet its external financial liabilities as they fall due and also consistently monitors funding options available in the debt and capital market with a view to maintain financial flexibility.

Maturity profile of financial liabilities :

The table below has been drawn up based on the undiscounted contractual maturities of the financial liabilities including interest that will be paid on those liabilities upto the maturity of the instruments.

The fair value of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counter parties. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rates curves of the underlying derivative.

The fair values of investments in mutual fund units is based on the net asset value ('NAV').

There have been no transfers between Level 1 and Level 2 during the year ended March 31, 2024 and March 31, 2023.

ix. Asset Liability Matching Strategies

The Company and MEL has funded benefit plan and have purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Group is exposed to movement in

62 During the financial year 2019-20, the erstwhile wholly owned subsidiary of the Company, Raipur Energen Limited (now amalgamated with the Company), had issued 4,15,86,207 nos. of 0.01% Compulsory Redeemable Preference shares (CRPS) of ₹ 100/- each amounting to ₹ 415.86 crore. On account of amalgamation, the Company cancelled the CRPS and issued fresh CRPS during financial year 2022-23. The instrument is redeemable at any time by June 30, 2038. During the current year, dividend of ₹ 0.04 crore (Previous Year - ₹ 0.11 crore) has been paid. Further, the Board of Directors of the Company has proposed dividend of ₹ 0.04 crore for the Financial Year 2023-24 which is subject to approval of the shareholders.

63 Amalgamation of Adani Power Maharashtra Limited ("APML"), Adani Power (Mundra) Limited ("APMuL"), Adani Power Rajasthan Limited ("APRL"), Udupi Power Corporation Limited ("UPCL"), Raipur Energen Limited ("REL"), Raigarh Energy Generation Limited ("REGL") (wholly owned subsidiary companies) ("WOS") with the Company :

Pursuant to approval by National Company Law Tribunal ("NCLT") of the Scheme of Amalgamation (the "Scheme") vide its order dated February 08, 2023, the six wholly owned subsidiaries of the Company, viz, Adani Power Maharashtra Limited ("Tiroda TPP"), Adani Power Rajasthan Limited ("Kawai TPP"), Adani Power (Mundra) Limited ("Mundra TPP"), Udupi Power Corporation Limited ("Udupi TPP"), Raipur Energen Limited ("Raipur TPP") and Raigarh Energy Generation Limited ("Raigarh TPP") got merged into the Company with effect from appointed date October 01, 2021. To give effect to the Scheme, the current tax and deferred tax expenses for the year ended March 31, 2022 as recognised in the books of the Company and the merged subsidiaries, was reassessed based on the special purpose financial statement of respective subsidiary Company (ies) and the Company respectively, to give tax effect mainly on account of utilisation of carry forward tax losses and unabsorbed depreciation under the Income tax Act, 1961. Accordingly, tax expenses of the Company for the year ended March 31, 2023 include reversal of deferred tax liability of ₹ 2,303.87 crore and reversal of current tax provision of ₹ 768.33 crore.

The aforesaid scheme has no impact on the consolidated financial statement of the Group since the scheme of amalgamation was within the parent company and wholly owned subsidiaries.

During the year ended March 31, 2023, Udupi TPP (erstwhile wholly owned subsidiary, Udupi Power Corporation Limited) has also reassessed the deferred tax recoverable recognised since earlier years based on CERC tariff norms, as amount recoverable from beneficiaries. Based on such reassessment, the Company has fully reversed the recoverable amount of ₹ 215.43 crore during the year ended March 31, 2023 as corresponding deferred tax liabilities is also reversed.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

- 64** (a) During the year ended March 31, 2024, the resolution plan to acquire Coastal Energen Private Limited ("CEPL") through Insolvency and Bankruptcy Code, by the Consortium of applicants of which the Company is a part, has been approved by the Committee of Creditors ("CoC") of CEPL. CEPL has capacity of 1,200 MW (2x600 MW) coal fired power plant in the state of Tamil Nadu. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated December 23, 2023, in favour of the Consortium and in terms of such LoI, a bank guarantee of ₹ 100 crore as performance security has been submitted.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

- (b) During the year ended March 31, 2024, the resolution plan of the Company to acquire Lanco Amarkantak Power Limited ("LAPL") through Insolvency and Bankruptcy Code has been approved by the Committee of Creditors ("CoC") of LAPL. Consequently, Resolution Professional appointed by National Company Law Tribunal ("NCLT") has issued a Letter of Intent (LoI) dated March 04, 2024, in favour of the Company and in terms of such LoI, a bank guarantee of ₹ 100 crore as performance security has been submitted. LAPL has capacity of 600 MW (2x300 MW) coal fired power plant and is also setting up 1,320 MW (2x660 MW) coal fired power plant in the state of Chhattisgarh.

The closure of the transaction shall be subject to the terms of LoI and necessary approvals and fulfilment of conditions precedent under the Resolution Plan.

- 65** The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

- 66** No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). Further, No funds have been received by the Group from any parties (Funding Parties) with the understanding that the Group shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the funding party or provide any guarantee, security or the like on behalf thereof.

- 67** A wholly owned subsidiary of the Company, Adani Power Jharkhand Limited ("APJL") have commenced commercial operations of its Ultra-super-critical Power Plant of 1600 MW located at Godda, Jharkhand comprising of two units w.e.f. April 05, 2023 and June 26, 2023, respectively. Consequently, APJL has started recognition of revenue towards supply of power under its long term PPA with Bangladesh Power Development Board ("BPDB") during the current year.

- 68** During the year ended March 31, 2023, a short seller report ("SSR") was published in which certain allegations were made involving Adani Group Companies, including on certain entities of the Group, which comprises Adani Power Limited ("the Holding Company") and its subsidiaries. In this regard, certain writ petitions were filed with the Hon'ble Supreme Court ("SC"), seeking independent investigation of the allegations in SSR, and the Securities and Exchange Board of India ("SEBI") also commenced investigating the allegations made in the SSR for any violations of the various SEBI Regulations. The SC also constituted an expert committee to investigate and also advise into the various aspects of existing laws and regulations, and also directed the SEBI to consider certain additional aspects in its scope. The Expert committee submitted its report dated May 06, 2023, finding no regulatory failure, in respect of applicable laws and regulations. The SEBI also concluded its investigations in twenty-two of the twenty-four matters as per the status report dated August 25, 2023 to the SC.

Notes to Consolidated Financial Statements

for the year ended March 31, 2024

The SC by its order dated January 03, 2024, disposed off all matters of appeal relating to the allegations in the SSR (including other allegations) in various writ petitions including those relating to separate independent investigations. However, the SC concluded that the SEBI should complete the pending two investigations, preferably within 3 months, and take its investigations (including the twenty-two investigations already completed) to their logical conclusion in accordance with law.

During the year ended March 31, 2024, the Company has received two show cause notices ("SCN") from the SEBI alleging non-compliance of provisions pertaining to related party transactions in the Listing Agreement and LODR Regulations with regard to certain transactions by the Company with third parties in earlier financial years, from a substance-over-form perspective, which were fully settled during the year ended March 31, 2023. As a consequence, the SCNs allege that the said transactions are not reported in the relevant years' financial statements / annual report, and requisite review / approvals for such transactions is not taken, as applicable. Subsequent to year end, the Company has responded to SEBI on both SCNs. Based on legal advice obtained, management believes that considering that alleged transactions with third parties were undertaken in compliance with applicable law at the relevant time, at terms comparable to market rates, and accordingly, there is no non-compliance of applicable laws and regulations as alleged by the SCNs, and the SCNs have no material consequential effects to the relevant years' financial statements.

In April 2023, the Holding Company had obtained a legal opinion by independent law firm, confirming (a) none of the alleged related parties mentioned in the short-seller report were related parties to the Group, under applicable frameworks; and (b) the Group is in compliance with the requirements of applicable laws and regulations. Subsequent to the SC order dated January 03, 2024, to uphold the principles of good governance, the Adani Group has also initiated an independent legal and accounting review of the allegations in the SSR and other allegations (including any allegations related to the Holding Company) to reassert compliance of applicable laws and regulations. Such independent review also did not identify any non-compliances or irregularities by the Group, and management has noted on record, the results of this review.

Based on the legal opinions obtained, subsequent independent review referred to above, the SC order and the fact that there are no pending regulatory or adjudicatory proceedings as of date, except relating to the SCNs as mentioned above, management of the Holding Company concludes that there are no material consequences of the allegations mentioned in the SSR and other allegations on the Company, and accordingly, no adjustments have been made in these financial statements in this regard.

Notes:

- i) The amount outstanding are unsecured and will be settled in cash or Kind.
- ii) Borrowings includes Interest accrued of ₹ Nil (Previous year ₹ 436.64 crore) added to borrowings as on reporting date as agreed as per contractual terms.
- iii) Material related party transactions and closing balances are disclosed separately.
- iv) Details in respect of transactions with related parties in terms of Regulation 23 of SEBI (LODR) Regulation, 2015 effective from April 01, 2023 is also disclosed above.

70 Mahan Energen Limited ("MEL"), wholly owned subsidiary of the Company has entered into a 20-year long-term Power Purchase Agreement ("PPA") for 500 MW with Reliance Industries Limited ("RIL"), under the Captive User policy as defined under the Electricity Rules, 2005. One unit of 600 MW capacity, out of its aggregate operating and upcoming capacity of 2800 MW, will be designated as the Captive Unit for this purpose. In order to avail the benefit of this policy, the Company and RIL have agreed that RIL to hold a 26% ownership stake in the Captive Unit in proportion to the total capacity of the power plant. It will accordingly invest in 5,00,00,000 equity shares of MEL, aggregating to ₹ 50 crore for the proportionate ownership stake. The transaction will be effective upon fulfillment of the customary closing conditions including receipt of requisite approvals.

71 The Group uses an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled for certain direct changes to data when using certain privileged / administrative access rights to the SAP application and the underlying HANA database. Further no instance of audit trail feature being tampered with was noted in respect of the accounting software.

Subsequently to the year end, the log has been activated at the SAP application and the privileged access to HANA database has been restricted to limited set of users who necessarily require this access for maintenance and administration of the database.

13. Process and manner for members opting for voting through electronic means:
 - i. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI Listing Regulations (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 14, 2021, May 5, 2022 and December 28, 2022, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL), as the Authorised e-voting agency for facilitating voting through electronic means. The facility of casting votes by a member using remote e-voting as well as e-voting system on the date of the AGM will be provided by CDSL.
 - ii. Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off date i.e. Tuesday, June 18, 2024, shall be entitled to avail the facility of remote e-voting as well as e-voting system on the date of the AGM. Any recipient of the Notice, who has no voting rights as on the Cut-off date, shall treat this Notice as intimation only.
 - iii. A person who has acquired the shares and has become a Member after the dispatch of the Notice of the AGM and prior to the Cut-off date i.e. Tuesday, June 18, 2024, shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or venue voting system on the date of the AGM by following the procedure mentioned in this part.
 - iv. The remote e-voting will commence on Friday, June 21, 2024 at 9.00 a.m. and will end on Monday, June 24, 2024 at 5.00 p.m. During this period, the members of the Company holding shares either in physical form or in demat form as on the Cut-off date i.e. Tuesday, June 18, 2024 may cast their vote electronically. The members will not be able to cast their vote electronically beyond the date and time mentioned above and the remote e-voting module shall be disabled for voting by CDSL thereafter.
 - v. Once the vote on a resolution is cast by the Member, he/she shall not be allowed to change it subsequently or cast the vote again. The voting rights of the Members shall be in proportion to their share in the paid-up equity share capital of the Company as on the Cut-off date i.e. Tuesday, June 18, 2024.
 - vi. The Company has appointed CS Chirag Shah, Practicing Company Secretary (Membership No. FCS: 5545; CP No: 3498), to act as the Scrutinizer for conducting the remote e-voting process as well as the e-voting system on the date of the AGM, in a fair and transparent manner.
14. Process for those shareholders whose email ids are not registered:
 - a) For Physical shareholders- please provide necessary details like Folio No., Name of shareholder, scanned copy of the share

certificate (front and back), PAN (self-attested scanned copy of PAN card), AADHAR (self-attested scanned copy of Aadhar Card) by email to deepak.pandya@adani.com.

- b) For Demat shareholders -, please provide Demat account details (CDSL-16 digit beneficiary ID or NSDL-16 digit DPID + CLID), Name, client master or copy of Consolidated Account statement, PAN (self-attested scanned copy of PAN card), AADHAR (self- attested scanned copy of Aadhar Card) to deepak.pandya@adani.com.

15. THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE VOTING ARE AS UNDER:

- (i) The voting period begins on Friday, June 21, 2024 at 9.00 a.m. and will end on Monday, June 24, 2024 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Tuesday, June 18, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/ CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional

shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/ NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/ CMD/ CIR/P/2020/242 dated December 09, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND / OR REGULATION 36(3) OF THE SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015.

For Item No. 4:

Based on the recommendations of the Nomination and Remuneration Committee (the "NRC"), the Board of Directors has appointed Mrs. Sangeeta Singh (DIN: 10593952) as an Additional and Independent Director of the Company under Section 161 of the Companies Act, 2013 (the "Act") read with applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") and Articles of Association of the Company with effect from May 01, 2024 for a first term of 3 (three) consecutive years, subject to the approval of Members of the Company.

In accordance with the provisions of Section 149 read with Schedule IV to the Act, appointment of Independent Directors requires approval of the members of the Company. Further, in terms of amendment in the Listing Regulations effective from January 1, 2022, a listed entity shall ensure that approval of Shareholders for appointment of a person in the Board of Directors is taken at the next general meeting or within a time period of three months from the date of appointment, whichever is earlier. Accordingly, the appointment of Mrs. Sangeeta Singh (DIN: 10593952) would require approval of Members of the Company on or before June 25, 2024.

The Company has received a Notice under Section 160 of the Act from a Member in writing proposing the candidature of Mrs. Sangeeta Singh for appointment as an Independent Director of the Company. Mrs. Sangeeta Singh has given a declaration to the Board that she meets the criteria of Independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations.

In the opinion of the Board, Mrs. Sangeeta Singh fulfils the conditions specified in the Act, Rules made thereunder and Listing Regulations for appointment as an Independent Director and she is independent of management. The Board recommends his appointment as an Independent Director for three (3) consecutive years with effect from May 1, 2024.

Further, Mrs. Sangeeta Singh has confirmed that she is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge her duties as an Independent Director of the Company. Mrs. Sangeeta Singh has also confirmed that she is not debarred from holding the office of a Director by virtue of any Order passed by SEBI or any such authority. Mrs. Sangeeta Singh is not disqualified from being appointed as a Director in terms of Section 164 of the Act. Mrs. Sangeeta Singh has confirmed that she is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to her registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs ('IICA').

A brief profile of Mrs. Sangeeta Singh (DIN: 10593952) the nature of her expertise in specific functional areas, disclosure of relationship between Directors, inter-se, names of Companies in which she holds Directorship, Committee Memberships / Chairmanships, her shareholding etc. are provided herein.

Brief profile of Mrs. Sangeeta Singh (Independent Director)–

Mrs. Sangeeta Singh holds the degree of M.Sc. (Public Economics) from University of Birmingham (UK), M. Phil. (International Relations) from Jawaharlal Nehru University (New Delhi) and M.A. (Political Science) from Jawaharlal Nehru University (New Delhi). She has worked in various capacities as Member of Central Board of Direct Taxes (CBDT), Principal Chief Commissioner of Income Tax amongst others. As a Member of CBDT, she has led the administering and implementing of Income Tax Act and Rules both for department and taxpayers and was in charge of national level revenue collection by the Department.

A copy of the draft letter of appointment as an Independent Director stating the terms and conditions is available for inspection by Members at the Registered Office of the Company between 11.00 a.m. and 01.00 p.m. on all working days of the Company from the date of dispatch of this Notice till Tuesday, June 25, 2024 and the same is also available on the website of the Company at the link <https://www.adanipower.com>.

As required under Regulation 36 of the SEBI Listing Regulations and Clause 1.2.5 of Secretarial Standard-2, other requisite information is annexed hereto, and forms a part of this Notice.

Except Mrs. Sangeeta Singh (DIN: 10593952) and her relatives to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel of the Company and their relatives are in anyway concerned or interested, financially or otherwise, in the Resolution set out in this Notice.

The Board of Directors recommends the resolution given in the Notice for approval of Members of the Company as a Special Resolution.

The Board recommends the resolution set forth at Item No. 4 for the approval of the Members

For Item Nos. 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, and 16:

The provisions of the SEBI Listing Regulations, as amended by the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, effective April 1, 2022, mandates prior approval of members by means of an ordinary resolution for all material related party transactions and subsequent material modifications as defined by the Audit Committee, even if such transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. Effective from April 1, 2022, a transaction with a related party shall be considered as material if the transaction(s) to be entered into, either individually or taken together with previous transactions during a financial year, whether directly

and/or through its subsidiary(ies), exceed(s) ₹ 1,000 crore, or 10% of the annual consolidated turnover as per the last audited financial statements of the listed entity, whichever is lower.

In the financial year 2024-25, the Company, along with its subsidiary(ies), propose to enter into certain related party transaction(s) as mentioned below, on mutually agreed terms and conditions, and the aggregate of such transaction(s), are expected to cross the applicable materiality thresholds as mentioned above. Accordingly, as per the SEBI Listing Regulations, prior approval of the Members is being sought for all such arrangements / transactions proposed to be undertaken by the Company, either directly or along with its subsidiary(ies). All the said transactions shall be in the ordinary course of business of the Company and on an arm's length basis.

The Audit Committee has, on the basis of relevant details provided by the management, as required by the law, reviewed and approved the said transaction(s), subject to approval of the Members, while noting that such transactions shall be on arms' length basis and in the ordinary course of business of the Company.

Information required under Regulation 23 of SEBI Listing Regulations read with SEBI Circular dated November 22, 2021 is provided herein below:

Background, details and benefits of the transaction

Note 1: Borrowing of funds and obtaining Financial Assistance

The Company on its own and along with its subsidiaries is growing organically & inorganically and, in this pursuit, it is exploring opportunities including acquiring/developing power projects. It is also exploring other business opportunities for growth like land development/developing infrastructural facilities, etc. For funding of these projects / requirements and also to meet any temporary cashflow requirement, the Company and/or its subsidiaries, in its ordinary course of business, may require financial assistance in form of inter-corporate deposit, loan, subscription or purchase of securities / debt instruments and guarantees.

Note 2: Purchase of Investments / Securities and Availing Service

Purchase of Investments / Securities

The Company has identified certain land parcels located at various locations owned by subsidiaries of group company which are suitable for setting up a thermal power plant. In furtherance of the same, APL proposes to acquire such subsidiaries holding land parcels.

Availing Service

The Company plans to undertake expansion projects at the existing Raigarh and also at Raipur Thermal Power Plants with an additional capacity of 1600 MW (2 x 800 MW) each. Domestic manufacturers lack the bandwidth to provide a full EPC solution. Therefore these projects will be undertaken based on split package philosophy. Further, for the satisfaction of project sponsors; and lenders, who insist on overall project management including sourcing, engineering, quality, post order monitoring and execution, health & safety, post construction monitoring and handing over of the project to ensure timely completion and proper quality assurance. Accordingly, it is proposed to engage a professional Project Management Consultant (PMC) to manage and deliver the said service.

Considering the above, it is proposed to engage AIL for PMC services for Raigarh TPP and Raipur TPP due to its experience and expertise in handling such complex projects. PMC fees of 12.5% of hard project cost, which is expected to be ~ ₹ 1,377 crore (including GST) for Raigarh TPP and ~ ₹ 1,349 crore (including GST) for Raipur TPP, (excluding land cost, pre-operative expenses, financing cost, IDC, DSRA) to be charged over the period of respective contract. The approval for the

above proposed fees is being sought for based on the estimated consumption during each financial year of the contract period.

Note 3: Payment of lease rent

APPL has leased out its property situated in New Delhi admeasuring 1003 square meter for 20 years, to be used by APL for various business purposes. APL will pay the agreed lease rent to APPL for this. The Company also has an option to purchase the said property in future for its business purposes.

Note 4: Availing Operations & Maintenance (O&M) services.

In order to avail the expert services on O&M activities and attaining excellence, the said activities have been outsourced to AIMSIL for all seven plants including Bitta solar power plant of the Company. AIMSIL has O&M contracts of Adani Group's transmission and renewable businesses as well. The Company has awarded the contract of O&M Services to AIMSIL with well-defined key performance indicators and liquidated damages conditions.

Note 5 : Purchase & Sale of Goods and Availing various Services

Purchase of Coal

APL and MEL are in the business of generating power for which good quality and timely availability of coal are essential. To ensure un-interrupted operations and power supply to its customers, APL and MEL propose to procure imported / domestic coal from AEL being one of the largest traders of coal in India, in normal course and in emergent situations.

Sale and Purchase of Power

At present, APL and its subsidiaries are selling/purchasing power under merchant market through AEL which has announced that its board has approved the sale / transfer of its power trading business which will be completed after the receipt of regulatory approvals. Adani Energy Solution Limited ('AESL') is proposing to enter the power trading business. APL and its subsidiary therefore propose to undertake power trading transaction through AESL post receipt of trading license by AESL. Hence, transactions with respect to sale and purchase of power with AEL will reduce to that extent.

- Purchase of Power

Due to non-availability of any of the plant for generation of the electricity on some occasions during the year, APL and its subsidiary may procure

power from alternative sources to fulfil its obligation under PPAs. In the absence of a trading license, APL and its subsidiary may purchase power through related parties holding trading license in line with the CERC norms.

- Sale of Power

In order to sell power in the merchant market through Energy Exchanges, APL and its subsidiary are required to sell power via trading licensee as per CERC norms. Hence, APL proposes to sale power to related parties holding power trading license to enable access to merchant market. Further, APL may sell power under existing bilateral agreements with related parties.

Sale of Fly Ash

Ministry of Environment, Forest & Climate Change (MoEF&CC) has mandated that thermal power plants are required to utilize / dispose 100% ash generated and prescribed procedure for its Enforcement. Any violation of such norms may attract imposition of Environmental Compensation / penalty on unutilized fly ash. In view of meeting the statutory requirements, the fly ash is proposed to be sold to AEL which possesses experience in managing overall supply chain and faster logistics to achieve maximum utilization of fly ash.

Availing various Services

APL and its subsidiary shall continue to get the benefit of various support services from AEL like Information Technology, Central Treasury services, Manpower Support services etc. The amount to be charged to APL and its subsidiary will be on a cost-to-cost basis allocated on reasonable parameters.

Further, with a view to comply with the norms of transportation of coal from mine at Suliari under Singrauli district administration and to ensure smooth transportation of coal, APL and its subsidiary propose to avail various support services from AEL which is having experience to handle large quantum of coal in the region. This will ensure operational efficiency through availability of uninterrupted coal supply to APL and its subsidiary.

Note 6: Lending of funds and providing financial assistance including Corporate Guarantee

APL, along with its subsidiaries / associate is growing organically and inorganically and, in this pursuit, it is exploring opportunities for acquiring as well as developing brownfield power projects.

In this regard, MEL/MPGL may need funds in order to meet requirements for expansion / acquisition. Power plants

are capital intensive in nature and thus require heavy initial and ongoing investment. Further, as per lenders' stipulation, APL may need to provide corporate guarantee as an additional collateral for the loan taken by MEL / MPGL.

This funding to subsidiary / associate would be unsecured and for long term or short-term tenure, depending on the requirement of the borrowing entity. Such funding will carry interest / coupon rate as per market rate prevailing at the time of disbursement.

Note 7: Investment in Shares and Securities

APL may need to invest, on a long term basis, in shares and securities of MEL / MPGL to meet requirement for capacity expansion / acquisition as setting up / acquisition of power plant is capital intensive in nature and thus require heavy initial and ongoing investment.

Note 8 (i): Purchase of Goods

In case of shortfall of availability of required quantum of coal, APL may procure coal from MEL / MPGL. The transaction would be in the commercial / beneficial interest of the Company as it will ensure uninterrupted operations and power generation.

Note 8 (ii): Sale of Goods

In case of shortfall of availability of required quantum of coal, MEL/MPGL may procure it from APL. The transaction would be in the commercial / beneficial interest of MEL / MPGL as it will ensure uninterrupted operations and power generation.

Note 9: Receiving of Services

Receiving of Supply and Services:

APL is required to shift EHV transmission line (18 nos.) on proposed railway alignment for its Raigarh Thermal Power Plant. For the said requirement the services for shifting shall be availed from AESL having experience in the field of transmission line operations.

Further, MEL is also required to shift EHV 400kV D/C Transmission Line (Jabalpur – Vindhyachal) of Powergrid which may create safety issues in its Phase II expansion plan. For the said requirement the services for shifting shall be availed from AESL having experience in the field of transmission line operations.

Receiving of O&M service:

AESL provides maintenance services for 33 KV lines in Raipur Thermal Power Plant which will ensure uninterrupted transmission from Raipur Power Plant. Hence, the transaction is in the commercial / beneficial interest of the company.

Note 10: Acquisition by way of Amalgamation

MEL, as part of its discussions, has been given to understand that AEL is desirous of divesting its investment in SMRPL holding mining rights in Dhirauli coal block ('Dhirauli').

As Dhirauli coal block is located in close proximity to MEL's power plant in Singrauli, MEL is ideally positioned to acquire Dhirauli coal block and use extracted coal for generation of power at its thermal power plant at Mahan. This will allow MEL to improve the availability of coal and provide it with an alternative source of supply to supplement its existing coal sourcing contracts resulting in optimization of overall coal cost and lead time. In view of the above, MEL proposes to amalgamate SMRPL from AEL for which MEL will pay consideration to AEL.

The Dhirauli coal mining block has a capacity to produce 6.5 MTPA of coal. This mine has been awarded to SMRPL on January 11, 2021 under a commercial coal mining license. Pursuant to an application for proposed amalgamation of SMRPL with MEL, Ministry of Coal (MoC) has issued a letter dt. May 08, 2024 to SMRPL consenting amalgamation of SMRPL with MEL. Post proposed amalgamation, a Mining Lease Deed by MEL with the Nominated Authority is expected to be executed.

The Board recommends passing of the Ordinary Resolutions as set out in Item nos. 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, and 16 of this Notice, for approval by the Members of the Company.

As per the SEBI Listing Regulations, all related parties of the Company, whether or not a party to the proposed transaction(s), shall abstain from voting on the said resolutions.
